SCHEDULE 20

ANTICIPATED SAVINGS

(NOT USED)

Schedule 20 (*Anticipated Savings*)

This Schedule defines the key benefit categories in which savings are anticipated.

As at the date of this Agreement, the Supplier has not also been appointed as the FMS Supplier. This Schedule is therefore not binding on the Parties and is inserted for indicative purposes only and will be used as a basis for negotiations in the event that it is proposed that the Supplier is also appointed as the FMS Supplier. For the avoidance of doubt, the Supplier is not committing to any Anticipated Savings as at the date of this Agreement.
