Guidance Notes for the Completion of DEFFORM 316

Government Furnished Information (GFI) is defined as being data that the MOD will supply to the contractor as a formal contract deliverable in aid of work under the contract.

DEFFORM 316 is a template for identifying GFI, and should be used in all contracts where GFI is to be issued. The relevant information should be entered, by the MoD, in accordance with the following guidelines.

Block 1. Enter ITT or contract number as appropriate.

Block 2. Enter a GFI reference number. All GFI DEFFORMs issued under a Contract should be uniquely numbered and presented sequentially.

Block 3. Enter the date by which the information is to be delivered. This field may also reference a master programme schedule or other document forming part of the Contract wherein the delivery date is specified.

Block 4. Identify the equipment, process or material to which the information relates.

Block 5. Enter a description of the information, including version numbers and dates or other unique identification as appropriate.

Block 6. Specify the purpose for which the information is required.

Block 7. Enter any special requirements associated with the information, or comments e.g. clarifications or limitations on content/use.

Block 8. Enter the requirements for delivering updates or re-submissions of the information, including the frequency of re-submissions.

Block 9. Specify the medium of delivery, *e.g.* paper, computer disc, CD/ROM.

Block 10. Specify the number of copies required.
