SECTION F – INTELLECTUAL PROPERTY, DATA, CONFIDENTIALITY AND SECURITY

35 INTELLECTUAL PROPERTY RIGHTS

Background IPR

- 35.1 Nothing in this Clause 35 impacts the ownership of rights in either Party's Background IPR.

Foreground IPR

- 35.2 All Results and Foreground IPR shall vest in and be the property of the Authority from creation. The Contractor shall take all necessary measures to secure that vesting. On request, the Contractor shall demonstrate to the Authority's reasonable satisfaction that, where it has sub-contracted work under the Contract, they have secured that vesting in the work performed by its Sub-Contractors.
- 35.3 The Authority may use, have used, copy and disclose the Results and/or Foreground IPR by itself or through third parties for any purpose whatsoever subject to the Contractor's rights in its Background IPR and to the rights of third parties not employed in the performance of work under the Contract.
- 35.4 The Authority shall determine whether any of the Results or Foreground IPR should be protected by patent or other protection. The costs of patent or like protection shall be borne by the Authority. The Contractor shall assist the Authority (at the Authority's cost, provided the Contractor's costs are reasonable and are agreed with the Authority in advance) in filing and executing documents necessary to secure that protection. The Contractor shall use all commercially reasonable endeavours to secure similar assistance from Sub-Contractors as appropriate.

Licences

- 35.5 The Authority hereby grants to the Contractor a non-exclusive, royalty-free licence for the Contract Term to use the Authority's Background IPR, the Results and the Foreground IPR solely for the purpose of performing work under this Contract. This licence is non-assignable and non-transferrable. This licence is sub-licensable to Sub-Contractors appointed by the Contractor in accordance with Clause 33 (Sub-Contracting) solely to such extent as may be necessary for the performance of the Contract or any Sub-Contract under it and provided that the Contractor remains liable for the acts and omissions of any sub-licensee as if they were the acts or omissions of the Contractor.
- 35.6 The Contractor hereby grants to the Authority a non-exclusive, royalty-free, worldwide, irrevocable and perpetual licence to use the Contractor Background IPR for the sole purposes of (i) receiving the benefit of work performed by or on behalf of the Contractor under this Contract, (ii) interfacing with other assets, systems and processes used by the Authority and (iii) using and exploiting the Results and the Foreground IPR during the Contract Term and after termination or expiry of the Contract Term. This licence is freely assignable, transferrable and sub-licensable (i) to any Central Government Body, and (ii) to the extent necessary for the Authority to receive the benefit of work performed by the Contractor under this Contract. On request, the Contractor shall demonstrate to the Authority's satisfaction that, where the

Contractor has Sub-Contracted work under this Contract, the Contractor has secured equivalent rights in the work performed by its Sub-Contractors.

- 35.7 The Contractor shall be entitled to request consent from the Authority to re-use (under licence or otherwise) the Results and the Foreground IPR for other purposes including, but not limited to, tendering for other work for the Authority or work for another UK Government Department. Such consent shall be properly considered by the Authority taking into account matters such as national security and the rights of third parties.
- 35.8 The Contractor may not assign, or otherwise transfer or sell any of the Contractor Background IPR to any third party during or after the Contract Term unless it preserves for the Authority the rights granted to the Authority under this Clause 35.

Marking and Records

- 35.9 The Contractor shall mark any copyright work comprising Results or Foreground IPR with the legend: '© Crown-owned copyright [insert the year of generation of the work]'. The Contractor may not mark any Results or Foreground IPR with its own (or any third party) trade marks or copyright marking and shall not seek to assert any trade mark rights or copyright over the Results or Foreground IPR.
- 35.10 Promptly following creation, the Contractor shall upload copies of all Results and Foreground IPR together with records of all work done for the purposes of the Contract to the Shared Data Environment in a format specified by the Authority as set out in Schedule 6 (Governance, Management Information, Reports, Records and Audit).
- 35.11 The Contractor shall retain a copy of the Results and Foreground IPR together with records of all work done for the purposes of the Contract for six (6) years after the completion of the Contract.
- 35.12 The Authority shall have the right to require the Contractor to furnish to the Authority copies of any and all of the Results, Foreground IPR and such records, in each case free of charge for the Authority:
- (a) on expiry or termination of this Contract; and/or
 - (b) following expiry or termination of this Contract for so long as they are retained by the Contractor under Clause 35.11.

Confidentiality of the Authority's Background IPR, the Results and the Foreground IPR

- 35.13 The Contractor shall treat the Authority's Background IPR, the Results and the Foreground IPR as if received in confidence from the Authority and:
- (a) shall not copy, use or disclose to a third party any of the Authority's Background IPR, the Results or the Foreground IPR without the prior written consent of the Authority, except that the Contractor may without prior consent, copy and use the Authority's Background IPR, the Results and the Foreground IPR, and disclose the Authority's Background IPR, the Results and the Foreground IPR in confidence to its officers,

employees and Sub-Contractors, to such extent as may be necessary for the performance of the Contract or any Sub-Contract under it or in the exercise of any right granted pursuant to Clause 35.7 of this Contract; and

- (b) shall take all reasonable precautions necessary to ensure that the Authority's Background IPR, the Results and the Foreground IPR are treated in confidence by those of its officers, employees and Sub-Contractors who receive them and are not further disclosed or used otherwise than for the purpose of performing work or having work performed for the Authority under the Contract or any Sub-Contract under it.

35.14 The Contractor shall ensure that its Employees are aware of the arrangements for discharging the obligations at Clause 35.13 and shall take such steps as may be reasonably practicable to enforce such arrangements.

35.15 The confidentiality provisions of Clause 35.13 shall not apply to the Authority Background IPR, the Results or the Foreground IPR and any part thereof to the extent that the Contractor can show that they were or have become published or publicly available for use otherwise than in breach of any provision of the Contract or any other agreement between the Parties.

35.16 The Contractor shall not be in breach of the confidentiality obligations contained in this Clause 35 where it can show that any disclosure of the Authority's Background IPR, the Results, or the Foreground IPR was made solely and to the extent necessary to comply with a statutory, judicial or parliamentary obligation. Where such a disclosure is made, the Contractor shall ensure that the recipient of the Authority's Background IPR, the Results or the Foreground IPR is made aware of and asked to respect its confidentiality and, wherever possible and permitted by law, shall notify the Authority as soon as practicable after becoming aware that such disclosure is required. Such disclosure shall in no way diminish the obligations of the Contractor under this Clause 35.

IPR Register

35.17 The IPR Register in Schedule 17 (Intellectual Property Rights) sets out the Background IPRs that, as of the Effective Date, each Party will make available for the performance of the work under this Contract.

35.18 During the Contract Term, the Contractor shall conduct a review of the IPR Register every six (6) months and shall propose any updates it deems necessary to include details of:

- (a) any further Background IPR made available by either Party for the performance of the work under this Contract; and/or
- (b) new Foreground IPR,

in each case as part of the Monthly Performance and Activity Report (as set out in Part B (Management Information) of Schedule 6 (Governance, Management Information, Reports, Records and Audit)) for the Monthly Performance Review Board for its consideration. The Authority may also propose updates to the IPR Register to include details of such further Background IPR and/or new Foreground IPR to the Monthly Performance Review Board for its consideration.

- 35.19 Any updates to the IPR Register proposed by the Parties pursuant to Clause 35.18 and subsequently agreed by the Monthly Performance Review Board shall then be managed in accordance with the Change Control Procedure. No such update shall be considered a Change to the Contract unless and until it is formally deemed to be effective in accordance with the terms of the Change Control Procedure.
- 35.20 Promptly following approval of any Changes to the IPR Register in accordance with the Change Control Procedure, the Contractor will upload the updated version of the IPR Register to the Shared Data Environment in a format specified by the Authority.

COTS Items

- 35.21 Where the Contractor has, consistent with its obligations under this Contract, utilised one of its own COTS Items, or a COTS Item supplied by a third party, in the performance of work under this Contract, the Contractor shall not be required to transfer any rights to the Authority in relation to such COTS Item, provided that the Contractor notifies the Authority, at the time the Contract is entered into or during the course of the Contract but prior to the delivery of the COTS Item, of the source of the COTS Item (including Original Manufacturer Part Numbers, NATO Stock Numbers or NCAGE Codes, as appropriate) and provides a product specification for the COTS Item that includes sufficient information to enable its identification and replacement and satisfy any applicable requirements of Schedule 2 (Statement of Requirement). The Contractor shall secure for the Authority any standard licence rights that the supplier of the COTS Item provides in relation to such COTS Item. Where only implied rights are provided as standard in relation to a COTS Item, the Contractor is not required to secure express rights unless otherwise specified under the Contract.

 - (b) without limiting Clause 46.4(a) and subject always to Clauses 46.1 and 46.2 and 46.4(c), the Contractor's total liability throughout the Contract Term in respect of all other liabilities (but excluding any Service Credits paid or payable in accordance with Schedule 4 (Payment Performance and Incentivisation Mechanism)) whether in contract, in tort (including negligence), arising under warranty, under statute or otherwise under or in connection with this Contract shall be **Redacted under FOIA Section 43, Trade secrets and prejudice to commercial interests** aggregate; and
 - (c) in the event of an agreed extension to the Contract Term, the limitation of the Contractor's total liability (in aggregate) set out in Clauses 46.4(a) and 46.4(b) above shall be fully replenished such that on and from each such exercise or extension of the Contract Term, the Authority shall be able to claim up to the full value of the limitation set out in Clauses 46.4(a) and 46.4(b) of this Contract.
- 46.5 Subject to Clauses 46.1, 46.2 and 46.6, and to the maximum extent permitted by Law, the Authority's total liability (in aggregate) whether in contract, in tort (including negligence), under warranty, under statute or otherwise under or in connection with this Contract shall in respect of all liabilities (taken together) be limited to the Charges paid by the Authority in the relevant Contract Year in respect of any and all claims in that Contract Year.
- 46.6 Clause 46.5 shall not exclude or limit the Contractor's right under this Contract to claim for the Charges.

Consequential loss

- 46.7 Subject to Clauses 46.1, 46.2 and 46.8, neither Party shall be liable to the other Party or to any third party, whether in contract (including under any warranty), in tort (including negligence), under statute or otherwise for or in respect of:
- (a) indirect loss or damage;
 - (b) special loss or damage;
 - (c) consequential loss or damage;
 - (d) loss of profits (whether direct or indirect);
 - (e) loss of turnover (whether direct or indirect);
 - (f) loss of business opportunities (whether direct or indirect); or

- (g) damage to goodwill (whether direct or indirect),

even if that Party was aware of the possibility of such loss or damage to the other Party.

46.8 The provisions of Clause 46.7 shall not restrict the Authority's ability to recover any of the following losses incurred by the Authority to the extent that they arise as a result of a Default by the Contractor (but subject always to Clauses 46.1, 46.2 and 46.4):

- (a) any additional operational and administrative costs and expenses arising from the Contractor's Default, including any costs paid or payable by the Authority:
 - (i) to any third party;
 - (ii) for putting in place workarounds for the Services and other deliverables that are reliant on the Services; and
 - (iii) relating to time spent by or on behalf of the Authority in dealing with the consequences of the Default;
- (b) any or all wasted expenditure and losses incurred by the Authority arising from the Contractor's Default, including wasted management time;
- (c) the additional cost of procuring and maintaining in place transitional assistance and replacement deliverables for the remainder of the Contract Term and any option period or agreed extension to the Contract Term (including legal and other consultants' fees, re-procurement project costs, other expenses associated with such exercise and any increase in the fees for the replacement services over and above the Charges that would have been payable for the relevant Services);
- (d) any losses arising in connection with the loss, destruction, corruption, inaccuracy or degradation of Authority Data, or other data or software, including, to the extent the Authority Data, other data or software can be recovered or reconstituted, the fees, costs and expenses of reconstituting such Authority Data, data or software;
- (e) damage to the Authority's physical property and tangible assets, including damage under Clause 32 (Contractor Personnel at Government Establishments) and Clause 15 (Assets);
- (f) costs, expenses and charges arising from, or any damages, account of profits or other award made for, infringement of any third-party Intellectual Property Rights or breach of any obligations of confidence;
- (g) any additional costs incurred by the Authority in relation to the Authority's contracts with a third party (including any compensation or interest paid to a third party by the Authority) as a result of the Default (including the extension or replacement of such contracts);
- (h) any fine or penalty incurred by the Authority pursuant to Law and any costs incurred by the Authority in defending any proceedings which result in such fine or penalty; or

- (i) any savings, discounts or price reductions during the Contract Term and any option period or agreed extension to the Contract Term committed to by the Contractor pursuant to this Contract.

Invalidity

- 46.9 If any limitation or provision contained or expressly referred to in this Clause 46 (Limitations on Liability) is held to be invalid under any Law, it will be deemed to be omitted to that extent, and if any Party becomes liable for loss or damage to which that limitation or provision applied, that liability will be subject to the remaining limitations and provisions set out in this Clause 46 (Limitations on Liability).

Third party claims or losses

- 46.10 Without prejudice to any other rights or remedies the Authority may have under this Contract (including but not limited to any indemnity claim under Clause 36 (Third Party Intellectual Property – Rights and Restrictions) or at Law), the Authority shall be entitled to make a claim under this Contract against the Contractor in respect of any losses incurred by the Authority which arise out of a claim made against the Authority by a third party under any contract with that third party provided that such third party claim:

- (a) arises naturally and ordinarily as a result of the Contractor's failure to provide the Services or failure to perform any of its obligations under this Contract; and
- (b) is a type of claim or loss that would have been recoverable under this Contract if the third party were a party to this Contract (whether as the Authority or the Contractor), such claim to be construed as direct losses for the purpose of this Contract.

No double recovery

- 46.11 Neither Party shall be entitled to employ such rights and remedies available to it so as to seek to recover more than once in respect of the same loss, but the Authority shall be entitled to use (singly or together) such rights and remedies available to the Authority so as to recover the full extent of any recoverable losses suffered or incurred, including any remedies the Authority may have against any guarantor.

47 NOT USED

48 INSURANCE

- 48.1 Without prejudice to its obligation to indemnify or otherwise be liable to the Authority under this Contract, the Contractor shall for the periods specified in Schedule 7 (Insurances) take out and maintain, or procure the taking out and maintenance of, insurances in accordance with the requirements specified in Schedule 7 (Insurances) (unless otherwise agreed in writing with the Authority in its absolute discretion) and any other insurances required by Law (together the "**Required Insurances**"). The Contractor shall ensure that the Required Insurances are effective in each case not later than the date on which the relevant risk commences.

- 48.2 The Required Insurances shall be taken out and maintained with insurers who are of good financial standing, appropriately regulated and of good repute in the international insurance market.
- 48.3 The Required Insurances shall be maintained in accordance with Good Industry Practice and (so far as is reasonably practicable) on terms no less favourable than those generally available to a prudent contractor in respect of risks insured in the international insurance market from time to time.
- 48.4 Where specified in Schedule 7 (Insurances), the Contractor shall ensure that the relevant policy of insurance protects the Authority's separate interests.
- 48.5 Without limiting the other provisions of this Contract, the Contractor shall:
- (a) take or procure the taking of all reasonable risk management and risk control measures in relation to the Contract as it would be reasonable to expect of a prudent contractor acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;
 - (b) promptly notify the insurers in writing of any relevant material fact under any of the Required Insurances of which the Contractor is or becomes aware; and
 - (c) hold all policies in respect of the Required Insurances and cause any insurance broker effecting the Required Insurances to hold any insurance slips and other evidence of placing cover representing any of the Required Insurances to which it is a party.
- 48.6 The Contractor shall not (and the Contractor shall procure that none of its Sub-Contractors of any tier shall) take any action or fail to take any action or, insofar as is reasonably within its power, permit anything to occur in relation to it which would entitle any insurer to refuse to pay any claim under any of the Required Insurances.
- 48.7 If the Contractor is in breach of Clause 48.1, the Authority may elect, but shall not be obliged, to purchase any insurance which the Contractor is required to maintain pursuant to this Contract but has failed to maintain in full force and effect, and the Authority shall be entitled to recover the premium and other reasonable costs incurred in connection therewith as a debt due from the Contractor.
- 48.8 The Contractor shall, within fifteen (15) calendar days after the renewal of any of the Required Insurances, provide evidence, in a form satisfactory to the Authority, that the Required Insurances are in force and effect and meet the requirements of this Clause 48. The supply to the Authority of any evidence of insurance cover in compliance with the requirements of this Clause 48.8 shall not imply acceptance by the Authority that the extent of insurance cover is sufficient or that the terms and conditions thereof are satisfactory, in either case, for the purposes of this Contract nor be a waiver of the Contractor's liability under this Contract.
- 48.9 The Contractor shall notify the Authority of the cancellation, suspension, termination or non-renewal of any of the Required Insurances at least five (5) calendar days prior to such cancellation, suspension, termination or non-renewal.

- 48.10 The Contractor shall promptly notify to insurers any matter arising from, or in relation to, the Services and/or this Contract for which it may be entitled to claim under any of the Required Insurances. In the event that the Authority receives a claim relating to the Services or this Contract, the Contractor shall co-operate with the Authority and assist it in dealing with such claims including without limitation providing information and documentation in a timely manner.
- 48.11 Except where the Authority is the claimant party, the Contractor shall notify the Authority immediately (such notification to be accompanied by reasonable particulars of the incident or circumstances giving rise to such incident) after any:
- (a) incident or circumstances which may give rise to a claim amounting to or in excess of one hundred thousand pounds (£100,000) in connection with this Contract and the Required Insurances; and
 - (b) any incident or circumstances which may give rise to any claim in connection with this Contract which may be in excess of the limits of Required Insurances in Schedule 7 (Insurances).
- 48.12 The Contractor shall maintain a register of all claims under the Required Insurances in connection with this Contract on the Shared Data Environment (as set out in Appendix 1 (Records to be Maintained in the Shared Data Environment) to Schedule 6 (Governance, Management Information, Reports, Records and Audit).
- 48.13 Where any Required Insurance requires payment of a premium, the Contractor shall be liable for such premium.
- 48.14 Where any Required Insurance referred to in Schedule 7 (Insurances) is subject to an excess or deductible, below which the indemnity from insurers is excluded, the Contractor shall be liable for such excess or deductible which would otherwise be insured but for the excess or deductible. The Contractor shall not be entitled to recover from the Authority any sum paid by way of excess or deductible under the Required Insurances whether under the terms of this Contract or otherwise.
- 48.15 Neither failure to comply nor full compliance with the insurance provisions of this Contract shall limit or relieve the Contractor of its liabilities and obligations under this Contract.

SECTION H – REMEDIES AND RELIEF

49 CONTRACTOR DEFAULT AND RECTIFICATION PLAN

49.1 The Contractor shall notify the Authority's Representative in writing if:

- (a) a Default has occurred; or
- (b) it reasonably believes that a Default may occur,

giving full details of the same.

49.2 In the event that the Authority serves the Contractor with notice that a Default has occurred (other than Persistent Breach), which the Authority reasonably believes is capable of remedy by the Contractor, then the Contractor shall submit a draft Rectification Plan to the Authority for review as soon as possible and in any event within five (5) Business Days (or such longer period as may be agreed by the Authority) from the date of the notice of Default.

49.3 The draft Rectification Plan shall set out the steps which the Contractor proposes to take to rectify the Default and to prevent such Default from recurring and the timescales for such steps and for the rectification of the Default.

49.4 The Authority shall notify the Contractor in writing whether it accepts or rejects the draft Rectification Plan within thirty (30) Business Days of receipt of the draft Rectification Plan.

49.5 Where the Authority rejects the draft Rectification Plan under Clause 49.4, it shall give its reasons for such decision and the Contractor shall submit a revised draft Rectification Plan to the Authority within five (5) Business Days (or such other period as agreed by the Authority) of receipt of the Authority's notice rejecting the first draft. The Parties shall use reasonable endeavours to agree any necessary amendments to the draft Rectification Plan within ten (10) Business Days (or such other period as the Authority may specify in writing) of the Authority's receipt of the revised draft Rectification Plan.

49.6 If the Authority accepts the draft Rectification Plan under Clause 49.4 or 49.5, the Contractor shall immediately start work on the actions set out in the Rectification Plan.

49.7 If the Contractor either rectifies the Default within the time period specified in the notice of Default issued pursuant to Clause 49.1 and/or implements the accepted Rectification Plan in accordance with its terms, the notice of Default issued pursuant to Clause 49.1 shall be deemed to be revoked and this Contract shall continue.

49.8 In the event that:

- (a) no acceptable Rectification Plan has been put forward by the Contractor pursuant to this Clause 49; and/or
- (b) the Contractor fails to rectify the Default within the time period specified in the Rectification Plan,

the Authority may serve the Contractor with a Termination Notice stating that this Contract will terminate on the date specified in the Termination Notice.

50 STEP-IN RIGHTS

Right to Step-In

50.1 If the Authority reasonably believes that it needs to take action in connection with the Contract and/or the Services:

- (a) because a serious risk exists to the health or safety of persons or property or to the Environment;
- (b) in order to comply with a statutory duty; and/or
- (c) because the Authority invokes its rights in Clause 51 (Measures in a Crisis),

then the Authority shall be entitled to take action in accordance with this Clause 50 (Step-in Rights).

Procedure for Authority Step-In

50.2 If Clause 50.1 (Right to Step-In) applies and the Authority wishes to take action, the Authority Representative shall notify the Contractor Representative in writing of the following:

- (a) the action it wishes to take;
- (b) the reason for such action;
- (c) the date it wishes to commence such action;
- (d) the time period which it believes shall be necessary for such action;
- (e) any Assets and/or Vessels it requires the Contractor to make available to it to perform such action; and
- (f) to the extent practicable, the effect on the Contractor and its obligation to provide the Services during the period such action is being taken

("Step-In Notice").

50.3 Following service of such Step-In Notice, the Authority shall take such action as notified under Clause 50.2 and any consequential additional action as it reasonably believes is necessary in order to deliver the Services in accordance with this Contract (together, the "**Required Action**") and the Contractor shall give all reasonable assistance to the Authority while it is taking the Required Action.

Effect of Step-In Without Contractor Breach

50.4 If the Authority exercises its right to take action pursuant to Clause 50.1 (Right to Step-In) and such exercise is not as a consequence of the Contractor's breach of its obligations under this Contract:

- (a) then for so long as and to the extent that the Required Action is taken, and this prevents the Contractor from providing all or any part of the Services, the Contractor shall be relieved from its obligations to provide such part of the Services; and
- (b) in respect of the period in which the Authority is taking the Required Action, and provided that the Contractor provides the Authority with reasonable assistance (such assistance to be at the expense of the Authority to the extent incremental costs are incurred), any Charges payments due from the Authority to the Contractor in accordance with Clause 18 (Charges) shall assume that the Contractor has been providing the Services affected by the Required Action in full over that period.

Effects of Step-In Following Contractor Breach

50.5 If the Contractor is in breach of its obligations under this Contract and in consequence the Authority exercises its right to take action pursuant to Clause 50.1 (Right to Step-In):

- (a) then for so long as and to the extent that the Required Action is taken, and this prevents the Contractor from providing the Services, the Contractor shall be relieved from its obligations to provide such part of the Services; and
- (b) in respect of the period in which the Authority is taking Required Action, the Charges due from the Authority to the Contractor shall assume that the Contractor has been performing the Services affected by the Required Action in full over that period, less an amount equal to all of the Authority's reasonably incurred Capital Expenditure and Operating Expenditure in taking the Required Action which amount shall be deducted from the amount of the Charges which would otherwise be due from the Authority.

Notification of Step-Out

50.6 The Authority Representative may at any time during the period of the Required Action notify the Contractor Representative that the Authority wishes to cease the Required Action setting out a reasonable programme for transition of contractual responsibility to the Contractor (the "**Step-Out Plan**") and the date on which it intends to cease the Required Action, in which event:

- (a) as soon as is reasonably practicable but in any case within ten (10) Business Days of receipt of the Authority's Representative's notification pursuant to Clause 50.6, the Parties shall consult with each other as to, and agree upon, the Step-Out Plan and the method by which the Authority shall cease the Required Action;
- (b) if within fifteen (15) Business Days of the Parties first meeting to agree the Step-Out Plan the Parties are unable to reach agreement, then the matter shall be determined in accordance with the Dispute Resolution Procedure; and

- (c) upon agreement of a Step-Out Plan pursuant to this Clause 50 (or determination pursuant to the Dispute Resolution Procedure), the Parties shall comply with their respective obligations in implementing the Step-Out Plan.

50.7 On the date on which the Required Action ceases, in accordance with the Step-Out Plan:

- (a) the Authority will be released from all of its obligations and liabilities in relation to the Required Action arising prior to the cessation of the Required Action other than its obligations to pay the Contractor pursuant to this Clause 50;
- (b) the Authority shall return any Assets to the Contractor which the Contractor provided to it to enable the Authority to perform the Required Action; and
- (c) the Contractor shall resume the provision of all or any part of the Services which was the subject of the Required Action.

50.8 If on or following the date on which the Required Action ceases, the Contractor can demonstrate that:

- (a) the effect of carrying out the Required Action is to delay, increase the Contractor's costs of, or otherwise affect the ability of the Contractor to provide the Services;
- (b) there was a deterioration, during such period of Required Action, in the performance or availability of any Asset which was used by the Authority during such period;
- (c) such deterioration was caused by the Authority during such period of Required Action as a result of the Authority using such Asset other than in accordance with Good Industry Practice; and
- (d) such deterioration in such Asset's performance or availability is in excess of any deterioration that would have arisen if such Asset had continued to be used by the Contractor during such period for the proper performance of its obligations under, and in accordance with, the provisions of this Contract,

then, provided that the Required Action did not arise in consequence of the Contractor being in breach of its obligations when the Authority exercised its right to step-in pursuant to this Clause 50, such excess deterioration to such Asset shall be an Authority Dependency.

51 MEASURES IN A CRISIS

51.1 If, at any time, the Authority believes, in its sole opinion, that there exists any of the circumstances in Clause 51.2, the Authority Representative may issue a written notice to the Contractor's Representative of such belief.

51.2 If at any time the Authority believes, at its absolute discretion, in view of:

- (a) the national interest, the requirements of national security or the occurrence of a state of transition to war or other emergency (whether or not involving hostilities); and/or

- (b) a request to the Authority by a local authority, public body, or statutory corporation for assistance in relation to the occurrence or possible occurrence of a major accident, crisis or natural disaster; and/or
- (c) a request by NATO, the United Nations, the European Union, or another country for support and assistance in relation to international obligations,

it is necessary, appropriate or desirable for the Authority to take all or any of the measures described in this Clause 51.

51.3 If the Authority Representative has issued the notice contemplated in Clause 51.1, the Authority Representative may require the Contractor, within such period as the Authority Representative in his or her sole discretion specifies (but provided that such period is reasonable taking into account all relevant circumstances), to provide such information in the possession, knowledge or control of the Contractor as the Authority Representative may, in his or her sole discretion, require including information relating to all or any of the following matters:

- (a) the Services currently being provided by the Contractor;
- (b) the Services to be provided by the Contractor due to commence within a period specified by the Authority;
- (c) the Contractor's current deployment of its employees whether inside or outside the Authority Premises; and/or
- (d) all supporting equipment and documentation currently held by the Contractor and the location of such equipment and documentation,

and the Contractor shall promptly and diligently comply fully with the requirement to provide such information.

51.4 Upon providing the Authority Representative with the information requested pursuant to Clause 51.3, or upon expiry of the period specified by the Authority for the supply of such information, the Contractor shall, upon being so requested by the Authority Representative, discuss in good faith with the Authority Representative any matters which the Authority, at its absolute discretion, may consider relevant or appropriate to any proposals the Authority may have for the reallocation of priorities for, or for the reorganisation of, the Services to be provided by the Contractor. These shall be in order to deal with the circumstances which gave rise to the issuing of a notice pursuant to Clause 51.1, including but not limited to the following matters:

- (a) the revision (including the early completion, suspension or cancellation) of any part of the Services; and
- (b) the immediate implementation of new services,

and the Parties shall endeavour, as far as reasonably possible, to reach agreement as a matter of urgency on such matters.

51.5 Notwithstanding any provision to the contrary in this Contract, and notwithstanding that any of the measures described in Clause 51.3 may not have been taken, required to be taken, or have been completed, the Authority may, at any time and in its absolute discretion step-in to this Contract pursuant to Clause 50 (Step-in Rights) and/or the Authority Representative may instruct the Contractor:

- (a) to accelerate to early completion, to suspend, or to cease permanently, any part of the services carried out by the Contractor for third parties, to remove (permanently or temporarily) the property of third parties from any Authority Premises or Vessel and to procure that any such action is carried out on terms with such parties which result in the least possible losses to the Contractor;
- (b) to accelerate to early completion or to suspend provision of the Services;
- (c) to carry out any Changes whatsoever to this Contract required by the Authority without reference to Clause 28 (Change);
- (d) to deploy its employees and any Vessel(s) or rights used in connection with the Vessels or to use, or make available for use by the Authority or as directed by the Authority, all such Vessel(s) or rights in accordance with the Authority's directions,

and the Contractor shall promptly and diligently comply (in a manner consistent with applicable Law) with any instruction issued by the Authority Representative referred to in this Clause 51.5.

51.6 The Contractor may refuse to comply with any written instruction issued by the Authority pursuant to Clause 51.5 if the implementation of such instruction would reasonably be expected to pose a threat of personal injury to the Contractor Personnel or the fact that the Contractor Personnel are neither adequately trained nor equipped to carry out or implement such instructions.

51.7 If the Authority has stepped in to this Contract pursuant to Clause 50.1(c) (Step-In Rights) then the provisions of Clause 50.4 (Step-In Rights) shall apply. If the Authority has exercised any of its other rights under this Clause 51 then:

- (a) for so long as and to the extent that the provisions of Clause 51.4 or any instruction issued by the Authority Representative pursuant to Clause 51.5 ("**MIAC Required Action**") prevents the Contractor from providing all or any part of the Services, the Contractor shall be relieved from its obligations to provide such part of the Services; and
- (b) in respect of the period in which the Authority is taking the MIAC Required Action and provided that the Contractor complies with its obligations under Clause 51.4 or Clause 51.5, then:
 - (i) in respect of the period in which the Authority is taking the MIAC Required Action and provided that the Contractor provides the Authority with reasonable assistance (such assistance to be at the expense of the Authority to the extent incremental costs are incurred and subject to Clause 51.7(b)(ii)), the Charges due from the Authority to the Contractor in accordance with Clause 18

(Charges), shall assume that the Contractor has been providing the Services affected by the MIAC Required Action in full over that period;

(ii) subject to the provisions regarding the conduct of indemnity claims at Clauses 45.3 to 45.4 (Indemnities):

(A) the Authority shall indemnify the Contractor against any Direct Losses from any claim or action for damages by a third party against the Contractor arising out of the MIAC Required Action; and/or

(B) the Authority shall further indemnify the Contractor against all incremental costs incurred pursuant to Clause 51.7(b)(i).

51.8 The MIAC Required Action shall cease to apply when the Authority Representative issues a written notice to that effect to the Contractor Representative and gives effect to the relevant Step-Out Plan in accordance with Clause 50.6 (Step-In Rights) and thereafter the Contractor shall continue to be bound by the provisions of this Contract.

52 RELIEF EVENTS

52.1 If, and to the extent that, a Relief Event is the direct cause of a failure by the Contractor to:

- (a) commence delivery of the Services on or before the Planned Service Commencement Date;
- (b) deliver the Services in accordance with the provisions of Schedule 2 (Statement of Requirement); or
- (c) in the case of a Management Information Relief Event only, to provide the Management Information in the format required by Part B (Management Information) of Schedule 6 (Governance, Management Information, Reports, Records and Audit) during the period of six (6) months commencing on and including the Service Commencement Date only,

then the Contractor shall be entitled to apply for relief from any rights of the Authority arising under Clause 56 (Termination for Contractor Default) and its obligations under this Contract, provided that the provisions of this Clause 52 shall be subject to the provisions of Clause 50 (Step-In Rights).

Procedure for Relief Event Claims

52.2 To obtain relief the Contractor must as soon as practicable, and in any event within five (5) Business Days after it becomes aware that the Relief Event has caused or is likely to cause delay and/or adversely affect the ability of the Contractor to perform its other obligations notify the Authority's Representative of its claim for relief from its obligations under this Contract, including all such details as are available at the time as to the nature of the Relief Event, the date of occurrence and its likely duration, together with any proposed mitigation.

52.3 Within ten (10) Business Days of service on the Authority's Representative of the notice referred to in Clause 52.2, the Contractor shall notify the Authority's Representative of full details of the relief claimed and demonstrate to the reasonable satisfaction of the Authority that:

- (a) the Contractor and its Sub-Contractors could not have avoided such occurrence or consequences by steps which they might reasonably be expected to have taken, without incurring material expenditure; and
- (b) the Relief Event directly caused:
 - (i) the delay in achieving the Planned Service Commencement Date;
 - (ii) the failure of the Contractor to deliver the Services in accordance with the provisions of Schedule 2 (Statement of Requirement); and/or
 - (iii) the failure of the Contractor to provide the Management Information in the format required by Part B (Management Information) of Schedule 6 (Governance, Management Information, Reports, Records and Audit) during the period of six (6) months commencing on and including the Service Commencement Date
- (c) the time lost and/or relief from the obligations under this Contract claimed could not reasonably be expected to be mitigated or recovered by the Contractor acting in accordance with Good Industry Practice, without incurring material expenditure; and
- (d) the Contractor is using reasonable endeavours to perform its obligations under this Contract.

52.4 The Contractor shall notify the Authority's Representative if at any time it receives or becomes aware of any further information relating to the Relief Event, giving details of that information to the extent that such information is new or renders information previously submitted materially inaccurate or misleading.

Effect of a Relief Event

52.5 Following a Relief Event, the Authority may step-in to this Contract, pursuant to the provisions of Clause 50 (Step-In Rights) to continue the provision of any aspects of the Services affected by the Relief Event or to provide a service which is as close as is reasonably possible to the affected aspects of the Services and/or to reinstate or replace any Vessel or Asset which has been damaged or destroyed by the Relief Event.

52.6 If the Contractor has complied with its obligations under Clause 52.2, then:

- (a) the Planned Service Commencement Date shall be postponed by such time as shall be reasonable for such Relief Event, taking into account the likely effect of delay; and/or
- (b) in relation to those parts of the Services impacted by the relevant Relief Event, the Contractor shall not accrue Non-Performance Points for its failure to deliver such parts of the Services in accordance with the provisions of Schedule 2 (Statement of

Requirement), as set out in paragraph 3.5(b) of Schedule 4 (Payment, Performance and Incentivisation Mechanism);

- (c) in relation to a Management Information Relief Event only, the Contractor shall not accrue Non-Performance Points for its failure to provide the Management Information in the format required by Part B (Management Information) of Schedule 6 (Governance, Management Information, Reports, Records and Audit) during the period of six (6) months commencing on and including the Service Commencement Date only;
- (d) subject to Clause 50 (Step-In Rights), the Authority shall not be entitled to exercise its right to terminate this Contract for Contractor Default under Clause 56.1 (Termination for Contractor Default); and/or
- (e) subject to Clause 52.7, the Authority shall give such other relief as has been requested by the Contractor.

No Relief from Non-Performance Points for other parts of the Services

- 52.7 Nothing in Clause 52.6 shall affect any entitlement to apply Non-Performance Points pursuant to Schedule 4 (Payment, Performance and Incentivisation Mechanism) in relation to the Services other than those parts of the Services for which relief has been granted by the relevant Relief Event (in accordance with Clause 52.6). In the case of a Management Information Relief Event, no relief shall be granted for a failure by the Contractor to provide the substance of the Management Information required by Part B (Management Information) of Schedule 6 (Governance, Management Information, Reports, Records and Audit) at any time.

Late Provision of Notice or Information

- 52.8 If the information required by Clause 52.2 is provided after the dates referred to in that Clause, or after such other later deadline expressly permitted by the Authority's Representative in writing, then the Contractor shall not be entitled to any relief during the period for which the information is delayed.

Failure to Agree

- 52.9 If the Parties cannot agree the extent of the relief required, or the Authority disagrees that a Relief Event has occurred or that the Contractor is entitled to any extension to any Planned Service Commencement Date and/or relief from other obligations under this Contract, the Parties shall resolve the matter in accordance with Clause 70 (Disputes).

53 COMPENSATION EVENTS

- 53.1 If, as a direct result of the occurrence of a Compensation Event, the Contractor:
- (a) is unable to commence delivery of the Services on or before the Planned Service Commencement Date; or
 - (b) is unable to comply with its obligations under this Contract; or

- (c) incurs costs or loses revenue,

then the Contractor is entitled to apply for an extension of time to the Planned Service Commencement Date and/or relief from its obligations and/or to claim compensation under this Contract.

Procedure for Compensation Event Claims

53.2 Subject to Clause 53.5, to obtain an extension of time and/or relief and/or claim compensation the Contractor must:

- (a) as soon as practicable, and in any event within five (5) Business Days after it became aware that the Compensation Event has caused or is likely to cause delay, breach of an obligation under this Contract, and/or the Contractor to incur costs and/or lose revenue, notify the Authority's Representative of its claim for an extension of time to the Planned Service Commencement Date and/or payment of compensation and/or relief from its obligations under this Contract; and
- (b) as soon as practicable, and in any event within ten (10) Business Days of service on the Authority's Representative of the notice referred to in Clause 53.2(a), notify the Authority's Representative of full details of the Compensation Event and the extension of time and/or relief from its obligations and/or any Estimated Change in Charges and/or loss of revenue claimed, together with any proposed mitigation and/or alternative methods of recovery; and
- (c) demonstrate to the reasonable satisfaction of the Authority's Representative that:

 - (ii) the Estimated Change in Charges and/or loss of revenue, time lost, and/or relief from the obligations under this Contract claimed, could not reasonably be expected to be mitigated or recovered by the Contractor acting in accordance with Good Industry Practice.

Effect of a Compensation Event

53.3 If the Contractor has complied with its obligations under Clause 53.2, then:

- (a) in the case of a delay, the Planned Service Commencement Date, shall be postponed by such time as shall be reasonable for such a Compensation Event, taking into account the likely effect of the delay; and
- (b) in the case of an additional cost being incurred or revenue being lost by the Contractor:
 - (i) on or before the Service Commencement Date; or

- (ii) as a result of Capital Expenditure being incurred by the Contractor at any time, the Authority shall compensate the Contractor for the actual Estimated Change in Charges as adjusted to reflect the actual costs reasonably incurred and, without double counting, for revenue actually lost (to the extent it could not reasonably have been mitigated) pursuant to Schedule 4 (Payment, Performance and Incentivisation Mechanism); and
 - (c) in the case of a payment of compensation for the actual Estimated Change in Charges and/or without double counting, loss of revenue as a result of Capital Expenditure being incurred by the Contractor referred to in Clause 53.3(b)(ii) but which reflects a change in the Operating Expenditure and, without double counting, loss of revenue being incurred by the Contractor after the relevant Service Commencement Date, the Authority shall compensate the Contractor in accordance with Clause 53.4 by an adjustment to the Charges; and
 - (d) the Authority shall give the Contractor such relief from its obligations (including relief from Non-Performance Points) under this Contract as is reasonable for such a Compensation Event.
- 53.4 Any payment of compensation referred to in Clause 53.3(c) shall be calculated using the Updated Baseline Financial Model.

Late Provision of Notice or Information

- 53.5 If the information required by Clause 53.2 is provided after the dates referred to in that Clause, then the Contractor shall not be entitled to any extension of time, compensation or relief from its obligations under this Contract during the period for which the relevant information is delayed.

Failure to Agree

- 53.6 If the Parties cannot agree the extent of any compensation, delay incurred, relief from the Contractor's obligations under this Contract, or the Authority disagrees that a Compensation Event has occurred (or as to its consequences), or that the Contractor is entitled to relief under this Clause 53, the Parties shall resolve the matter in accordance with Clause 70 (Disputes).

54 FORCE MAJEURE

- 54.1 On the occurrence of a Force Majeure Event, the Affected Party shall issue a Force Majeure Notice to the other Party as soon as practicable. The Force Majeure Notice shall include details of the Force Majeure Event, the nature and likely duration of its impact upon the other Party including evidence of its effect on the obligations of the Affected Party and any action proposed to mitigate its effect.
- 54.2 As soon as practicable following the Force Majeure Notice, and at regular intervals thereafter, the Parties shall consult in good faith and use all reasonable endeavours to mitigate the effects of the Force Majeure Event and facilitate the continued performance of the affected obligations under this Contract.

- 54.3 The Parties shall at all times following the occurrence of a Force Majeure Event use all reasonable endeavours to prevent and mitigate the effects of any delay and the Contractor shall at all times during which a Force Majeure Event is subsisting take all steps in accordance with Good Industry Practice to overcome or minimise the consequences of the Force Majeure Event.
- 54.4 If a Force Majeure Event occurs which prevents, hinders or delays the Affected Party from performing any of its obligations under this Contract, the Affected Party shall not be liable to the other Party and shall be released from performance of its obligations under this Contract to the extent that its ability to perform such obligations has been affected by the Force Majeure Event, provided that:
- (a) the Affected Party notifies the other Party in accordance with Clause 54.1;
 - (b) (in the event that the Contractor is the Affected Party) the Contractor has complied fully with the Service Continuity Plan;
 - (c) the Affected Party takes all reasonable steps to limit and mitigate the impact of the Force Majeure Event; and
 - (d) the Affected Party continues to perform all its obligations which have not been affected by the Force Majeure Event.
- 54.5 Where a Force Majeure Event occurs which would cause the Contractor to be unable achieve commencement of the Services on or before the Planned Service Commencement Date then the Contractor shall be entitled to an adjustment of the relevant date and the objective of such adjustment shall be to put the Contractor in no better and no worse position (save for the benefit of the adjustment) than it would have been in if the Force Majeure Event giving rise to the adjustment had not occurred, provided that the Contractor has complied fully with the Service Continuity Plan.
- 54.6 Where, as a result of a Force Majeure Event, the Contractor fails to perform its obligations in accordance with this Contract:
- (a) the Contractor shall be entitled to receive payment of the Charges (or a proportional payment of them):
 - (i) only to the extent that the Services (or part of the Services) continue to be performed in accordance with the terms of this Contract during the occurrence of the Force Majeure Event; and
 - (ii) provided that the Contractor has complied fully with the Service Continuity Plan; and
 - (b) the Authority shall not be entitled to apply Non-Performance Points to the extent that the failure of performance is due to the Force Majeure Event. Nothing in this Clause 54.6(b) shall affect any entitlement of the Authority to apply Non-Performance Points in the period during which the Force Majeure Event subsists where such failure is not as a result of the Force Majeure Event.

- 54.7 Where a Force Majeure Event is continuing or its consequence remains such that the Affected Party is unable to comply with all or a material part of its obligations under this Contract for a period of more than one hundred and twenty (120) Business Days, then:
- (a) the Authority may, by notice in writing to the Contractor at any time while such Force Majeure Event continues, terminate this Contract or the portion thereof prevented by such Force Majeure Event on twenty (20) Business Days' notice; and
 - (b) if such Force Majeure Event continues for longer than one hundred and twenty (120) Business Days and has not been terminated by the Authority under (a) above, then the Contractor may, by notice in writing to the Authority at any time whilst such Force Majeure Event continues, immediately terminate this Contract or the portion thereof prevented by such Force Majeure Event.
- 54.8 The Affected Party shall notify the other Party as soon as practicable after the Force Majeure Event ceases or no longer causes the Affected Party to be unable to comply with its obligations under this Contract. Following such notification this Contract shall continue to be performed on the terms existing immediately prior to the occurrence of the Force Majeure Event.
- 54.9 Relief from liability for the Affected Party under this Clause 54 shall end as soon as the Force Majeure Event no longer causes the Affected Party to be unable to comply with its obligations under this Contract and shall not be dependent on the serving of notice under Clause 54.8.
- 54.10 Inability (howsoever caused) of a Party to pay any amounts due under this Contract shall not be a Force Majeure Event.
- 54.11 If the parties disagree that a Force Majeure Event has occurred and/or the extent of relief claimed by the Affected Party, the matter shall be resolved in accordance with the provisions of the Dispute Resolution Procedure.

61.19 If the Contractor notifies the Authority pursuant to Clause 61.17 (Whistleblowing) it shall respond promptly to the Authority's enquiries, co-operate with any investigation, and allow the Authority to audit any books, records and/or any other relevant documentation in accordance with the Contract.

62 ASSIGNMENT AND NOVATION

62.1 The Contractor shall not assign, novate or otherwise dispose of or create any trust in relation to any or all of its rights, obligations or liabilities under this Contract without the prior written consent of the Authority.

62.2 The Authority may at its discretion assign, novate or otherwise dispose of any or all of its rights, obligations and liabilities under this Contract and/or any associated licences to:

- (a) any Central Government Body; or

- (b) to a body other than a Central Government Body (including any private sector body) which performs any of the functions that previously had been performed by the Authority,

and the Contractor shall, at the Authority's request, enter into a novation agreement in such form as the Authority shall reasonably specify (and the form of which shall be shared with the Contractor in advance) in order to enable the Authority to exercise its rights pursuant to this Clause 62.2.

- 62.3 A change in the legal status of the Authority such that it ceases to be a Central Government Body shall not affect the validity of this Contract and this Contract shall be binding on any successor body to the Authority.
- 62.4 If the Authority assigns, novates or otherwise disposes of any of its rights, obligations or liabilities under this Contract to a body which is not a Central Government Body or if a body which is not a Central Government Body succeeds the Authority (any such body being a **"Successor Body"** for the purposes of this Clause 62.4), the Contractor shall have the right to terminate for an Insolvency Event affecting the Successor Body identical to the right of termination that the Authority has under limb (f) of the definition of Contractor Termination Event (as if references in that limb (f) (and Clause 56.2 (Termination for Contractor Default)) to the Contractor were references to the Successor Body).

63 WAIVER AND CUMULATIVE REMEDIES

- 63.1 The rights and remedies under this Contract may be waived only by notice and in a manner that expressly states that a waiver is intended. A failure or delay by a Party in ascertaining or exercising a right or remedy provided under this Contract or by law shall not constitute a waiver of that right or remedy, nor shall it prevent or restrict the further exercise of that or any other right or remedy. No single or partial exercise of any right or remedy shall prevent or restrict the further exercise of that or any other right or remedy.
- 63.2 Unless otherwise provided in this Contract, rights and remedies under this Contract are cumulative and do not exclude any rights or remedies provided by law, in equity or otherwise.

64 RELATIONSHIP OF THE PARTIES

- 64.1 Except as expressly provided otherwise in this Contract, nothing in this Contract, nor any actions taken by the Parties pursuant to this Contract, shall create a partnership, joint venture or relationship of employer and employee or principal and agent between the Parties, or authorise either Party to make representations or enter into any commitments for or on behalf of any other Party.

65 SEVERANCE

- 65.1 If any provision of the Contract is held to be invalid, illegal or unenforceable to any extent then:
 - (a) such provision shall (to the extent it is invalid, illegal or unenforceable) be given no effect and shall be deemed not to be included in the Contract but without invalidating any of the remaining provisions of the Contract; and

- (b) the Parties shall use all reasonable endeavours to replace the invalid, illegal or unenforceable provision by a valid, legal and enforceable substitute provision the effect of which is as close as possible to the intended effect of the invalid, illegal or unenforceable provision.

66 FURTHER ASSURANCE

- 66.1 Each Party undertakes at the request of the other, and at the cost of the non-requesting Party to do all acts and execute all documents which may be reasonably necessary to give effect to the meaning of this Contract.

67 ENTIRE AGREEMENT

- 67.1 This Contract constitutes the entire agreement between the Parties in respect of its subject matter and supersedes and extinguishes all prior negotiations, arrangements, understanding, course of dealings or agreements made between the Parties in relation to its subject matter, whether written or oral.
- 67.2 Neither Party has been given, nor entered into this Contract in reliance on, any warranty, statement, promise or representation other than those expressly set out in this Contract.
- 67.3 Nothing in this Clause 67 shall exclude any liability in respect of misrepresentations made fraudulently.

68 THIRD PARTY RIGHTS

- 68.1 Except as provided in Clause 68.2 and notwithstanding anything to the contrary elsewhere in this Contract, no right is granted to any person who is not a party to the Contract to enforce any term of this Contract in his own right and the Parties declare that they have no intention to grant any such right.
- 68.2 Where, and only where, this Contract expressly states that a third party shall be entitled to enforce a term of this Contract:
 - (a) the said third party shall be entitled to enforce that term in its own right;
 - (b) the Contractor shall inform the said third party as soon as is reasonably practicable of the existence of the relevant right together with any other terms (including the terms of this Clause 68) relevant to the exercise of that right; and
 - (c) the third party's rights shall be subject to the Dispute Resolution Procedure and Clause 74 (Governing Law and Jurisdiction).
