PART 5: LOCAL SERVICE REQUIREMENTS

BLACK COUNTRY – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP background

The Black Country Local Enterprise Partnership produced a detailed European Structural and Investment Strategy, which details how ESF funds can support the sub-regions employment, skills and growth ambitions.

(<http://www.blackcountrylep.co.uk/Upload/01/Black%20Country%20EUSIF%20Strategy%20-%20Final%20Submission%20LEP%20Board%20rev.pdf>).

Amongst the many achievements of the sub-region the Black Country ESIF Strategy, drafted concurrently with the Strategic Economic Plan (<http://www.blackcountrylep.co.uk/about-us/plans-for-growth/strategic-economic-plan>) outlines a number of key challenges and constraints to growth including high levels of unemployment, job losses, low skill levels and a substantial skills mismatch between the labour market and the needs of businesses in key sectors.

The current employment rate in the Black Country is 65.1% compared to an England rate of 74.2%. The proportion of Black Country residents with no qualifications is 16.6%. To reach the current national average (7.8%) requires a further upskilling of 83,814 people. 63% of all benefit claims are for ESA and incapacity benefits, including 14% of lone parents. Of a population of 719,700 people, 191,800 are economically inactive. Many neighbourhoods in the Black Country (18.7%) are within the 10% most deprived neighbourhoods in England, with Sandwell, Walsall and Wolverhampton with some of the highest levels of income deprivation.

To ensure the effective engagement of those that are hardest to reach, the Community Grants programme will support existing Black Country voluntary and community organisations to build their capacity to deliver to vulnerable groups.

Local Authorities:

Dudley MBC,
Sandwell MBC
Walsall MBC
City of Wolverhampton

Key Priorities:

The Managing Agent will ensure that:

- The Grant Awards panel membership will include the Black Country LEP with a further member from the relevant Local Authority.
- Take part in the local Steering Group as directed by the LEP.
- The panel draw in expertise and knowledge and manage conflict of interests.

Grants awards will be focused on small not for profit voluntary and community organisations based in the Black Country with a turnover of less than £300,000 to fund projects.

35. The Managing Agent will be paid based on the achievement of deliverables in accordance with Part 4 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

36. The contract will be for the value of £1,000,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

Guidance for Managing Agents in their assessment of bids for Community Grants

When assessing applications for Community Grants, the Managing Agent should use reasonable endeavours to ensure that each Recipient Organisation will achieve the following:

- Active inclusion of Participants. ○ Participants either entering Employment, or being engaged in job search, or being engaged in education or training, or gaining a qualification upon leaving.
(*Quantified target)

- Benefits Participants who are Unemployed for 6 months or more or who are Inactive on starting provision. (*Output target)
- benefits Participants who are more distant from the labour market and who may face multiple disadvantages to tackle their multiple, complex and profound barriers to work and to move towards or into employment, or to sustain employment.

Projects funded by Community Grants can deliver a wide range of activities including but not limited to:

- First contact engagement activities, e.g. activities that benefit Participants who are not normally in contact with official organisations for example but not exclusively DWP, FE Colleges, for example by arranging events or training in places that Participants feel comfortable to visit.
- Projects to improve confidence, motivation and social integration such as sport, gardening, music, art and other creative activities.
- Developing local networks and groups to support people to get a job or access learning e.g. Job Clubs or Learning Champion type activity.
- Softer skills development e.g. assertiveness, anger management and motivation.
- Innovative approaches to attract under-represented Participant groups into learning.

Projects must be delivered by the Recipient Organisation within the Lot Area, and all funded delivery, and outcomes must occur before the end of the Contract.

*Quantified and Output targets as defined in the ESF Operational Programme.

PART 5: LOCAL SERVICE REQUIREMENTS
COAST TO CAPITAL – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

Coast to Capital is perceived to be an affluent area with high employment rates. However, there are areas of relative deprivation that include levels of unemployment and economic inactivity. Sections of the community such as lone parents and the disabled face additional challenges. In certain areas wage levels are low and the employment on offer may be low level, seasonal and insecure. Individuals often face multiple barriers: low and outdated skills, digital exclusion, health issues, and lack of affordable childcare or affordable transport.

http://www.coast2capital.org.uk/storage/downloads/esif_strategy_april_2016_refresh1510238036.pdf - Page 39.

The latest Annual Population Survey (APS) indicated that in the Coast to Capital area, unemployment was slightly higher than that of the South East of England as a whole. <https://www.nomisweb.co.uk/reports/lmp/lep/1925185539/report.aspx#workless>

According to the Coast to Capital Economic Profile 2017 the unemployment rate in the region stands at 3.9% and figures from the 'Annual Population Survey' show the number of unemployed in the Coast to Capital region is currently standing around 41,300 people (equating to 3.9% of the area), from the period of October 2016 to September 2017. In addition, there are also 64,900 economically inactive people who have identified themselves as wanting a job.

http://www.coast2capital.org.uk/storage/downloads/coast_to_capital_economic_profile_2017-1517388688.pdf

There are very significant numbers of households who do not benefit from the job opportunities in the Coast to Capital area. There are wide variations at a local level and between male and female unemployment rates. Bringing those currently out of work back into the labour market across the Coast to Capital area, particularly in Croydon, Brighton and Hove, and the rural areas would further enable the Coast to Capital area to contribute to UK economic growth.

One of the recognised ways to address social mobility is to help unemployed and inactive people to secure employment. Feedback received from live ESF projects suggests that for many people who have been unemployed, or who have a track record of a variety of short-term, part-time working, securing and retaining meaningful employment can be a real challenge. Similarly, for many people a lack of experience in a relevant sector can be a particular barrier to securing employment.

Intensive support is often required for those facing multiple and complex barriers in moving closer towards the labour market. Evidence suggests that when these situations are tackled in a holistic and innovative way and through early intervention, outcomes can be improved. For example, working with young people

to increase their resilience in workless households and when facing other barriers can help break the cycle. Similarly, those in marginalised groups will often need support on a number of fronts in order to help them re-engage.

In Coast to Capital, there are pockets of deprivation, substantial numbers of workless households and youth unemployment is a particular area of concern. Our analysis shows that there is still more to do and further interventions aimed at these target groups are needed to address the market failure in services. These interventions should be designed to provide flexible, multi-agency support to take due account of the complexity and multiplicity of issues which many face.

Whilst it is difficult to accurately predict the impact on employment of the UK leaving the European Union, it is likely that there will be shortages of labour in lower skilled jobs. It is important to ensure that the Coast to Capital area is providing the potential labour market with the skills and aspiration to access these jobs and in time to progress through a career pathway.

Coast to Capital Local Enterprise Partnership's new Strategic Economic Plan (SEP) 2018-30 for the area can be found at <http://www.coast2capital.org.uk>

In addition, proposed activity must fit with the Coast to Capital ESIF strategy which can be found at http://www.coast2capital.org.uk/storage/downloads/esif_strategy1475574393.pdf

Local Authorities:

There are 17 Local Authorities within the Coast to Capital area made up of county councils, district and borough councils and a national park authority:

PART 5: LOCAL SERVICE REQUIREMENTS

CORNWALL AND THE ISLES OF SCILLY – LESS DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP background

One of the dominant contributory factors to a country's productivity and economic growth is the education, training and skills of the working age population. In Cornwall and The Isles of Scilly (C&IoS) the percentage of people with no qualifications has remained relatively static in terms of total percentage of 16-64 year olds and also as percentages of the economically active and those in employment.

Evidence to support this procurement can be found at the CloS LEP [website](#). (Employment & Skills Strategy 2016-2020 and Evidence Base)

The Cornwall & Isles of Scilly Integrated Territorial Investment Strategy (ITI) also addresses how the economy faces a number of challenges which are reflected in low wages, low productivity and relatively low skills attainment. Applications should ensure alignment with Conditions for Growth where investments, which will address continuing blocks to growth, in infrastructure and human potential, are identified.

The ITI Strategy (April 2016) can be found at [C&IoS ITI Strategy](#)

Local Context

Employment, education and skills are major factors in promoting social inclusion and combating poverty. The Employment and Skills Board of the LEP and the 'Inclusion Partnership' (Inclusion Cornwall) lead the work to tackle the key issues of a low wage, high living cost economy. The partnerships seek to use the economy as a driver to address social innovation, promote equality and equity, encourage participation and improve employability. This will help enable people in Cornwall and the Isles of Scilly (C&IoS) to look forward to a more participative engagement in our inclusive growth ambition. Innovative approaches to problem solving, creative engagement with individuals, families and communities in codesign and co-production towards a more inclusive society are essential in addressing the systemic challenges faced.

Key Statistics impacting upon and improving employability:

Low Earnings and Debt are key issues and in 2016 median gross annual earnings for all employees in C&IoS equalled £17,873, 77% of the UK average (£23,099). The average household in C&IoS has higher costs compared to the national average, including water and sewerage, energy, fuel, transport and housing. High household costs with low average earnings leads to issues of debt and financial instability, with high levels of deprivation in some areas.

There are particular issues facing the Isles of Scilly. The geographic isolation of

the islands directly affects the economic, social and environmental needs of communities and businesses.

Despite common perceptions, there are high levels of poverty, including within households in employment. Work by Experian identified that 26% (59,000) of households in Cornwall are 'at risk of poverty'. This places Cornwall in the worst 5% areas in the UK. Low pay is associated with in-work poverty, replacing unemployment as one of the major drivers of poverty.

Cornwall and the Isles of Scilly

Key Priorities:

The Grant Awards panel membership must include the LEP and/or relevant Local Authority representative. The Managing Agent will take part in the local Steering Group as directed by the Cornwall and the Isle of Scilly LEP.

The Managing Agent will ensure that delivery organisations:

- Consult with the Council of the Isles of Scilly's Learning and Development team regarding how they will overcome logistical and financial challenges in order to source high quality opportunities.
- Offer new, sustainable delivery methodologies reaching people from local unemployed and inactive as well as disadvantaged and minority groups; with the aim of providing opportunities to develop models and activities that will engage Participants, help build relationships and confidence and design solutions leading towards employment at a micro level through the use of small scale grants.

Align with other ESF funded programmes aimed at supporting those farthest from the labour market. The complementarity, alignment and additionality expected of Community Grants in this context will require very clear linkages to be established with other projects

Part 6: Funding and Deliverables

39. The Managing Agent will be paid based on the achievement of deliverables in accordance with Part 4 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

40. The contract will be for the value of £2,000,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

- Softer skills development e.g. assertiveness, anger management and motivation.
- Innovative approaches to attract under-represented Participant groups into learning.

Projects must be delivered by the Recipient Organisation within the Lot Area, and all funded delivery, and outcomes must occur before the end of the Contract.

PART 5: LOCAL SERVICE REQUIREMENTS
COVENTRY AND WARWICKSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

There is entrenched social exclusion across parts of Coventry and Warwickshire, largely as a result of structural changes to the economy. In Warwickshire, the distribution is complicated. The largest concentrations are found in the county's largest urban areas, particularly Nuneaton and to a lesser extent Rugby and Bedworth. However, these concentrations are combined with spatially dispersed pockets in the rural south and north. Those facing social exclusion in rural areas have the added complication of accessing support services due to their more isolated locations.

Lack of car ownership is an issue especially in accessing employment or training. In North Warwickshire 15% of homes and 12% in Stratford District have no car, these people rely on subsidised bus routes.

A further priority for Coventry and Warwickshire is achieving labour market integration of groups with high inactivity rates through more intensive, flexible and tailored support. There are several groups/communities of interest across the area that have little involvement with the labour market and are often unable to actively participate or take advantage of any opportunities. People within the 25-49 age range in Coventry & North Warwickshire have a relatively higher rate of inactivity, and there is a dominance of those looking after a family at home or on long term-sick.

PART 5: LOCAL SERVICE REQUIREMENTS
DERBY, DERBYSHIRE, NOTTINGHAM AND NOTTINGHAMSHIRE MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

The D2N2 area in the East Midlands covers the cities of Derby and Nottingham and the counties of Derbyshire and Nottinghamshire. It is one of the largest LEP areas in the country, with a population of 2.2 million, Gross Value Added (GVA) of £45bn, a stock of some 72,000 businesses, and a workforce of almost 1 million people.

D2N2 has a diverse economic geography: including the major cities of Nottingham and Derby, a number of significant sub-regional centres, market towns and areas of deep rurality and high environmental quality, in a rich mix of urban and rural communities across 19 local authority areas.

Much of the area's GVA is generated in and around the two cities, which are also the main centres of population and employment; although a significant proportion (34%) of the area's economic value comes from outside the southern urban belt.

There is a marked gap between the most prosperous parts of the D2N2 area and those facing the biggest economic challenges (ranging from GVA per head of £27.6k in Nottingham and £27.3k in Derbyshire Dales to £14.4k in Gedling and £16k in Erewash).

A report by Nottingham Civic Exchange, the RSA and Nottingham Business School highlights the scale of the inclusive growth challenge, which has built up over many years as a result of uneven patterns of economic growth, industrial restructuring and a chronic productivity gap. While the employment rate is relatively high, many of the jobs in the economy are low skilled and low-paid. The majority of households in D2N2 currently living in poverty are in work, with some 30% of those in work earning less than the living wage. 27.5% of the working age population are economically inactive because they are too sick to work.

Although the area is diverse, its places share many characteristics, notably a high concentration of manufacturing across the area, relative to the UK. The main challenges to economic growth – namely relatively low levels of productivity, skills and business density are shared across D2N2, although there are some parts that buck that trend (e.g. high productivity in Derby, driven by the presence of global giants Rolls-Royce and Toyota).

The D2N2 ESIF subcommittee has agreed a set of Core Delivery Principles that define how it considers a good ESIF project should operate. They crystallise the preferred approach articulated in the D2N2 ESIF Strategy. D2N2 will consider how applications' meet the Core Delivery Principles in formulating its commentary and advice on the evidence of local strategic fit:

- Impact and Scale
- Delivery Readiness
- Added Value
- Local Value
- Quality, Performance and Efficiency
- Strategic Partnerships and Co-ordination of Market Engagement
- Flexibility and Responsiveness

PART 5: LOCAL SERVICE REQUIREMENTS
DORSET – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

In 2017 population estimates suggest a population of 770700 across Dorset. Of these 453000 are aged 16-64. Of these 383900 are economically active. Of the economically inactive (89200) 19400 want a job. These are people not in employment who want a job but are not classed as unemployed because they have either not sought work in the last four weeks or are not available to start work.

Dorset is good at employing its people. In 2017, it achieved average employment and unemployment rates of 77.8% and 2.9% respectively, compared with 74.7% and 4.4% for the equivalent UK averages. It also has a number of key businesses and sectors, with good ties into supply chains in, amongst others, marine engineering and aerospace, financial and business services, creative and digital services, consumer products, and innovative new technologies in health, welfare and ageing.

PART 5: LOCAL SERVICE REQUIREMENTS
GREATER CAMBRIDGE AND GREATER PETERBOROUGH
MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

The economic geography of Greater Cambridge Greater Peterborough is complex and diverse. The region is a high net contributor to the Exchequer and the cities of Cambridge and Peterborough are amongst the fastest growing in the country. However, this success has not been achieved across all areas and there are areas of deprivation that the LEP European Structural and Investment Funds (ESIF) Strategy is seeking to address. Alongside the attainment of recognised qualifications, equipping young people and adults with the right skills matched to the needs of businesses in the modern economy is vital.

The Combined Authority is currently in the process of developing their skills strategy. This will be informed but the work of the Cambridgeshire and Peterborough Independent Economic Review (CPIER). The full report will be available shortly. The final report will set out the context and economic potential of the Combined Authority area and will be used to inform strategic investments and the future work of the Combined Authority.

Previously, the LEP had commissioned a report to support the Area Review in December 2016 and provide partners and providers with a summary of 'Skills Conclusions' for the local area. This provides detail on key occupations that are underpinning our economy. Alongside it sits a report on the vacancies (and common skills requested in adverts) over the last year across our area.

The Combined Authority has a number of key strategic partners and would want to ensure the Managing Agent work closely with them to maximise the impact of activity, avoid duplication with existing provision and support local implementation. This would include our neighbouring LEPs, government agencies and local groups and networks. The exact bodies will vary by specification, but we would expect to hold joint briefing sessions for the Managing Agent to inform the development of the SD02 LEP development plan. If activity delivers across shared area with other LEPs we will need to manage this in partnership with the LEP to ensure we avoid confusion and duplication.

If you would like to receive a copy of the areas ESIF Strategy, Area Review Skills Conclusion, and Emsi reports on local job posting and the local business profile please contact: info@cambridgeshirepeterborough-ca.gov.uk (stating ESF Funding in the subject line) or call 01480 277180 and ask to speak to someone in the ESF team

Local Authorities:

The LEP area covers 14 Local Authority districts. South Lincolnshire is a relatively recent addition to our area and ESF funds to support South Holland and South

Kesteven were allocated to Lincolnshire LEP. In addition, we have the Cambridgeshire & Peterborough Combined Authority that makes up 6 of the 14 Local authority districts within our area. The Whole of the Combined Authority area is contained within this LEP area. With the exception of Rutland, all other local authority areas are also part of another neighbouring LEP. The Wider LEP foot print can be seen below.

The target area for this Service is;

Cambridgeshire & Peterborough Combined Authority area

- Fenland
- Huntingdonshire
- East Cambridgeshire
- Cambridge and
- South Cambridgeshire
- Peterborough

Other areas included which form part of the wider LEP area are;

- Rutland
- West Norfolk & Kings Lynn
- St Edmundsbury
- Forest Heath
- The borders of South Holland & South Kesteven are eligible areas to support the delivery of provision BUT only where this focuses on the north side of the Combined Authority Area e.g. Peterborough or around Rutland. Any bids focused solely on the South Lincolnshire should be routed towards the Lincolnshire LEP call.

North Hertfordshire will be covered by the Hertfordshire LEP and Uttlesford will be covered by South East London LEP, and South Lincolnshire by Lincolnshire LEP.

Key Priorities:

The Managing Agent must ensure the Grant Awards panel membership include the LEP and/or relevant Local Authority representative. The Managing Agent will be required to take part in the local Steering Group as directed by the LEP.

We have 1 ESF project running in Wisbech that could be live during the delivery of this Service. This project is a **Community Led Local Development project**. It is delivered by Cambridgeshire Acre and administers a process by which small, local organisations can apply for grants to support people into employment. The Managing Agent would need to be mindful and complimentary to this.

Part 6: Funding and Deliverables

47. The Managing Agent will be paid based on the achievement of deliverables in accordance with Part 4 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

48. The contract will be for the value of £289,628.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 5: LOCAL SERVICE REQUIREMENTS
GREATER LINCOLNSHIRE – TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP background

Greater Lincolnshire has a population just over one million, dispersed over a large land mass almost double the size of Cornwall. There are around 44,000 businesses in the area and over 90% of these businesses have fewer than 10 employees. As a consequence engaging with employers across the whole of the LEP area can be challenging; finding viable cohort sizes in our many rural towns and villages is a well-known local barrier to learning. Transport and accessibility can be a real and perceived barrier to learning and work. Our local small training providers and community-based organisations often reach parts of the LEP area, residents, and businesses that larger organisations cannot, or they offer something that is specific to a particular local area or cohort, or innovative in approach.

The economy of Greater Lincolnshire has many strengths and the LEP's place marketing tool www.marketinglincolnshire.com highlights some of these advantages.

The Greater Lincolnshire Strategic Economic Plan, related sector strategies and the European Structural Investment Fund strategy are available on the website <https://www.greaterlincolnshirelep.co.uk/priorities-and-plans/strategies-and-plans/>

The skills section of the LEP website has additional research including a large evidence base collected for the Area Review. See <https://www.greaterlincolnshirelep.co.uk/priorities-and-plans/priorities/priority-skills/>

The LEP has a number of private sector led Boards that contribute to its strategies, including the Employment and Skills Board, the Manufacturing Board, the Food Board and the Visitor Economy Board. The Employment and Skills Board (ESB) works with a large number of stakeholders with the aim of influencing the training offer to business and residents so that it better meets local need.

The Managing Agent shall ensure that the Grant Awards panel membership includes the LEP and/or relevant Local Authority representative. The Managing Agent shall take part in the local Steering Group as directed by the LEP.

GREATER MANCHESTER – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP background

Greater Manchester (GM) is one of the country's most successful city-regions. Home to more than 2.7 million people and with an economy bigger than that of Wales or Northern Ireland, our vision is to make GM one of the best places in the world to grow up, get on and grow old.

The GM LEP covers the same area as that of the Greater Manchester Combined Authority (GMCA), covering the 10 Local Authority (LA) areas of Bolton, Bury, Manchester, Oldham, Rochdale, Salford, Stockport, Tameside, Trafford and Wigan.

The Greater Manchester Strategy (GMS), called '*Our People, Our Place*', is a long term blueprint for the future which sets clear priorities for delivering our ambitions for economic growth and public service reform. The plan looks at ten priority areas which affect all GM residents and details how life will be improved for all who live in the city-region, from being ready for school, to starting work and growing old, as well as everything else in between.

(<https://www.greatermanchesterca.gov.uk/ourpeopleourplace>)

This programme will support unemployed and economically inactive individuals facing multiple disadvantage progress towards sustainable work and contribute towards realising the ambitions laid out in a formal Accord agreed between Greater Manchester Combined Authority (GMCA) and the VCSE sector in November 2017. It will also support the delivery of GMS priorities, the GM Work and Skills Strategy 2016-2019 (https://www.greatermanchester-ca.gov.uk/info/20003/education_and_skills) and aspirations laid out in GM ESIF Investment Plan.

PART 5: LOCAL SERVICE REQUIREMENTS
HEART OF THE SOUTH WEST – MORE DEVELOPED AND TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP background

The Heart of the South (HotSW) LEP area encompasses the upper tier / unitary authority areas of Plymouth, Torbay, Somerset and Devon. With an economy worth £33.2bn in 2016 and a population of 1.7m, the area is the country's 10th largest LEP economically, and one of the Country's largest partnership areas geographically.

The HotSW benefits from an extremely mixed typology, hosting two notable cities (Exeter and Plymouth) alongside some of the Country's most well-known rural and coastal locations (Dartmouth, Torbay, Exmoor, the North Devon Coast). As such, the economic makeup of the HotSW is highly varied, with a strong focus upon manufacturing and higher value knowledge economic activity within the area's urban centre, whilst traditional rural and coastal industries, including agritech, food and drink, fisheries and tourism continue to remain important within wider rural and coastal locations.

For the purpose of European Funding, the HotSW area is divided into two distinct sub-areas, the more developed area containing the upper tier authority of Somerset, and the Transition area incorporating Plymouth, Torbay and Devon.

Whilst there are small differentials between the two areas, this gap has closed over recent years due to significant improvements in employment and skills attainment within the Transition area, in part led by a recovering economy. As of June 2018, unemployment overall in the HotSW had reached 1.7% and the area benefitted from the highest level of economic activity since records began.

However, despite this success, significant challenges continue within both areas, notable within peripheral rural and coastal areas and amongst pockets of lingering deprivation within the HotSW towns and cities. These include ongoing challenges around skills achievement levels in education and adulthood; progression and aspiration rates within work; gaps within the labour market and around specialist skills and careers; and on tangible outcomes such as wage levels and higher value employment opportunities. These were of particular note in the districts of Torridge, North Devon, West Somerset, South Somerset and Sedgemoor; within parts of the urban areas of Torbay and Plymouth; and within specific wards within the Greater Exeter conurbation.

In light of the above, the HotSW has established a clear forward approach for prioritisation of economic activity across the partnership area. These are encapsulated within the Heart of the South West's [Strategic Economic Plan](#), completed in 2013, and [Productivity Strategy](#), completed earlier this year. This includes a specific focus on People issues (e.g. employment and skills), with an emphasis upon five areas of specific interest:

- Enhancement of Education, Aspiration and Guidance Opportunities;
- Promotion of Apprenticeships and Traineeships;
- Provision of Employability and Basic Skills;
- Technical Skills and Skills for the Workforces
- Higher Level Skills and Sectoral Specialisation

This focus upon skills extends into the ESIF Strategy for the area,

PART 5: LOCAL SERVICE REQUIREMENTS
HERTFORDSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

There are pockets of deprivation and social inclusion issues across a variety of local communities in the Hertfordshire Local Enterprise Partnership (LEP) area, especially in respect of unemployment, housing and health issues.

A key issue for Hertfordshire is the number of individuals claiming Employment Support Allowance (ESA) and Incapacity benefits. There are approximately 35,000 individuals claiming ESA or related (non-JSA) benefits. Currently there are circa 27,960 ESA claimants (including those who have been classified as workready, i.e. closer to the labour market and those classified as being further away from the labour market and hence requiring additional support).

Accordingly, the ESF funds available for the theme of social inclusion in Hertfordshire will be focused on tackling high economic inactivity rates by providing additional and/or more intensive and flexible support tailored to the multiple needs of people at most disadvantage and furthest from the labour market. These people are likely to need more focussed and targeted help, perhaps over a longer period, to help them into work.

The demand for this project has been identified through extensive cross-sector consultation by Hertfordshire Local Enterprise Partnership (LEP) at the time of the development of the [Hertfordshire ESIF Strategy](#). It also aligns with the priorities recorded within the [Hertfordshire Skills Strategy](#) and in particular, the theme entitled 'Towards full Employment'.

The ESIF Strategy identified that Community Grants have been an important tool for providing support to those disengaged from learning and the labour market. Many of the learners that have received support through the previous Community Grants programme were disengaged from classroom-based learning and were not able or willing to enrol into a college, but received invaluable support in their own community, improving their chances of employment. The potential exists for these projects to have a real impact on communities.

Key Priorities:

The Managing Agent shall ensure that Services are developed and designed to address barriers to employment with processes mapped to a range of identified groups such as people with mental health issues, people with substance abuse problems, disabled people, people from black, Asian and ethnic minority (BAME) communities, migrant workers, ex-offenders and homeless people. It will help more disadvantaged people to move towards or into employment by tackling the barriers they face.

The Managing Agent shall ensure that the Grant Awards panel membership includes the LEP and/or relevant Local Authority representative. The Managing Agent will take part in the local Steering Group as directed by the LEP.

There are three projects focussed on social inclusion currently being delivered in the Hertfordshire LEP area through the Big Lottery Fund Building Better Opportunities:

- Barriers to employment;
- Young people;
- Financial confidence.

The Managing Agent must ensure they are fully aware of the other projects operating in the Hertfordshire LEP area, including provision delivered by DWP and through the Education and Skills Funding Agency (ESFA) as well as the Hertfordshire County Councils Thriving Families and ensure that provision is designed to complement and work alongside existing and future planned projects avoiding duplication.

Part 6: Funding and Deliverables

57. The Managing Agent will be paid based on the achievement of deliverables in accordance with Part 4 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

PART 5: LOCAL SERVICE REQUIREMENTS
HUMBER - TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP background

The Humber ESIF Strategy supports the skills development of Humber residents at all levels, from access to employment and the sustainable integration of young people, to technical and higher levels skills and leadership and management.

The Skills Programme proposed in this strategy is dedicated specifically to improving the skills profile of the Humber, from basic employability skills through to higher level skills and leadership and management in response to the current and future workforce needs of our key sectors.

Skills levels in the Humber are improving but there is still much to do to close the productivity gap, address the low skills equilibrium and create a workforce that can maximise the opportunities presented by new private sector investments.

Despite improvements in skills levels, the Humber continues to be behind national averages for those with qualifications at level four and above and a higher percentage of the population have no qualifications. Low productivity and skills shortages affect some major sectors, posing a risk for the future.

This is a major contributor to the productivity gap. Higher level skilled posts are often filled by applicants from outside of the LEP area and Humber employers more frequently report skills shortages than those in most other LEPs when looking to recruit professionals.

The Community Grants project will further meet the priorities outlined by the LEP to:

- Develop the capacity of the community and social enterprise sectors to meet local needs
- Activities that promote social inclusion
- Build self-employment and enterprise skills in the voluntary and community sector
- Intensive support to help people upgrade skills and move towards and enter work

The Humber ESIF Strategy, Humber Employment and Skills Strategy and Humber Strategic Economic Plans all recognise the importance of employment and skills to local growth. Links to these strategies are provided below:

Like all Local Enterprise Partnerships, we are in a transition phase which is seeing the development of our Local Industrial Strategy, which builds on the work we have done through our Strategic Economic Plan. Research indicates a movement in some of our traditional sectors as well as a range of opportunities in new and emerging sectors. The Humber LEP has developed a Blueprint for a Humber Industrial Strategy which was launched in June 2018. The Humber LEP would welcome organisations that can deliver across both the geographic area of Humber LEP and York, North Yorkshire and East Riding LEP either through bidding against both LOT's or via collaborative delivery post contract award.

PART 5: LOCAL SERVICE REQUIREMENTS
LANCASHIRE - TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP background

The Lancashire Local Enterprise Partnership (LEP) spans the areas supported by Lancashire County Council, Blackburn with Darwen Unitary Authority and Blackpool Unitary Authority. The LEP is home to a population of 1,485,042 people, just over one fifth of the North West total (20.6%). The economy is a mix of urban, rural and coastal communities. There are 52,100 businesses in Lancashire, of which 98% are SMEs.

The LEP's Strategic Economic Plan sets out the growth ambitions for the next 10 years providing a clear focus on realising the potential of the whole of Lancashire. The focus is to foster the right conditions for growth: to invest in innovation, skills, enterprise and infrastructure, to accelerate the achievement of its full economic potential. As the fourth largest economy in the north of England, Lancashire offers, through its ESIF Strategy, a mechanism to use ESI Funds to invest in opportunities that will support economic growth and well-being.

A key priority for the LEP is skills & employment; recognising the LEP's role in enabling and achieving a better balanced, skilled and inclusive labour market which underpins and contributes to economic well-being and growth across the County. The Lancashire Skills and Employment Strategic Framework is structured into 4 themes: Future Workforce, Skilled & Productive Workforce, Inclusive Workforce and An Informed Approach and articulates the priorities for Lancashire. The Strategic Framework is available here:

<https://www.lancashirelep.co.uk/lep-priorities/skills-employment/skills-and-employmentstrategic-framework-2016-2021.aspx>

A robust evidence base underpins the framework and identifies key issues across Lancashire – this includes sector skills studies, and key skills and employment data. In April 2018, the Lancashire Labour Market Intelligence (LMI) Toolkit was published, providing up-to-date data and a range of information broken down by the 6 Travel to Work areas in Lancashire; the framework will be refreshed in sequence but the key issues and focus remain the same. The evidence base can be accessed here: <https://www.lancshireskillshub.co.uk/about-us/evidence-base/>.

PART 5: LOCAL SERVICE REQUIREMENTS

LEEDS CITY REGION – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP background

Local Economic Context

Leeds City Region is the biggest city region economy in the country, with an annual output of £64.6bn representing 5% of the English total. It hosts 126,000 businesses, 3 million residents and an employed workforce of 1.4m. Nine Higher Education institutions and 14 Further Education Colleges are based in the City Region, which is home to a student population of around 300,000.

Despite the City Region's undoubted economic strengths and assets, it is not realising its full potential. The decline of heavy industry has left a legacy of pockets of serious deprivation and an economy that is less productive than those in many other parts of the country.

The LEP's revised vision for the City Region is to be a globally recognised economy where good growth delivers high levels of prosperity, jobs and quality of life for everyone. This revised vision places a greater emphasis on "good growth", where a radical uplift in growth, productivity and business success goes hand in hand with quality jobs that connect all people and places to opportunity and improved quality of life. Achieving the vision will mean that our economy becomes stronger, more dynamic and resilient, and will be on course to consistently improve performance compared to national averages and international competitors over time.

The original Leeds City Region Strategic Economic Plan (SEP) was agreed in 2014, and has been updated to reflect the new focus on good growth and to account for economic change since the initial publication. The following thematic priorities were set out in the revised SEP:

PRIORITY 1: Growing Businesses

PRIORITY 2: Skilled People, Better Jobs

PRIORITY 3: Clean Energy and Environmental Resilience PRIORITY

4: Infrastructure for Growth

Local Challenges

The Services will be delivered within West Yorkshire, covering the districts of Bradford, Calderdale, Kirklees, Leeds and Wakefield of the Leeds City Region Local Enterprise Partnership area.

There are spatial pockets of intense deprivation in the City Region, which have persisted over many years, remaining cut off from pockets of growth which are often nearby. Leeds City Region is also ranked fifth out of 39 LEP areas in terms of % of neighbourhoods that fall among the most deprived nationally on education training and skills

By supporting the value the Third Sector brings to supporting local economic

growth, local people will be able to have a real stake in their community, which, in turn, will lead to promoting community cohesion, increased social responsibility and neighbourhood renewal through the delivery of local community resource. Ensuring that services deliver for those most in need is vital in delivering Inclusive Growth outcomes for the City Region and tackling the pockets of stubborn deprivation.

Investment into the Third Sector allows services to be delivered to people who wouldn't otherwise receive them; it provides volunteering opportunities that lead people into active participation in the economy and it creates a civil society in areas where market failure and the withdrawal of the state has led to a culture of low aspiration and a steady cycle of decline.

Key Priorities:

- Support offered must add value to that which can be funded through Leeds City Region Community Led Local Development (CLLD) projects in consultation with the appropriate Local Action Group to avoid duplication and to use resources efficiently.
- The Managing Agent must ensure the LEP is involved in the grant award panel.

PART 5: LOCAL SERVICE REQUIREMENTS
LEICESTER AND LEICESTERSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

The Leicester and Leicestershire Enterprise Partnership (LLEP) area encompasses the City of Leicester and County of Leicestershire and has a combined population of around one million people.

Our economy is currently worth £23.5bn in Gross Value Added (GVA) per annum and is central to the prosperity of the Midlands, providing nearly 500,000 jobs and hosting over 42,000 trading businesses. Our ambition is to become the most productive economy in the Midlands, making a major contribution to UK prosperity and earning power.

Our business base is primarily composed of small and medium sized enterprises (SMEs), with around 75% of our businesses having less than 10 employees, and we have particular strengths in manufacturing, logistics, professional and financial services, food and drink, tourism and textiles. However, we are also home to number of major international businesses, including Next, Pepsico, Triumph, Caterpillar, Norton, Santander, Wal-Mart, Amazon, DHL, Almac and 3M.

Leicester is one of the most diverse and fastest-growing cities in the UK, with an entrepreneurial and outward-looking population drawn from across the globe. The city has seen a number of inward investment successes in recent years, with IBM and Hastings Direct both setting up new operations in Leicester.

Our central city is ringed by a network of market towns, including Loughborough, Melton Mowbray, Market Harborough, Lutterworth, Hinckley and Coalville. These are important economic centres in their own right, contributing over £1 billion to the local economy. They also provide a focal point for their local communities and have the potential to generate additional economic growth.

We are home to three leading universities – De Montfort University, Loughborough University and the University of Leicester – each of whom have their own distinct specialisms and undertake world class research.

We are located in the heart of England and sit within a logistics ‘golden triangle’ formed by the M1, M6 and M42 motorways. This has made us the preferred location for national Distribution Centre’s such as Magna Park. We are also home to East Midlands Airport, the UK’s largest pure freight airport, and are set to benefit from the construction of HS2.

We are uniquely placed in having two designated Enterprise Zones spread across four separate sites. These are the MIRA Technology Park, Loughborough University Science and Enterprise Park, Charnwood Campus and Leicester Waterside. Each of these sites has their own distinct sector specialisms and offer us the potential to develop clusters around Centres of Excellence in key industries,

including life sciences, sports science, space, advanced manufacturing and the automotive sector.

PART 5: LOCAL SERVICE REQUIREMENTS
LIVERPOOL – MORE DEVELOPED AND TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP background

The Liverpool City Region Combined Authority Skills Strategy 2018 identifies:

Some of the skills challenges for Liverpool City Region have arisen from uneven growth. Not all areas or groups in the local population have been able to participate in the successes of the City Region. Varied educational outcomes, health, and disability affect an individual's opportunities to secure stable and fulltime employment that offers the opportunity to progress. The City Region will need to build on the Work and Health Programme and the Government's twin commitments to reducing both the minority ethnic and Disability Employment Gaps. Equal access to education and learning is a vital part in ensuring that all people from underrepresented groups can participate fully in the labour market. Fair work and a living wage are vitally important to individual wellbeing, continuing mental health and family development as recognised in the recent Stevenson / Farmer review of mental health and employers and Improving Lives: Helping Workless Families. Stable employment at a living wage underpins this and boosts the local economy where people can afford to buy goods and services. Improving the life chances and participation of all sections of the labour market is increasingly being recognised as the solution to our longstanding inability to deliver a fully-productive competitive economy.

The Skills Strategy further prioritises the need to:

Commission targeted support to improve inclusion and narrow gaps for underrepresented groups (including: over 50s, male/ female, black, Asian and minority ethnics (BAME), disabled people and residents of disadvantaged areas) such as:

- Ensure equity of access to Apprenticeships and learning opportunities
- Access to entry-level learning for people out of work through devolved funding linked to progression to higher learning
- Measures to improve the retention and advancement of women managers
- Promotion of role models to raise aspirations (including Pathways to Excellence)
- Awareness raising for employers in recruitment and retention of people with specific barriers (e.g. mental health)
- Increased ESOL provision

Project proposals should demonstrate strategic alignment with the [Liverpool City Region's ESIF Strategy 2014-2020](#), the [Liverpool City Region Skills Strategy](#), its ongoing [Skills for Growth](#) work and [Growth Strategy](#); along with the [ESF Operational Programme 2014-2020](#).

PART 5: LOCAL SERVICE REQUIREMENTS

LONDON CENTRAL – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP background

ESF in London is managed by the Greater London Authority who act as the Intermediate Body for ESF under the strategic direction of the Mayor and the London Economic Action Partnership (LEAP).

The LEAP produced a detailed European Structural and Investment Fund (ESIF) Strategy in 2014 (refreshed in 2016) detailing how ESF should support the capital's Jobs and Growth aims. The LEAP has been allocated approx. £529m for the delivery of the ESIF Strategy for London 2014-20.

<https://lep.london/publication/european-funding-strategy-2014-20>.

ESF in London is also underpinned by the strategic priorities outlined in the Skills for Londoners Strategy as well as the Mayor's other strategies, including the Economic Development Strategy and the Equality, Diversity and Inclusion Strategy.

Many Londoners do not have access to the opportunities that this global capital city provides. London still has above average unemployment rates; the highest proportion of people in poverty of any UK region exacerbated by the high costs of living; high numbers of Londoners are in low pay, with little chance to progress to better-paid, more secure work; there is continued and persistent gender, race and disability pay gaps; and a high number of Londoners without basic skills in literacy, English language, numeracy and digital skills.

The Mayor set out his ambitions to improve social integration¹ as well as equality, diversity and inclusion² in London. His Skills for Londoners Strategy³ aims to empower all Londoners to access the education and skills to participate in society and progress in education and in work. For communities, equipping Londoners with essential skills makes it possible for people from all backgrounds to contribute and live interconnected lives. Not only is adult education and training fundamental to ensuring all members of society are able to secure and progress in work, but it also has an impact on social and wellbeing outcomes that can be felt across the city.

The LEAP, through the GLA's European Programmes Management Unit, is working with the ESF Co-Financing Organisations to ensure a comprehensive package of ESF provision is in place for the second half of the ESF 2014-20 programme to tackle London's challenges. More information about the London

ESF 2014-20 programme can be found at

worse-off than other Londoners.⁴ Frontline community groups and voluntary organisations can often be best placed to engage with these groups. They play a vital role in building the trust of the most vulnerable and in need in local communities, working with them to improve resilience, reduce social isolation, develop skills, and bring them closer to the labour market.

The LEAP will invest £6m of ESF to deliver a London-wide Community Grants programme. Working with the voluntary and community sector, the programme will support people with multiple and complex barriers to participation to address these underlying issues and to move closer to or into the labour market.

Four contracts will be awarded across London and the Managing Agent will be expected to work closely with the Sub-Regional Partnership, local authorities, local community organisations and other ESF providers in the area to deliver the Services.

ESF funded small grants programmes are already established in the boroughs of Tower Hamlets, Lambeth and Enfield. The Managing Agent will need to work closely with the key strategic partners in these boroughs to ensure that this programme complements existing or planned provision in those areas.

Local Authorities:

Four lots will be procured across the London LEP area, one per Borough SubRegional Partnership area as illustrated in the map below

⁴ Inclusive London, Greater London Authority, 2017

Central London Lot:

Camden
City
Hackney
Haringey
Islington
Kensington & Chelsea
Lambeth
Lewisham
Southwark
Tower Hamlets
Wandsworth
Westminster

The successful candidate must cover **all** boroughs within a Lot area.

Key Priorities:

The programme aims to support those furthest from the labour market, targeting economically inactive.

Priority groups for the programme include:

1. Parents/mothers,
2. Carers,
3. Disabled people,
4. Older people 50+,
5. BAME groups, particularly those groups with low labour market participation,
6. Migrants and refugees,

7. Homeless,
8. Ex-offenders,

Reflecting London's demographics, the LEAP want the Managing Agent to target Participants from an ethnic minority.

Activities should be tailored to Participants' needs but may include:

- Outreach and engagement activities
- Motivational activities
- Skills and training support (including referral to externally funded formal skills training)
- Information, Advice and Guidance
- Support to remove barriers to labour market participation or engagement in learning e.g. provision of childcare
- Support to address poor basic digital skills (managing information, communicating, transacting, creating and problem solving),
- Signposting and referral to specialist advice and support services
- Employability support
- Volunteering and Work placements
- Action research
- Job Brokerage

The Managing Agent should also provide capacity-building support to the organisations delivering the grants. This could include developing their expertise in providing progression routes for their Participants, and measuring success to build evidence of good practice. It should also include support to broker and build relationships between the grant recipients and statutory/strategic bodies at a local level.

Part 6: Funding and Deliverables

PART 5: LOCAL SERVICE REQUIREMENTS
LONDON WEST – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

ESF in London is managed by the Greater London Authority who act as the Intermediate Body for ESF under the strategic direction of the Mayor and the London Economic Action Partnership (LEAP).

The LEAP produced a detailed European Structural and Investment Fund (ESIF) Strategy in 2014 (refreshed in 2016) detailing how ESF should support the capital's Jobs and Growth aims. The LEAP has been allocated approx. £529m for the delivery of the ESIF Strategy for London 2014-20.

<https://lep.london/publication/european-funding-strategy-2014-20>.

ESF in London is also underpinned by the strategic priorities outlined in the Skills for Londoners Strategy as well as the Mayor's other strategies, including the Economic Development Strategy and the Equality, Diversity and Inclusion Strategy.

Many Londoners do not have access to the opportunities that this global capital city provides. London still has above average unemployment rates; the highest proportion of people in poverty of any UK region exacerbated by the high costs of living; high numbers of Londoners are in low pay, with little chance to progress to better-paid, more secure work; there is continued and persistent gender, race and disability pay gaps; and a high number of Londoners without basic skills in literacy, English language, numeracy and digital skills.

The Mayor set out his ambitions to improve social integration¹³ as well as equality, diversity and inclusion¹⁴ in London. His Skills for Londoners Strategy¹⁵ aims to empower all Londoners to access the education and skills to participate in society and progress in education and in work. For communities, equipping Londoners with essential skills makes it possible for people from all backgrounds to contribute and live interconnected lives. Not only is adult education and training fundamental to ensuring all members of society are able to secure and progress in work, but it also has an impact on social and wellbeing outcomes that can be felt across the city.

The LEAP, through the GLA's European Programmes Management Unit, is working with the ESF Co-Financing Organisations to ensure a comprehensive package of ESF provision is in place for the second half of the ESF 2014-20

programme to tackle London's challenges. More information about the London ESF 2014-20 programme can be found at

https://lep.london/content_page/europeansocial-fund

Some groups – including mothers and carers, disabled people, care leavers, older Londoners, homeless people and some black, Asian and minority ethnic (BAME) groups – remain under-represented in the workforce and are often more likely to be

worse-off than other Londoners.¹⁶ Frontline community groups and voluntary organisations can often be best placed to engage with these groups. They play a vital role in building the trust of the most vulnerable and in need in local communities, working with them to improve resilience, reduce social isolation, develop skills, and bring them closer to the labour market.

The LEAP will invest £6m of ESF to deliver a London-wide Community Grants programme. Working with the voluntary and community sector, the programme will support people with multiple and complex barriers to participation to address these underlying issues and to move closer to or into the labour market.

Four contracts will be awarded across London and the Managing Agent will be expected to work closely with the Sub-Regional Partnership, local authorities, local community organisations and other ESF providers in the area to deliver the Services.

ESF funded small grants programmes are already established in the boroughs of Tower Hamlets, Lambeth and Enfield. The Managing Agent will need to work closely with the key strategic partners in these boroughs to ensure that this programme complements existing or planned provision in those areas.

Local Authorities:

Four lots will be procured across the London LEP area, one per Borough SubRegional Partnership area as illustrated in the map below

¹⁶ Inclusive London, Greater London Authority, 2017

West London Lot:

Barnet
Brent
Ealing
Hammersmith & Fulham
Harrow
Hillingdon
Hounslow

The successful candidate must cover **all** boroughs within a Lot area.

Key Priorities:

The programme aims to support those furthest from the labour market, targeting economically inactive.

Priority groups for the programme include:

25. Parents/mothers,
26. Carers,
27. Disabled people,
28. Older people 50+,
29. BAME groups, particularly those groups with low labour market participation,
30. Migrants and refugees,
31. Homeless,
32. Ex-offenders,

Reflecting London's demographics, the LEAP want the Managing Agent to target Participants from an ethnic minority.

Activities should be tailored to Participants' needs but may include:

- Outreach and engagement activities
- Motivational activities
- Skills and training support (including referral to externally funded formal skills training)
- Information, Advice and Guidance
- Support to remove barriers to labour market participation or engagement in learning e.g. provision of childcare
- Support to address poor basic digital skills (managing information, communicating, transacting, creating and problem solving),
- Signposting and referral to specialist advice and support services
- Employability support

PART 5: LOCAL SERVICE REQUIREMENTS
NEW ANGLIA – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

New Anglia LEP and our partners recognise that a strong skills base is a prerequisite to a growing and performing economy where local people are at the heart of economic sustainability. The Norfolk and Suffolk Economic Strategy sets out our ambition to develop a locally responsive skills and employment system that transforms skills from being an economic barrier to being a growth enabler. Our people are central to all our ambitions and goals and while some good progress has been made we want to go further and faster in supporting everyone to access opportunities in the local economy and understand the exciting local careers available to them.

We are keen to support new approaches and remove barriers to getting back into work, especially for those furthest from the labour market, and provide support for all into sustained employment. It is imperative that ESF investment assists us to move our ambitions forward.

Information on our key sectors and local opportunities can be found at https://newanglia.co.uk/our_sectors/. New Anglia also commissioned a suite of skills plans for our priority sectors. These have highlighted the key concerns of employers including hard to fill vacancies as well as key recommendations for overcoming skills shortages.

These can be found at <https://newanglia.co.uk/sector-skills-plans/> or by contacting the Skills Manager at the LEP

The skills agenda is directed with support and influence from the New Anglia Skills Board. It is a Sub Board of the main LEP Board with representation from higher and further education, local authorities, training providers, private sector businesses and government departments.

We would expect the Community Grants to support with us to drive forward our Economic Strategy including our aspirations for communities and harder to reach individuals within our New Anglia LEP area. A number of programmes already exist to support social inclusion including the [Norwich](#) and Ipswich Opportunity Areas. In addition, programmes such as [LIFT](#) also support community groups and VCSE organisations to deliver local, place based interventions. The Skills Board and local officers will work with the Managing Agent to align the deliver to activity already taking place locally.

PART 5: LOCAL SERVICE REQUIREMENTS
SOUTH EAST – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

The South East LEP (SELEP) area covers Kent, Essex, East Sussex, Medway, Southend and Thurrock and has a population of 4.2 million set to grow to nearly 5 million by 2039. Growth across a range of sectors is forecast on a significant scale and many of these are already experiencing shortages. This is coupled with significant challenges:

Across the SELEP area there are:

- 178,000 workless households
- 119,500 economically inactive people wanting a job
- 47,860 people on out of work benefits
- Over 2,150 homeless or threatened with homeless households
- 176,000 people with no qualifications
- Growing numbers of people with mental health barriers

SELEP has recently agreed a five year skills strategy to be available at <http://www.southeastlep.com> accompanied by an evidence base and would expect bids to be consistent with the ambition and priority this sets out.

www.southeastlep.com/our-strategy/skills/

As set out in the Skills Strategy, SELEP is committed to building an economy which provides opportunities for all and delivers inclusive growth. Evidence is clear that access to a long-term job is fundamental to many barriers faced by individuals including mental health, homelessness, ex- offenders and people with disabilities.

SELEP believes that small organisations play a crucial role in supporting individuals and in having a local presence and network essential for providing support.

Local Authorities:

Essex
Southend
Thurrock
Kent
Medway
East Sussex

Key Priorities:

The objective of the community grant is to enable locally targeted support for areas of need as consistent with the challenges set out in the SELEP Skills Strategy and to:

- Develop the capacity of the community and to meet local needs.
- Undertake activities that promote social inclusion.

- Build employment and enterprise skills through the voluntary and community sector.
- Provide intensive support to help upskill individuals and move towards and enter work.
- To engage those individuals who are the hardest to reach through innovative approaches.

The Managing Agent will ensure that a representative of the LEP and relevant local skills board are full members of the grant-awarding panel and awarding body to ensure that grants fit with local need and is operating effectively.

The Managing Agent will ensure that the Services are delivered throughout the SELEPs federated areas of Greater Essex, Kent and Medway and East Sussex.

Delivery should involve collaboration with current relevant ESF and local programmes and facilities invested in by the LEP. Examples are available at http://www.southeastlep.com/images/uploads/resources/SELEP_brochure_%28ESF_and_Skills_Capital%29.pdf

Part 6: Funding and Deliverables

SOUTH EAST MIDLANDS – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

South East Midlands Local Enterprise Partnership (SEMLEP) are in the midst of a period of substantial change, politically, economically and in terms of a technological revolution that is rapidly re-shaping the way we live, work and do business. With the recent merger between SEMLEP and Northamptonshire LEP, now is the right time to review success, consider challenges and focus on opportunities. For us to continue to deliver the growth and prosperity we have seen in recent years, our priority is to create conditions for stronger, sustainable and productivity-led growth, with our strengths in innovation at the forefront.

In all our proposed activities, we anticipate cross-cutting benefits of sustainability and the promotion of equality. To ensure the value of ESIF funds is maximised locally, we plan to ensure that our Programme is open and accessible across the private, public, voluntary and community sectors.

The SEMLEP area has followed the UK three-year economic trend of increasing employment with higher economic activity and overall employment than UK and EU27 averages in every category studied. SEMLEP is committed to ensure that economic growth and prosperity are shared throughout the areas and that social and economic exclusion are tackled through ESF investments. Community Grants offer flexible support to small organisations who normally are unable to access ESF funding.

South East Midlands Partnership and Northamptonshire Enterprise Partnership merged in 2017 and serve the whole of South East Midlands including Northamptonshire. However, due to the structure of the Memorandum of Understanding with the ESF Managing Authority, ESF opt in services are procured under the pre-merger geography. There are 13 Local Authorities covering the entire SEMLEP geography, with the population split 60% SEMLEP and 40% Northamptonshire based on pre-merger geography.

Local Authorities:

South East Midlands

Grouped into largely rural areas of

- Aylesbury Vale 9.6%
- Central Bedfordshire 13.9%
- Cherwell 7.4%, and the predominantly urban areas of
- Bedford 8.4%,
- Luton 10.9%
- Milton Keynes 13.3%

Key Priorities:

SEMLEP will focus Community Grant delivery in Index of Multiple Deprivation [IMD] areas. Prioritising provision within these communities where services align and compliment statutory providers such as the Police Crime Commission and the Health and Social Care [NHS] sector.

England's first IMD was issued in 2007 is an opportunity to compare smaller subsections of the local authorities in SEMLEP on a relative basis to other parts of England. The study measures life quality in seven categories and ranks areas across the UK in 1500 person groupings, Lower-layer Super Output Areas [LSOAs] against one another.

While the economy across the UK has improved in the three-year cycle studied, through the IMD, it is possible to understand if areas in SEMLEP are benefiting from this economic cycle as much as other areas on a comparative basis.

Table 7.2.3, below, identifies local authority performance across all seven indices by local authority with highlighting in areas that have more than one-quarter of their LSOAs in the bottom of national ranks. Barriers to housing and services appears to be an issue to some degree in most areas. A tailored approach should be considered for Aylesbury Vale, Daventry, Bedford, Milton Keynes, Northampton, and possibly Cherwell.

Crime and disorder also appears to be a problem in predominantly urban areas. Luton [41.3%], Northampton [35.3%] and Wellingborough [29.8%].

education or training, or gaining a qualification upon leaving.
(*Quantified target)

- Benefits Participants who are Unemployed for 6 months or more or who are Inactive on starting provision. (*Output target)
- benefits Participants who are more distant from the labour market and who may face multiple disadvantages to tackle their multiple, complex and profound barriers to work and to move towards or into employment, or to sustain employment.

Projects funded by Community Grants can deliver a wide range of activities including but not limited to:

- First contact engagement activities, e.g. activities that benefit Participants who are not normally in contact with official organisations for example but not exclusively DWP, FE Colleges, for example by arranging events or training in places that Participants feel comfortable to visit.

PART 5: LOCAL SERVICE REQUIREMENTS
SWINDON AND WILTSHIRE – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP background

Swindon and Wiltshire Local Enterprise Partnership (SWLEP) area has a growing population of 706,300 residents with 69% of the population living in Wiltshire and the remaining 217,900 living in Swindon Borough.

It is a diverse area, with remote rural landscapes interspersed by a dozen market towns with four urban centres; Trowbridge, Salisbury and Chippenham in Wiltshire, and Swindon, which itself has a different socio-economic make-up from most of Wiltshire.

Most of the population in Wiltshire live in urban centres or market towns, though around 25% of population lives in villages of less than 1,000 people. There are some wards with multiple deprivation in Trowbridge and Salisbury.

Unemployment is most concentrated in particular wards in Swindon. Four wards account for a quarter of the unemployment in the Borough – Central; Parks; Gorsehill and Pinehurst. Other priority areas in Swindon are Walcot, Toothill, Moredon, Meadowcroft, and Penhill. However, social exclusion and disadvantage occurs in all places, with some individuals disadvantaged through remoteness and poor access to services and poor visibility by social support services.

Whilst the unemployment rate is low and below national average at 4%, there are significant numbers of inactive people - with over 67,000 in total - and those reporting as long-term sick numbering around 15,000 people. There is a significant number of young adults (broadly 18 - 30 years old) with learning and educational needs who require support towards and into work, or risk becoming long-term unemployed and inactive.

Wiltshire and Swindon have a mixed and diverse economy, with an extensive military presence in southern Wiltshire around Salisbury Plain, at Tidworth, Amesbury and Warminster.

Community Grant aided projects should aim cover the entire LEP area. Projects should be accessible to all eligible individuals wherever they live, however, geographically targetted projects and initiatives may be appropriate in some places.

The Swindon and Wiltshire ESIF Strategy addresses social exclusion in its section on Activity 4.4. This outlines the aims of the programme to tackle the multiple barriers that prevent sustained employment and socially and financially exclude people.

Local partners are keen for a Community Grants Managing Agent, which can work alongside existing structures, including Building Bridges, on projects which provide complementary and additional services. Most importantly, Community Grants should be made to support eligible participants towards and into work, selfemployment, volunteering and learning.

The Managing Agent should be cognisant of, and willing to work with other ESF Services dealing with the NEET group, the [Building Bridges](#) programme and its providers, the [HMPPS](#) programme delivered locally by the Shaw Trust, as well as Local Authority teams, for example [MASH](#) in Wiltshire and [Family Service](#) team in Swindon.

As a proactive local enterprise partnership, a representative will join the steering group.

Local Authorities:

Swindon Borough Council
Wiltshire Council

Key Priorities:

The Managing Agent must manage grants that provide additional value to other work ongoing in the area, and which are complementary to the delivery of those services.

Grants should be for a minimum of £5,000 up to the stated maximum of £20,000

The Managing Agent will need to ensure grants are focused on tackling the following three priorities:

- Priority 1 – Enterprise support service to tackle financial exclusion
- Priority 2 – Establishing routes towards and into work with employers
- Priority 3 – Promoting inclusion through learning and volunteering

The Managing Agent will need to agree with SWLEP its criteria for selecting grant awards.

A senior officer or board member familiar with the purpose of the community grants will represent the SWLEP on the grant award decision-making body.

Part 6: Funding and Deliverables

91. The Managing Agent will be paid based on the achievement of deliverables in accordance with Part 4 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

92. The contract will be for the value of £177,465.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

2018-2021 <https://teesvalley-ca.gov.uk/wp-content/uploads/2018/04/EES-Strategy-BrochureLRez.pdf>

Covering over 3,300 square miles and located on the North East coast, the Tees Valley Local Enterprise Partnership (LEP) area comprises five Local Authority Areas - Darlington, Hartlepool, Middlesbrough, Redcar & Cleveland and Stockton-on-Tees.

The Tees Valley has a total population of 672,500 and offers over 303,500 jobs across some 16,500 businesses and through self-employment.

Tees Valley has a world-class reputation across its key sectors - Advanced Manufacturing; Process, Chemicals and Energy; Logistics; Health and Biologics; Digital and Creative; Culture and Leisure; and Business and Professional Services. It also has an established infrastructure and supply chain in the offshore, advanced manufacturing and engineering, chemicals and process and logistics sectors and key emerging sectors include life sciences, digital, energy and renewable, construction and business services.

All of these sectors are key to the economic development of the area and are all seeing growth and significant investment. With this investment, and that in infrastructure and facilities, we are creating sectors that are full of potential for future investors.

High volume replacement is expected in, but not exclusive to, Public administration, defence and education; IT, media and other service industries; Production industries; Professional and business services and Healthcare with 46% of high volume replacement jobs being across a range of levels, including entry level jobs offered as part-time opportunities and apprenticeships. However, there are skill shortages across most of our key sectors, and many employers cite a lack of access to skilled workers as their greatest barrier to growth.

The Tees Valley ESIF Strategy (April 2016) provides synergy between our European aims, our agreed City Deal, Devolution Deal and Growth Deal – and the funds we have at our disposal through the Tees Valley Investment Fund, Local Growth Fund and local partners' investment.

Local Authorities:

Darlington

Hartlepool

Middlesbrough

Redcar & Cleveland

Stockton-on-Tees

Key Priorities:

The Service will be delivered in all Local Authority areas in the Tees Valley LEP area and the area is a Transitional area.

The Service must engage and work with local partners and stakeholders, including but not exclusively, the Tees Valley Education, Employment & Skills Partnership Board. The Service must demonstrate complementarity to and not duplicate existing provision in Tees Valley and ensure that projects supported by a Grant do not negatively impact the Participant accessing support.

There are 1,300 third sector organisations within Tees Valley that would benefit from targeted and relatively small grants to further their delivery and enable them to build capacity.

This activity would build upon the work of previous and existing small grants programmes to further enhance the community and voluntary sector within Tees Valley.

The Service will need to establish strong working links with Community and Voluntary Sector organisations in Tees Valley, Local Authorities, Jobcentre Plus, National Careers Service, public and private sector employers and relevant local economic partners.

The Service must provide a rolling programme for Grant applications and make available the opportunity should the Tees Valley LEP wish to nominate a representative to sit on the Grant Awarding Panel.

The Service would also expect to improve community capacity building, and partnership working.

Part 6: Funding and Deliverables

93. The Managing Agent will be paid based on the achievement of deliverables in accordance with Part 4 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

94. The contract will be for the value of £2,970,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 5: LOCAL SERVICE REQUIREMENTS
THAMES VALLEY BERKSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

Thames Valley Berkshire LEP recognises that there are communities in Berkshire that have exceptional needs. The English Indices of Deprivation (IMD) measure relative deprivation in small areas in England called lower-layer super output areas (LSOAs). Overall, the IMD 2015 ranks Thames Valley Berkshire as the 5th least deprived of the 38 LEP areas. However, this masks pockets of deprivation within the sub-region. Slough is the most deprived local authority area within Berkshire (79th out of 326 local authorities). It is identified as being particularly deprived in relation to crime (ranked 14th), income deprivation facing older people (ranked 27th) and access to housing and services (ranked 30th). Reading is also more deprived than average (ranked 143rd). At the other end of the spectrum, Wokingham is ranked the 2nd least deprived local authority of all LEP areas.

Berkshire has 16 LSOAs that are amongst the 20% most deprived local areas in the country, the majority of which are in Reading and Slough.

Localised solutions need to be implemented to address worklessness and exclusion for the residents within these neighbourhoods.

Across Thames Valley Berkshire there are approximately 26,500 workless households equating to 10% of the total. 5% of households with dependent children are workless households (11,300 in total). Source: Annual Population Survey 2016

There is a need for positive interventions to ensure all those furthest from the labour market can access the employment opportunities being created in the local economy.

It is recognised that in addition to neighbourhood-based approaches to tackle specific areas of entrenched worklessness, there is a need to support people in particular communities of interest (rather than geographically focused), who share common barriers to economic and social inclusion. We recognise that the needs of individuals within such communities can be diverse; that people may face multiple forms of disadvantage; and the role that community-of-interest and self-help-based projects run by communities of interest can play in promoting social inclusion.

The detail of the plan will be discussed in more detail at the tripartite meeting and agreed with the ESFA and the, Education and Employment Strategy Group before delivery commences.

Convene a Grant Awards panel where the membership must include the LEP and/or relevant Local Authority representative.

The Managing Agent will take part in the local Steering Group as directed by the LEP.

PART 5: LOCAL SERVICE REQUIREMENTS
THE MARCHES – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

The Marches LEP is made up of Herefordshire, Shropshire and Telford & Wrekin local authority areas. It is one of the largest LEPs in the country covering 2,300 square miles with a resident population of 677,700 (ONS, 2016) and home to 30,775 businesses characterised by micro businesses (89.7%) and SMEs (8.6%). The Marches vision is to create 70,000 new homes and 40,000 new jobs over the next twenty years accelerating growth and providing opportunities for all who live and work there. Priority growth sectors have been identified as advanced manufacturing and engineering, food and drink, defence and security including cyber security, environmental technologies and health and social care.

The Marches [ESIF Strategy](#) sets out local priorities for employment and skills and social inclusion. The [Marches Skills Plan](#) sets out the key skills challenges for the LEP area.

Although the Marches performs well on indicators such as economic activity, employment and unemployment there are pockets of unemployment and benefit dependency in both urban and rural areas with engrained issues of worklessness, low qualification attainment and low-income levels.

Local authority and LEP labour market statistics can be found on [NOMIS](#). For more information about Herefordshire go to: <https://factsandfigures.herefordshire.gov.uk/>

Overall employment in the Marches is projected to grow across most sectors while in contrast the working age population set to decline by 7% by 2033.

The Marches has a strong and well networked voluntary and community sector with 4,109 registered voluntary organisations and an estimated 2,418 community organisations making a significant contribution to economic growth.

The evidence base underpinning ESIF priorities for social inclusion can be found in [Social Exclusion in the Marches LEP](#). Key findings include an increase in the number of people facing multiple barriers to work and many groups reporting a desire to work but a lack of appropriate support services and opportunities to meet their needs.

We would expect the Managing Agent to work with partners in the area including, education and training providers including members of the Marches Skills Provider Network, community and voluntary sector organisations including those delivering the Building Better Opportunities programme led by Landau and the Talent Match project in Herefordshire and Telford and Wrekin delivered by HVOSS.

Local Authorities:

Herefordshire

Key Priorities:

The marches would like a minimum Grant of £5,000 and the maximum £20,000.

The Managing Agent must ensure the Grant Awards panel membership includes the LEP and/or relevant Local Authority representative. The Managing Agent will be required to take part in the local Steering Group as directed by the Marches LEP.

Grant recipients will be expected to meet the strategic objectives set out in the [Marches ESIF Strategy](#) and the [Marches Skills Plan](#).

Part 6: Funding and Deliverables

97. The Managing Agent will be paid based on the achievement of deliverables in accordance with Part 4 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

98. The contract will be for the value of £688,886.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

WORCESTERSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

Worcestershire Local Enterprise Partnership's vision is to build a connected, creative and dynamic economy that delivers increased prosperity for all those who choose to live, work and invest in Worcestershire.

Specifically, by 2025, to have added 25,000 jobs and increased Gross Value Added (GVA) by £2.9bn.

Worcestershire LEP is working towards three strategic objectives:

1. Create a World Class business location
2. Promote individuals with World Class skills
3. Develop World Class competitive and innovative businesses

The Service being procured will be aligned with the Worcestershire Strategic Economic Plan, European Structural and Investment Funds Strategy and Worcestershire Employment and Skills Strategy

(<https://www.wlep.co.uk/resources/document-library>) and will be delivered to fulfil the second Worcestershire LEP Strategic Objective above which aims to realise people's potential and meet the skills needs of local businesses.

Worcestershire LEP, through the Worcestershire Employment & Skills Board, has identified a number of priorities in relation to employment and skills in the county:

- Skills and workforce planning: In particular, increasing the number of Apprenticeships (especially at levels 3 and 4), developing graduate level opportunities and increasing private sector skills investment.
- Strengthening the relationship between education and business: With Worcestershire Employment & Skills Board, we have developed an initiative for Worcestershire's high schools to work more closely with businesses, particularly in relation to work experience opportunities. See the new web portal for more information.
- Increasing employability: We are committed to improving the employment prospects of young people and a number of initiatives have been identified through the Employment and Skills Board.

Worcestershire LEP will work with partners to help deliver the vision set out in the SEP and ensure co-ordinated delivery of consistent, high quality programmes to all targeted client groups across Worcestershire.

Integral to this vision, is the fundamental requirement that ESF investment delivered via two Co-Financing Organisations (ESFA and BLF) provides a coherent customer-oriented support programme and delivers social and economic inclusion as a whole.

PART 5: LOCAL SERVICE REQUIREMENTS
YORK, NORTH YORKSHIRE AND EAST RIDING MORE DEVELOPED AND TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP background

The York, North Yorkshire and East Riding (YNYER) LEP's ESIF [Strategy and Strategic Economic Plan and Strategic Economic Update](#) set out the priorities for economic growth in the area.

Its skills priority 'Inspired People' sets out a range of objectives and activities to ensure that growing businesses have a productive workforce, young people make the right education and job choices and unemployed people get the best chances to connect to sustainable jobs. One of the key goals for the YNYER LEP Strategic Economic Plan is 'Empowered Communities delivering support and inclusion'.

The YNYER LEP is large and diverse. It includes urban centres, a long coastal strip and vast rural hinterland. Whilst York and North has a generally healthy socio-economic profile with low unemployment and higher than average skills attainment, there are pockets of deprivation which are evident in urban areas such as York and Harrogate and the coastal strip including Scarborough and Whitby. These areas have lower levels of attainment in skills, higher levels of unemployment and score highly on indices of deprivation.

The rurality of the YNYER LEP geography means many communities are isolated. Access to provision that facilitates progression to employment can be very challenging, especially for the most disadvantaged or excluded individuals. As a result there is a need for flexible, community-led provision that is able to respond to the varying needs of the people from within the community.

Small third sector organisations are likely to be well placed in the communities most at need and able to reach excluded individuals facing barriers which hinder their access to mainstream provision and facilitate their progress towards employment. A programme which makes ESF funding available in the form of small grants to appropriate third sector and other small organisations which would otherwise be unable to access ESF, will focus support on community-led activities which support these 'hardest to reach' individuals.

WEIGHTING FOR QUESTION 1: x4 Maximum characters 5000

- County Durham Community Foundation (CDCF) would be managing agent for ESF 1.4 Community Grants Programme (Programme) in County Durham (County). CDCF has extensive experience as the County's largest community grant funder, awarding £5.5m in grants in 2017/18. It has strong links with a wide range of third & public sector organisations through delivery of strategic grant programmes in the County and as contributor to the County's economic forums.
- Programme Setup: In line with CDCF's operating procedures, an online process will be set up on the CMS system (Salesforce) to track all Programme applications, grants awarded, payments made & monitoring. Programme-specific requirements e.g. historical ESF funding and

applicant's ability to administer individual learning records & agreements (Records) will also be captured on the CMS. CDCF's CMS system has been used effectively to manage programmes for Durham County Council

(DCC), Big Lottery, OCS and DWP.

- Promotion: CDCF will promote the Programme through a series of calls (rounds), with £5k-£20k grants available. We expect 5 rounds every 3-4 months from 1 April 2019, with accessible, online applications accepted at anytime during a round.
- CDCF will promote the Programme via its newsletter, social media & website, platforms that reach over 1000 third sector County groups. The Programme will also be promoted via groups engaged in employment, skills, community development, equality & diversity projects e.g. Thirteen, Action Area Partnerships (AAPs), Better Together, DCA, Durham Voice, Business Durham and VONNE, Black Ethnic Minority Organisations Network, Equality North East, North East Women's Network and Diverse Women's network, all known to CDCF.
- To ensure the Programme attracts grant applicants, who support priority groups, but who might not consider their activity focus to be eligible, guidance will be offered by CDCF remotely (online & phone) and via County-wide funding surgeries (with targeted invites). CDCF will also liaise with County support agencies to ensure good awareness of and support for the Programme, particularly if there is low up-take from some areas or communities, or if specific barriers or capacity building needs emerge.
- CDCF's experience of delivering strategic grants such as DurhamWorks (addressing barriers to employment), Enriching Later Life (over 50s NEET & socially isolated), Building Stronger Britain Together (BME), and Skills & Opportunities (people with disabilities) and working closely with delivery partners on County-wide ROAD and BBO programmes, will ensure this Programme complements historical & existing programmes and avoids duplication.
- Grant Application/Assessment: An experienced CDCF Donor Service Manager (DSM) will be responsible for operational aspects of the Programme i.e. assessing applications & undertaking due diligence.

- CDCF has a robust 3 stage assessment process on receipt of applications: (i) DSM desk-based due diligence to verify Programme eligibility and compliance; (ii) DSM assessment to verify scope, impact of project and applicant capabilities; and (iii) Grants Approval Panel (Panel), comprised of third party, independent members to make the final decision.
- The Panel has Terms of References detailing purpose, extent & limitations of its powers, member appointment criteria, role of Chairman, conduct of meetings, discipline & grievance procedures. To ensure fair, transparent high quality and consistent decision making, the Panel is provided with CDCF's grant assessment manual, together with specific criteria for the Programme.

- Monitoring: Successful applicants (Recipients) will be required to attend advice & training sessions to ensure compliance with the administration and monitoring of their project, and ensure all Records are up to date and projects are on track. CDCF will develop a bespoke monitoring/impact form that will be circulated to Recipients in a timely manner to ensure every Recipient is aware of their Programme compliance responsibilities as soon as being offered a grant.
- A DSM will also lead on supporting Recipients to manage and deliver on their ESF grant including, where needed, supporting with engagement, social inclusion, enterprise and progress into further learning or employment.
- CDCF will prepare interim Programme reports for NELEP and use volunteer resource to deliver a final, independent evaluation (questionnaires and face-to-face interviews with Recipients & Participants) of the Programme.
- Payment Process: If required by the funder 100% of grant award will be paid to Recipient on submission of signed ToA, however we would wish to discuss with the funder a staged payment profile eg 80% at commencement, remaining 20% on receipt of full reporting. From previous experience this model works well to minimise managing agent's risk whilst encouraging groups to engage fully.
- CDCF has sufficient unrestricted funds to cashflow this Programme (balance sheet available).

2. Contract Management

How will you ensure that Community Grants are used in line with the requirements set out in the specification and in accordance with the applications made?

Your response to the above question will need to address the points below as a minimum:

- Describe how you will monitor and report on the making of grant applications and awards to Recipient Organisations in accordance with the Specification.
- Describe how you will monitor financial spend including internal audit arrangements to prevent mis-use or loss of public funds

WEIGHTING FOR QUESTION 2: x1 Maximum characters 3000

- In the promotion phase of the Programme, clear guidelines detailing the level of Programme reporting necessary will be provided to applicants. CDCF does this to ensure applicants are fully aware of any monitoring objectives they are committing on a grant as soon as possible.
- Following confirmation of a grant award, each Recipient will receive a copy of CDCF's Terms of Acceptance (ToA) that outlines the Recipient's responsibilities in accepting a Programme grant and provides all

necessary Programme monitoring data. CDCF will use prior ESF experience to optimise design of the ToA to ensure it captures all Programme essential information from Recipients and Participants.

- On signing a ToA, each Recipient must also agree to attend a mandatory workshop. This workshop will include training in specific Programme monitoring requirements e.g. ESF returns, record keeping (ILR, timesheets, progressions etc), compulsory deadlines and shared learning on how to monitor & evaluate an ESF project.
- Additional support in training for record keeping and monitoring, should it be required, would be available from DCC who has committed their support to CDCF for this Programme.
- Based on experience, CDCF will build-in quarterly returns to the reporting schedule for Recipients. Each quarterly return will feed into the CDCF CMS where Programme outputs will be monitored against all necessary Programme indicators. CDCF will also provide Recipients access to a DSM for support (face to face meetings and telephone) to ensure a project remains on track.
- CDCF will use its CSM to derive Programme insights about the number of applications, geographic cover, numbers of Recipients and Participants, thematic and demographic data. This will help CDCF monitor the impact of the Programme across the County in a timely manner and ensure promotion of the Programme can be adjusted to target any shortfalls between funding rounds. It will also allow DSMs to provide the Panel with real time Recipient intelligence to inform grant making decisions.
- CDCF's ESF programme experience provides us with a good understanding of Programme requirements. Financial spend evidence will be subject to initial verification by CDCF's DSM, then sign off by Head of Donor Services. Finally, CDCF's COO will conduct sample checking of financial and data returns. Payments to Recipients will then be authorised by the Head of Grants, & the COO before being countersigned by CDCF Trustee. Payment authorisation is then passed to the Financial Controller to post through BACS. Payments will only be to Recipient bank accounts where a recent bank statement showing the Recipient's name has been provided.
- CDCF's position at the heart of the County supporting local third sector groups, means we are alert to or quickly made aware of difficulties Recipients might be facing in delivering their project. CDCF will intervene promptly if we have concerns that a Recipient is struggling to manage its Programme grant appropriately.

3. Quality Assurance

How will you ensure the quality of provision?

Your response to the above question will need to address the points below as a

minimum:

- How will you ensure the activities offered through Community Grants have been designed to ensure they will lead to engagement of the Participants within the Priority Groups.
- Describe your quality assurance arrangements and how you will monitor programme activity of Recipient Organisations that have been awarded a grant
- Describe how you will undertake the management of records/data across any subcontractors or other organisations involved in your delivery model in order to meet ESF reporting requirements

WEIGHTING FOR QUESTION 3: x1 Maximum characters 3000

- In 2017, CDCF achieved the UK Community Foundations (national body that represents the interests of all Community Foundations in the UK) Quality Accreditation standard. This rigorous quality process is based on a series of recommendations made by the Charity Commission and covers areas such as grant making, governance and financial management. CDCF was also independently evaluated for its successful delivery of earlier ESF programmes in the County.
- CDCF proposes to adopt its proven, validated approach to delivering grant programmes in the County, but optimised to ensure Priority Groups are successfully engaged for this Programme. The process includes:
 - Direct, (through existing CDCF platforms), and partnership-based promotion of the Programme to raise awareness of the Programme in a fair & transparent manner that is accessible to as many organisations engaged with Priority Groups in the County as possible;
 - Simple, bespoke online application process that drives applicant projects to be focussed on benefitting Participants in Priority Groups;
 - Robust assessment of applications through a combined in-house and independent Panel process;
 - Obligatory contract workshops for Recipients to optimise project delivery in line with Programme objectives and ensure compliance with IRL, RARPA; and
 - Regular CDCF DSM contact with Recipients, ideally face-to face. This is vital for successful Programme delivery but it also assists on going learning by CDCF to continuously develop management of the Programme to optimise outcomes.
- If a Recipient is struggling to deliver against the Programme objectives, CDCF staff are skilled at interventions to support them. CDCF can also call upon partners such as DCC, NHS commissioning managers, Public

Health Specialists, AAPs and Learning Providers to introduce additional support for Recipients.

- CDCF's CSM (Salesforce) will capture required Programme data, including financial, location, Recipient and Participant data to allow CDCF to meet ESF reporting requirements, including de-minimis reporting requirements. The CSM has an integrated reporting module that produces flexible, tailored reports. Report data is easily extractable into excel or visual formats to fit any reporting requirements needed by stakeholders during the Programme. Data capture and reporting will be managed within our GDPR policies and protocols.
- CSM intelligence will also be used pro-actively by CDCF throughout the Programme to identify and then target localities or Priority Groups that are under-represented at any given time in applications received or grants awarded.
- CDCF's Audit Committee (made up of trustees and independents) is responsible for taking a strategic view of CDCF's activities and associated quality and risk. This body will receive quarterly reports from CDCF management about the compliance with the Programme and any difficulties, if any, that are arising.
- It is our intention to manage and deliver this Programme without recourse to subcontractors.

4. Resourcing

How you will ensure that the Community Grants Programme is adequately managed and resourced?

Your response to the above question will need to address the points below as a minimum:

- How you will ensure you provide adequate resource to the Community Grants Programme to deliver the Services set out in the specification. If you are applying to deliver in more than one area how are you going to ensure that you can resource the service.
- Detail the steps you will take to ensure delivery can commence on 1 April 2019 without impinging on any other service delivery you may be committed to or commit to in future whether in connection with the ESF Transition Programme or otherwise. This should include any recruitment plans you have if you are successful and when this recruitment activity would take place and how it will be paid for.
- Describe the management arrangements you will put in place to manage delivery of the Services identifying roles and responsibilities and (where applicable) other resource from outside the organisation that may be involved

- ☐ Describe how you will manage conflicts of interest in connection with the award of Community Grants. Your answer should describe o how you will ensure that no person involved in a decision to award a Community Grant shall have an interest in the Recipient Organisation; o describe the checks you will perform on persons involved in making such decisions; and o how you will manage declarations of interest.

WEIGHTING FOR QUESTION 4: x2 Maximum characters 4500

- CDCF has a team of 10 full time equivalents that are experienced in delivering a wide range of concurrent grant programmes that benefit diverse third sector groups across the County and wider NE region. In 2017-18 financial year CDCF awarded £5.5m in grants, notably completing the awarding of final grants for the £1.5m DurhamWorks programme. In 2019/2020 CDCF anticipate its grant making to be sub-£5m. As such, CDCF has enough capacity within in its organisation to ensure the Services commence promptly 1 April 2019. Our office location is based in the centre of the County, providing easy access for staff to visit recipients.
- Given the scale of the programme and CDCF's business cost models the delivery budget is solely based on staff time, we are choosing not to charge overheads into the budget for this programme. This will streamline our fee claiming process.
- CDCF can easily "recruit" additional capacity to support the promotion and delivery of the Programmes as needed, including support Recipients to comply with the rigours of an ESF programme. This capacity will be sourced from existing resource through additional hours for our part time donor services managers (DSMs). This is a successful model of scaling up resource used by CDCF previously to ensure successful delivery of other grant programmes.
- CDCF will continuously review additional resourcing needs and recruit additional personnel to support the Programme if required. The cost of any additional resource, new or from existing staff, will be met by CDCF from the management cost (Programme Fee).
- For the avoidance of doubt, CDCF can commence the Programme on 1 April 2019 based on current resource capacity.
- To manage delivery of the Services, CDCF will implement a proven management structure from resource already in place to ensure effective sourcing, awarding and monitoring of grants. Key staff in the delivery of the Services will be (i) Head of Donor Services, who will ensure promotion of the Programme and operational delivery of the Service including management of back office and IT processes to capture outcomes through CDCF's CSM (Salesforce); and (ii) DSM team that will

act as the interface with applicant groups to assist on applications, undertake due diligence including eligibility checks, assess and score applications and make recommendations. One DSM will be appointed the Programme lead and they will liaise with CDCF's Panel of independent external validators to ensure rigorous, transparent and fair management of all applications. These key staff will be supported by existing Marketing & Administration resource.

- CDCF's Chief Operating Officer (COO) will have strategic oversight of the Programme, including responsibility for risk & compliance and cash flow management. The COO is experienced in running time sensitive, large grant programmes and successfully delivered DurhamWorks (£1.5million grant making YEI ESF/DWP 2016-2018). The COO will be supported by CDCF's Financial Controller who is responsible for profiling, payments and accounting of ESF as a ringfenced project. The Financial Controller has experience of ESF and DWP programmes and has access to 2 full time staff for additional support.
- CDCF's CEO, its Trustees and relevant Board sub-committees will be responsible for ensuring overall Service delivery and maintaining good governance, including managing conflicts of interest.
- CDCF's core business, as a local grant maker based in the heart of the community it seeks to serve, means that conflicts of interest have the potential to occur. CDCF has stringent policies in place that all staff, assessors and trustees must declare any actual or potential conflict. Conflicts are reviewed on an annual basis, although personnel are encouraged to voluntarily declare a potential conflict at any time.
- CDCF's CSM is used to capture any declared conflict of interest such that it will be highlighted to all system users of any relevant grant application. CDCF's Panel chairs are also trained in how to handle potential and actual conflicts. Anyone declaring a conflict of interest must remove themselves from key elements of decision making and discussion on any grant related to that conflict.
- CDCF's grant making system also holds information on historical declared conflicts. Staff are encouraged to identify potential conflicts that other staff might have and not realised. Our operating environment is one that encourages transparency and challenge in this critical area.
