Poly Sump

Design Risks & Hazards: Please inspect the site and study all drawings before any work is carried out. There are services around and pipes in the ground. Any work on an existing property should have an asbestos survey. The site is located within a park with many visitors.

This drawing is copyright to the author and any use of the information requires written permission. It is not to be used for construction purposes. The drawing and all dimensions are to be checked on site and any discrepancy, error or omission is to be reported to the architect. The drawing shall be void in the event of any discrepancy between the drawing and the site conditions.
