1.	General Information
1.1	Please note that, unless otherwise indicated, references to the "Authority" or to "DWP" throughout these documents mean the Secretary of State for Work and Pensions acting as part of the Crown through his/her representatives in the Department for Work and Pensions. References to "Potential Supplier" mean any person or organisation responding or, where the context requires, potentially responding to this Invitation to Tender (ITT).
1.2	These instructions, together with the specification and all other information and documents to which they refer, are designed to ensure that all tenders are given equal and fair consideration. It is important, therefore, that you provide all the information required in the format and order specified.
1.3	Please read these instructions carefully, because non-compliance may result in disqualification of your tender. You must ensure you have read the full invitation to tender package including the specification and terms and conditions.

2. Administration of the Procurement Process

- 2.1 The Authority is administering the procurement process electronically via the [DWP eProcurement Solution \(ePS\) Portal](#). No hard copy documents will be issued during the competition and all communications with the Authority (including final submission of tenders) will be conducted via the DWP eProcurement Portal.
- 2.2 To ensure all communications relating to this procurement are received the Potential Supplier must ensure that the point of contact it nominates in the DWP eProcurement Solution portal is up to date. The portal is accessible 24 hours a day, 7 days a week, and 365 days a year unless notified otherwise by the DWP eProcurement Solution portal.
- 2.3 Support available to help you to understand and use the system includes:
- Freephone helpdesk (0800 368 4850), available Mon-Fri 8am to 6pm (UK time in English language only)
 - Helpdesk via email: help@bravosolution.co.uk
 - Help guides.
- 2.4 Potential Suppliers must ensure that their DWP eProcurement Solution registration directly relates to the part of the supplier organisation that submits the tender (some larger suppliers may have several subsidiaries so registration needs to apply to that part of organisation responsible for this particular requirement).
- 2.5 Where a consortium/Special Purpose Vehicle (SPV) is formed to submit a tender, the lead supplier is responsible for coordinating all the required information. See [specific guidance](#) and read the questions carefully.
- 2.6 Should you have any queries with accessing the portal, please contact DWP eProcurement Solution's dedicated supplier helpdesk by calling 0800 368 4850 or by emailing: help@bravosolution.co.uk.

Inputting Information

- 2.7 Use the online 'Help for Suppliers' function. The content is designed to explain the ePS Portal in business terms, allowing you to quickly understand the features and benefits of the software. Help for Suppliers content is presented by software module, and divided into process activities such as PQQs, ITTs and Auctions - just like the software itself.
- 2.8 Save progress regularly. For security reasons access to the portal will 'time out' if inactive (i.e. if you do not click 'save') for ~15 minutes. Failure to save regularly risks losing your work - this is part of strict government requirements to maintain security and tender integrity and cannot be changed. Note that typing does not mean you are active on the portal.
- 2.9 Please ensure that 'pop ups' are not blocked on your browser. Should you be inactive for ~15 minutes, the portal will notify you through a 'pop up'. It is vital that that you are able to see this in order to click the

Instructions to Potential Suppliers (V25 – June 2015)

'Refresh' link in this 'pop up' so you are not disconnected from the portal and lose any unsaved information.

- 2.10 Do not leave your response until the last minutes/hours before the deadline. If you experience connection problems you may miss the deadline. Late tenders cannot be accepted. Always upload generic information early to avoid last minute time pressure.
- 2.11 Please submit your response when completed. Failure to do this will result in your bid not being visible to the buyer. The 'submit response' button is at the top centre of the screen.
- 2.12 If the Buyer makes any changes to the settings and questions area of a live/running tender, Potential Suppliers must re-publish their response - this is to ensure that changes are brought to your attention - you may receive a message prompt from the Buyer - generally this will not mean re-entering information.
- 2.13 Whilst the portal allows for large individual attachment sizes (max 50mb at a time), we recommend that you keep attachments to a manageable size to ensure ease & speed of access. Only attach documents that the Buyer has requested and make sure that you attach them in the correct area.
- 2.14 If you have any software queries refer to 'Help for Suppliers' in the first instance, if you still have an issue email or telephone the BravoSolution helpdesk with a tender reference, a clear description of the problem and your contact details (ensure that you leave plenty of time for issues to be resolved prior to any deadlines).
- 2.15 Do not use the 'Back' or 'Forward' buttons on your browser, you could potentially lose your work. Please use the links on the eTendering portal to navigate through the tenders.
- 2.16 To understand icons, use your mouse to 'hover' over the icon and view the 'ToolTip'. Please note that text responses are deliberately capped at 2000 characters (~350 words). If the Authority requires a longer response they will add an additional text box or an 'Attachment' question. Also note that Numeric fields will not accept text, spaces, symbols etc. Note the red asterisk indicates a mandatory field - this must be completed in order to submit your response to the buyer.
- 2.17 If you are delegating your response please ensure that your colleagues are aware of this information and are IT literate.
- 2.18 Please treat your eTendering portal logins securely - if you believe that you have lost your password - please log onto the website and click onto "Forgotten your password?" and follow the instructions.

- 2.19 The Qualification Envelope (supplier selection and exclusion questions) holds information provided when the Potential Supplier registered on the DWP eProcurement Solution. The answers provided in that profile will automatically be used to pre-populate some parts of the qualification envelope. Potential Suppliers may update these answers and the new information will be saved against the organisation profile.
- 2.20 Please allow sufficient time to submit the response. We recommend allowing time for a final check to be undertaken prior to the submission deadline. It will not be possible to upload any further information after the submission deadline. IT problems within Potential Suppliers' systems will not be considered reasonable grounds for late submission.
- 2.21 Where a question requires the upload of a document then that document must be completed in the format specified within the question. Files submitted in any other format will not be accepted. All acronyms and abbreviations, if used, must be fully explained.
- 2.22 Within the DWP eProcurement Portal Potential Suppliers are able to submit, modify and resubmit responses at any time prior to the submission deadline. Responses cannot be modified by Potential Suppliers after the submission deadline. Potential Suppliers must ensure they have only submitted a single response through the DWP eProcurement Portal.

3. Tender Submission Process

Background

- 3.1 The DWP eProcurement Portal relies on the completion of 3 envelopes which will contain all of the information the Authority requires to enable full evaluation to take place. All information should be uploaded as per instructions into the relevant envelopes on the DWP eProcurement Portal.
- Qualification Envelope – Is used for gathering information to qualify Potential Suppliers for further evaluation
 - Technical Envelope – Is used for gathering information to allow for full evaluation of the technical side of the proposal
 - Commercial Envelope – Is used to gather the Pricing Proposal

Tender Completion

- 3.2 The information or text contained within the ITT (including its Annexes) and your response, any variation of them and any formal interchange of correspondence or information will be incorporated into any subsequent contract/framework agreement that the Authority may enter into as a result of this ITT.
- 3.3 Responses must not exceed the pre-set margins and space allocation. In some cases the Authority may put a word limit on your response to some or all questions. These limits are provided in the Invitation to Tender

document and any response in excess of these allocations will be disregarded and will not be taken into account.

- 3.4 Therefore, bullets, tables, graphs and charts in support of your responses are all permitted. Responses must be presented using Arial font size 12 (English Language and black typeface) this includes instances where information may be tabulated as part of the response. The only exception permitted is for illustrative screen shots, graphs and charts, which should be presented within the allocated page limit for the question they are relevant to and must not be embedded separately as this information will be disregarded.
- 3.5 **Please ensure that all answers are self-contained, with no cross-referencing.** Only information entered into the appropriate answer boxes or in additional documents supplied as requested will be taken into consideration for the purposes of evaluating the tender.
- 3.6 Tenders should be completed using standard software e.g. Microsoft Word, Excel or PDF. **Files submitted in Microsoft Project format will not be accepted.** Please do not password protect any file that you upload.
- 3.7 All acronyms and abbreviations, if used, must be fully explained.

Procurement Timetable

- 3.8 Set out below is the proposed procurement timetable. This is intended as a **guide** and, whilst the Authority does not intend to depart significantly from it, there may be occasions, especially around obtaining Ministerial Approval, where the timetable will be subject to minor change.

Activity	Date
Publication of the OJEU Contract Notice (Day 1 of 120 day timeline)	6 th May 2016
Publication of the ITT to all Potential Suppliers	6 th May 2016
Q&A - Set up and run an online/electronic Q&A facility	7 th May 2016
Final date for Q&A from Potential Suppliers	10 th June 2016
Deadline for return of tenders	10 a.m. 17 th June 2016
Evaluate tenders	From 22 nd June 2016
Procurement and Commercial Board/Independent Approval	w/c 1 st August 2016
Intention to Award notification issued to successful and unsuccessful tenderers	w/c 12 th September 2016
Standstill period and feedback to both successful and unsuccessful tenderer's	w/c 19 th September 2016
Sign contract	w/c 17 th October August 2016
Service Start Date	w/c 19 th December 2016

- 3.9 Not used.
- 3.10 Labels are part of DWP eTendering and eEvaluation requirements and must not be altered. In addition, the other tender document file names must not be altered under any circumstances.

Deadline for Submission of Tenders

- 3.11 All tenders must be received by the Authority by the tender submission deadline which is shown in the procurement timetable.
- 3.12 To ensure that all Potential Suppliers are treated fairly tenders received after the tender submission deadline will usually be rejected by the Authority. The decision whether to reject a tender received after the tender submission deadline is made entirely at the Authority's discretion.
- 3.13 A Potential Supplier may withdraw from this procurement by choosing not to submit a tender by the tender submission deadline. It would be useful to the department if you can advise us in advance that you will not be submitting a proposal and if possible the reasons behind your decision.

Additional Materials, Documents and Attachments

- 3.14 No additional documentation should be submitted with a tender unless specifically requested by the Authority
- 3.15 Information that forms part of general company literature or promotional brochures will not form part of the evaluation process and should not be submitted.
- 3.16 The tender should not contain any inserted, pasted or embedded pictures or documents (image files, Adobe Acrobat documents or other Word documents) unless specifically requested by the Authority
- 3.17 Any additional documents requested by the Authority must be clearly referenced within the body of the tender using a unique, un-ambiguous and relevant file name. They must be saved using MS Word (in Web Page, filtered format only), MS Excel, MS Power Point, Adobe Acrobat or jpeg formats. No other file formats should be used.

4. Conditions Applying to this Tender

Open Procedure

- 4.1 The Authority is managing this procurement in accordance with its general obligations under the EU Law and specifically in accordance with the Regulations 74-76 of the Public Contract Regulations 2015 (Light Touch Regime). We will use a single stage, quasi-open procedure that is similar to the Open Procedure described in Regulation 27.
- 4.2 It is the Authority's intention that this procurement exercise will comply with the overriding EU Procurement Directive principles for open and transparent competition to ensure value for money.

Authority's Terms and Conditions

- 4.3 Potential Suppliers are not permitted to submit their own terms and conditions. Material amendments to the Authority's terms and conditions will not be considered.

Costs and Expenses

- 4.4 Potential Suppliers are not entitled to claim from the Authority any costs or expenses which may be incurred in preparing and/or submitting a tender.
- 4.5 This applies whether or not the supplier or any other organisation is successful and also applies to any additional cost a Potential Supplier may incur if the Authority modifies or amends its requirements or if the Authority cancels this procurement for whatever reason.

Confidentiality

- 4.6 All information supplied by the Authority to Potential Suppliers must be treated in confidence (unless already in the public domain) and must not be disclosed to third parties other than as is necessary for the purposes of preparing a response and for obtaining sureties or quotations for the purpose of submitting this tender. All information supplied by you to the Authority will similarly be treated in confidence except:
- I. For the disclosure of such information with regard to the outcome of the procurement process as may be required to be published in the Official Journal of the European Union in accordance with EU Directives or elsewhere in accordance with the requirements of UK government policy on the disclosure of information relating to government contracts
 - II. That as part of the debriefing process we will inform any eliminated tenderer, who has made an admissible tender, of the characteristics and relative advantages of the successful tender(s), as well as, where appropriate, the qualitative evaluation score(s) achieved by and name(s) of the successful tenderer(s)
 - III. In pursuance of the Authority's statutory obligations under the [Freedom of Information Act](#) 2000 or the Environmental Information Regulations or the UK Government's requirements on transparency. Even where it is indicated that information supplied is commercially sensitive the Authority may be required to disclose it. Material marked 'confidential' or similar does not mean the Authority accepts any duty of confidence
 - IV. References may be sought from banks, existing or past clients, or other referees submitted by the tenderer. The Authority confirms that it will keep confidential any information obtained from referees other than to Crown Commercial Service and/or contracting authorities defined in the Public Contracts Regulations.

- 4.7 The Authority is subject to general control and reporting within Government and reports to the Cabinet Office and HM Treasury for all expenditure. Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.
- 4.8 For the purposes mentioned above, the Authority may disclose within Government any of the Potential Supplier's documentation/information (including any that the Potential Supplier considers to be confidential and/or commercially sensitive, such as specific bid information) submitted by the Potential Supplier to the Authority during this Procurement. The information will not be disclosed outside Government

Contract Period

- 4.9 The contract will consist of:
- 8 -13 week Commencement Period from the Contract Commencement Date;
 - 3 year Provision Period which will include any In-Work Support Provision appropriate to the Participant's needs;
 - 64 weeks payment tail;
 - There will also be a Run Off period under which the Provider will continue to have obligations under the Contract.
- 4.10 Service delivery under this contract is expected to commence in December 2016.

Amendments to the Tender Process or Tender Documents by the Authority

- 4.11 The Authority reserves the right to vary the tender process and/or amend the tender documents (including this ITT Instructions to Potential Suppliers document) at any time prior to the deadline for receipt of tenders. Any such amendment will be numbered, dated and issued by the Authority via the DWP eProcurement Portal. Where amendments are significant, the Authority may at its discretion extend the deadline for receipt of tenders.
- 4.12 The Authority reserves the right to discontinue this tendering process at any time and not to award a contract.

Potential Supplier Clarification (Q&A)

- 4.13 Potential Suppliers have the opportunity to raise questions about the ITT and request clarification about the requirement. All questions raised must be submitted via the [DWP eProcurement Solution Portal](#).
- 4.14 The Q&A log will be published on the DWP eProcurement Portal and will be updated regularly. It will be the responsibility of the Potential Supplier to monitor the portal for the latest activity.

- 4.15 The last date for the submission of questions along with the date of the publication of the final Q&A log on the DWP eProcurement Portal is shown in the [procurement timetable](#).
- 4.16 The final date for questions and answers and dissemination allows sufficient time for Potential Suppliers to impact this information before finalising their tenders for submission.
- 4.17 If a question is deemed by a Potential Supplier to be commercially confidential, then they should indicate that they believe this is the case. The Authority will consider this and if in agreement, will exercise due discretion in handling the question and limiting the circulation of the answer(s) to your organisation.
- 4.18 Questions not deemed to be commercially confidential will be considered by the Authority to be of significance to all Potential Suppliers. All questions and answers will be made anonymous and made available to all Potential Suppliers via the [DWP eProcurement Solution Portal](#). If the Authority intends to follow this course of action it will inform you before sharing the question and response.

Acceptance and Return of Tenders

- 4.19 By issuing the ITT the Authority is not bound in any way and does not have to accept any tender.
- 4.20 The tender, comprising the information set out in the ITT must be completed and submitted in its entirety to the DWP eProcurement Portal by the stipulated deadline.
- 4.21 Tenders will undergo an initial compliance check to ensure that all information requested has been received. Tenders will be rejected if the complete information requested is not included as part of the tender documentation.

Period for which Tenders shall Remain Valid

- 4.22 Tenders shall remain valid and capable of acceptance for 180 days from the date of award of the contract by DWP. Should the delivery of the Contract, including but not limited to the Implementation Plan and the Service, not be in accordance to the Contract, DWP reserves the right to terminate the Contract in accordance with its provisions and award the contract to the next ranking Supplier.
- 4.23 Not used.

Variant Proposals

- 4.24 Variant proposals will not be accepted unless otherwise stated in the Contract Notice.

5. Supplier Selection and Exclusion – The Qualification Envelope

Principles

- 5.1 The supplier selection and exclusion questions assess the suitability of a Potential Supplier to deliver the authority's requirement. If you are successful at this stage of the procurement process, your bid will be evaluated in the subsequent award stage of the process.
- 5.2 Potential Suppliers should note that, in accordance with Regulation 57 of the Public Contracts Regulations 2015, the Authority may take account of information in the public domain in addition to information provided in the bid. The Authority will contact the Potential Supplier to clarify such information.

Verification of Information Provided

- 5.3 The Authority reserves the right to request information at any time throughout the procurement process. This may include confirmation from customers of the accuracy of information provided to demonstrate Technical and Professional Ability. However, the authority will allow Potential Suppliers to self-certify whether there are any mandatory / discretionary grounds for excluding their organisation.

Supplier Information

- 5.4 This section is used to gather the necessary details to understand the nature of the organisation and legal entity participating in the procurement exercise. This section is not scored.

Bidding Model

- 5.5 This section is used to gather information to allow the Authority to understand the nature of the Potential Supplier's proposed supply chain. The Authority requires additional information where the tender relies on a consortium and/or sub-contractors. This section is not scored but the Authority must be satisfied that the proposed bidding model will allow the requirement to be met successfully otherwise the bid will be rejected.

Sub-contractors

- 5.6 Where the Potential Supplier proposes to use one or more sub-contractors to deliver some or all of the contract requirements full details must be provided, including members of the supply chain, the percentage of work being delivered by each sub-contractor and the key contract deliverables each sub-contractor will be responsible for.
- 5.7 The authority recognises that arrangements in relation to sub-contracting may be subject to future change, and may not be finalised until a later date. However, Potential Suppliers should be aware that where information provided to the authority indicates that sub-contractors are to play a significant role in delivering key contract requirements, any changes to those sub-contracting arrangements may affect the ability of the Potential Supplier to meet the requirement. Potential Suppliers should therefore notify the authority immediately of any change in the proposed

sub-contractor arrangements. The authority reserves the right to deselect the Potential Supplier prior to any award of contract, based on an assessment of the updated information.

- 5.8 A Potential Supplier's tender must clearly identify in response to any question, when it is relying on a sub-contractor, the name of the particular sub-contractor and explain the sub-contractor's capability and experience as the context of the question requires.
- 5.9 The Authority does not require all sub-contractors to be disclosed. It only requires a Potential Supplier to disclose those sub-contractors who directly contribute to the Potential Supplier's ability to meet its obligations under the contract. There is no need to specify those sub-contractors providing general services to the Potential Supplier (such as window cleaners, lawyers, desktop software providers etc) that indirectly enable the Potential Supplier to perform the contract. For example if the Authority requires a Potential Supplier to hold a particular licence – then the Potential Supplier may indicate that 'XYZ Co' holds the licence and indicate that services covered by the scope of this licence will only be performed by its sub-contractor 'XYZ Co'.

Consortia arrangements

- 5.10 The consortium lead completes the questions on the eProcurement Portal with regard to their own organisation. They are responsible for coordinating and submitting one Annex D – Consortium Arrangements and (where an SPV is created) one Annex C – Supplier Selection for Consortium Members for each member of the SPV.
- 5.11 Where you are proposing to create a separate legal entity, such as a Special Purpose Vehicle (SPV), you should provide details of the actual or proposed percentage shareholding of the constituent members within the new legal entity in a separate Appendix.
- 5.12 The authority recognises that arrangements in relation to consortia may be subject to future change. Potential Suppliers should therefore respond on the basis of the arrangements as currently envisaged. Potential Suppliers are reminded that the authority must be immediately notified of any changes, or proposed changes, in relation to the bidding model so that a further assessment can be carried out by applying the selection criteria to the new information provided. The authority reserves the right to deselect the Potential Supplier prior to any award of contract, based on an assessment of the updated information.
- 5.13 Not Used

Contact Details

- 5.14 You must provide full details of a contact for the Authority to use in relation to this procurement. The contact should be able to answer questions regarding the bid and act on behalf of the Potential Supplier. This section is not scored.

Licensing and Registration

- 5.15 The Authority requires you to indicate if licensing and registration is required for your business and, if so, whether your organisation holds the required licensing and registration. This section is not scored but the Authority must be satisfied that Potential Supplier has the required licenses and registration to meet the requirement otherwise the bid will be rejected.

Grounds for Mandatory Exclusion

- 5.16 Refer to the additional notes provided on the ePS Portal. This section is used to establish whether there is any reason that the Potential Supplier should not be allowed to continue to participate in the procurement. If you answer 'yes' to one of these questions, indicating that your organisation meets one of the grounds for mandatory exclusion, you will not be allowed to participate further in the procurement unless you can demonstrate adequate ['self-cleaning'](#).

Non-payment of Taxes

- 5.17 Refer to the additional notes provided on the ePS Portal. This is an additional ground for mandatory exclusion. If you answer 'yes' to this question you will not be allowed to participate further in the procurement unless you can demonstrate adequate ['self-cleaning'](#).

Grounds for Discretionary Exclusion – Part 1

- 5.18 Refer to the additional notes provided on the ePS Portal. The Authority can choose to exclude a Potential Supplier who answers 'yes' to one of these questions. You may not be allowed to participate further in the procurement unless you can demonstrate adequate ['self-cleaning'](#).

Conflicts of Interest

- 5.19 Refer to the additional notes provided on the ePS Portal. This is an additional ground for discretionary exclusion. You must identify any potential conflict of interest and provide full details on Annex B including how the conflict of interest might be effectively remedied. If the Authority considers the integrity of the competition is compromised by a conflict of interest you will not be allowed to participate further. The Authority will contact you to discuss further where a potential conflict of interest is identified.

Self-Cleaning

- 5.20 Refer to the additional notes provided on the ePS Portal. This section allows Potential Suppliers to provide further information where they have answered 'yes' to any of the grounds for mandatory rejection, including non-payment of taxes, or grounds for discretionary rejection.
- 5.21 Potential Suppliers should use Annex E to explain in detail how they have addressed issues (identified by a 'yes' answer). The Authority will consider whether the 'self-cleaning' adequately addresses the risk to reliability exposed by the 'yes' answer.

5.22 Not used.

Economic and Financial Standing

5.23 The Potential Supplier should provide the information requested to demonstrate its economic/financial standing. Please see the Financial Evaluation Methodology document.

5.24 Not used.

5.25 The information will be assessed on the basis of a Red/Amber/Green rating. Please see the Financial Evaluation Methodology document.

Technical and Professional Ability

5.26 Refer to the additional notes provided on the ePS Portal. For each question, you must provide at least 2 contract examples.

5.27 In order for technical and professional ability to be assessed the contract examples should be concerned with the delivery of services that are similar to the requirement and be of a similar annual value. The majority of each contract must also have been delivered within the previous 3 years.

5.28 Your responses will be assessed against the following criteria and scoring mechanism:

Delivering and Maintaining Performance

Please provide details of how you have successfully delivered and maintained performance in previous contracts.

You should provide at least 2 contract examples that are relevant to the requirement. For the purposes of this question, relevant contracts are defined as those concerned with the delivery of similar services and of a similar annual contract value. For each example, the majority of the contract must have been delivered in the previous 3 years.

Your response should:

- Provide contract and customer details including a brief description of the services delivered and how they are relevant to the requirement
- Provide actual performance data to demonstrate satisfactory cumulative performance against minimum contractual performance and service levels throughout the contract duration
- Provide a clear description of the processes and systems used to monitor performance
- Explain how you achieved and maintained satisfactory performance and continuously improved performance throughout the contract duration while maintaining other existing contractual commitments
- Where applicable, demonstrate how you effectively managed the performance of any subcontractors

Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 2 sides of A4.

Managing and Improving Performance

Please provide details of how you have successfully managed and improved performance in previous contracts.

You should provide at least 2 contract examples that are relevant to the requirement. For the purposes of this question, relevant contracts are defined as those concerned with the delivery of similar services and of a similar annual contract value. For each example, the majority of the contract must have been delivered in the previous 3 years.

Your response should:

- Provide contract and customer details including a brief description of the services delivered and how they are relevant to the requirement
- Provide a clear description of the issues that caused minimum performance and service levels to not be met and how you proactively identified these before customer intervention was required
- Clearly explain how you identified and effectively implemented solutions to fully resolve these issues in a timely manner without adversely impacting on other contracts, including timescales
- With reference to actual performance data, describe the positive impact that this activity had on your performance and how you ensured that the same issues did not reoccur

Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 2 sides of A4.

Sample Scoring Mechanism	
6	The response was robust, detailed, well-articulated in all material respects providing strong evidence that the criteria were met, with no weaknesses or areas of concern with the content.
4	The response presented evidence that the criteria were met, good in many respects, but with minor weaknesses or concerns with the content.
2	The response provided limited evidence that the criteria were met; there were major weaknesses or concerns with the content. The response lacked significant detail and/or clarity.
0	The response did not provide evidence that the criteria were met; and was wholly unsatisfactory in terms of content. Major weaknesses, issues or omissions were identified. The response was poorly articulated and/or inconsistent.

5.29 Any supplier that scores 2 or below in any of these questions will be deemed to have failed to meet the minimum standard and will be eliminated from the procurement exercise.

5.30 Not Used

5.31 Not Used

5.32 Not Used

Insurance

5.33 This section allows you to self-certify that you have or will have adequate insurance as required by the Authority for the delivery of the contract. You will not be allowed to participate further in the procurement unless you can meet the insurance requirements.

Compliance with Equality Legislation

5.34 This section covers the Potential Supplier's history of compliance with equality legislation. The Authority can choose to exclude a Potential Supplier who has been found to have acted in a discriminatory way in the past 3 years. The Potential Supplier has the opportunity to provide details of mitigating factors. The Authority will consider whether the mitigation adequately addresses the risk exposed by the 'yes' answer.

Environmental Management

5.35 This section covers the Potential Supplier's history of compliance with environmental legislation. The Authority can choose to exclude a Potential Supplier who has been found to have breached environmental legislation in the past 3 years. The Potential Supplier has the opportunity to provide details of mitigating factors. The Authority will consider whether the mitigation adequately addresses the risk exposed by the 'yes' answer.

Health and Safety

5.36 This section allows the Potential Suppliers to self-certify that they have an adequate health and safety policy. UK employers with less than five employees are not required by law to have a health and safety policy and will not be excluded for this reason.

5.37 Where the Potential Supplier has been received enforcement/remedial orders from a health and safety body/authority in the past 3 years, allows them to provide details of remedial action.

5.38 The Authority can choose to exclude a Potential Supplier who has received an enforcement/remedial order in relation to health and safety in the past 3 years. The Potential Supplier has the opportunity to provide details of mitigating factors. The Authority will consider whether the mitigation adequately addresses the risk exposed by the 'yes' answer.

Confirmation and Declaration

5.39 The final section of Supplier Selection and Exclusion – the Qualification Envelope, is a declaration against the information provided. This must be completed by a person with authority to act on behalf of the Potential Supplier. This section also serves as a checkpoint for Potential Suppliers

to confirm that they have provided all the information, including additional Annexes, required so far.

6. Tender Evaluation – The Technical Envelope

Principles

- 6.1 The tender evaluation questions assess the Potential Supplier's proposal to deliver the authority's requirement. This information enables the Authority to carry out a qualitative evaluation of the tender.
- 6.2 The information provided in the tender proposal will be evaluated against the pre-determined Award Criteria as stated in the Invitation to Tender.
- 6.3 The DWP ePS Portal asks Potential Suppliers to submit responses which directly correspond with the Award Criteria. The overarching Award Criteria will be made up of sub-criteria by which the Award Criteria will be evaluated.

Qualitative Scoring Methodology

- 6.4 The responses to the ITT will then be scored against the [criteria and weightings](#) using scoring scale set out here. Please note that a score of 0 for a response to any qualitative question, may result in disqualification from the procurement exercise.

Score	Definition
6	The response was robust, detailed, well-articulated in all material respects providing strong evidence that the criteria would be met, with no weaknesses or areas of concern with the content.
4	The response presented evidence that the criteria would be met, good in many respects, but with minor weaknesses or concerns with the content.
2	The response provided limited evidence that the criteria would be met; there were major weaknesses or concerns with the content. The response lacked significant detail and/or clarity.
0	The response did not provide evidence that the criteria would be met; and was wholly unsatisfactory in terms of content. Major weaknesses, issues or omissions were identified. The response was poorly articulated and/or inconsistent.

Draft Security Plan

- 6.5 Cabinet Office has introduced mandatory requirements relating to data handling, security and information assurance in government contracts. Information must be protected, together with systems, equipment and processes which support its use. Our contractors must provide an appropriate level of security.
- 6.6 Potential Suppliers (whether for a contract or place on a framework) are required to submit a Draft Security Plan detailing how you will comply with the DWP Security Policy for Contractors, which includes compliance with ISO/IEC27001 and Cyber Essentials Scheme. A copy of this

document can be found on '[Gov UK - Other DWP procurement and policy documents](#)' and full guidance is provided in the relevant document and in Schedule 6 of the DWP Standard Terms and Conditions. A full Security Plan will be due 20 days after contract award.

6.7 Not used.

Off-shoring (including Landed Resources)

6.8 In accordance with the DWP Offshoring Policy, prior written consent from DWP must be sought where Potential Suppliers (and/or their sub-contractors) are proposing to host or access Departmental systems, services or official information outside of the United Kingdom, or to bring foreign nationals to the United Kingdom to provide services in delivery of the Contract.

6.9 Potential Suppliers must be aware of this and must submit an application for approval together with their tender. Where DWP gives consent, the Potential Supplier shall comply with any reasonable instructions notified to it by DWP in relation to the Authority Data in question. More information can be found in the document A Guide to DWP Offshoring Policy which can be found on '[Gov UK - Other DWP procurement and policy documents](#)'.

Transfer of Undertakings (Protection of Employment) Regulations (TUPE)

6.10 Your attention is drawn to the Transfer of Undertakings (Protection of Employment) Regulations 2006 (TUPE). It is the Authority's view that TUPE is unlikely to be applicable if this ITT results in a Contract being placed. Nevertheless, it is your responsibility to consider whether or not TUPE applies in the individual circumstances of your tender, particularly if you are proposing to submit an innovative tender.

Qualitative Questions for Service Delivery

6.11 Not used.

6.12 Not used.

Criteria	Weighting	Max. Score
<p>Marketing and Referrals</p> <p>Please describe how you will ensure the desired number of participants attend this provision.</p> <p>Your response should:</p> <ul style="list-style-type: none">Identify the organisations that you will engage with to generate referrals, this should include a broad range of organisations from a variety of sectors	X2	12

<ul style="list-style-type: none"> • Describe any existing links with these organisations and how these will support referrals or if not yet in place, your strategy for establishing these • Demonstrate how you will achieve maximum occupancy on the provision, including how you will prevent participant disengagement and drop-out prior to them starting on provision • Explain how you will attract participants from all the specified eligibility groups • Detail your marketing strategy for promoting this provision including the different channels that you will use and why you consider this to be suitable for the specified eligibility groups • Outline any changes to your approach that you would implement if the wider eligibility criteria were to be applied at any point during the provision <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 2 sides of A4.</p>		
<p>Participant Journey & Provision Content Please provide a detailed description of the design and content of the provision, including how this meets the requirements listed in section 3 of the specification.</p> <p>Your response should:</p> <ul style="list-style-type: none"> • Provide an outline participant journey to illustrate how you will provide a structured intervention for each individual participant, including those who require a higher degree of support and the intended frequency of these interventions • Explain how you will ensure that each individual participant will receive regular reviews to ensure that they progress while participating in the provision and achieve a Job Outcome 	<p>X6</p>	<p>36</p>

<ul style="list-style-type: none"> • Provide a detailed description of the design and content of the provision, including the duration of each element for individual participants and the method of delivery e.g. face to face, telephone, web based, individual, group work etc. • Provide a rationale to clearly demonstrate why the provision content is suitable for the specified eligibility groups • Explain how you will identify individual participants' barriers to entering work (including but not limited to child care and travel) and tailor the provision to overcome these • Explain what in-work support you will provide to both the participant and where appropriate the employer and how you will ensure that it meets their needs to support the achievement of job outcomes <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 5 sides of A4.</p> <p><u>PLEASE NOTE THE SCORE ATTAINED IN THIS SECTION MAY ALSO BE USED IN A TIE-BREAK SITUATION WHERE APPROPRIATE.</u></p>		
<p>Community Engagement Please describe the community engagement that you have undertaken to inform the design of this provision.</p> <p>Your response should:</p> <ul style="list-style-type: none"> • Identify the characteristics of the local community, any other local factors and the impact of these on the local labour market • Provide evidence of proactive engagement with a range of organisations from a variety of sectors, detailing the specific organisations that you have consulted to gain an understanding of the local community 	<p>X5</p>	<p>30</p>

<ul style="list-style-type: none"> • Explain how you have used the above engagement and understanding when designing the provision content to ensure that it aligns to local needs and those of the specified eligibility groups • Clearly describe how you will engage and build sustainable partnerships with existing local services and organisations to ensure that provision is joined up with and complements wider interventions taking place with families • Explain how your provision adds value compared to any existing delivery that is already available in the area <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 2 sides of A4.</p> <p><u>PLEASE NOTE THE SCORE ATTAINED IN THIS SECTION MAY ALSO BE USED IN A TIE-BREAK SITUATION WHERE APPROPRIATE..</u></p>		
<p>Employer Engagement</p> <p>Please describe how you will engage with employers in the local area to achieve job outcomes.</p> <p>Your response should:</p> <ul style="list-style-type: none"> • Identify the specific key employment opportunities in the specified geographical area over the life of the contract • Show an understanding of the sectors in the area and those that are experiencing (or are expected to experience) significant growth over the life of the contract • Clearly explain what Employer engagement you will undertake to capitalise on the opportunities to achieve job outcomes for participant • Show how you will identify newly arising employment opportunities and utilise these 	<p>X3</p>	<p>18</p>

to support your above methodology		
Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 1 sides of A4.		
Human Resources, Recruitment & Training Detail the human resources (including any sub-contractor staff) that you will use to deliver <u>and</u> manage this provision. Your response should include:		
<ul style="list-style-type: none"> • A clear explanation of the Full Time Equivalent (FTE) number of staff, job title, key responsibilities, relevant skills, experience & qualifications for each role. • Where applicable, an average caseload should be provided with a rationale for why this is considered appropriate • Details of the number of existing staff and those who will need to be recruited • A clear description of how you will recruit, train and retain staff to ensure effective delivery of this provision and satisfactory performance from the start of the contract and throughout its lifetime • A clear explanation of how you will manage sickness absences and annual leave during peak times, including contingency arrangements for managing the absence of key staff while maintaining the quality of service delivery and performance levels • A rationale for why you consider your proposed staffing level to be appropriate for this provision and how you will manage this as volumes increase and decrease over the life of the contract 	X1	6
Insert your response in the pre-set, shaded		

<p>space on the following pages. Your response MUST be limited to 3 sides of A4.</p>		
<p>Premises Please provide details of the premises that you will use to deliver this provision, including details of any outreach services.</p> <p>Your response should:</p> <ul style="list-style-type: none"> • Provide full address details, including post code, for all fixed delivery premises • Where applicable, describe any outreach services that you will provide • Provide details of local public transport links and their proximity to the premises that you have identified in response to the above points • Detail the facilities available at each location and how these meet any legal requirements, including compliance with the Equality Act 2010 • Explain why you consider these premises to be suitable for this provision and the specified eligibility groups • Clearly describe how your proposal will achieve full coverage across the entire contract area • If you intend to use existing premises, explain how delivery of this provision will fit with current use • If you intend to secure new premises, indicate the timescales for doing so ahead of go-live and your contingency arrangements for ensuring timely delivery of this provision • Detail your contingency plans for dealing with fluctuating participant volumes over the 	<p>X1</p>	<p>6</p>

<p>life of the contract, including the minimum and maximum volumes that can be handled at any one time without having an adverse impact on your premises proposal</p> <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 2 sides of A4.</p>		
<p>Management Structure Please provide details of your management structure, systems and processes.</p> <p>Your response should:</p> <ul style="list-style-type: none"> • Include an organisation chart to describe your proposed management structure for this provision, including any subcontractor roles where applicable and the percentage of time that will be allocated to this contract for each listed role • Provide a clear explanation of your capacity to manage this provision alongside existing and any potential future commitments • Clearly describe the systems and processes that will be used to provide a robust audit trail of evidence to support payment validation, prevent fraud and meet ESF requirements. This should include but not be limited to: attendance records/action plans, participant consent, evidence to support claims for outcome payments and evidence to prove participants' eligibility. <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 2 sides of A4.</p>	X1	6
<p>Supply Chain Please describe your supply chain structure and how you will manage it throughout the life of the contract.</p>	X4	24

<p>Your response should include:</p> <ul style="list-style-type: none"> • A clear description of your supply chain structure including any subcontractors and partners • A table to show the percentage of service delivery undertaken by any subcontractors, their geographical coverage and what provision they will provide to support the specified eligibility groups • A clear explanation of your contract management practices with members of your supply chain, including how these abide by the principles of the Merlin Standard • A description of how you will communicate throughout your supply chain to share good practice • Details of your contingency arrangements should any member of your supply chain withdraw prior to commencement of service delivery or at any point during the contract period • A completed Subcontractor Declaration from all subcontractors listed in your response to this question • Where applicable, you should identify which subcontractors are Small Medium Enterprises (SMEs) - PLEASE NOTE THAT THIS BULLET POINT ONLY WILL NOT BE SCORED <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 3 sides of A4.</p> <p><u>PLEASE NOTE THE SCORE ATTAINED IN THIS SECTION MAY ALSO BE USED IN A TIE-BREAK SITUATION WHERE APPROPRIATE.</u></p>		
<p>Performance Management Please detail how you will manage the performance of this provision in line with your offer and Section 5</p>		

<p>of the Specification.</p> <p>Your response should:</p> <ul style="list-style-type: none"> • Clearly explain how you will accurately track participants within each cohort so that you can clearly articulate at any given time where these participants are in your participant journey towards achievement of short and sustained job outcomes • Describe how you will proactively manage the achievement of performance levels including the frequency and level of detail of monitoring activity and trend analysis • Identify how you will act on any findings including how you will develop and implement effective solutions to correct failures to meet performance levels in a timely manner and ensure that it does not re-occur • Clearly describe how you will manage the performance of any subcontractors • Explain how you will proactively engage with DWP to notify us of any issues and remedial actions rather than waiting for scheduled review meetings <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 2 sides of A4.</p>	<p>X3</p>	<p>18</p>
<p>Quality</p> <p>Please provide a detailed description of how you will ensure the quality of service delivery through your management practices.</p> <p>Your response should:</p> <ul style="list-style-type: none"> • Provide a detailed explanation of how you will monitor and manage the quality of provision to ensure that the standards set 	<p>X5</p>	<p>30</p>

<p>within the specification and your tender will be met from the start and throughout the life of the contract. Your response should include but not be limited to: the quality of staff, frequency and appropriateness of participant engagement and the quality of the action plan and the relevance of its content to participants' needs</p> <ul style="list-style-type: none"> • Clearly describe how you will manage and ensure the quality of delivery by any subcontractors e.g. site visits, audits and observing delivery • Identify how you will continuously improve the quality of delivery of this provision and share best practice throughout your supply chain • Explain how you will obtain feedback from participants and proactively act upon this including details of procedures and timings • Describe how you will handle complaints and act on any findings including details of procedures, timescales, escalation routes, how participants will be made aware of these procedures and how you will ensure the impartiality of any decision makers <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 3 sides of A4.</p> <p><u>PLEASE NOTE THE SCORE ATTAINED IN THIS SECTION MAY ALSO BE USED IN A TIE-BREAK SITUATION WHERE APPROPRIATE.</u></p>		
<p>Performance Offer Rationale With reference to the performance offer that you have provided at Annex S (Pricing Proposal), please explain the rationale for this offer.</p> <p>Your response should:</p> <ul style="list-style-type: none"> • Clearly identify and explain any 	<p>X1</p>	<p>6</p>

<p>assumptions used to develop your offer</p> <ul style="list-style-type: none"> • Detail any research and/or evidence relevant to the provision used to underpin your offer • Clearly explain how you will support and achieve the rate of both Job Outcomes and Sustained Job Outcomes offered within each cohort <p>Insert your response in the pre-set, shaded space on the following pages. Your response MUST be limited to 1 sides of A4.</p>		
<p>Implementation Plan</p> <p>Please provide an implementation plan in the form of a detailed Gantt Chart to be attached at Annex Z showing the critical path and interdependencies with supporting narrative.</p> <p>Please show how you will ensure that service delivery commences between 8 and 13 weeks after the contract commencement date and meets the required standards from the start.</p> <p>Your response should include:</p> <ul style="list-style-type: none"> • The date on which you propose to commence service delivery • Key milestones, including the start and end dates and a named lead for each activity • The timeline for staff recruitment and training • The timeline and key activities to secure and set up your proposed delivery locations • The timeline and key activities for agreeing a SLA with Local Authorities • A narrative to expand on the Implementation Plan which: identifies all key risks (e.g. delays to securing premises, recruiting staff, IT etc.); provides a RAG (Red, Amber, Green) rating for each of these; and explains how they will be mitigated and managed, including the 	<p>X1</p>	<p>6</p>

<p>timeframe for doing so to ensure that service delivery will still commence on your proposed date</p> <p>Please note that a page limit does not apply to the implementation plan to be provided at Annex Z.</p> <p>Insert your supporting narrative in the pre-set, shaded space on the following pages. Your response MUST be limited to 2 sides of A4.</p>		
	TOTAL	198

Freedom of Information Act

- 6.13 The Authority is committed to open government and to meeting its legal responsibilities under the Freedom of Information Act 2000. All information submitted to the Authority may need to be disclosed by the Authority in response to a request under the Act. If you consider that any of the information included in your tender is commercially sensitive, please identify it and explain (in broad terms) what harm may result from disclosure if a request is received, and the time period applicable to that sensitivity.
- 6.14 You should be aware that even where you have indicated that information is commercially sensitive, the Authority may be required to disclose it under the terms of the Act if a request is received. Please note that the receipt of material marked 'confidential' or equivalent by the Authority should not be taken to mean that the Authority accepts any duty of confidence by virtue of that marking. If a request is received, the Authority may also be required to disclose details to unsuccessful tenderers.
- 6.15 Not used

Confirmation and Declaration

- 6.16 The final section of Tender Evaluation – The Technical Envelope, is a declaration against the information provided. This must be completed by a person with authority to act on behalf of the Potential Supplier. This section also serves as a checkpoint for Potential Suppliers to confirm that they have provided all the information, including additional Annexes, required so far.

7. Pricing Proposal – The Commercial Envelope

- 7.1 This envelope is where the Pricing Proposal should be uploaded. This information should be uploaded as follows.
- 7.2 Potential Suppliers will be required to complete a Pricing Proposal (Annex S) for the delivery of the ESF programme. Annex S will show the

total contract price from for the life of the contract and this will be separated into: a Delivery Fee; a Short Job Outcome payment; and a Sustained Outcome payment. All bids must be equal to or less than the maximum contract. If the bid's total contract value is higher than this amount the Authority will consider the bid to be non-compliant and it will be excluded from the evaluation. Please see the Financial Evaluation Methodology document.

Price Evaluation Methodology

- 7.3 A financial evaluation will be performed on all submitted tenders. The financial evaluation will comprise of 20 per cent of the overall evaluation score for each bid, with the remaining 80 per cent derived from the quality evaluation scoring process. Please see the Financial Evaluation Methodology document.

Qualitative Evaluation Methodology

- 7.4 Qualitative scoring represents **80%** of the overall evaluation and will be relatively assessed. As an example, this means that the highest scoring bid in the qualitative evaluation for this contract will be awarded the full **80** marks and the other bids will be marked as a proportional variance from the top scoring bid (see example below). The final quality scores will not be rounded at this stage of the process.

Supplier	Total Quality Score (out of 198)	Calculation	Score (out of 80)
A	198	Highest score	80.00
B	180	180/198X80	72.73
C	178	178/198X80	71.92
D	176	176/198X80	71.11
E	174	174/198X80	70.30
F	172	172/198X80	69.49
G	170	170/198X80	68.69
H	160	160/198X80	64.65
I	150	150/198X80	60.61

8. Baseline Security Standard

- 8.1 Where contractors staff are to be given access to Authority's assets (defined as premises, systems, information or data) the attention of Potential Suppliers is drawn to their contractual obligation. Full details of the actions required to comply with the above procedures, can be found in the guidance document 'HMG Baseline Personnel Security Standard – A Guide for DWP Contractors'. A PDF version of this document can be viewed on gov.uk.
- 8.2 Contractors' staff working in Northern Ireland will be required to be cleared via the Access NI procedures, more information can be obtained at www.dojni.gov.uk/accessni. A copy of this document in Microsoft Word

format can be provided on request. Please note that Potential Suppliers are expected to meet any costs this may involve.

9. Merlin Standard

Potential Suppliers need to be aware that they must attain the Merlin Standard, if not already held, where they have a supply chain within their delivery model for this contract. Potential Suppliers will be assessed against the Merlin Standard by a third party organisation within a year of the contract go live and they must achieve accreditation within 1 year and every two years thereafter.

For further information on the Merlin Standard, please see:

- <https://www.gov.uk/government/publications/the-merlin-standard-guide-for-dwp-providers>
- <http://www.merlinstandard.co.uk/about-merlin.php>

10. Tender Clarification

- 10.1 DWP may need to clarify details of your tender and in those instances DWP will send any questions using the DWP eProcurement Portal to the named person (by email) that is registered on the system, who should arrange for a reply to be provided by the stipulated deadline.
- 10.2 DWP may seek independent financial and market advice to validate information declared, or to assist in the evaluation.

11. Potential Supplier Presentations

Not applicable.

12. eAuction Process

Not applicable.

13. Contract Award

Parent Company Guarantee (PCG)

- 13.1 If your company has a parent company and should you be deemed successful in tendering for this contract, then DWP will require a signed Parent Company Guarantee (PCG) to be in place prior to any contract(s) being signed.
- 13.2 The PCG is not negotiable however there may be exceptional circumstances where the wording needs to be amended or an equivalent deed of guarantee supplied. These may include Special Purpose Vehicles (SPVs), consortia and organisations that have parent companies based abroad.
- 13.3 If the parent company is a charity, the Authority would need to understand whether there is anything in the provisions of the charity's

constitution that prevents them from being able to offer a PCG. In these circumstances the Authority may require an alternative guarantor.

Ranking Tenders – Recommendation for Contract Award

- 13.4 The tender process has been designed to ensure that tenders are evaluated fairly to ascertain the most economically advantageous tender and once the qualitative and financial aspects have been evaluated the Authority will produce a ranked merit list based on this tender process.
- 13.5 The Potential Supplier(s), who obtains the highest overall score from the evaluation process, taking into account the Award Criteria weightings, will be recommended for contract award.
- 13.6 Before any contract can be entered into the Authority is mandated to seek and obtain Independent Approval, Ministerial Approval and possibly Crown Representative Approval.

14. Independent Approval

- 14.1 The results of the Qualitative and Price Evaluation Process (resultant rankings along with the marks awarded) will be independently checked and verified by individual(s) not previously involved in the procurement process.
- 14.2 Subject to this Independent Approval the Department will then seek Ministerial Approval before an award of contract can be made.

15. Ministerial Approval

- 15.1 The final decision to award will be subject to Ministerial Approval. No communication of any details regardless of whether a tenderer has been successful or otherwise will be issued until this approval has been granted and authorised by the Minister concerned. Once this approval has been communicated to the procurement team they will have responsibility for the issue of the appropriate successful/unsuccessful letters to all those suppliers that submitted a response to the ITT.

16. Crown Representative Approval

- 16.1 Not applicable to this procurement.
- 16.2 CR approval must be sought when after final evaluation the preferred supplier is identified as being a key supplier. No action (i.e. no communication on award, including advising preferred supplier status) should be taken without involving the CR in the evaluation process, and obtaining CR agreement in awarding the contract.

17. Standstill Period

- 17.1 We will voluntarily apply a Standstill Period. The standstill period is a 10 day pause between contract award decision and the formal award of the contract. The period allows unsuccessful tenderers to obtain more information on the award of the contract.

18. Publication of Contract Award on Contracts Finder

- 18.1 Irrespective of whether or not publication of a Contract Award Notice in OJEU is required, details of all contracts awarded with a value greater than £10,000 will be published on the Contracts Finder website. Details will be published after 20 days following the end of the standstill period.

19. Post Contract Award

Contract Documentation

- 19.1 The Authority will be responsible for producing a final contract document and issuing to the successful supplier.

Sustainable Development

- 19.2 In accordance with the Sustainable Development Contract Schedule the successful supplier is required to complete and provide a policy statement (within 6 months of contract (or call-off) start date and annually thereafter) to demonstrate how they will satisfy and adhere to the principles of sustainable development. Also at the 6-month stage the successful supplier will need to produce an Sustainable Development Action Plan detailing (but not limited to) how they will tackle key issues such as waste minimisation, water consumption reduction and carbon emissions within their business and in relation to this contract.

Diversity and Equality

- 19.3 In accordance with the Diversity and Equality Contract Schedule the successful supplier is required to complete and provide a Diversity and Equality Delivery Plan (within 6 months of contract start date and annually thereafter) detailing their approach to Diversity and Equality within their business and in relation to this contract.

Apprenticeships and Skills

- 19.4 In accordance with the Apprenticeships and Skills Contract Schedule and in line with the Governments objective to support economic growth the successful supplier is required to submit an apprenticeships and skills report (within 6 months of contract start date) which should be specific to this contract.

20. Use of SMEs in the Contractor's Supply Chain

- 20.1 The Authority recognises the important role small and medium enterprises (SMEs) have in helping to deliver economic growth and prosperity. SMEs are defined as enterprises which employ fewer than 250 persons and which have an annual turnover not exceeding 50 million euro, and/or an annual balance sheet total not exceeding 43 million euro. The Authority is committed to supporting the governments target of 33% of government spending with third party suppliers to go to SMEs through either direct spend or indirectly through the supply chain where it is relevant to the contractual requirement to do so and provides value for money.

- 20.2 In support of the government's commitment on SMEs, the Authority is putting in place processes to promote greater engagement with SMEs. The Authority encourages its suppliers to make their sub-contracting opportunities accessible to smaller companies and implement SME-friendly policies in their supply-chains.
- 20.3 The Contractor is encouraged to:
- Open opportunities for SMEs in supply chains by splitting requirements into smaller elements to make them more attractive to the SME market whilst bringing innovation, flexibility and value for money
 - Advertise any sub-contracting opportunities where appropriate and economical to do so, for example by using Contracts Finder or informing local networks/partners
 - Where possible pay SMEs earlier than the contractual requirement of 30 days from receipt of valid invoice
 - Work with SMEs throughout the life of the contract to develop innovative and cost effective solutions delivered through the supply chain.
- 20.4 Regular contract review meetings should be used to enable both parties to explore continued and increased use of SMEs where appropriate throughout the life of the contract. Additional information may be requested by the Authority on the volume of business undertaken throughout the supply chain with SMEs.

Expenditure with SMEs

- 20.5 The Authority is required to provide regular reports on the level of procurement spend with SMEs to the Cabinet Office. To measure and accurately report on this, the Contractor and where applicable, its sub-contractors shall identify the volume of indirect expenditure the Authority undertakes with SMEs and shall provide this information on a quarterly basis to the Authority or Cabinet Office.

21. DWP Complaints Procedure

- 21.1 The Authority has published a [Commercial Complaints Process](#) for use during competitive procurement.

22. Tie-Break

DWP has identified four Qualitative Questions for Service Delivery (Participant Journey & Provision Content; Community Engagement; Supply Chain and Quality) where the score attained may also be used in a tie-break situation where appropriate. Our policy is that a tie-break will only be applied where two or more winning bidders have achieved the same score in the evaluation of the bids. In these circumstances, the tie-breaker will involve additional weighting being awarded. Where a tie-breaker is required; it will be applied to the scores of all bidders with winning equal scores. Note that the use of one tie-breaker may not be

sufficient to clearly identify the winner and so, in the event that the first tie-breaker does not produce a result which differentiates the bidders who have the same score, a second tie-breaker will be used. The application of the tie-breaker will be as follows. If at any step this produces a clear result, which differentiates the bidders who have the same score, the process will be terminated. If a winner is identified at any step they will be appointed as a Preferred Bidder.

- **Step 1** – 10% of the total weighted score for **question 2.6.1 of the ItT response** (Participant Journey & Provision Content) will be added to the Final Score.
- **Step 2** – 10% of the total weighted score for **question 2.7.1 of the ItT response** (Community Engagement) will be added to the score from step 1.
- **Step 3** – 10% of the total weighted score for **question 2.12.1 of the ItT response**, (Supply Chain), will be added to the score from step.
- **Step 4** – 10% of the total weighted score for **question 2.14.1 of the ItT response**, (Quality), will be added to the score from step 3.

23. Principles of Selection of Preferred Bidders

As part of DWP's risk mitigations, across the four Troubled Families ItT's for London we are setting the maximum number of ESF contracts that an organisation will be awarded to **two**.

This reflects the risk in continuity of this provision and DWP's capacity to procure suitable alternative provision quickly in an eventuality where a single contractor withdraws for whatever reason from all of their ESF contracts. The compounding factor is that for ESF there will be only one contract within each Contract Package Area, thereby reducing the scope for DWP to ensure continuity of provision with an alternative ESF contractor within each CPA. In submitting a tender for ESF, bidders acknowledge and accept the above condition.

There are three areas that may be considered in relation to the identification of preferred bidders within each of the four London Troubled Families CPAs:

- The final score of each bid after combining the qualitative and financial scores.
- The financial capacity of the organisation: Including -
 - Organisational Capacity – the Authority will apply a control based on a comparison of the Potential Provider's annual turnover from their last audited annual accounts to the cumulative value of the contracts. The Authority will apply a 100% threshold based on annual turnover, so that contracts can only be awarded up to a maximum value equal to this value;

Instructions to Potential Suppliers (V25 – June 2015)

- FVRA – the Authority will apply its standard FVRA model to test the Potential Provider's financial viability;
- Working Capital – the Authority will seek assurances that the Potential Provider has sufficient cash to service their contracts
- The bidder's preferences in relation to the London Troubled Families CPAs bid for.

To inform the Preferred bidder selection process, particularly where an organisation is bidding in more than one CPA, you must rank the CPAs in order of preference. This is done by completing the CPA Preference form and submitting this along with all relevant tender documents. The CPA preference form is a separate document at **1.19.6** of the **Qualification Envelope**.

If you are bidding in more than one of the four London Troubled Families CPAs you must complete the CPA preference form and rank them in your preference order. If you have no preferences for some or all, you should rank these the same. For example, if you are bidding for all four, and your first preference is South London, but you have no preference between Central London or North & East London, but your least preference is West London, then you would rank them - South London 1, Central London 2, North & East London 2, West London 3. If you have no preferences across all CPAs that you bid for, you would rank them all 1.

In situations where you "joint rank" you should note that DWP may exercise its own preference when awarding contracts.

Process for Identification of Preferred Bidders:-

- Following completion of scoring a ranked list of bidders will be produced for each CPA to identify the highest scoring bidder.
- We will then start the allocations with the CPA that has the highest scoring winning bidder.
- We will then allocate contracts to bidders in merit order within the CPA up to, but not in excess, of the level of their financial capacity, and not exceeding the maximum of two contracts across the four CPAs.
- This process will continue by taking the CPA with the next highest scoring bid until bidders have been allocated to all four CPAs.
- If a bidder is considered for a CPA and they have insufficient capacity, or have reached the maximum of two contracts, they will not be appointed to that CPA and the next bidder on the ranked list will be considered. They will however be considered for the next CPA for which they have sufficient scoring and financial capacity and have not yet reached the maximum of two contracts.
