F. CONTROL OF THE CONTRACT

F1 Failure to meet Requirements

F1.1 If the Authority informs the Contractor in writing that the Authority reasonably believes that any part of the Services do not meet the requirements of the Contract or differs in any way from those

requirements, and this is not as a result of a default by the Authority, the Contractor shall at its own expense re-schedule and carry out the Services in accordance with the requirements of the Contract within such reasonable time as may be specified by the Authority.

F2 Monitoring of Contract Performance

- F2.1** The Contractor shall immediately inform the Authority if any of the Services are not being or are unable to be performed, the reasons for non-performance, any corrective action and the date by which that action will be completed.
- F2.2** The Authority shall carry out a review of the performance of the Contractor as detailed in Schedule 3 ("Contract Review"). Without prejudice to the generality of the foregoing, the Authority may in respect of the period under review consider such items as (but not limited to): the Contractor's delivery of the Services; the Contractor's contribution to innovation in the Authority; whether the Services provide the Authority with best value for money; consideration of any changes which may need to be made to the Services; a review of future requirements in relation to the Services and progress against key milestones.
- F2.3** The Contractor shall provide at its own cost any assistance reasonably required by the Authority to perform such Contract Review including the provision of data and information.
- F2.4** The Authority may produce a report (a "Contract Review Report") of the results of each Review stating any areas of exceptional performance and areas for improvement in the provision of the Services and where there is any shortfall in any aspect of performance reviewed as against the Authority's expectations and the Contractor's obligations under this Contract.
- F2.5** The Authority shall give the Contractor a copy of the Contract Review Report (if applicable). The Authority shall consider any Contractor comments and may produce a revised Contract Review Report.
- F2.6** The Contractor shall, within ten (10) Working Days of receipt of the Contract Review Report (revised as appropriate) provide the Authority with a plan to address resolution of any shortcomings and implementation of improvements identified by the Contract Review Report.
- F2.7** Actions required to resolve shortcomings and implement improvements (either as a consequence of the Contractor's failure to meet its obligations under this Contract identified by the Contract Review Report, or those which result from the Contractor's failure to meet the Authority's expectations notified to the Contractor or of which the Contractor ought reasonably to have been aware) shall be implemented at no extra charge to the Authority.

F3 Remedies for inadequate performance

- F3.1** If the Authority reasonably believes the Contractor has committed a Material Breach it may, without prejudice to its rights under clause H2 (Termination on Default), do any of the following:
- (a) without terminating the Contract, itself supply or procure the supply of all or part of the Services until such time as the Contractor has demonstrated to the Authority's reasonable satisfaction that the Contractor will be able to supply the Services in accordance with the Specification;

- (b) without terminating the whole of the Contract, terminate the Contract in respect of part of the Services only (whereupon a corresponding reduction in the Price shall be made) and thereafter itself supply or procure a third party to supply such part of the Services;
 - (a) withhold or reduce payments to the Contractor in such amount as the Authority reasonably deems appropriate in each particular case; and/or
 - (a) terminate the Contract in accordance with clause H2.
- F3.2** Without prejudice to its right under clause C3 (Recovery of Sums Due), the Authority may charge the Contractor for any costs reasonably incurred and any reasonable administration costs in respect of the supply of any part of the Services by the Authority or a third party to the extent that such costs exceed the payment which would otherwise have been payable to the Contractor for such part of the Services.
- F3.3** If the Authority reasonably believes the Contractor has failed to supply all or any part of the Services in accordance with the Contract, professional or industry practice which could reasonably be expected of a competent and suitably qualified person, or any legislative or regulatory requirement, the Authority may give the Contractor notice specifying the way in which its performance falls short of the requirements of the Contract or is otherwise unsatisfactory.
- F3.4** If the Contractor has been notified of a failure in accordance with clause F3.3 the Authority may:
- (a) direct the Contractor to identify and remedy the failure within such time as may be specified by the Authority and to apply all such additional resources as are necessary to remedy that failure at no additional charge to the Authority within the specified timescale; and/or
 - (b) withhold or reduce payments to the Contractor in such amount as the Authority deems appropriate in each particular case until such failure has been remedied to the satisfaction of the Authority.
- F3.5** If the Contractor has been notified of a failure in accordance with clause F3.3, it shall:
- (a) use all reasonable endeavours to immediately minimise the impact of such failure to the Authority and to prevent such failure from recurring; and
 - (b) immediately give the Authority such information as the Authority may request regarding what measures are being taken to comply with the obligations in this clause F3.5 and the progress of those measures until resolved to the satisfaction of the Authority.
- F3.6** If, having been notified of any failure, the Contractor fails to remedy it in accordance with clause F3.5 within the time specified by the Authority, the Authority may treat the continuing failure as a Material Breach and may terminate the Contract immediately on notice to the Contractor.

F4 Transfer and Sub-Contracting

- F4.1** Except where clauses F4.6 and F4.7 both apply, the Contractor shall not transfer, charge, assign, sub-contract or in any other way dispose of the Contract or any part of it without Approval. All such documents shall be evidenced in writing and shown to the Authority on request. Sub-contracting any part of the Contract shall not relieve the Contractor of any of its obligations or duties under the Contract.
- F4.2** The Contractor shall be responsible for the acts and/or omissions of its Sub-Contractors as though they are its own. If it is appropriate, the Contractor shall provide each Sub-Contractor with a copy of the Contract and obtain written confirmation from them that they will provide the Services fully in accordance with the Contract.
- F4.3** The Contractor shall ensure that its Sub-Contractors and suppliers retain all records relating to the Services for at least six (6) years from the date of their creation and make them available to the Authority on request in accordance with the provisions of clause E9 (Audit). If any Sub-Contractor or supplier does not allow the Authority access to the records then the Authority shall have no obligation to pay any claim or invoice made by the Contractor on the basis of such documents or work carried out by the Sub-Contractor or supplier.
- F4.4** If the Authority has consented to the award of a Sub-Contract, the Contractor shall ensure that:
- (a) the Sub-Contract contains a right for the Contractor to terminate the Sub-Contract if the relevant Sub-Contractor does not comply in the performance of its contract with legal obligations in environmental, social or labour law;
 - (b) the Sub-Contractor includes a provision having the same effect as set out in clause F4.4 (a) in any Sub-Contract which it awards; and
 - (c) copies of each Sub-Contract shall, at the request of the Authority, be sent by the Contractor to the Authority immediately.
- F4.5** If the Authority believes there are:
- (a) compulsory grounds for excluding a Sub-Contractor pursuant to regulation 57 of the Regulations, the Contractor shall replace or not appoint the Sub-Contractor; or
 - (b) non-compulsory grounds for excluding a Sub-Contractor pursuant to regulation 57 of the Regulations, the Authority may require the Contractor to replace or not appoint the Sub-Contractor and the Contractor shall comply with such requirement.
- F4.6** Notwithstanding clause F4.1, the Contractor may assign to a third party (the "Assignee") the right to receive payment of the Price or any part thereof due to the Contractor (including any interest which the Authority incurs under clause C2 (Payment and VAT)). Any assignment under this clause F4.6 shall be subject to:
- (a) reduction of any sums in respect of which the Authority exercises its right of recovery under clause C3 (Recovery of Sums Due);
 - (b) all related rights of the Authority under the Contract in relation to the recovery of sums due but unpaid; and

- (c) the Authority receiving notification under both clauses F4.7 and F4.8.
- F4.7** If the Contractor assigns the right to receive the Price under clause F4.6, the Contractor or the Assignee shall notify the Authority in writing of the assignment and the date upon which the assignment becomes effective.
- F4.8** The Contractor shall ensure that the Assignee notifies the Authority of the Assignee's contact information and bank account details to which the Authority shall make payment.
- F4.9** The provisions of clause C2 shall continue to apply in all other respects after the assignment and shall not be amended without Approval.
- F4.10** Subject to clause F4.11, the Authority may assign, novate or otherwise dispose of its rights and obligations under the Contract or any part thereof to:
- (a) any Contracting Authority;
 - (b) any other body established or authorised by the Crown or under statute in order substantially to perform any of the functions that had previously been performed by the Authority; or
 - (c) any private sector body which substantially performs the functions of the Authority
- provided that any such assignment, novation or other disposal shall not increase the burden of the Contractor's obligations under the Contract.
- F4.11** Any change in the legal status of the Authority such that it ceases to be a Contracting Authority shall not, subject to clause F4.12, affect the validity of the Contract and the Contract shall bind and inure to the benefit of any successor body to the Authority.
- F4.12** If the rights and obligations under the Contract are assigned, novated or otherwise disposed of pursuant to clause F4.10 to a body which is not a Contracting Authority or if there is a change in the legal status of the Authority such that it ceases to be a Contracting Authority (in the remainder of this clause both such bodies being referred to as the "Transferee"):
- (a) the rights of termination of the Authority in clauses H1 and H2 shall be available to the Contractor in respect of the Transferee; and
 - (b) the Transferee shall only be able to assign, novate or otherwise dispose of its rights and obligations under the Contract or any part thereof with the prior consent in writing of the Contractor.
- F4.13** The Authority may disclose to any Transferee any Confidential Information of the Contractor which relates to the performance of the Contractor's obligations under the Contract. In such circumstances the Authority shall authorise the Transferee to use such Confidential Information only for purposes relating to the performance of the Contractor's obligations under the Contract and for no other purpose and shall take all reasonable steps to ensure that the Transferee gives a confidentiality undertaking in relation to such Confidential Information.
- F4.14** Each Party shall at its own cost and expense carry out, or use all reasonable endeavours to ensure the carrying out of, whatever further actions (including the execution of further documents) the other

Party reasonably requires from time to time for the purpose of giving that other Party the full benefit of the provisions of the Contract.

F5 Waiver

F5.1 The failure of either Party to insist upon strict performance of any provision of the Contract, or the failure of either Party to exercise, or any delay in exercising, any right or remedy shall not constitute a waiver of that right or remedy and shall not cause a diminution of the obligations established by the Contract.

F5.2 No waiver shall be effective unless it is expressly stated to be a waiver and communicated to the other Party in writing in accordance with clause A4 (Notices and Communications).

F5.3 A waiver of any right or remedy arising from a breach of the Contract shall not constitute a waiver of any right or remedy arising from any other or subsequent breach of the Contract.

F6 Variation

F6.1 If, after the Commencement Date, the Authority's requirements change, the Authority may request a Variation subject to the terms of this clause 6.

F6.2 The Authority may request a Variation by notifying the Contractor in writing of the Variation and giving the Contractor sufficient information to assess the extent of the Variation and consider whether any change to the Price is required in order to implement the Variation within a reasonable time limit specified by the Authority. If the Contractor accepts the Variation it shall confirm it in writing.

F6.3 If the Contractor is unable to accept the Variation or where the Parties are unable to agree a change to the Price, the Authority may:

- (a) allow the Contractor to fulfil its obligations under the Contract without the Variation to the Specification; or
- (b) terminate the Contract immediately except where the Contractor has already delivered all or part of the Services or where the Contractor can show evidence of substantial work being carried out to fulfil the requirements of the Specification; and in such case the Parties shall attempt to agree upon a resolution to the matter. If a resolution cannot be reached, the matter shall be dealt with under the Dispute Resolution procedure detailed in clause 12 (Dispute Resolution).

F6.4 No Variation will take effect unless and until it is recorded in a validly executed Change Control Notice (CCN). Execution of a CCN is made via electronic signature as described in clause 1.2 of Section 1 of the Contract.

F6.5 A CCN takes effect on the date on which both Parties communicate acceptance of the CCN via ProContract. On the date it communicates acceptance of the CCN in this way the Contractor is deemed to warrant and represent that the CCN has been executed by a duly authorised representative of the Contractor in addition to the warranties and representations set out in clause G2.

F6.6 The provisions of clauses F6.4 and F6.5 may be varied in an emergency if it is not practicable to obtain the Authorised Representative's approval within the time necessary to make the Variation in order to address the emergency. In an emergency, Variations may be approved by a different representative of the Authority. However, the Authorised Representative shall have the right to review such a Variation and require a CCN to be entered into on a retrospective basis which may itself vary the emergency Variation.

F7 Severability

F7.1 If any provision of the Contract which is not of a fundamental nature is held invalid, illegal or unenforceable for any reason by any court of competent jurisdiction, such provision shall be severed and the remainder of the provisions of the Contract shall continue in full force and effect as if the Contract had been executed with the invalid, illegal or unenforceable provision eliminated.

F8 Remedies Cumulative

F8.1 Except as expressly provided in the Contract all remedies available to either Party for breach of the Contract are cumulative and may be exercised concurrently or separately, and the exercise of any one remedy shall not be deemed an election of such remedy to the exclusion of other remedies.

F9 Entire Agreement

F9.1 The Contract constitutes the entire agreement between the Parties in respect of the matters dealt with therein. The Contract supersedes all prior negotiations between the Parties and all representations and undertakings made by one Party to the other, whether written or oral, except that this clause shall not exclude liability in respect of any fraudulent misrepresentation.

F10 Counterparts

F10.1 The Contract may be executed in counterparts, each of which when executed and delivered shall constitute an original but all counterparts together shall constitute one and the same instrument.

G LIABILITIES

G1 Liability, Indemnity and Insurance

G1.1 Neither Party limits its liability for:

	Funding Requested	Export Wins
LsR Menswear February 2020		
LsR Womenswear February -March 2020		
Total 19/20		
ROI 19/20		

All the events are owned and run by the BFC.

The BFC is requesting the funding for the International Guest Programme and LONDONshowROOMS.

AS has been made aware to DIT, the BFC currently has no title sponsor for LFW, LFWM or the LONDONshowROOMS, which has impacted on 2019/20 budgets for the BFC to deliver the critical business support and initiatives that we provide our designers. IGP and LsRs have both been affected. The help that DIT gives is vital to these designers support initiatives, to maintaining the credibility of these events and ensures that in insecure times we can continue the level of support to our industry.

Through working with the BFC, DIT has an unrivalled opportunity to reach UK high-end fashion SMEs seeking to export. The exposure that DIT receives through this partnership gives a reputational platform for the government including the Prime Minister (Downing Street Receptions), various Secretaries of State, Ambassadors through the international exposure of London. This enables the BFC to work in partnership with DIT to give some limited support to DIT and in-market posts on fashion events and initiatives that they are delivering; identifying markets and designer liaison.

2. Introduction

The British Fashion Council (BFC) is a not-for-profit organisation that was established by the industry to promote the British fashion industry and its designer businesses by harnessing and sharing collective knowledge, experience and resources of the sector, creating a market for the industry to do business and export.

The BFC owns and organises London Fashion Week and London Fashion Week Men's, the biannual showcase of womenswear and menswear respectively.

London Fashion Week is considered on a par with its counterparts in New York, Paris and Milan, positioned as one of the four global fashion capitals based on Fashion Weeks being the marketplaces for leading designer fashion businesses. These trade events not only position the UK and London as leaders in the global fashion economy, they generate millions of pounds of business and media coverage. London Fashion Week's media value in February 2018 over two weeks was estimated to be nearly £300m, increasingly reaching a consumer audience through social media and live streaming.

LFW and LFWM showcase the best of British fashion design to an international audience, reaching 80 countries and including press and buyers from department stores, independent retailers, agents, online platforms, as well as high net worth clients. With over 5,000 guests from 50 countries, LFW and LFWM are trade events; however their reach goes beyond this: innovative leaders, these platforms are world famous; they put the UK's creativity on the map with industry and consumer audiences, and directly influence high street fashion. Domestically the reach and influence spreads to regional cities throughout the UK, globally our industry drives other areas including tourism and the creative reputation of the UK.

Underpinning the showcasing that the BFC organises for the industry the BFC offers business support and in some instances financial grants to designers at various stages of their business development through our business support initiatives, including LONDONshowROOMS. Central to this is the BFC's role in delivering bespoke and highly specialist development support to our industry, leveraging industry experts' advice and mentoring to develop growth in our emerging businesses. Partnerships with like those with DIT are key to providing the specialist business support that we give to industry.

Through the events that the BFC delivers we are uniquely positioned to put international buyers in front of British designers to achieve the greatest export sales possible. No other organisation has the same access to British brands or networks of international influencers.

3. UK-based International Selling Events – International Guest Programme

London Fashion Week (LFW) and London Fashion Week Men's (LFWM) each run twice a year providing platforms for fashion designers to showcase their collections through catwalk shows, presentations and/or having a stand in the exhibition area.

January – LFWM showing menswear autumn winter collections (delivered to stores May/June - September)

February – LFW showing womenswear autumn winter collections (delivered to stores July - September)

June – LFWM showing menswear spring summer collections (delivered to stores Nov/Dec - March)

September – LFW showing womenswear spring summer collections (delivered to stores Jan- March)

The DIT partnership will be used to accelerate designers' export potential by ensuring that both events attract the key international buyers and press to attend them through the International Guest Programme (IGP). The guests represent the important buyers that the designers want to reach, ensuring that designers feel that it is beneficial to show in London and that the decision to buy a collection is made in London. It is crucial for the designers to give their target stockists and existing buyers the opportunity to be the first to see their collection before their competitors. Furthermore the presence of these decision makers on the front row of their catwalk show adds to reputation of the designers and propels sales and coverage.

Twice a year LFW IGP invites 90 international buyers and 80 international press. For both LFWM IGP invites 60 international buyers and 30 international press. Guests are carefully targeted and chosen based on key markets that are important to the industry, through to purchasing power and influence. For LFW womenswear IGP invites 80 buyers, which is 20% of the total international buyers attending the event and 45% of the VIP attendance list. For LFWM IGP is 25% of buyers attending and 50% of the VIP attendance.

IGP is run and hosted by the BFC International Team, who work with delegates to individually tailor their schedule at LFW/LFWM, almost like a match-making service, ensuring that they are exposed to the brands that we believe offer the most potential for them, from scheduling their itinerary for the day, escorting buyers to shows, making introductions to designers and sales directors, hosting tours of the

exhibition and then post event following up between buyers and designers to support with advice and ensure orders.

Ahead of LFW/LFWM there is a seminar that the BFC holds for designers to give general advice about selling and exporting, and to promote the presence of the guests from the IGP and the opportunities that there may be with them. The BFC International team gives a summary of stores and "faces", detailed information and insights that will help designers secure new accounts. A representative of DIT is invited to speak and explain the different ways that DIT can help designers to win exports and be introduced to new markets.

In 2019/20 the BFC will deliver:

- IGP to bring a minimum of 520 visits by guests through 2019-20
- Key current markets include (those in bold are aligned with DIT priority markets): Asia: **China, Japan, Hong Kong, South Korea**
Europe: **France, Italy and Germany**
USA and Canada
- Funding will be used to contribute to costs including accommodation, marketing, PR and consultancy costs.

- Generate DIT pipeline of introducing UK designers to international markets: LFW involves approximately 160 designers per season, LFWM is a younger, smaller event, and reaches approximately 90 designers.
- DIT will be acknowledged to buyers via the letters that are sent to buyers ahead of each event.
- DIT will be introduced to designers at the seminar and also in the pre-event letter where it is highlighted that DIT has supported the IGP.

This would need to be paid for by DIT in addition to the agreed budget.

Suggested guests would need sign-off by the BFC to ensure their fit and relevance to the programme and our strategic aims.

4. International In-Market Selling Events - LONDON show ROOMS

The BFC LONDONshowROOMS (LsR) initiative is a trade mission to promote the excellence and creativity of emerging fashion to international press and buyers in foreign markets. Designers display

their collections in a shared venue so that they benefit from overarching promotion, support from BFC advisors and higher throughput and quality of international press and buyers who attend from all over the world.

Through partnering with the BFC on this event, DIT is enabling young, emerging designers to accelerate their export sales, thereby achieving Export Wins. The showroom in Paris is critical to designers because of high attendance from both press and buyers, who attend from all over the world. Paris is the last in the fashion cycle, and so many buyers make their purchasing decisions there. Many emerging designers would not be able to fund their presence in this key market without the support given to them from the LsRs.

This initiative has boosted exports for over 150 designers since October 2008 and has taken designers to Asian and American markets, with showrooms in New York, Los Angeles, Sao Paulo and Hong Kong.

The BFC will deliver:

- 2 LsRs per annum in Paris, one womenswear, one menswear
 - Output: total of £1.2mil Export Wins achieved
 - Funding will be used to support the operations of the showroom and staffing, including specialist international fashion consultants.
- [REDACTED]
- Generate DIT pipeline of introducing UK designers to international markets: Each LsR supports approximately 15 designer brands. With an estimated 500 buyers attending each LsR in Paris.
 - Designers will be told about DIT export support via information given to them at the LsR seminar, which prepares designers ahead of the showroom so that they can maximise the potential orders.

5. Promotion of DIT Support and Opportunities for the GREAT Campaign

The BFC will partner with DIT to promote DIT support through:

- DIT listed as “partner” in all relevant collateral and press releases, including use of the DIT or GREAT logo where appropriate.
- Presence on all digital ad panels on site at LFW and LFWM, support DIT to link to designers to create Fashion is GREAT collateral.
- Help DIT liaise with designers to create new artwork for LFW and LFWM
- DIT Fashion International Trade Advisors (ITAs) to attend LFW and LFWM to show support and meet companies. Enable DIT access to designers/industry: Unlimited passes to allow access to the LFW and LFWM exhibitions and 2 tickets to 3 catwalk shows in the LFW and LFWM BFC show space
- DIT or GREAT logo in official event programme
- DIT or GREAT logo on event websites, listed as “supporter”

- To follow up with opted-in designers at BFC events to advertise the London Fashion Teams' services and offer introductions to Trade Advisors
- BFC to alert GREAT campaign of any opportunities for collaboration and keep them updated of our initiatives and international events pipeline (subject to separate funding)

Logo use will follow DIT/GREAT guidance. The BFC will seek DIT's sign off on all logo usage and press releases.

6. Reporting

The BFC will provide the following:

- Full details of all designer businesses. Details will be filled in and submitted to DIT on their CDMS.
- Export Wins forms: when order books have closed for each season, approximately 3 months after each event (May for LFW and April for LFWM). BFC will deliver EWs 4 weeks after the closing of order books.

- Helping DIT chase up export win responses by following up with designers and encouraging them to respond
- The BFC is working with DIT to see if the collection and verification of EW data can come via data that is gathered from Buyers.
- A report will be given with total sales by IGP buyers at each event, again this will be after closing of order books
- Full project management, with monthly update meetings with DIT
