The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence during the subsequent 12 months. The Framework Agreement is for the supply of Medical Consumables to DHL (or other nominated) depots for the PIPP.

The Framework Agreement between NHS Supply Chain and successful suppliers will reserve the right to purchase the same or similar supplies and/or services from suppliers not appointed to the Framework Agreement at its sole discretion.

Whilst it is anticipated that expenditure under any forthcoming procurement will be in the region of 4 339 237.50 GBP for this contract award, this is approximate only and the values will be to such level as those purchasing under the Framework Agreement consider necessary to provide suitable requirements.
