2 GENERAL PRINCIPLES OF CHANGE CONTROL PROCEDURE

2.1 This Schedule 8.2 sets out the procedure for dealing with Changes.

- 2.2 The Supplier shall appoint a person as the Supplier Change Manager and the Authority shall appoint a person (or persons) as the Authority Change Manager(s) for the purposes of managing the Parties' respective obligations under this Schedule 8.2 and provide written notification of such appointment to the other Party within 3 months of the Implementation Services Commencement Date. The Supplier Change Manager shall be responsible for ensuring that the Supplier and its employees, agents and Sub-contractors comply with this Schedule 8.2. The Supplier shall ensure that the Supplier Change Manager has the requisite authority to arrange and procure any resources of the Supplier as are reasonably necessary to enable the Supplier to comply with the requirements set out in this Schedule 8.2. The Supplier Change Manager and the Authority Change Manager(s) will liaise with one another in relation to all issues relevant to Changes under this Agreement.
- 2.3 Operational Changes shall be processed in accordance with Paragraph 9. If either Party is in doubt about whether a change falls within the definition of an Operational Change, then it must be processed as a Contract Change.
- 2.4 Contract Changes that implement or otherwise relate to a Channel Mix Change, a HAS Change or a Volume Pivot shall be processed in accordance with the Specialised Change Control Procedure in Paragraph 10.
- 2.5 The Parties shall deal with Contract Change as follows:
- (a) either Party may request a Contract Change which they shall initiate by issuing a Change Request in accordance with Paragraph 4;
 - (b) unless this Agreement otherwise requires, the Supplier shall assess and document the potential impact of a proposed Contract Change in accordance with Paragraph 5 before the Contract Change can be either approved or implemented;
 - (c) the Authority shall have the right to request amendments to a Change Request, approve it or reject it in the manner set out in Paragraph 6;
 - (d) the Supplier shall have the right to reject a Change Request solely in the manner set out in Paragraph 7;
 - (e) save as otherwise provided in this Agreement, no proposed Contract Change shall be implemented by the Supplier until a Change Authorisation Note has been signed and issued by the Authority in accordance with Paragraph 6.2; and
 - (f) if a proposed Contract Change is a Fast-track Change, it shall be processed in accordance with Paragraph 8.
- 2.6 To the extent that any Contract Change requires testing and/or a programme for implementation, then the Parties shall follow the procedures set out in the Change Authorisation Note relating to such a Contract Change. The Change Authorisation Note shall specify Milestones and Milestone Date(s) in respect of such Contract Change for the purposes of such procedures.
- 2.7 Until a Change Authorisation Note has been signed and issued by the Authority in accordance with Paragraph 6.2, then:
- (a) unless the Authority expressly agrees (or requires) otherwise in writing, the Supplier shall continue to supply the Services in accordance with the

existing terms of this Agreement as if the proposed Contract Change did not apply; and

- (b) any discussions, negotiations or other communications which may take place between the Authority and the Supplier in connection with any proposed Contract Change, including the submission of any Change Communications, shall be without prejudice to each Party's other rights under this Agreement.

- 2.8 The Authority may provide to the Supplier from time to time a conformed copy of this Agreement which reflects all Contract Changes that have been agreed since the Effective Date.

3 CHARGES AND COSTS

- 3.1 Subject to Paragraph 3.3, any changes to the Charges shall be determined following the Target Cost Review process set out in Schedule 7.1 (*Charges and Invoicing*).
- 3.2 Any Costs incurred by the Supplier in preparing a Change Request, an Impact Assessment or progressing any Change Requests or information requests (see Paragraph 13) in accordance with this Schedule 8.2 shall be met by the Supplier within the Costs forming part of the Target Costs.
- 3.3 Any change to the Charges resulting from a Contract Change (whether the change will cause an increase or a decrease in the Charges) will be strictly proportionate to the increase or decrease in the level of resources required for the provision of the Services as amended by the Contract Change.
- 3.4 Both Parties' costs incurred in respect of any use of this Change Control Procedure as a result of any error or Default by the Supplier shall be paid by the Supplier.

4 CHANGE REQUEST

- 4.1 Either Party may issue a Change Request to the other Party at any time during the Term. A Change Request shall be substantially in the form of Annex 1 and state whether the Party issuing the Change Request considers the proposed Contract Change to be a Fast-track Change or a Contract Change to which the Specialised Change Control Procedure applies. The Supplier shall prepare an Impact Assessment in relation to every Change Request, to be provided to the Authority in accordance with the timescales set out in Paragraphs 4.2 and 4.3.
- 4.2 If the Supplier issues the Change Request, then it shall also provide an Impact Assessment to the Authority with the Change Request (unless otherwise agreed with the Authority). If the Authority reasonably considers that it requires further information or clarifications regarding the proposed Change Request so that it may properly evaluate the Change Request, then promptly within a reasonable time of receiving the Change Request, it shall notify the Supplier of this fact and detail the further information and/or clarification that it requires. The Supplier shall then respond to those clarifications and re-issue a revised Change Request and/or Impact Assessment within five (5) Working Days of receiving such notification (unless otherwise agreed with the Authority). At the Authority's discretion, the Parties may repeat the process described in this Paragraph 4.2 until the Authority is satisfied that it has sufficient information to properly evaluate the Change Request and any related Impact Assessment. Unless otherwise confirmed by the Authority at the time of the Change Request, the aim of the Parties shall be to agree any Impact Assessments within 30 days of the relevant Change Request.

- 4.3 If the Authority issues the Change Request, then the Authority will consider the timescales associated with each Change Request in its own right and will provide a proposed deadline and such other timescale requirements relating to the proposed Contract Change and any required Impact Assessment from the Supplier (which could include, without limitation, the timescale for implementation of the proposed Contract Change if confirmed by the Authority) that it considers to be reasonable in all circumstances. Should the Supplier be unable to meet that deadline and/or the other timescale requirements, then it should contact the Authority as soon as possible with its reasons for being unable to do so requesting an extension. An alternative deadline and/or other timescale requirements will then be considered by the Authority acting reasonably and may be notified to the Supplier. For the avoidance of doubt the Authority may, having considered the request, reject any extension request from the Supplier and require the Supplier to comply with the original timescales where the Authority considers these are reasonable notwithstanding any reasons put forward by the Supplier as to why it is unable to meet such original deadline and/or the other related timescale requirements.
- 4.4 If the Supplier requires any clarification in relation to the Change Request before it can deliver the Impact Assessment, then it shall promptly make a request for clarification to the Authority and provided that sufficient information is received by the Authority to fully understand:

- (a) the nature of the request for clarification; and
- (b) the reasonable justification for the request,

the time period to complete the Impact Assessment shall be extended by the time taken by the Authority to provide that clarification. The Authority shall respond to the request for clarification as soon as is reasonably practicable.

- (a) details of the proposed Contract Change including the reason for the Contract Change;

- 5.3 Subject to the provisions of Paragraph 5.4, the Authority shall review the Impact Assessment and respond to the Supplier within a reasonable period of time taking into account the nature of the proposed Contract Change.

Following receipt by the Authority of the Change Authorisation Note, it shall sign both copies and return one copy to the Supplier. On the Authority's signature the Change Authorisation Note shall constitute (or, where the Authority has agreed to or required the implementation of a Change prior to signature of a Change Authorisation Note, shall constitute confirmation of) a binding variation to this Agreement.

6.3 If the Authority does not sign the Change Authorisation Note within 10 Working Days following delivery by the Supplier, then the Supplier shall have the right to notify the Authority and if the Authority does not sign the Change Authorisation Note within 5 Working Days of such notification, then the Supplier may refer the matter to the Expedited Dispute Timetable pursuant to the Dispute Resolution Procedure.

7 SUPPLIER'S RIGHT OF APPROVAL

7.1 Following an Impact Assessment, if:

- (a) the Supplier reasonably believes that any proposed Contract Change which is requested by the Authority would:

 - (ii) require the Services to be performed in a way that infringes any Law; and/or
- (b) the Supplier demonstrates to the Authority's reasonable satisfaction that the proposed Contract Change is technically impossible to implement and neither the Supplier Solution nor the Services Description state that the Supplier does have the technical capacity and flexibility required to implement the proposed Contract Change,

If the Authority fails to set a revised deadline, then the use of the Expedited Dispute Timetable shall cease and the normal time periods shall apply from that point onwards.

4 COMMERCIAL NEGOTIATION

- 4.1 Following the service of a Dispute Notice, then, so long as the Authority has not served a Multi-Party Procedure Initiation Notice in respect of the relevant Dispute, the Authority and the Supplier (acting in good faith) shall make reasonable endeavours to resolve the Dispute as soon as possible by commercial negotiation between the Authority's Deputy Director (or equivalent) and the Supplier's Commercial Director (or equivalent).

- 4.2 If:
- (a) the Parties, acting reasonably and with due consideration to the value and nature of the Dispute, have already held discussions of a nature and intent (or otherwise were conducted in the spirit) that would equate to the conduct of commercial negotiation in accordance with this Paragraph 4; or

If the Parties are unable to agree on the joint appointment of the Mediator within such 20 Working Days, then either Party may apply to CEDR to nominate such a person.
- 5.3 If the Parties are unable to reach a settlement in the negotiations at the mediation, and only if both Parties so request and the Mediator agrees, the Mediator shall produce for the Parties a non-binding recommendation on terms of settlement. This shall not attempt to anticipate what a court might order but shall set out what the Mediator suggests are appropriate settlement terms in all the circumstances.
- 5.4 Any settlement reached in the mediation shall not be legally binding until it has been reduced to writing and signed by, or on behalf of, the Parties (in accordance with the Change Control Procedure where appropriate) and stated to be as such. The Mediator shall assist the Parties in recording the outcome of the mediation.

The Supplier shall not commence any court proceedings or arbitration until the expiry of such 15 Working Day period.
- 7.3 If the Authority serves a Counter Notice, then:
- (a) if the Counter Notice requires the Dispute to be referred to arbitration, the provisions of Paragraph 7.5 shall apply; or
 - (b) if the Counter Notice requires the Dispute to be subject to the exclusive jurisdiction of the courts of England and Wales, the Dispute shall be so referred to those courts and the Supplier shall not commence arbitration proceedings.
- 7.4 If the Authority does not serve a Counter Notice within the 15 Working Day period referred to in Paragraph 7.2, the Supplier may either commence arbitration proceedings in accordance with Paragraph 7.5 or commence court proceedings in the Courts of England and Wales which shall (in those circumstances) have exclusive jurisdiction.

If the first and second arbitrator appointed fail to agree upon a third arbitrator within 10 Working Days of the appointment of the second arbitrator, the third arbitrator shall, at the request of either Party, be appointed by the LCIA;
 - (g) the arbitration proceedings shall take place in London and in the English language; and

- 9.3 If following the issue of a Dispute Notice but before the Dispute has been referred to Expert Determination in accordance with Paragraph 6 or to arbitration in accordance with Paragraph 7, the Supplier has reasonable grounds to believe that the matters giving rise to the Dispute involve one or more Related Third Parties, the Supplier may serve a Supplier Request on the Authority.
- 9.4 The Authority shall (acting reasonably) consider each Supplier Request and shall determine within 5 Working Days whether the Dispute is:
- (a) a Multi-Party Dispute, in which case the Authority shall serve a Multi-Party Procedure Initiation Notice on the Supplier; or
 - (b) not a Multi-Party Dispute, in which case the Authority shall serve written notice of such determination upon the Supplier and the Dispute shall be treated in accordance with Paragraphs 3 to 8.

- (c) in seeking to resolve or settle any Multi-Party Dispute, the members of the Multi-Party Dispute Resolution Board shall have regard to the principle that a Multi-Party Dispute should be determined based on the legal rights and obligations between the Parties and the Related Third Parties and that any apportionment of costs should reflect the separate components of the Multi-Party Dispute.

9.8 If a Multi-Party Dispute is not resolved between the Parties and all Related Third Parties within 25 Working Days of the issue of the Multi-Party Procedure Initiation Notice (or such longer period as the Parties may agree in writing), then:

If the Parties are unable to agree the contents of the Exit Plan within 20 Working Days following its delivery to the Authority then such Dispute shall be resolved in accordance with the Dispute Resolution Procedure. Until the agreement of the final form of the Exit Plan, the Supplier shall provide the Termination Services in accordance with the principles set out in this Schedule 8.5 and the last approved version of the Exit Plan (insofar as relevant).

- (E) The Parties wish to enter into this Agreement to ensure that a set of management processes, barriers and disciplines are put in place to ensure that conflicts of interest do not arise, and that the Counterparty does not obtain an unfair competitive advantage over Other Bidders.

 - (b) within three calendar months of the Service Continuity Plan (or any part) having been invoked pursuant to Paragraph 9 of this Part A;
 - (c) within 14 days of a Financial Distress Event;
 - (d) within 30 days of a Corporate Change Event (unless the Relevant Authority (acting reasonably) agrees to a Grace Period, as set out in Paragraph 2.8(b)(i) of Part B, in which case that Grace Period will apply); and
 - (e) where the Authority requests any additional reviews (over and above those provided for in Paragraphs 7.1(a) to 7.1(d) of this Part A) by notifying the Supplier to such effect in writing, whereupon the Supplier

shall conduct such reviews in accordance with the Authority's written requirements. Prior to starting its review, the Supplier shall provide an accurate written estimate of the total costs payable by the Authority for the Authority's approval. The costs of both Parties of any such additional reviews shall be met by the Authority except that the Supplier shall not be entitled to charge the Authority for any costs that it may incur above any estimate without the Authority's prior written approval.

- 7.2 Each review of the Service Continuity Plan pursuant to Paragraph 7.1 of this Part A shall be a review of the procedures and methodologies set out in the Service Continuity Plan and shall assess their suitability having regard to any change to the Services or any underlying business processes and operations facilitated by or supported by the Services which have taken place since the later of the original approval of the Service Continuity Plan or the last review of the Service Continuity Plan and shall also have regard to any occurrence of any event since that date (or the likelihood of any such event taking place in the foreseeable future) which may increase the likelihood of the need to invoke the Service Continuity Plan. The review shall be completed by the Supplier within the period required by the Service Continuity Plan or, if no such period is required, within such period as the Authority shall reasonably require. The Supplier shall, within 20 Working Days of the conclusion of each such review of the Service Continuity Plan, provide to the Authority a report (a "**Review Report**") setting out:
- (a) the findings of the review;
 - (b) any changes in the risk profile associated with the Services; and
 - (c) the Supplier's proposals (the "**Supplier's Proposals**") for addressing any changes in the risk profile and its proposals for amendments to the Service Continuity Plan following the review detailing the impact (if any and to the extent that the Supplier can reasonably be expected to be aware of the same) that the implementation of such proposals may have on any services or systems provided by a third party.
- 7.3 Following receipt of the Review Report and the Supplier's Proposals, the Authority shall:
- (a) review and comment on the Review Report and the Supplier's Proposals as soon as reasonably practicable; and
 - (b) notify the Supplier in writing that it approves or rejects the Review Report and the Supplier's Proposals no later than 20 Working Days after the date on which they are first delivered to the Authority.
- 7.4 If the Authority rejects the Review Report and/or the Supplier's Proposals:
- (a) the Authority shall inform the Supplier in writing of its reasons for its rejection; and
 - (b) the Supplier shall then revise the Review Report and/or the Supplier's Proposals as the case may be (taking reasonable account of the Authority's comments and carrying out any necessary actions in connection with the revision) and shall re-submit a revised Review Report and/or revised Supplier's Proposals to the Authority for the Authority's approval within 20 Working Days of the date of the Authority's notice of rejection. The provisions of Paragraph 7.3 of this Part A and this Paragraph 7.4 shall apply again to any resubmitted Review Report and

Supplier's Proposals, provided that either Party may refer any disputed matters for resolution by the Dispute Resolution Procedure at any time.

- 7.5 The Supplier shall as soon as is reasonably practicable after receiving the Authority's approval of the Supplier's Proposals (having regard to the significance of any risks highlighted in the Review Report) effect any change in its practices or procedures necessary so as to give effect to the Supplier's Proposals. Any such change shall be at the Supplier's expense unless it can be reasonably shown that the changes are required because of a material change to the risk profile of the Services.

8 TESTING OF THE SERVICE CONTINUITY PLAN

- 8.1 The Supplier shall test the Service Continuity Plan on a regular basis (and in any event not less than once in every Service Delivery Year). Subject to Paragraph 8.2 of this Part A, the Authority may require the Supplier to conduct additional tests of some or all aspects of the Service Continuity Plan at any time where the Authority considers it necessary, including where there has been any change to the Services or any underlying business processes, or on the occurrence of any event which may increase the likelihood of the need to implement the Service Continuity Plan.
- 8.2 If the Authority requires an additional test of the Service Continuity Plan, it shall give the Supplier written notice and the Supplier shall conduct the test in accordance with the Authority's requirements and the relevant provisions of the Service Continuity Plan. The Supplier's costs of the additional test shall be borne by the Authority unless the Service Continuity Plan fails the additional test in which case the Supplier's costs of that failed test shall be borne by the Supplier.
- 8.3 The Supplier shall undertake and manage testing of the Service Continuity Plan in full consultation with the Authority and shall liaise with the Authority in respect of the planning, performance, and review, of each test, and shall comply with the reasonable requirements of the Authority in this regard. Each test shall be carried out under the supervision of the Authority or its nominee.
- 8.4 The Supplier shall ensure that any use by it or any Sub-contractor of "live" data in such testing is first approved with the Authority. Copies of live test data used in any such testing shall be (if so required by the Authority) destroyed or returned to the Authority on completion of the test.
- 8.5 The Supplier shall, within 20 Working Days of the conclusion of each test, provide to the Authority a report setting out:
- (a) the outcome of the test;
 - (b) any failures in the Service Continuity Plan (including the Service Continuity Plan's procedures) revealed by the test; and
 - (c) the Supplier's proposals for remedying any such failures (as well as any lessons learned and plans for general improvements).
- 8.6 Following each test, the Supplier shall take all measures requested by the Authority, (including requests for the re-testing of the Service Continuity Plan) to remedy any failures in the Service Continuity Plan and such remedial activity and re-testing shall be completed by the Supplier, at no additional cost to the Authority, by the date reasonably required by the Authority and set out in such notice.

- 8.7 The plans prepared by the Supplier pursuant to Paragraph 8.6 of this Part A shall include clearly assigned roles and responsibilities for action points, clear timescales and deadlines for completion and regular progress checks and updates.
- 8.8 For the avoidance of doubt, the carrying out of a test of the Service Continuity Plan (including a test of the Service Continuity Plan's procedures) shall not relieve the Supplier of any of its obligations under this Agreement.
- 8.9 The Supplier shall also perform a test of the Service Continuity Plan in the event of any major reconfiguration of the Services or as otherwise reasonably requested by the Authority.

9 INVOCATION OF THE SERVICE CONTINUITY PLAN

- 9.1 In the event of a loss of any critical part of the Service or a Disaster, the Supplier shall immediately invoke the business continuity and disaster recovery provisions in the Service Continuity Plan, including any linked elements in other parts of the Service Continuity Plan, and shall inform the Authority promptly of such invocation. In all other instances the Supplier shall invoke the business continuity and disaster recovery plan elements only with the prior consent of the Authority.
- 9.2 The Insolvency Continuity Plan element of the Service Continuity Plans, including any linked elements in other parts of the Service Continuity Plan, shall be invoked by the Supplier:
- (a) where an Insolvency Event of a Key Sub-contractor and/or Supplier Group member (other than the Supplier) could reasonably be expected to adversely affect delivery of the Services; and/or
 - (b) where there is an Insolvency Event of the Supplier and the insolvency arrangements enable the Supplier to invoke the plan.

1 INDEMNITIES

- 1.1 This Part A shall apply to the conduct, by a Party from whom an indemnity is sought under this Agreement (the “**Indemnifier**”), of claims made by a third person against a party having (or claiming to have) the benefit of the indemnity (the “**Beneficiary**”), provided always that this Part A shall not apply (and Part B shall apply) in respect of any Authority Sensitive Claim.
- 1.2 If the Beneficiary receives any notice of any claim for which it appears that the Beneficiary is, or may become, entitled to indemnification under this Agreement (a “**Claim**”), the Beneficiary shall give notice in writing to the Indemnifier as soon as reasonably practicable and in any event within ten (10) Working Days of receipt of the same.
- 1.3 Subject to Paragraph 2, on the giving of a notice by the Beneficiary, where it appears that the Beneficiary is or may be entitled to indemnification from the Indemnifier in respect of all (but not part only) of the liability arising out of the Claim, the Indemnifier shall (subject to providing the Beneficiary with a secured indemnity to its reasonable satisfaction against all costs and expenses that it may incur by reason of such action) be entitled to dispute the Claim in the name of the Beneficiary at the Indemnifier’s own expense and take conduct of any defence, dispute, compromise or appeal of the Claim and of any incidental negotiations relating to the Claim. If the Indemnifier does elect to conduct the Claim, the Beneficiary shall give the Indemnifier all reasonable cooperation, access and assistance for the purposes of such Claim and, subject to Paragraph 2.2, the Beneficiary shall not make any admission which could be prejudicial to the defence or settlement of the Claim without the prior written consent of the Indemnifier.
- 1.4 With respect to any Claim conducted by the Indemnifier pursuant to Paragraph 1.3:
 - (a) the Indemnifier shall keep the Beneficiary fully informed and consult with it about material elements of the conduct of the Claim;
 - (b) the Indemnifier shall not bring the name of the Beneficiary into disrepute;
 - (c) the Indemnifier shall not pay or settle such Claim without the prior written consent of the Beneficiary, such consent not to be unreasonably withheld or delayed; and

- 1.5 The Beneficiary shall be entitled to have conduct of the Claim and shall be free to pay or settle any Claim on such terms as it thinks fit and without prejudice to its rights and remedies under this Agreement if:
 - (a) the Indemnifier is not entitled to take conduct of the Claim in accordance with Paragraph 1.3;
 - (b) the Indemnifier fails to notify the Beneficiary in writing of its intention to take conduct of the relevant Claim within ten (10) Working Days of the notice from the Beneficiary or if the Indemnifier notifies the Beneficiary in writing that it does not intend to take conduct of the Claim; or
 - (c) the Indemnifier fails to comply in any material respect with the provisions of Paragraph 1.4.

2 SENSITIVE CLAIMS

- 2.1 With respect to any Claim which the Beneficiary, acting reasonably, considers is likely to have an adverse impact on the general public's perception of the Beneficiary (a “**Sensitive Claim**”), the Indemnifier shall be entitled to take conduct of any defence, dispute, compromise or appeal of the Sensitive Claim only with the Beneficiary's prior written consent. If the Beneficiary withholds such consent and elects to conduct the defence, dispute, compromise or appeal of the Sensitive Claim itself, it shall conduct the Sensitive Claim with all due diligence and if it fails to do so, the Indemnifier shall only be liable to indemnify the Beneficiary in respect of that amount which would have been recoverable by the Beneficiary had it conducted the Sensitive Claim with all due diligence.
- 2.2 The Beneficiary shall be free at any time to give written notice to the Indemnifier that it is retaining or taking over (as the case may be) the conduct of any Claim, to which Paragraph 1.3 applies if, in the reasonable opinion of the Beneficiary, the Claim is, or has become, a Sensitive Claim.

- 1.2 On the giving of a notice by the Supplier pursuant to Paragraph 1.1, the Authority shall be entitled to take over conduct of the Authority Sensitive Claim (where applicable) in the name of the Supplier at the Authority's own expense (including the conduct of any discussions, negotiations, settlement, defence, dispute, compromise and/or appeal in connection with or relating to such Authority Sensitive Claim), provided always that, subject to the provisions of Annex 3, Appendix 1 (*Legal Costs – Claimant Cases*) to Schedule 7.1 (*Charges and Invoicing*) and to the Authority's compliance with Paragraph 1.4, nothing in this Paragraph 1.2 shall reduce the Supplier's liability under the indemnity in Clause 26.13 (*Limitations on Liability and Liquidated Damages*) as a result of the Authority taking over conduct of such Authority Sensitive Claim pursuant to this Part B.
- 1.3 If the Authority does elect to take over conduct of the Authority Sensitive Claim, the Supplier shall give the Authority (and its representatives and advisers) all reasonable cooperation and assistance (including access to Supplier Personnel and/or to any relevant information, data and/or records (including advice received from third parties)) for the purposes of such Authority Sensitive Claim and the Supplier shall not make any comment and/or admission and/or take any further action in connection with such Authority Sensitive Claim which could be prejudicial to the conduct of such Authority Sensitive Claim and/or which could reasonably be prejudicial to the interests and/or reputation of the Authority (having regard to, amongst other things, the grounds upon which the Authority is exercising its right to take conduct of such Authority Sensitive Claim, as referred to in limbs (a) to (d) (inclusive) of the definition of Authority Sensitive Claim) without the prior written consent of the Authority.
- 1.4 With respect to any Authority Sensitive Claim conducted by the Authority pursuant to Paragraph 1.3:
 - (a) the Authority shall keep the Supplier fully informed and consult with it about material elements of the conduct of such Authority Sensitive Claim;
 - (b) the Authority shall not bring the name of the Supplier into disrepute, provided always that the Authority shall not be in breach of this obligation to the extent that the nature of and/or circumstances giving rise to the Authority Sensitive Claim in question arise as a result of any act, omission or default by the Supplier and:
 - (i) the nature of and/or circumstances giving rise to such Authority Sensitive Claim of themselves operate (or may reasonably be expected to operate) to bring the name of the Supplier into disrepute; and

- (ii) the Authority (in conducting such Authority Sensitive Claim in the manner referred to in Paragraph 1.4(d)) has taken such steps as may reasonably be expected to be taken by the Authority (having regard to all relevant circumstances) to limit the Supplier's name being brought into further disrepute;
 - (c) the Authority shall not pay or settle such Authority Sensitive Claim without the prior written consent of the Supplier (such consent not to be unreasonably withheld or delayed) to the extent only that the Supplier shall be responsible for the whole (or such relevant part) of any such payment and/or settlement; and
 - (d) the Authority shall conduct the Claim with all due diligence.
- 1.5 The Supplier shall be entitled to have conduct of an Authority Sensitive Claim and shall be free to pay or settle such Authority Sensitive Claim on such terms as it thinks fit and without prejudice to its rights and remedies under this Agreement if:
- (a) the Authority is not entitled to take conduct of the Authority Sensitive Claim in accordance with Paragraph 1.3;
 - (b) the Authority fails to notify the Supplier in writing of its intention to take conduct of the relevant Authority Sensitive Claim within ten (10) Working Days of the notice from the Supplier or if the Authority notifies the Supplier in writing that it does not intend to take conduct of the Authority Sensitive Claim; or
 - (c) the Authority fails to comply in any material respect with the provisions of Paragraph 1.4.

2 AUTHORITY SENSITIVE CLAIMS

- 2.1 For the purposes of this Part B, an “**Authority Sensitive Claim**” shall mean a claim, potential claim, dispute or legal proceedings initiated against or directed at (as the case may be) the Supplier (whether alone or with the Authority) by a Claimant and/or their representatives (including any representative in relation to the Claimant's estate) in connection with the performance of the Services by the Supplier pursuant to this Agreement, the value of which claim, potential claim, dispute or legal proceedings:

means other than the NHS Broadly Comparable Employees, each of the Fair Deal Employees who at a Relevant Transfer Date was a member of, or was entitled to become a member of, or but for their compulsory transfer of employment would have been entitled to be or become a member of, the NHSPS as a result of either:

- (a) their employment with the Authority, an NHS Body or other employer which participates automatically in the NHSPS; or
- (b) their employment with a Former Supplier who provides access to either the NHSPS pursuant to a Direction Letter/Determination or to a Broadly Comparable pension scheme in respect of their employment with that Former Supplier (on the basis that they are entitled to protection under New Fair Deal (or previous guidance), having been formerly in employment with the Authority, an NHS Body or other employer who participated automatically in the NHSPS in connection with the Services, prior to being employed by the Former Supplier),

and, in each case, being continuously engaged for more than fifty per cent (50%) of their employed time in the delivery of services (the same as or similar to the Services).

For the avoidance of doubt, an individual who is in or entitled to become a member of the NHSPS as a result of being engaged in the Services and being covered by an "open" Direction Letter/Determination or other NHSPS "access" facility but who has never been employed directly by the Authority, an NHS Body or other body which participates automatically in the NHSPS is not an NHSPS Fair Deal Employee;

"NHS Body"

"NHS Premature Retirement Rights"

means rights to which any NHSPS Fair Deal Employee (had they remained in the employment of the Authority, an NHS Body or other employer which participates automatically in the NHSPS) would have been or is entitled under the NHS Pension Scheme Regulations, the NHS Compensation for Premature Retirement Regulations 2002 (SI 2002/1311), the NHS (Injury Benefits) Regulations 1995 (SI 1995/866) and section 45 of the General Whitley Council conditions of service, or any other legislative or contractual provision which replaces, amends, extends or consolidates the same from time to time; and

"Pension Benefits"

means any benefits payable in respect of an individual (including but not limited to pensions related allowances and lump sums) relating to old age, invalidity or survivor's benefits provided under an occupational pension scheme.

2 MEMBERSHIP OF THE NHSPS

- 2.1 In accordance with New Fair Deal, the Supplier and/or any of its Sub-contractors to which the employment of any NHSPS Fair Deal Employee compulsorily transfers as a result of either the award of this Agreement or a Relevant Transfer, if not an NHS Body or other employer which participates automatically in the NHSPS, shall each secure a Direction Letter/Determination to enable the NHSPS Fair Deal Employees to retain either continuous active membership of or eligibility for the NHSPS for so long as they remain employed in connection with the delivery of the Services under this Agreement.
- 2.2 Where it is not possible for the Supplier and/or any of its Sub-contractors to secure a Direction Letter/Determination on or before the Relevant Transfer Date, the Supplier must secure a Direction Letter/Determination as soon as possible after the Relevant Transfer Date, and in the period between the Relevant Transfer Date and the date the Direction Letter/Determination is secure, the Supplier must ensure that:
 - (a) all employer's and NHSPS Fair Deal Employees' contributions intended to go to the NHSPS are kept in a separate bank account; and
 - (b) the Pension Benefits and NHS Premature Retirement Rights of NHSPS Fair Deal Employees are not adversely affected.

- 2.3 The Supplier must supply to the Authority a complete copy of each Direction Letter/Determination within 5 Working Days of receipt of the Direction Letter/Determination.
- 2.4 The Supplier must ensure (and procure that each of its Sub-contractors (if any) ensures) that all of its NHSPS Fair Deal Employees have a contractual right to continuous active membership of or eligibility for the NHSPS for so long as they have a right to membership or eligibility of that scheme under the terms of the Direction Letter/Determination.
- 2.5 The Supplier will (and will procure that its Sub-contractors (if any) will) comply with the terms of the Direction Letter/Determination, the NHS Pension Scheme Regulations (including any terms which change as a result of changes in Law) and any relevant policy issued by the Department of Health and Social Care in respect of the NHSPS Fair Deal Employees for so long as it remains bound by the terms of any such Direction Letter/Determination.
- 2.6 Where any employee omitted from the Direction Letter/Determination supplied in accordance with Paragraph 2 of this Annex are subsequently found to be an NHSPS Fair Deal Employee, the Supplier will (and will procure that its Sub-contractors (if any) will) treat that person as if they had been an NHSPS Fair Deal Employee from the Relevant Transfer Date so that their Pension Benefits and NHS Premature Retirement Rights are not adversely affected.
- 2.7 The Supplier will (and will procure that its Sub-contractors (if any) will) provide any indemnity, bond or guarantee required by NHS Pensions in relation to a Direction Letter/Determination.

3 NHS PREMATURE RETIREMENT RIGHTS

- 3.1 From the Relevant Transfer Date until the Service Transfer Date, the Supplier must provide (and/or must ensure that its Sub-contractors (if any) provide) NHS Premature Retirement Rights in respect of the NHSPS Fair Deal Employees that are identical to the benefits they would have received had they remained employees of the Authority, an NHS Body or other employer which participates automatically in the NHSPS.

4 NHS BROADLY COMPARABLE EMPLOYEES

- 4.1 The Supplier shall (and procure that its Sub-contractors shall), with effect from the Relevant Transfer Date, offer the NHSPS Broadly Comparable Employees membership of a pension scheme which is Broadly Comparable to NHSPS on the Relevant Transfer Date in accordance with Paragraph 10 of Part D. For the avoidance of doubt, this requirement is separate from any requirement to offer a Broadly Comparable pension scheme in accordance with Paragraph 5.2 below.

5 BREACH AND CANCELLATION OF ANY DIRECTION LETTER/DETERMINATION(S)

- 5.1 The Supplier agrees that the Authority is entitled to make arrangements with NHS Pensions for the Authority to be notified if the Supplier (or its Sub-contractors) breaches the terms of its Direction Letter/Determination. Notwithstanding the provisions of the foregoing, the Supplier shall notify the Authority in the event that it (or its Sub-contractor) breaches the terms of its Direction Letter/Determination.
- 5.2 If the Supplier (or its Sub-contractors, if relevant) ceases to participate in the NHSPS for whatever reason, the Supplier (or any such Sub-contractor, as appropriate) shall offer the NHSPS Eligible Employees membership of a pension scheme which is

Broadly Comparable to the NHSPS on the date the NHSPS Eligible Employees ceased to participate in the NHSPS in accordance with the provisions of Paragraph 11 of Part D.

6 COMPENSATION

6.1 If the Supplier (or its Sub-contractor, if relevant) is unable to provide the NHSPS Fair Deal Employees with either membership of:

- (a) the NHSPS (having used its best endeavours to secure a Direction Letter/Determination); or
- (b) a Broadly Comparable pension scheme,

the Authority may in its sole discretion permit the Supplier (or any of its Sub-contractors) to compensate the NHSPS Fair Deal Employees in a manner that is Broadly Comparable or equivalent in cash terms, the Supplier (or Sub-contractor as relevant) having consulted with a view to reaching agreement with any recognised trade union or, in the absence of such body, the NHSPS Fair Deal Employees. The Supplier must meet (or must procure that the relevant Sub-contractor meets) the costs of the Authority determining whether the level of compensation offered is reasonable in the circumstances.

6.2 This flexibility for the Authority to allow compensation in place of Pension Benefits is in addition to and not instead of the Authority's right to terminate the Agreement under Paragraph 7 (*Breach*) of Part D of this Schedule.

7 SUPPLIER INDEMNITIES

7.1 The Supplier must indemnify and keep indemnified the Authority and any Replacement Supplier against all Losses arising out of any claim by any NHSPS Fair Deal Employee or any NHS Broadly Comparable Employees that the provision of (or failure to provide) Pension Benefits and NHS Premature Retirement Rights from the Relevant Transfer Date, or the level of such benefit provided, constitutes a breach of his or her employment rights.

2 GUARANTEE AND INDEMNITY

2.1 The Guarantor:

- (b) shall pay to the Authority from time to time on demand all monies (together with interest on such sum accrued before and after the date of demand until the date of payment) that have become payable by the Supplier to the Authority under or in connection with the Guaranteed Agreement but which has not been paid at the time the demand is made; and

- (c) shall, if the Supplier fails to perform in full and on time any of the Guaranteed Obligations and upon written notice from the Authority, immediately on demand perform or procure performance of the same at the Guarantor's own expense.

2.2 The Guarantor, as principal obligor and as a separate and independent obligation and liability from its obligations and liabilities under Clause 2.1, shall indemnify and keep indemnified the Authority in full and on demand from and against all and any losses, damages, costs and expenses suffered or incurred by the Authority arising out of, or in connection with:

- (a) any failure by the Supplier to perform or discharge the Guaranteed Obligations; or
- (b) any of the Guaranteed Obligations being or becoming wholly or partially unenforceable for any reason,

provided that the Guarantor's liability under this Clause 2.2 shall be no greater than the Supplier's liability under the Guaranteed Agreement was (or would have been had the relevant Guaranteed Obligation been fully enforceable).

3 AUTHORITY PROTECTIONS

Continuing Guarantee

3.1 This Deed is, and shall at all times be, a continuing and irrevocable security until the Guaranteed Obligations have been satisfied or performed in full, and is in addition to and not in substitution for and shall not merge with any other right, remedy, guarantee or security which the Authority may at any time hold for the performance of the Guaranteed Obligations and may be enforced without first having recourse to any such security.

Preservation of the Guarantor's liability

3.2 The Guarantor's liability under this Deed shall not be reduced, discharged or otherwise adversely affected by:

- (a) any arrangement made between the Supplier and the Authority;
- (b) any partial performance (except to the extent of such partial performance) by the Supplier of the Guaranteed Obligations;

- (g) any dissolution, amalgamation, reconstruction, reorganisation, change in status, function, Control or ownership, insolvency, liquidation, administration, voluntary arrangement, or appointment of a receiver, of the Supplier or any other person.

No limit on the Authority's exercise of rights

- 3.3 The Authority shall be entitled to exercise its rights and to make demands on the Guarantor under this Deed as often as it wishes and the making of a demand (whether effective, partial or defective) in respect of the breach by the Supplier of any Guaranteed Obligation shall not preclude the Authority from making a further demand in respect of the same or some other default in respect of the same Guaranteed Obligation.

Immediate demand

- 3.4 The Guarantor waives any right it may have to require the Authority to proceed against, enforce any other right or claim for payment against, or take any other action against, the Supplier or any other person before claiming from the Guarantor under this Guarantee.

Deferral of rights

- 3.5 Until all amounts which may be or become payable under the Guaranteed Agreement or this Deed have been irrevocably paid in full, the Guarantor shall not, as a result of this Deed or any payment performance under this Deed:

- (e) claim any right of contribution, set-off or indemnity from the Supplier,

without the prior written consent of the Authority (and in such case only in accordance with any written instructions of the Authority).

- 3.6 If the Guarantor receives any payment or other benefit in breach of Clause 3.5, or as a result of any action taken in accordance with a written instruction of the Authority given pursuant to Clause 3.5, such payment or other benefit, and any benefit derived directly or indirectly by the Guarantor therefrom, shall be held by the Guarantor on trust for the Authority applied towards the discharge of the Guarantor's obligations to the Authority under this Deed.

Cumulative rights

- 3.7 The Authority's rights under this Deed are cumulative and not exclusive of any rights provided by law and may be exercised from time to time and as often as the Authority deems expedient.

- (a) without any set-off, condition or counterclaim whatsoever; and

- 5.2 If any deduction or withholding is required by any applicable law to be made by the Guarantor:
- (a) the amount of the payment due from the Guarantor shall be increased to an amount which (after making any deduction or withholding) leaves an amount equal to the payment which would have been due if no deduction or withholding had been required; and
 - (b) the Guarantor shall promptly deliver to the Authority all receipts issued to it evidencing each deduction or withholding which it has made.
- 5.3 The Guarantor shall not and may not direct the application by the Authority of any sums received by the Authority from the Guarantor under any of the terms in this Deed.

- 6.2 If any such right, security, disposition or payment as referred to in Clause 6.1 is avoided, set aside or ordered to be refunded, the Authority shall be entitled subsequently to enforce this Deed against the Guarantor as if such release,

2. ESTATE SPECIFICATION (Lots 1-4 only)

- 2.1 The use of Authority Premises to deliver WCA Services and Specialist Benefits Services is mandatory. The Supplier may not deliver WCA Services and Specialist Benefits Services from other locations without prior consent from the Authority.
- 2.2 Some or all PIP Services may be delivered alongside WCA Services and/or Specialist Benefits Services from Authority Premises. Details of the Authority Premises to be used for this purpose shall be agreed between the Parties during the Implementation Period (provided always that the Implementation Estates Plan shall be agreed by the date set out in Paragraph 2.7 of this Part A) and/or, in relation to Authority Premises which the Authority confirms after the Operation Service Commencement Date can be made available, following the Operational Service Commencement Date. The Supplier shall identify and source any Operating Sites other than Authority Premises required in order to deliver PIP Services.
- 2.3 The Authority shall provide any relevant updated information about estate being used by the Outgoing Suppliers to the Supplier where such information is available.
- 2.4 The Supplier shall within 20 Working Days after the Implementation Services Commencement Date, inform the Authority of the locations and functions of all Operating Sites to be used for the delivery of PIP Services on and from the Operational Service Commencement Date (including but not limited to details of which Leases the Outgoing Suppliers should transfer to the Supplier) by providing a draft Implementation Estates Plan and confirming any changes to the plan set out in the Supplier Solution.
- 2.5 The Authority shall review the Implementation Estates Plan provided by the Supplier and shall provide any comments or suggestions it may have, including any concerns around the Supplier's ability to deliver the Services in accordance with the provisions of this Agreement from the Operating Sites detailed in the Implementation Estates Plan.
- 2.6 Once (and if) the Authority provides comments on the proposed Implementation Estates Plan, the Parties shall meet to discuss and agree the Implementation Estates Plan.
- 2.7 The Parties will use all reasonable endeavours to agree the Implementation Estates Plan within 30 Working Days of receipt by the Authority in order to minimise any potential wasted costs if the break rights of any Leases or Licences granted to the Outgoing Suppliers and which will not be required for the delivery of the Services cannot be exercised and to ensure that the Operating Sites as detailed in the Implementation Estates Plan can be fit for the purpose of providing the Services on or before the Operational Service Commencement Date.
- 2.8 Following agreement by the Parties of the Implementation Estates Plan, the Supplier shall provide written confirmation to the Authority that, subject to the successful delivery of the Implementation Estates Plan, the Operating Sites described in the Implementation Estates Plan will support the effective delivery of the Services in accordance with the provisions of this Agreement.
- 2.9 The Supplier shall update the Implementation Estates Plan and associated information at the end of the Implementation Period and each Service Delivery Year or upon

reasonable request by the Authority to reflect the Operating Sites actually being used by the Supplier.

- 2.10 The Supplier shall use all reasonable endeavours to ensure that the Operating Sites as set out in the Implementation Estates Plan are ready for the delivery of the Services on or before the Operational Service Commencement Date (including but not limited to ensuring that all assignments take place and any New Property is Acquired on or before the Operational Service Commencement Date) and will keep the Authority regularly updated with progress on the novation or assignment of Operating Sites currently used to deliver PIP Services, or the Acquisition of any New Property and other arrangements necessary for occupation during the Implementation Period. The Supplier acknowledges that the Operating Sites (as set out in the Implementation Estates Plan) being ready for the delivery of the Services on or before the Operational Service Commencement Date is critical to the delivery of the Services.
- 2.11 The Supplier shall occupy Authority Premises on a non-exclusive licence basis. There shall be no rental or facilities charge to the Supplier for use of the Authority Premises during the period of its occupation for delivery of PIP Services, WCA Services and/or Specialist Benefits Services.
- 2.12 The Supplier's costs for Leasehold Property and Licenced Property shall be reimbursed to the extent that they are Allowable Costs for the purposes of Schedule 7.1 (*Charges and Invoicing*). Where the Supplier is in breach of any Lease or Licence terms and conditions, the Authority shall not be liable for any costs associated with the breach, non-observance or non-performance of such terms and conditions, provided that the Authority will act reasonably in determining whether it shall cover any such costs.
- 2.13 Supplier Personnel and Sub-contractors shall comply with all relevant Authority procedures regarding Health and Safety Policy, access to Authority Premises and security.
- 2.14 Where the Supplier has indicated that New Property is required to deliver Services, the Authority intends to prioritise the following options when reviewing the relevant business case:
 - (a) use of Authority Premises – highest priority;
 - (b) use of Sites currently leased by Outgoing Suppliers or their supply chain partners – provided the leases can be assigned to the Supplier;
 - (c) use of One Public Estate, meaning wider public sector property – the Authority will assist the Supplier in identifying opportunities; and
 - (d) Acquisition of property on the open market – lowest priority.
- 2.15 The Supplier shall not enter into any arrangements for New Property or for the extension of existing Leases or Licences during the Implementation Period or during the Term without first obtaining the Authority's prior written consent (not to be unreasonably withheld or delayed). The following will be required as conditions of that consent, unless the Authority in its discretion determines otherwise:
 - (a) Leases contain provisions permitting the Supplier to assign the Leasehold Property to the Authority or a Replacement Supplier without Third Party

Landlord consent but subject to any reasonable and market standard financial tests applying on any future assignment;;

- (b) Leases and Licences are drafted in accordance with Good Industry Practice;
 - (c) site costs represent reasonable value having regard to the Authority's duty to demonstrate value for money;
 - (d) Leases, Licences or other occupancy agreements do not legally or commercially commit the Authority, or in any way confer any commitment, guarantee, liability or obligation on the Authority;
 - (e) Leases, Licences or any occupational agreements do not extend beyond the Term or contain a provision to break (with no cost to the Authority) at the end of the Term; and
 - (f) such accommodation shall be fit for the purpose of providing the Services in accordance with this Agreement.
- 2.16 Where a Lease, Licence or other such occupation agreement extends beyond the Term, the Authority will not be liable for any costs or expenses associated with any such Lease, Licence or occupational agreement beyond the end of the Term, including any costs associated with termination (whether at the expiry of a term or via earlier break right) of any Lease, Licence or occupational arrangement except to the extent approved by the Authority in accordance with Paragraph 2.15 of this Part A.
- 2.17 The Supplier shall work collaboratively with the Authority throughout the Term to develop and implement opportunities to achieve the Authority's strategic aim for a reduction in the total number of Operating Sites, balancing efficiencies with service optimisation.
- 2.18 The Supplier shall develop and make available to the Authority on request, detailed plans showing the timescales, including key milestones and review points, for the management, acquisition, fit out and refurbishment of all Leasehold Property and Licenced Property, including New Property (if any).
- 2.19 All Operating Sites shall provide a safe, accessible and professional environment for Claimants consistently throughout the Term. All Operating Sites shall comply with the mandatory standards as detailed in Annex 1 to this Schedule. The Supplier shall consider the specific design standards set out in Annex 2 to this Schedule when refurbishing Leasehold Property and Licenced Property and fitting out New Property.

PART B – ASSIGNMENT / NOVATION OF LEASEHOLD PROPERTY

1. INTERPRETATION

In this Part B only the following expressions shall have the following meanings:

Landlord means in respect of the Leasehold Property, the person or persons entitled to the reversion (whether immediate or not) expectant upon the termination of the Lease and whose consent is required for the lawful transfer of the Lease by the Outgoing Suppliers to the Supplier;

Lease means a lease of each Leasehold Property vested in the Outgoing Suppliers and “**Leases**” shall be construed accordingly;

Licence to Assign means the consent of a Landlord authorising a transfer of the residue of the term of a Lease to the Supplier in accordance with and pursuant to the terms of a Lease (such consent being evidenced in a written and dated formal licence to assign signed or executed by all of the parties to it).

2. LICENCE TO ASSIGN

- 2.1 The Supplier shall request the transfer of all Leasehold Property that it requires for the provision of the Services to it from the Outgoing Suppliers in accordance with its obligations under this Agreement and use all reasonable endeavours to ensure that the transfers are completed on or before the Operational Service Commencement Date. The Supplier shall provide to the Outgoing Suppliers all necessary information for the Landlord to make a decision on providing consent.
- 2.2 Subject to this Paragraph 2 of this Part B, completion of the transfer of the Leasehold Property (except where the provisions of a Lease do not require the Landlord’s consent) is conditional on the Licence to Assign required under the Lease being obtained free from unreasonable conditions.
- 2.3 Within a period to be agreed between the Authority and the Supplier (each acting reasonably) following the date of this Agreement the Authority shall use all reasonable endeavours to ensure that the Outgoing Suppliers will (where applicable) progress the application for and use their reasonable endeavours to obtain a Licence to Assign in respect of each Lease.
- 2.4 The Supplier shall without delay:
 - 2.4.1 supply all information, accounts and references as the Landlord, the Outgoing Suppliers or the Authority may reasonably require in connection with an application for any Licence to Assign (so far as the same are available to the Supplier);
 - 2.4.2 ensure that any amendments that the Supplier proposes to make to any form of Licence to Assign that has been submitted to the Supplier are communicated promptly to the Outgoing Suppliers, the Authority or the Authority’s Solicitors;
 - 2.4.3 take such other steps as the Authority may reasonably require to ensure compliance with the reasonable and proper requirements of the Landlord

in relation to the grant of a Licence to Assign pursuant to the terms of the Lease;

- 2.4.4 execute a Licence to Assign without unreasonable delay as soon as it is received from the Authority, Authority's Solicitors or the Outgoing Suppliers and return the Licence duly executed as directed to either the Authority, the Authority's Solicitors or the Outgoing Suppliers within five (5) Working Days after each engrossment has been submitted to the Supplier.
- 2.5 The Supplier may not object to a Licence to Assign subject to a condition which is:
 - 2.5.1 lawfully imposed under section 19(1A) Landlord and Tenant Act 1927 where the Lease is a "new tenancy" as defined in the Landlord and Tenant (Covenants) Act 1995;
 - 2.5.2 reasonably required pursuant to the terms of the Lease.
- 2.6 The Authority shall be responsible for the payment of the Landlord's proper and reasonable costs of granting the Licence to Assign.

3. DELAY IN OBTAINING THE LANDLORD'S LICENCE

- 3.1 Subject to the terms of Paragraph 2 of Part B of this Schedule if the Licence to Assign has not been obtained by the Operational Service Commencement Date:
 - 3.1.1 this agreement is to continue in respect of the assignment of the Leases;
 - 3.1.2 the assignment of a Lease shall not be completed:
 - (i) unless and until the Licence to Assign has been granted; or
 - (ii) the operation of Paragraph 2 of this Part B of this Schedule otherwise requires completion of the assignment of the Lease;
 - 3.1.3 the Supplier shall give the Authority as much advance notice as is reasonably possible where there is a risk that the assignment of the Lease will not be completed by the Operational Service Commencement Date and in such instances the Supplier shall use all reasonable endeavours to:
 - (a) make arrangements to occupy the Leasehold Property from the Operational Service Commencement Date on the terms of the licence to occupy set out in Paragraph 4 of this Part B of this Schedule; or
 - (b) ensure that suitable contingency arrangements are in place for the occupation of the Leasehold Property for the delivery of the Services from the Operational Service Commencement Date.

4. OCCUPATION

- 4.1 This Paragraph 4 of this Part B of this Schedule relates to situations in which the Supplier has made arrangements to occupy the Leasehold Property as a bare licensee on a non-exclusive basis from the Operational Service Commencement Date.
- 4.2 Whilst occupying any Leasehold Property, the Supplier shall be responsible for and pay on demand all sums payable by the tenant under the Lease.
- 4.3 Whilst occupying the Leasehold Property, the Supplier shall pay to the Outgoing Suppliers or as the Authority otherwise directs a licence fee equal to all rents payable by the tenant under the Lease, such licence fee to be paid:
- 4.3.1 in respect of rents payable on a date specified in the Lease, on or before the date they fall due for payment under the Lease;
- 4.3.2 in respect of rents payable on demand under the Lease, within ten (10) Working Days of written demand from the Outgoing Suppliers or the Authority (as applicable).
- 4.4 The Supplier undertakes to the Authority that, whilst in occupation of the Leasehold Property, the Supplier shall observe and perform all the tenant covenants in the Lease (other than the covenants relating to payment of the rents and alienation (such covenants the Authority or the Outgoing Suppliers must comply with)) and shall indemnify the Authority against all costs, expenses, damages, proceedings and losses suffered or incurred by the Authority arising from any breach, non-observance or non-performance of the tenant covenants in the Lease (other than the covenants relating to payment of the rents and alienation).
- 4.5 The licence to occupy pursuant to this Paragraph 4 of this Part B of this Schedule does not create and is not intended to create a demise and is personal to the Supplier. This licence cannot be assigned.

5. TRANSFER

- 5.1 In the event that the transfer of any Leasehold Property does not require the Landlord's consent, the transfer of any Leasehold Property (as applicable) between the Outgoing Suppliers and the Supplier will take effect on or before the Operational Service Commencement Date (as appropriate).
- 5.2 Where Landlord's consent is required pursuant to the terms of the Lease of any Leasehold Property and the Licence to Assign is completed in accordance with the terms of this Schedule, the Outgoing Suppliers and the Supplier will complete the assignment on or before the Operational Service Commencement Date.

6. NON-MERGER

The provisions of this Agreement shall not merge in the assignments referred to in this Schedule above so far as they then remain to be observed or performed or are intended to continue or remain in effect.

PART C –LICENCED PROPERTY

1. CONSENT TO ASSIGN

- 1.1 Where, in accordance with the Implementation Estates Plan, the Supplier is to occupy any of the Operating Sites under a Licence, the Supplier shall use all reasonable endeavours to ensure that a Licence is completed on or before the Operational Service Commencement Date.

PART D – AUTHORITY PREMISES

1. LICENCE TO OCCUPY AUTHORITY PREMISES

- 1.1 Except where expressly agreed otherwise by the Authority and the Supplier and subject to the remaining provisions of this Schedule, where the Authority permits the Supplier to occupy Authority Premises, the Authority shall permit the Supplier to occupy the Authority Premises at no charge provided always that:
- (a) such occupation shall be on a non-exclusive licence basis (save in certain circumstances where occupation shall be on a sublease basis);
 - (b) the Authority Premises shall be used by the Supplier solely for the purpose of performing its obligations in respect of the Services under this Agreement;
 - (c) the Supplier shall vacate the Authority Premises on the expiry or termination of this Agreement or earlier if requested to do so by the Authority;
 - (d) the Supplier shall limit access to the Authority Premises to such Supplier Personnel as is necessary to enable it to perform its obligations under this Agreement and the Supplier shall co-operate (and ensure that the Supplier Personnel co-operate) with such other persons working concurrently on such Authority Premises as the Authority may reasonably request; and
 - (e) the Supplier shall (and shall ensure that the Supplier Personnel shall) observe and comply with such rules and regulations as may be in force at any time for the use of such Authority Premises as determined by the Authority, and the Supplier shall pay for the cost of making good any damage caused by the Supplier or the Supplier Personnel other than fair wear and tear. For the avoidance of doubt, damage includes damage to the fabric of the buildings, plant, fixed equipment or fittings therein.
- 1.2 Except where expressly agreed otherwise in writing by the Parties, the Parties agree that there is no intention on the part of the Authority to create a tenancy of any nature whatsoever in favour of the Supplier or the Supplier Personnel and that no such tenancy has or shall come into being and, notwithstanding any rights granted pursuant to this Agreement, the Authority retains the right at any time to use any Authority Premises owned or occupied by it in any manner it sees fit.

2. CHANGES TO ESTATES

- 2.1 The Supplier shall be responsible for notifying the Authority of any work necessary to render the Authority Premises adequate for the provision of the Services.

- the Supplier shall provide the Authority with a business case identifying the costs and benefits of any such proposal.
- 2.3 The Authority may reject, accept, modify or require a pilot of any business case provided by the Supplier. In the case of a pilot, the Parties shall agree the modifications and success

criteria relating to the pilot and the Parties shall review the results of the pilot following its completion and agree the next course of action (if any).

- 2.4 In the case of the Supplier requesting any different property as part of any business case and subject always to the terms of Schedule 8.1 (*Governance*), the Supplier shall provide at least six (6) months' prior written notice to the Authority. The Authority shall be entitled to source any relevant property itself. The Authority shall be entitled to require the Supplier to source such property itself or on the Authority's behalf provided that it notifies the Supplier with as much notice as is reasonably practicable following receipt of the notice provided and the Supplier will assist by entering into any documents required to secure any relevant property.

3. RELOCATION IN SPECIAL CIRCUMSTANCES

- 3.1 If, other than as a result of an act or default of the Supplier, any right of the Supplier to use any Authority Premises has terminated, the Supplier shall (without prejudice to its obligations contained in this Agreement relating to the provision of the Services) immediately consider whether it is able to provide the relevant Services from any other property which it then occupies (and shall use reasonable endeavours to do so) and shall inform the Authority as soon as reasonably practicable whether it is able to provide the relevant Services from such property together with any additional costs of providing such estate.
- 3.2 The Authority shall consider any such proposal from the Supplier and shall either:
- (a) request that the Supplier provides the relevant Services from the other properties specified in its proposal; or
 - (b) use reasonable endeavours to provide alternative premises (known as the "**Alternative Premises**" for the purposes of this Paragraph 3) for occupation by the Supplier for the purpose of carrying out the relevant Services.
- 3.3 In the event that the Authority requires the Supplier to source any Alternative Premises itself or on the Authority's behalf, the Authority will provide the Supplier with as much notice as is reasonably practicable, and the Supplier will assist by entering into the documents in respect of the Alternative Premises.

4. SUPPLIER DEFAULT

- 4.1 Upon the termination of a Lease and/or a Licence resulting from the act or default of the Supplier then:
- (a) the Authority shall: (i) have no further liability to the Supplier in relation to such property; and (ii) be under no obligation to provide alternative estate for the Supplier; and
 - (b) the Supplier shall be responsible at its own cost and expense for finding alternative estate to enable it to perform the relevant Services in accordance with the terms of this Agreement and shall not be permitted to recover the cost of such alternative estate from the Authority.

5. SERVICE DISRUPTION DUE TO RELOCATION

- 5.1 The Authority may require the Supplier to relocate at any time to alternative premises. If the Supplier is unable to meet the Performance Levels as a direct result of such relocation, the

Authority shall waive the application of Service Credits to the extent that it deems fair in its reasonable discretion for the period of disruption caused by the relocation.

6. WARRANTIES BY THE AUTHORITY

- 6.1 Subject to Paragraph 6.2, the Authority does not provide any warranties or representations in relation to the Authority Premises and except as expressly stated in this Agreement, all warranties, representations, assurances, undertakings and conditions by the Authority in relation to the Authority Premises or other properties (including without limitation, warranties and conditions as to title, quiet enjoyment, fitness for purpose and description) whether express or implied by statute, common law or otherwise, are hereby excluded to the extent permitted by law.
- 6.2 The Authority shall comply with its responsibilities set out in Schedule 3 (*Authority Responsibilities*) in relation to the Authority Premises.

7. SERVICES TO AUTHORITY PREMISES

- 7.1 In relation to the Authority Premises the Authority shall provide or procure the provision of suitable soft and hard facilities management used for the relevant Services in accordance with the service specification and service level agreements set out in its third party agreements and in line with Good Industry Practice. Where a Supplier occupies Authority Premises alongside other Authority business areas, the facilities management services provided to the Supplier will be equivalent to those provided to the other users of the Authority Premises.
- 7.2 The Authority will discharge its professional responsibilities to ensure that the Authority Premises used for the relevant Services are compliant with statutory legislation and regulations via regular inspections, planned preventative maintenance plans, up to date certification and prompt implementation of remedial actions. The Authority will provide the Supplier with an annual statement of assurance on statutory and regulatory compliance for each Authority Premises. If the Supplier wishes to undertake its own inspections of Authority Premises, the Supplier shall obtain the Authority's approval (not to be unreasonably withheld or delayed) in advance and the Authority will only be required to undertake any remedial action identified in a Supplier inspection where the remedial action is required as a matter of urgency due to the severity of the issue and the potential impact on the safety of any Claimants or other person located or visiting the Authority Premises.
- 7.3 Where a Supplier occupies Authority Premises, the Authority will provide the Supplier with access to the facilities management services for the reporting and processing of remedial/reactive work, planned maintenance and incident management.
- 7.4 In relation to the Authority Premises, the Authority shall provide or procure the provision of security measures that the Authority considers are necessary (including by reference to Authority standards) and which are required pursuant to its obligations under this Agreement. In the event that the Authority is unable to satisfy its obligation to provide the appropriate security measures to the Authority Premises, the Supplier and the Authority will promptly agree contingency arrangements and the Supplier will use reasonable endeavours to prioritise the ongoing delivery of Services during any period of disruption.

PART E – DISPOSALS

- 1.** The Supplier covenants that during the period between the Effective Date and the Operational Service Commencement Date it shall not without the prior written consent of the Authority (which may be given or refused or subject to any conditions in its absolute discretion) make any Disposals or exercise a break option in any Lease or Licence and shall continue to provide the Services from the Licenced Property, the Leasehold Property and from any New Property.
- 2.** Subject always to Paragraph 1 above in the case of Disposals and exercising of a break option and to the terms of Schedule 8.1 (*Governance*) in all cases, from the Operational Service Commencement Date until the Expiry Date (or earlier termination) the Supplier further covenants that it shall not make any Disposal, exercise any break option in any Lease or Licence, or cease to provide the Services from any Authority Premises, Licenced Property, Leasehold Property or New Property without in each case the prior written consent of the Authority provided that such consent shall not be unreasonably withheld or delayed. The Authority acknowledges that due to the flexible arrangements associated with such occupation, the contractual terms of the Licences of a number of the Licenced Properties and the Leases of a number of the Leasehold Properties (subject also to earlier tenant's break rights) may expire and that therefore the Services may not be provided from these Licenced Properties or Leasehold Properties for the duration of this Agreement.

PART F – ARRANGEMENTS ON EXPIRY

- 1.** In relation to any Lease which continues beyond the Expiry Date or (in the event this Agreement is terminated before the Expiry Date in accordance with the provisions of Clause 35 of the Terms and Conditions) the Termination Date, the Supplier shall, if requested by the Authority to assign the Lease to the Authority or any Replacement Supplier (as the Authority shall direct) use all reasonable endeavours to assign the Lease to the Authority or any Replacement Supplier, such obligation shall include using all reasonable endeavours to procure Third Party Landlord or lessor consent to the assignment where required.
- 2.** In the event of termination (or if permitted partial termination by operation of Clause 35.2(b) of the Terms and Conditions) of this Agreement pursuant to Clause 35.1(a) (Termination by the Authority) or Clause 35.3(a) of the Terms and Conditions (Termination by the Supplier) the Parties shall comply with the relevant provisions of Clause 36 and Schedule 7.2 (*Payments on Termination*) (as applicable).
- 3.** In the event of termination (or if permitted partial termination by operation of Clause 35.2(b) of the Terms and Conditions) of this Agreement pursuant to Clause 35.1(b) (Termination by the Authority), 35.1(c) (Termination by the Authority), 35.1(d) (Termination by the Authority) or 35.3(b) (Termination by the Supplier) of the Terms and Conditions the Parties shall comply with the relevant provisions of Clause 36.

**PART G – PROVISIONS APPLICABLE FROM THE OPERATIONAL SERVICE
COMMENCEMENT DATE**

The provisions in this Part G shall apply with effect from the Operational Service Commencement Date.

1. PROPERTY STRATEGY

- 1.1 The Parties shall use their reasonable endeavours to agree, within twelve months of the Operational Service Commencement Date, a property strategy (“**Property Strategy**”), the objective of which is to ensure that the Operating Sites and/or any alternative and equally appropriate premises are available to deliver sufficient operational premises capacity for the effective delivery of the PIP Services (or equivalent services) and the WCA Services and Specialist Benefits Services (or equivalent services) up to and including the Expiry Date.
- 1.2 The Property Strategy shall include (but not be limited to):
- (a) in the case of those Operating Sites where the existing Lease as at the Operational Service Commencement Date expires during the Term, the Supplier remaining in occupation pursuant to the Landlord and Tenant Act 1954 or renewing the relevant Lease;
 - (b) in the case of those Operating Sites where the existing Lease as at the Operational Service Commencement Date expires on its terms later than the Expiry Date, varying the Leases so that (by way of an acceptable form of break clause or otherwise) the relevant Lease can be terminated on or as soon as possible after the Expiry Date;
 - (c) in the case of those Operating Sites where the existing Lease at the Operational Services Commencement Date has a tenant break right during the Term, the Supplier exercising any such break rights where PIP Services and/or WCA Services and/or Specialist Benefits Services can be effectively delivered without the on-going occupation of that specific Operating Site;
 - (d) ensuring that any Leases of Operating Sites that are renewed incorporate assignment provisions in accordance with the terms of Paragraph 2.15(a) of Part A of this Schedule;
 - (e) in the case of New Property, ensuring that such terms of any Lease or Licence shall only extend to the Expiry Date or shall allow earlier termination on the Expiry Date in accordance with the provisions of this Schedule;
 - (f) maximising the use of Authority Premises for the purpose of delivery of the PIP Services and/or the WCA Services and/or the Specialist Benefits Services and where viable utilising wider public sector property ahead of the acquisition of property on the open market;
 - (g) looking holistically across both the Licenced Property and the Leasehold Property to test opportunities and develop proposals for the realisation of the Authority’s strategic aim for a reduction in the total number of Operating Sites, including opportunities for the possible delivery of additional PIP Services from Authority Premises.

2. RENEGOTIATION OF EXISTING LEASES

- 2.1 Following agreement of the Property Strategy, the Supplier will enter into negotiations in pursuance of the Property Strategy (and ensure the Authority is kept up-to date at

reasonable intervals or upon request by the Authority) with the relevant Third Party Landlords of the Operating Sites in good faith ("**Lease Negotiations**") and will use its reasonable endeavours to promptly achieve an outcome which gives effect to the Property Strategy.

- 2.2 No changes to the Leases or Licences of the Operating Sites shall be agreed (whether during or outside the Lease Negotiations) without the consent in writing of the Authority (such consent not to be unreasonably withheld or delayed).
- 2.3 The reasonable and proper costs of the Supplier participating in the Lease Negotiations on or following the Operational Service Commencement Date (including any reasonable and proper legal fees incurred by the Supplier in such Lease Negotiations), together with any additional sums which are agreed to be paid in respect of any leases of Operating Sites during the Term as a result of the Lease Negotiations as Costs, shall form part of the Costs under this Agreement subject to the Supplier obtaining the agreement of the Authority to any such Costs before incurring the same.
- 2.4 If a relevant Third Party Landlord is unwilling or unable to agree to licence or lease terms which are acceptable to both the Authority and the Supplier, then the Parties shall promptly agree any required changes to the Property Strategy and any impact on and changes to this Agreement.

**PART H – ONGOING ASSISTANCE, EXIT ASSISTANCE GENERAL CONTRACT
MANAGEMENT AND ESTATE DISRUPTION PROVISIONS**

1. ONGOING ASSISTANCE

- 1.1 The Supplier shall create and maintain:
- (a) a list of all Leases and Licences; and
 - (b) a list of all fixtures and fittings located at any of the Operating Sites including the state of condition and dates acquired of such fixtures and fittings noting any particular wants of repair and shall in a timely manner provide an up to date copy of such list to the Authority with fourteen (14) days of request, together with such information as the Authority may reasonably request, including any information required pursuant to Schedule 8.5 (*Exit Management*).
- 1.2 The Supplier shall ensure that it maintains up-to-date quickly and easily accessible information regarding the terms (together with any break and extension options, details of any facilities management included within the Lease or Licence and early termination consequences and assignability of any Leases) of all Leases and Licences, and a copy of the schedule of condition for those Operating Sites.

2. EXIT ASSISTANCE

- 2.1 The Supplier shall comply with Paragraphs 3.1 and 7 of Schedule 8.5 (*Exit Management*).

3. CONTRACT MANAGEMENT

- 3.1 The Authority and Supplier shall, as part of the on-going contract management arrangements, agree a process for regular stakeholder engagement on building performance and compliance issues and for the provision of key service level information including breakdown response times for business critical elements to include but not be limited to lifts, heating, ventilation and air-conditioning.
- 3.2 The Supplier shall provide an annual statement of assurance confirming that all Operating Sites are compliant with all relevant statutory legislation as detailed in the mandatory standards in Annex 1 to this Schedule.

4. ESTATE DISRUPTION

- 4.1 In the event of disruption to the Operating Sites due to circumstances beyond either of the Authority or Supplier's control which could cause or has caused disruption to the provision of Services, the Supplier shall advise the Authority as soon as reasonably practicable of such disruption. The Authority and Supplier shall work together to promptly agree contingency arrangements to prioritise the ongoing delivery of Services and the Supplier will use all reasonable endeavours to ensure that there is no disruption to the delivery of the Services and to perform the Services to the Performance Levels specified in Schedules 2.1 (*Services Description*) and Schedule 2.2 (*Performance Levels*), including putting in place contingency arrangements to be agreed with the Authority (and the Authority will not unreasonably withhold approval). The Supplier shall not temporarily (or permanently) close any Operating Sites (including by instructing staff not to attend or cancelling/changing face to face assessment appointments) without the Authority's consent unless it is not physically possible for the Supplier to keep the Operating Site open. If the Supplier is unable to

meet the Performance Levels as a direct result of such disruption, the Authority shall waive the application of Service Credits to the extent that it deems fair in its reasonable discretion for the period of disruption.

- 4.2 In all circumstances where there is possible or actual disruption to the delivery of the Services due to Supplier relocation or the Acquisition of New Property, the Authority and the Supplier shall work collaboratively to prioritise the ongoing delivery of the Services and the Supplier will use all reasonable endeavours to ensure that there is no disruption to the delivery of the Services, including putting in place contingency arrangements to be agreed with the Authority (and the Authority will not unreasonably withhold approval) and to ensure that the Services continue to be performed to the Performance Levels specified in Schedules 2.1 (Services Description) and Schedule 2.2 (Performance Levels).

Annex 1

Mandatory Standards

<p><u>Mandatory Standards – no provision for derogation</u></p> <p>Applicable to all Operating Sites in relation to the delivery of the Services from the date of occupation by the Supplier and for the duration of the Supplier's occupation.</p>	
<p>Location</p>	<p>The Supplier must ensure that accommodation is sited so that Claimants can attend a Consultation within 90 minutes by public transport (single journey).</p> <p>The Authority encourages innovation and would like for Consultation areas to be as local and convenient as possible. For example, the Supplier may consider hiring available space in GP Surgeries, Health or Community Centres, etc.</p>
<p>Legal and Statutory Compliance</p>	<p>All accommodation must be compliant with relevant statutory legislation and regulations including but not limited to Equality Act 2010, Disability Discrimination Act 1995, Workplace (Health, Safety and Welfare) Regulations 1992, Minimum Energy Efficiency Standards (MEES) 2020 and Building Regulations 2000. Where alterations or refurbishment work is undertaken to properties, this must be in accordance with prevailing Building Regulations and Statutory standards.</p> <p>Buildings must satisfy Planning Consent criteria and building use provisions within leases.</p> <p>The Authority will provide an annual statement of assurance to this effect to the Supplier for its own sites with a reciprocal arrangement for sites procured by the Supplier.</p>
<p>Security</p>	<p>Risk Assessments must be carried out to ensure that any accommodation provided offers a safe and secure environment for both the Supplier's staff and Claimants. For all Operating Sites excluding Authority Premises the Authority will not prescribe how Risk Assessments are to be undertaken.</p>

	Doors from waiting areas into non-public access areas should be fitted with access control systems.
<p><u>Minimum Standards – with provision for derogation by exception</u></p> <p>Applicable to all New Property Acquired for the delivery of the Services. Derogations may be agreed with the Authority pursuant to Paragraph 5.10(c) of Schedule 8.1 (<i>Governance</i>).</p>	
Building Accessibility	<p>The Supplier must ensure that accommodation is within a suitable ground floor area in all locations, to enable all Claimants to be dealt with in an environment suitable to their needs.</p> <p>Assessment Centre buildings must be easy for all customers to reach. This should be achieved through any combination of one or more of the following features – disabled parking nearby; drop off points immediately outside the building; public transport stops nearby. The aim is to ensure the minimum distance possible for customers to get from their mode of transport to the Assessment Centre entrance – as guide within 30m.</p> <p>Separate entrances for staff and Claimants must be provided.</p>
Assessment Room Sizes	Rooms that will be used for Face to Face Consultations should measure no less than 12m ² . There is flexibility for sites to include smaller room types for Telephone Consultations and Video Consultations. Layouts may otherwise be in accordance with the flexible designs set out in Annex 2 to this Schedule 15.1 (<i>Estates</i>).
Waiting and Reception areas	The Supplier must ensure they set out how they intend to resource and manage the customer reception area as effectively (and efficiently) as possible (reflecting the governments smarter ways of working strategy and PAS3000), to deliver volume and customer service targets (as set out in Schedule 2.2 (<i>Performance Levels</i>)) on an efficient footprint, but there will be an expected maximum of 4 staff members split equally across 2 different reception desks.

Furniture	<p>Specialist furniture requirements for Supplier Personnel working in Authority Premises which have been identified through the Supplier's own occupational health assessment should be raised with the Authority to provide.</p> <p>For all Operating Sites excluding Authority Premises furniture must be of a minimum acceptable standard for meeting Claimant needs, including specialist furniture where required.</p>

Annex 2

Design Standards

Scope of guidance

This document provides best practice guidance on the design of facilities for delivering Assessment Centres.

It describes the following:

- 1 The range of services that may be delivered from Assessment Centre buildings;
- 2 The types of space needed to deliver these services (many of which are generic);
- 3 The way to quantify these spaces for space calculation purposes;
- 4 The way spaces can be organised into zones to create efficient, flexible, user-friendly environments.

This guide has been written with the provision of new-build facilities in mind. The principles described apply equally to the refurbishment and extension of existing buildings.

Guiding principles

Assessment Centre buildings should be:

- 5 Driven by strategic service and estate planning, to avoid overcapacity and under-utilisation;
- 6 Informed by Consultations with providers, stakeholders, and relevant statutory bodies during the planning and design process;
- 7 Underpinned by the use of provider agnostic spaces to support multi-functional use;
- 8 Able to explore the separation of claimant areas from practitioner admin requirements;
- 9 Adaptable to changing service needs and pathways;
- 10 Safe, secure, physically accessible and welcoming to the communities they serve;
- 11 Supportive of staff development, with an emphasis on appropriate training and learning facilities;
- 12 Simply laid out to aid staff/claimant journeys, minimise staff movements and allow for efficient maintenance;
- 13 Designed to deliver appropriate levels of emergency preparedness and resilience.

Design quality

The DWP places great importance on design quality, and a conscious effort has been made in recent years to raise the standards of Assessment Centre buildings.

Currently, the Estates Design Standards team review all proposed schemes over a predetermined value. However, all schemes should be considered for review to ensure key design requirements are met.

Accessibility

All Designs must be compliant with:

- 14 Disability Discrimination Act 1995 et seq;
- 15 The Building Regulations 2000;
- 16 Approved Document M. Access to and use of buildings;

- 17 FAQs on Approved Document M under the “Professional User” section of the Planning Portal at www.planningportal.gov.uk;
- 18 BS 8300: 2009.

Wayfinding

Examples of a recent project below. Environment guide to be found on the DWP Communication centre. External partners will be able to access the files. (The website is not open to everyone and will require a registration)

Standardise room sizes and position of built-in equipment

Room sizes and dimensions should be standardised wherever possible. This may mean sizing up to some extent, but results in rooms that can be adapted (for alternative use) more easily.

The ability to standardise the position of built-in equipment (for example clinical wash-hand basin) will further enhance adaptability.

Location and positioning

Assessment Centres ideally should be located on the ground floor as it facilitates simpler evacuation of staff and claimants. It also provides better access for those with various disabilities.

Where all or part of an Assessment Centre is located above the ground floor care needs to be taken to provide an effective, workable evacuation plan. This may include the added cost of a lift that can be used for evacuation in the event of a fire.

The property must be fully compliant with the Equality Act 2010/Disability Discrimination Act 1995.

Consideration should be given to claimant disabled bays. The requirement will form part of the contractual discussions, and the same principals DWP have with staff should be applied.

The property should be close to public transport links, achieve ministerial criteria and where possible within a central location.

Entrance & security

- 19 Ideally, only one public entrance to the building should be provided, as this avoids confusion and aids security. A draught lobby is usually required.
- 20 The staff and claimant entrances to Assessment Centres should be kept separate.
 - (a) However, this is not prescriptive and can be merged provided this has been discussed and agreed.
- 21 Assessment Centres can share entrances with other tenants, and waiting areas.
 - (a) Again, this should be discussed with all parties to ensure everyone is content with the approach.
 - (b) Sharing of facilities can complicate matter, however, if this is worked through properly and all key stakeholder are involved this can be resolved.
- 22 Assessment Centres are largely stand alone to avoid problems with working with others and this also helps alleviate H&S concerns. – This can be linked to JCP operating differing hours to the Assessment Centres and potential issues with shared corridors/toilets or waiting areas. However, these issues can be designed out and combining our services to maximise efficiency should be sought where possible.
- 23 Any security risks are to be reviewed by G4S by means of a Security Risk Assessment (STRA).
- 24 The STRA would drive the requirement for intercoms/video link installations and/or security guards to alleviate security concerns.

Reception & waiting areas

- 25 The public zone, made up of the main entrance, reception and associated spaces, should be:
 - (a) open and welcoming;
 - (b) visible from outside the building to aid building legibility; and,
 - (c) naturally lit, with good views of external spaces.
- 26 The main entrance point should be overseen by a desk, which is staffed whenever the building is open. Alternatively, this security function can be fulfilled from the main reception desk. Situations should be avoided where visitors can access areas of the building without having passed a desk.
- 27 All buildings require a main reception desk, monitoring the waiting area and managing appointments. The reception desk should be visible and welcoming and can have more than one reception points that claimants can report.
- 28 Receptionists will inform staff running clinics and/or the relevant practitioner that the claimant has arrived.
- 29 The reception areas currently benefit from a mixture of window hatches/ counters/ glass screened counters. When transferring the preference is to create a professional environment with a reception point that is also fully Equality Act 2010/Disability Discrimination Act 1995 compliant and supported by STRA. A counter without the glass partition is the preference, however, the STRA may dictate otherwise.
- 30 There may be an open-plan office behind the main reception desk for general administration tasks associated with appointments and clinics. Paper records, if used,

- may be stored here. Where an office is provided behind reception, it should have direct access to the assessment rooms.
- 31 The current standards allow for the back of house space behind the reception desk to be visible to customers. Moving forward, this should be walled off with a partition whilst providing a door for reception staff to be able to access the space from the back of house space or circulation corridors.
- 32 The post room function may be located behind the main reception desk, in a quiet corner, or in an adjacent office if provided.
- 33 Within the waiting area, claimants will have access to a disabled toilet.
- (a) The disabled toilets are to be Equality Act 2010/Disability Discrimination Act 1995 compliant, with suitable contrast between the wall finishes and the Doc M packs and also include a baby changing unit.
- 34 Provision of water coolers for Claimants. These are to be plumbed.
- 35 Wayfinding within the waiting area is important, particularly in larger buildings. Colour, pendants or large icons may be useful in helping patients to orientate themselves within the space.
- 36 Large waiting areas will need to be broken down with smaller groups of seats, to make the space less daunting and institutional, and to enable claimants to sit close to the suite to which they will be called. Indoor planting can also be used as well as the introduction of small children's play areas
- 37 Waiting areas should also have wall space for notice boards for claimants.
- 38 Three waiting area chairs for every assessment room.
- (a) Furniture can be transferred from previous property, or new supplied.
- (b) A range of different seating, of varying heights and styles should be provided, including sofas and high-backed chairs to make the space more interesting and suitable for a wide variety of people.
- (c) The furniture catalogue is currently under review and Design Standards hope to be able to provide further guidance in the near future.
- (d) The seating layout should be considered carefully to prevent confrontational situations (for example, by trying to avoid seats directly opposite each other). Seating should not be located immediately outside clinical rooms.
- (e) Natural light should be provided. Steps should be taken to prevent solar heat gain.
- (f) 1.5m² per ambulant place (that is, in a general chair); 3m² per wheelchair place.
- 39 For briefing purposes, waiting areas may be sized at 1.65m² per place, or 4.95m² per assessment room (minimum size of 12m²)
- 40 One reception point should be allowed for every 6 assessment rooms.
- (a) A receptionist has a myriad of duties, including but not limited to:
- (i) Assist claimants with completion of forms including expense claims.
- (ii) Prepare and maintain rooms and equipment to ensure they are ready for the HP and claimants.
- (iii) Working with other teams, Team Leaders and HPs to ensure cohesion within unit and work flow progression.
- (iv) Using in-house computer system to update records accurately.
- (v) Regular telephone liaison with MSC.
- (vi) Provide cover at other sites on occasion.
- (vii) General administrative duties as required.
- (b) Thus, the receptionist will utilise the back of house space 50% of the time, rotating as required.
- 41 An area behind the reception has historically been used to accommodate the BOH function due to space constraints. However, the Suppliers should be looking at a dedicated private space for this function and maintain a separate reception.

- 42 Staff within the reception area will need to be able to communicate by telephone, email, letters and fax. All forms are still actively used by an Assessment Centre to communicate with doctors.

Doors from waiting areas into non-public access areas should be fitted with access control systems.

Assessment room

The most appropriate assessment room size has been calculated and agreed to be 12m². This includes all possible requirements for an assessment room increasing flexibility. Possible layouts shown below:

Option 5 - 12m²

Option 4 - 12m²

Option 6 - 12m²

- 43 12m² will ensure that even our smallest rooms are able to accommodate all wheelchair users;
- 44 That every room has the option of having a medical couch. Whilst a couch isn't mandated, in the event that a couch is required, the Supplier shall procure that the HP shall have access to one.
- 45 Will accommodate all of our Suppliers, their equipment and drastically increasing the flexibility of the estate.

Each assessment room will accommodate:

- 46 Operators chair will have five castor wheels to allow the MOS to move about;
- 47 Three claimant chairs will be provided. (Same requirements as those within the waiting area);
- 48 It should be considered that a 3m wide 'Snellen' will need to be present within the room. (Claimant will need to stand 3m from where the 'Snellen' hangs. A Snellen is the visual chart an optician uses that you read the letters from);
- 49 1400 x 800 desks are to be used;
- 50 Pedestal;
- 51 Bin, and;
- 52 Privacy screen where required.
- 53 Rooms benefiting from natural light are preferable, however, this not prescriptive.
- 54 Access controls to be agreed as part of STRA and the waiting areas should be separated from the assessment rooms and controlled via an access control door.
- 55 Assessment rooms are to be specified with an acoustic rating of 50db.

Please note; it is understood that this specification will be able to accommodate the various benefit Assessments that are carried out via various Suppliers. This also allows, with slight tweaks, to smart work assessment rooms. This would require a slightly larger back of house

function, with assessors being rotated into this space following an Assessment creating greater efficiencies. This is yet to be thoroughly tested and agreed.

Back of House

- 56 Expect Suppliers to implement smarter working to make better use of the back of house space. – Authority to provide seating on an 8.2-10 sharing ratio.
- 57 The requirements of these should be captured in an EBR and inform any acquisition process.
- 58 Otherwise, Assessment Centre back of house should fall in line with wider DWP back of house standards, including furniture and finishes.

Storage

- 59 Currently, CHDA utilise a varied amount of storage across their estate depending on how the site manages their workload. Storage is vital as CHDA is a paper based system. This should be clearly identified in any plans.
- 60 Each request should be carefully challenged as it believed this storage can be managed in much more lean way.
 - (a) Nb, this can include storage within the back of house space and does not necessarily need to be a dedicated space.
 - (b) Where a dedicated storage room is found to be appropriate, they should be 12m²; this makes it possible to repurpose these spaces for additional assessment rooms at a later date once things move to digital.
 - (c) Increments of 2m² (1.20m² per assessment room) for every 6 assessment rooms should ensure adequate storage.
- 61 PIP providers currently utilise a digital system and require no more storage than our own front of house service. A small storage room for forms and Suppliers is all that is required. FOH/BOH reception area will have some tall storage units that contains supplies used daily (expenses forms, latex gloves, sick bowls etc.).
- 62 A comms room is required. This will be dependent on the occupancy, and should be considered to utilise the same space as per DWP standards. – This can be shared with the DWP within a co-located property.
- 63 The DWP and its providers are moving towards electronic patient records, so the need for storing paper records is likely to diminish over time.
- 64 All records need to be held securely, with carefully controlled access arrangements.
- 65 Routes for taking delivery of incoming boxed files should be considered in deciding where to locate storage space for acute records

Welfare facilities

- 66 Welfare facilities should be in line with DWP JCP standards.

Health and Safety Considerations

Fire safety

DWP recognise that good management of fire safety is essential to ensure fires are unlikely to occur but if they do occur they can be controlled or contained or if they grow everyone is able to escape to a place of safety quickly. Therefore, it is recognised that robust and well-kept procedures must be in place including carrying out a Fire Risk Assessment (FRA).

A FRA will be carried out in all properties that must be suitable and sufficient as required by the current fire safety legislation. This will include an evacuation plan.

The FRA is carried out by a competent person using a Fire Risk Assessment format known as PAS79. This is a Publicly Available Standard published by the British Standards Institution and recognised as an acceptable means for completing and recording fire risk Assessments. It is an organised and methodical look at the property, the activities carried out and the likelihood that a fire could start and cause harm to those in and around the premises.

The assessor will:

- 67 Obtain information on the building, processes carried out and people present or likely to be present.
- 68 Identify fire hazards and means for their elimination or control
- 69 Assess the likelihood of a fire
- 70 Determine the fire protection measures
- 71 Obtain relevant information about fire safety management
- 72 Make an assessment of the likely consequences to people in the event of a fire
- 73 Make an assessment of the fire risk
- 74 Formulate and document an action plan, the aim of which is to ensure the overall assessment of risk is tolerable, a well-managed building with the likelihood of fire occurring and relevant persons being adversely affected by fire as low
- 75 Set a review date.

To evaluate the risk to people it is important to understand the way a fire can spread along with risk reduction methods including:

Fire detection and warning systems

- 76 Manually operated electrical fire alarm system
- 77 Automatic fire detection throughout building
- 78 Remote transmission of alarm signals

Firefighting equipment

- 79 Portable fire extinguishers
- 80 Hose reels
- 81 Automatic fire extinguishing systems

Provision and maintenance of protected fire escape routes and fire resistant compartments

- 82 Adequate design of escape routes leading to final exits. Number and widths of fire exits and escape routes sufficient for number of occupants.
- 83 Fire exit doors easily and immediately openable without use of key and open in direction of escape where necessary.
- 84 Avoidance of sliding or revolving doors as fire exits.
- 85 Satisfactory means of securing exits.
- 86 Reasonable distances of travel either single direction or alternative means of escape.

- 87 Suitable protection of escape routes with fire resisting doors self-closing, kept locked shut or only held open by suitable correctly functioning automatic door release mechanisms.
- 88 Suitable fire precautions for inner rooms ensuring occupants aware of fire in access rooms.
- 89 Compartmentation of reasonable standard.
- 90 Reasonable limitations of linings that might promote fire spread.
- 91 Fire dampers provided to protect critical means of escape against passage of fire, smoke and combustion products in early stages of a fire.

Lighting and emergency lighting

- 92 Emergency routes or exits requiring illumination must have emergency lighting of adequate intensity.

Signs and notices

- 93 Emergency routes and exits must be indicated by signs.
- 94 Manual extinguishing equipment must be indicated by signs.

Maintenance measures

- 95 Weekly testing and periodic servicing of fire detection and alarm system.
- 96 Monthly and annual testing routines for emergency escape lighting.
- 97 Annual maintenance of fire extinguishing appliances.
- 98 Periodic inspection of external escape staircases and gangways.
- 99 6 monthly inspection and annual testing of rising mains.
- 100 Routine checks of final exit doors and security fastenings.
- 101 Annual inspection and test of lightning protection system.

Asbestos

The principle requirement under the current legislation is the duty to manage asbestos on premises. This duty lies with the duty holder as defined in the building contract/lease agreement, which may vary throughout the estate. The duty requires that reasonably steps are taken to identify asbestos containing materials so that risks can be managed via a suitable management plan.

- 102 Asbestos survey reports completed before occupying new sites.
- 103 Any asbestos detected or presumed to be present is managed with Asbestos Management Plan. This will include asbestos register and re-inspection management surveys with condition reports on identified materials.
- 104 Refurbishment survey completed before upgrading or refurbishing buildings.
- 105 Work on asbestos only carried out by licensed contractors.
- 106 Competent contractors inducted in site rules only used for servicing or maintenance work in areas where asbestos present or presumed.

Electricity

Precautions must be in place to protect against death or injury from the use of electricity.

- 107 Fixed wiring installations subject to inspection and test every 5 years
- 108 Residual current devices test operated along with visual inspections and thermal imaging
- 109 Portable electrical equipment formally inspected and tested on annual basis with periodic visual inspections carried out locally
- 110 Lightning conductor inspected every 11 months including continuity tests, earth resistance tests, visual check of conductors, bonds and joints
- 111 Competent contractors meeting recognised standards and qualifications used for electrical work including installation, maintenance, inspection, servicing or repair
- 112 Electrical equipment purchased to meet appropriate British standards.

Gas / Oil

Legislation deals with the safe installation, maintenance and use of gas or oil fired systems, fittings, appliances and flues. This mainly covers heating systems and boilers which are normally located in boiler / plant rooms that are not readily accessible to staff.

- 113 Gas / oil fired appliances, fittings, pipe work and flues maintained and serviced according to manufacturer's instructions, at least annually.
- 114 Annual safety checks carried out or checked that completed before any new lease starts or checked within 12 months of installation date.
- 115 All installations, maintenance, safety checks and repairs carried out by Gas Safe registered engineers.
- 116 Staff instructed on actions to take if smell or suspect gas escape.

Radon

The Management of Health and Safety at Work Regulations 1999 require the assessment of health and safety risks and this should include the potential radon hazard in the workplace.

Radon is a radioactive gas occurring in rocks and soils, some building materials and water. The ground is the most important source as radon can seep out and build up in houses and indoor workplaces. Public Health England have produced a radon potential map of the UK by combining the results of measurements in houses with maps of the underlying geology. Locations with elevated radon potential are called 'Affected Areas' and risk assessments need to include measurements in appropriate ground floor rooms where a building is located in a radon affected area. Such measurements should be made for any buildings with workspaces in basements whether in an affected area or not.

Water

Water systems need to be designed and built to comply with the Water Supply (Water Fittings) Regulations. There is also a duty to assess the risk to employees from hazardous substances including waterborne biological agents such as legionella bacteria and manage water temperatures to avoid scalding.

- 117 Suitable and sufficient water risk assessments completed and reviewed bi-annually with water control scheme established
- 118 Water based ventilation systems regularly tested and maintained
- 119 Hot water taps with potential for scalding appropriately signed with warning

- 120 Showers fitted with thermostatic mixer valve to prevent scalding and tested and maintained in line with the requirements of the water control scheme.

Lifts / Lifting equipment

- 121 Passenger and goods lift subject to independent thorough examination on 6 monthly and annual basis with defects that can cause danger actioned immediately
- 122 Planned Preventative Maintenance schedule in place including assessments of observations made in examination reports.

Welfare

It is expected for sites to comply with the Workplace (Health, Safety and Welfare) Regulations, 1992. To summarise:

- 123 Planned Preventative Maintenance schedules in place to ensure comfort and reasonable temperatures maintained
- 124 Effective and suitable provision made to ensure well ventilated workplace with mechanical ventilation systems tested and maintained on annual basis
- 125 Suitable and sufficient lighting to allow safe working and movement from place to place along with emergency lighting in event of normal lighting failing
- 126 Room dimensions and space compliant with regulation 10
- 127 Workstations and seating suitably arranged as defined in regulation 11
- 128 Provision of suitable and sufficient sanitary conveniences and washing facilities at readily accessible places
- 129 Accessible toilets designed in accordance with British Standards 8300 and Part M of the Building Regulations
- 130 An adequate supply of wholesome drinking water provided
- 131 Suitable and sufficient rest facilities and places to eat provided
- 132 Suitable facilities are provided for any pregnant woman or nursing mother to rest.

Each DWP building is required to have a Senior Responsible Officer (SRO) who is responsible for ensuring that standards are maintained and processes in place to ensure risks are assessed, managed and reviewed. Support in this role is described in the DWP Building Senior Responsible Officer – Role and Responsibilities document.

Physical Security considerations

- 133 Security Perimeter – who controls it, how is it controlled, are perimeter lighting and access controls sufficient, make-up of doors and windows, what is the environment like outside of the building
- 134 Reception – is there guarding and is it sufficient, are they suitably trained, patrol routines and the recording of activity
- 135 Physical Barriers – are there sufficient controls to guard against attack – barriers, turnstiles, hostile vehicle mitigation
- 136 Intruder detection – are there suitable Intruder Detection Systems, is it maintained, how are alarms activated, are they adequately positioned, response arrangements, CCTV coverage

OFFICIAL – COMMERCIAL

- 137 Physical Entry Controls – controls for permanent staff and visitor arrangements, if appropriate controls over vehicles and secure car parking
- 138 Access to assets – where is sensitive information held, how is access controlled
- 139 Key Management – how are keys protected, maintenance of registers, handing over of keys, key musters
- 140 Communications Rooms – where are these sited, is there sufficient protection to access the room and within the room, how is access managed
- 141 Identification – badges etc.
- 142 Back of House – how are these areas positioned, access controls
- 143 Post/deliveries – what are the arrangements, what controls are in place
- 144 Equipment – controls for equipment that is being left in public areas/places
- 145 Clear Desk
- 146 Panic alarms under desks
- 147 Secure Printing
- 148 Front of House positioning of furniture – prevention of physical incidents
- 149 IT – logging off from PC's/surface pros
- 150 Confidential Waste – how is this managed
- 151 Security Awareness/Culture

SCHEDULE 20

HEALTH ASSESSMENT SERVICE RELATED SERVICES

DEFINITIONS

1. In this Schedule 20, the following term has the following meanings:

“**supplier**” means the Supplier and/or any FAS Lot Supplier, as the context requires.

INTRODUCTION

2. As set out in Schedule 2.1 (*Services Description*), this Agreement is a stepping stone to the national rollout of HAS. The Authority may introduce HAS Testing and/or HAS Rollout during the Term to support this transition.

SUPPLIER SUITABILITY

3. A supplier's suitability to provide HAS Testing and/or HAS Rollout shall be assessed by the Authority at the time of any such requirement using the following criteria (as may be further supplemented or refined at the time(s) to reflect the operating model for HAS):

- a. **Value for Money** – the extent to which a supplier can demonstrate it will achieve value for money when providing the Services under the operating model for HAS.
- b. **Supplier Performance and Compliance with Contractual Obligations** – the extent to which a supplier has a stable performance position and/or good performance track record as part of this Agreement and any other existing agreements with the Authority and the extent to which the supplier has complied with its contractual obligations as set out in this Agreement (including, without limitation, the Authority Requirements) or any other agreements with the Authority.
- c. **Supplier Capacity** – the ability of a supplier to meet volume capacity while implementing the operating model for HAS within any timeframes required by the Authority.
- d. **Financial Health** – a Financial Viability and Risk Assessment (FVRA) will be undertaken by the Authority to help to determine to what extent (if any) it is reasonable for a supplier to include the operating model for HAS in its provision of the Services given its financial position at the time. This assessment will consider the supplier's continued ability to provide the existing Services (i.e. any Services which will not be subject to HAS Testing and/or HAS Rollout) under its current Agreement while also implementing the operating model for HAS as required by the Authority. This will be relevant to the Authority's decision as to whether or not to split the introduction of the operating model for HAS across a number of suppliers.
- e. **Service Geography and/or other Service Synergies** – the Authority will assess if there are any geographic considerations that mean that exercising the option with a particular supplier will result in a better services outcome and/or reduced risk. For instance, there may be reasons that the option should be exercised with the supplier that has the best geographical and/or services fit based on the existing services that it provides to the Authority (e.g. that would mean efficiencies, reduced risks or other synergies in integrating

the service delivery and management of any HAS Testing and/or HAS Rollout with any existing services provided by that supplier).

- f. **Diversity of Supply** – When deciding with which supplier to exercise an option for the introduction of the operating model for HAS, the Authority may also take into account its desire to maintain a diverse and well balanced supply chain.

WORKED EXAMPLE

- 4. A worked example at Annex A to this Schedule 20 illustrates how the introduction of HAS Testing and/or HAS Rollout is intended to operate in practice.

ANNEX A – Worked example illustrating the introduction of HAS Testing and/or HAS Rollout (this example is for illustrative purposes only)

Relevant Processes	Relevant Agreement References
Contracts awarded to suppliers A, B, C, D, and E.	N/A
The Authority identifies aspects of the operating model for HAS that it wishes to test or rollout.	N/A
The Authority considers the criteria in this Schedule to determine which suppliers might be suitable to provide the required HAS Testing or HAS Rollout. Supplier B has performance issues under its contract. It has failed to meet various performance levels and volume clearance targets, although the situation has now been rectified. Due to this poor performance track record, the Authority does not consider that Supplier B is suitable to provide the required HAS service. However, Suppliers A, C and D are all considered suitable.	Paragraph 3 of this Schedule
The Authority issues a Change Request to Suppliers A, C and D setting out its requirements for a transformation environment within the supplier's operation to implement HAS Testing or HAS Rollout, as well as the strategic partnership required between the parties. The Change Request will reflect lessons learned from any earlier introduction of HAS Testing and/or HAS Rollout.	Paragraphs 10.2, 4.3 and 4.4 of Schedule 8.2 (<i>Change Control Procedure</i>)
The Authority invites Suppliers A, C and D to submit Impact Assessments in response to the Change Request. The parties agree to fast track the Change Request, taking into account the urgency of the Authority's requirement for HAS Testing or HAS Rollout.	Paragraphs 10.3, 10.4 and 5 of Schedule 8.2 (<i>Change Control Procedure</i>)
The Authority considers Suppliers A and D have submitted the most favourable Impact Assessments in relation to the criteria in this Schedule.	Paragraph 3 of this Schedule
The Authority rejects the Contract Change for Supplier C. The Authority approves the Contract Change for Suppliers A and D. HAS Testing or HAS Rollout is introduced in the Authority's contracts with Suppliers A and D.	Paragraphs 10.3 and 6 of Schedule 8.2 (<i>Change Control Procedure</i>) See also Clauses 5.10 and 5.11.
The suppliers work collaboratively with the Authority to collect and share timely feedback, insights and data from HAS Testing or HAS Rollout to support further optimisation of HAS.	Paragraph 4.4(b) of Schedule 2.1 (<i>Services Description</i>)

2 **INTRODUCTION**

- 2.1 The Provider Assurance Team (“**PAT**”) is part of the Authority’s Contract Management and Partner Delivery (“**CMPD**”) team and has been in operation since October 2009.
- 2.2 The primary purpose of PAT is to provide the CMPD director with an assurance that the Supplier’s systems of internal control are such that payments made to the Supplier are in accordance with the Authority’s and HM Treasury’s requirements.
- 2.3 PAT shall be entitled to carry out at any time and at any frequency, reviews and tests of the Supplier’s systems of internal control to establish how effective it is at managing risk to the Authority including but not limited to Service expenditure and Service delivery including the arrangements it has in place for its supply chain (“**PAT Review**”). The Supplier shall co-operate with PAT and carry out its obligations under this Schedule 21 whenever a PAT Review is undertaken.
- 2.4 The PAT Review may be divided across various key scope areas including but not limited to:

- (a) **Governance arrangements** – including but not limited to the Supplier’s governance arrangements, systems for tracking and reporting performance and its anti-fraud measures;
- (b) **Service delivery** – includes the Supplier’s systems for starting, ending and moving Claimants through the Service and generally looks to ensure that the Authority is getting the Service it is paying for. This also covers management of the supply chain; and
- (c) **Claims procedures and payments** – looks to ensure that the Supplier has in place effective systems to support claims for payment, including appropriate segregation of duties,

(together referred to as the “**Scope Areas**”).

3 HOW PAT OPERATES

- 3.1 PAT typically operates at a national level enabling it to present to the Supplier operating across regions with a single view of the effectiveness of its systems. Whilst this would ordinarily encompass all of the Authority’s health and employment service contracts, a PAT Review’s scope may, at the Authority’s discretion be limited to specific contracts. The Supplier shall be allocated a nominated Senior Assurance Manager as a single point of contact within the Authority for management of assurance related issues / concerns.
- 3.2 On completion of each PAT Review the Supplier shall be awarded a PAT assurance rating in one of the following four categories (or under any other categories that PAT may designate to the Supplier from time to time) – (i) weak; (ii) limited; (iii) reasonable; or (iv) strong (“**Supplier Assurance Ratings**”). The Supplier shall be sent a formal report detailing the review findings including key strengths and areas for improvement where weaknesses have been identified (“**PAT Report**”). The Supplier is required to complete and return an action plan (“**PAT Action Plan**”) to the Authority within 10 Working Days of receipt of the PAT Report, setting out appropriate steps for the Supplier’s improvement on the areas identified as needing improvement in the PAT Report. PAT may regularly check in with the Supplier regarding its PAT Action Plan until PAT is satisfied that all required actions have been undertaken.

The description of the Supplier Assurance Ratings are as follows:

- (a) **Strong assurance** – governance, risk management and control arrangements operated by the Supplier provide strong assurance that material risks are identified and managed efficiently and effectively, although improvements may be recommended;
- (b) **Reasonable assurance** – governance, risk management and control arrangements operated by the Supplier provide reasonable assurance that material risks are identified and managed efficiently and effectively. Remedial action is required to improve the control environment;
- (c) **Limited Assurance** – governance, risk management and control arrangements operated by the Supplier provide limited assurance that material risks are identified and managed efficiently and effectively. Corrective action is required to resolve control weaknesses; and
- (d) **Weak Assurance** – governance, risk management and control arrangements operated by the Supplier provide weak assurance that material risks are identified and managed effectively. Urgent and significant corrective action is required to resolve significant control weaknesses.

4 HOW PAT CONDUCTS PAT REVIEWS

- 4.1 In order to manage review activity and direct PAT resources in the most effective way, PAT operates a national plan covering all FAS Lot Suppliers in scope for PAT Reviews. PAT Reviews are allocated in priority order according to risk. This is determined by a number of factors including the current Supplier Assurance Rating, length of time since the previous PAT Review (or if there has been no previous PAT Review, the length of time since the Effective Date), Authority stakeholder intelligence, residual contract value and the Supplier's compliance with any PAT Action Plan.

5 THE PAT REVIEW PROCESS

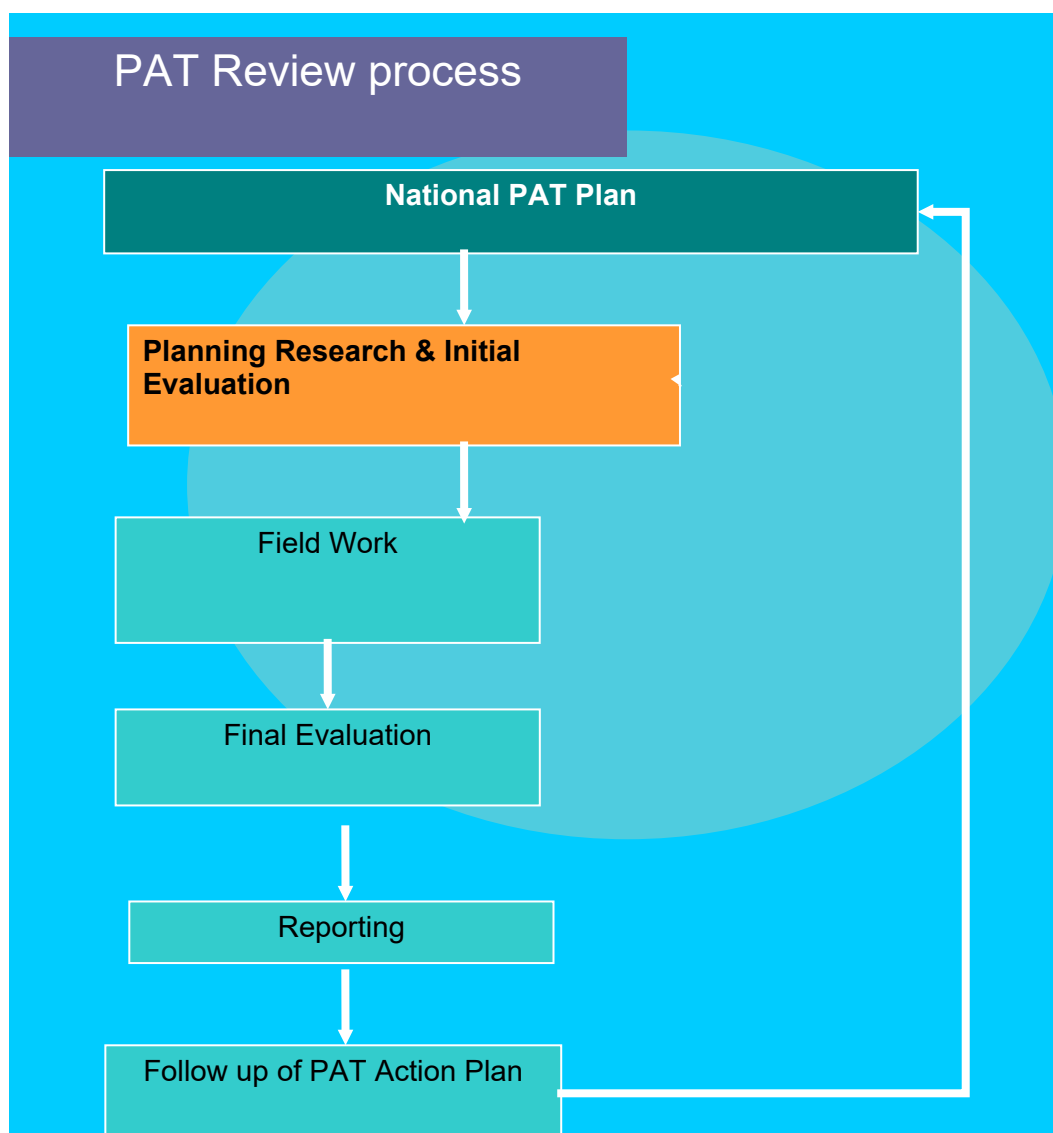

- 5.1 PAT looks for evidence that systems are in place across Supplier organisations to manage key risks to Authority expenditure. To facilitate this process, the key risks have been broken down across the Scope Areas set out at Paragraph 2.4 and PAT will examine the Supplier's controls to look at how effective it is in managing the risks identified.

- 5.2 A PAT Review is undertaken in stages, as set out below in Paragraphs 5.2(a) to 5.2(e), which may be updated by the Authority from time to time:

- (a) Planning research & initial evaluation ("**Stage 1**")
- (b) Field work ("**Stage 2**")
- (c) Final evaluation ("**Stage 3**")
- (d) Reporting ("**Stage 4**")
- (e) Follow up of PAT Action Plan ("**Stage 5**")

together the "**Stages**", which can typically take up to, but may exceed, 23 weeks to complete. The bulk of Supplier facing activity takes place within Stage 2 which generally lasts no longer than five weeks.

- 5.3 The diagram and paragraphs 6 to 10 below illustrate the different Stages of the current PAT Review process.

6 **PLANNING RESEARCH AND INITIAL EVALUATION (STAGE 1)**

6.1 At Stage 1, PAT shall:

- (a) pull together all relevant information about the Supplier;
- (b) form a paper-based opinion about the Supplier's systems; and
- (c) develop the testing strategy to be used at the Sites.

6.2 PAT shall send the following documents to the Supplier at the beginning of Stage 1:

- (a) a Provider Systems Questionnaire ("**PSQ**") which asks a series of questions about the Supplier's systems of control, policies, procedural guidance, including data management systems, e.g. booking systems across each of the Scope Areas, which the Supplier shall complete and return to PAT no later than 3 weeks after it receives the PSQ; and
- (b) a site information form to confirm information about the Supplier's Site.

6.3 PAT shall also seek feedback from colleagues within the Authority who work closely with the Supplier. Intelligence is gathered from these sources during Stage 1 and used alongside the PSQ response from the Supplier when forming an initial view of the Supplier's management of risk against the Scope Areas.

7 FIELD WORK WITH THE SUPPLIER (STAGE 2)

- 7.1 Once PAT has received and reviewed the findings from Stage 1, Stage 2 shall commence following a formal start-up meeting between PAT and the Supplier on a date to be agreed between the Supplier and PAT ("**Start-up Meeting**"). The purpose of the Start-up Meeting is to brief the Supplier on the forthcoming PAT Review and agree the terms of engagement throughout the PAT Review, including timescales for final feedback and the timeframe for providing all evidence.
- 7.2 Based on the outcome of Stage 1, visits may be arranged at the Sites to carry out any testing deemed necessary to form a judgement as to the effectiveness of the systems under review.
- 7.3 The field work can be conducted at any of the Sites across the country and PAT will choose which Site to visit based on a number of factors, including the Services and activities delivered at individual Sites, any intelligence gathered during Stage 1 which may indicate weaknesses in certain areas, or the availability of PAT resource.
- 7.4 This Stage 2 will typically include reviewing key policy documents, examining Claimant files, interviewing Supplier Personnel, and performing checks in sufficient quantities to allow the team to form an opinion across the Supplier's systems as a whole. This may mean that testing has to be extended in some circumstances.
- 7.5 During Stage 2, PAT will provide the Supplier with a written summary of interim feedback, based on findings from Stage 2. This allows the Supplier to understand and discuss the findings to date.
- 7.6 Throughout Stage 2, the Supplier shall be given the opportunity to provide any supporting documentation and/or missing evidence that has been requested by PAT. All evidence must be provided by the date agreed in the Start-up Meeting as set out in Paragraph 7.1.

8 FINAL EVALUATION (STAGE 3)

- 8.1 Evaluation of the Supplier's systems is continuous throughout all Stages of the PAT Review process. Once Stage 2 is complete and all the findings have been considered by PAT, an overall Supplier Assurance Rating shall be awarded covering the Scope Areas based on the assessment of the adequacy and effectiveness of the Supplier's systems across all aspects of the provision delivered under the Agreement.
- 8.2 The Stage 3 final evaluation and Supplier Assurance Rating shall be formally presented to the Supplier at a final feedback meeting at a time agreed between PAT and the Supplier in advance. At this meeting, PAT and the Supplier shall discuss what actions are going to be included in the PAT Action Plan to address any issues raised and timescales for satisfactory completion of those actions.

9 REPORTING (STAGE 4)

- 9.1 Following completion of Stage 3, the PAT Report shall be produced by PAT and sent to the Supplier. The PAT Report will contain details of PAT's findings and opinions against all key risk areas across the Scope Areas and an overall Supplier Assurance Rating.
- 9.2 A PAT Action Plan shall be attached to the PAT Report covering all the issues raised at the feedback meeting. The Supplier shall submit a response to the PAT Action Plan within 10 Working Days of receipt. It is expected that the PAT Action Plan will be signed off within 3 months of the PAT Report being issued. The Supplier's response shall contain any timescales for implementing any necessary improvements.

- 9.3 The Supplier shall also be required to complete and return a feedback form to the Senior Assurance Manager to support PAT's continuous improvement.
- 9.4 Where the Supplier has any issues or causes for concern with the PAT Review process that cannot be addressed throughout the course of the review, then the Supplier may raise these in writing with the Head of Provider Assurance Team.
- 9.5 The Supplier is not entitled to appeal the Supplier Assurance Rating awarded. PAT undertakes a period of extensive evaluation to ensure that it has a good understanding of the Supplier's systems and processes and it seeks to gain sufficient evidence through testing to reach a sound conclusion regarding the adequacy and effectiveness of the Supplier's controls.
- 9.6 The final feedback meeting will allow the Supplier ample opportunity to discuss the findings and Supplier Assurance Rating, before the PAT Report is issued.
- 9.7 The main focus of any meeting or correspondence after a Supplier Assurance Rating has been given shall concentrate on the implementation of the areas for improvement as detailed in the PAT Action Plan to strengthen the Supplier's controls/maintain a strong level of control in preparation for any subsequent PAT Review.
- 9.8 The PAT Report is also sent to the Authority's stakeholders which typically include:
- (a) Performance managers;
 - (b) Commercial directorate;
 - (c) Security risk advice team; and
 - (d) Counter fraud & investigation.

10 FOLLOW UP OF PAT ACTION PLAN (STAGE 5)

- 10.1 PAT will follow up with the Supplier to pursue clearance of all actions in the PAT Action Plan. This follow up will take place within the timescales agreed between PAT and the Supplier.

11 OTHER POTENTIAL ACTIONS

- 11.1 Without prejudice to any other of the Authority's rights under the Agreement, there may be other actions required depending on the findings of the PAT Review including:
- (a) **Overpayment recovery** – if any potential overpayment is identified and the Supplier cannot produce evidence during the PAT Review to demonstrate that there has not been an overpayment, then the Authority may seek to recover such overpayment; and
 - (b) **Backtracking** – if evidence suggests that any overpayments identified during the PAT Review are as a result of systematic weaknesses, then the Supplier may be asked to 'back track'. In such cases, the Supplier shall be required to provide information relating to such overpayments and, in doing so, identify the underlying cause of the overpayments. The results of the backtracking will be verified by PAT before the Authority decides appropriate action to rectify the overpayment.

12 PAT REPORTING

- 12.1 The Authority has the right to periodically publish Supplier Assurance Ratings.

- 12.2 All PAT Reports are shared with the CMPD director and other senior managers within the Authority.
- 12.3 If the Supplier is attributed a “Weak” or “Limited” Supplier Assurance Rating, as notified to the Supplier by the Authority, the Supplier shall deploy all additional resources and take all remedial action that is necessary to remedy the “Weak” or “Limited” Supplier Assurance Rating or to prevent the “Weak” or “Limited” Supplier Assurance Rating from recurring by a date specified by the Authority. The requirement for such additional resources and remedial action shall be set out in the PAT Action Plan.
- 12.4 If the Supplier has failed to deploy the required additional resources or to take the remedial action as required by the PAT Action Plan by the date specified by the Authority, the Authority shall be entitled to recover liquidated damages from the Supplier in accordance with Clause 26.14 (*Liquidated Damages*).
- 12.5 The following circumstances shall be Supplier Termination Events giving the Authority the right to terminate the Agreement in accordance with Clause 35.1(b) (*Termination by the Authority*) by issuing a Termination Notice to the Supplier:
- (a) where the Supplier has been awarded a Supplier Assurance Rating of “Weak” or “Limited”, as notified to the Supplier by the Authority, in two (2) separate consecutive PAT Reviews for reasons which the Authority regards, at its sole discretion, as similar reasons;
 - (b) where the Supplier has been awarded a Supplier Assurance Rating of “Weak” or “Limited” as notified to the Supplier by the Authority, in three (3) separate consecutive PAT Reviews regardless of the reasons for such award; or
 - (c) on-going or repeated failures on the part of the Supplier to comply with and implement a PAT Action Plan.

13 CONTACT DETAILS

- 13.1 The contact details for PAT are listed below and enquiries can be submitted to the PAT central inbox [REDACTED].

SCHEDULE 22

CONTINGENCY SERVICES

INTRODUCTION

1. This Schedule 22 sets out a contingency option under which the Authority may require the Supplier to provide certain Contingency Services as an Optional Service. This is an important requirement to ensure continuity given the critical and urgent nature of such Contingency Services.

CONTINGENCY SERVICES OPTION

2. If the Authority terminates in whole or in part any contract it has with another FAS Lot Supplier for the provision of services similar to the Services, the Supplier agrees that the Authority shall have the option to require that the Supplier takes over the delivery of such services that are terminated (the “**Contingency Services**”) and the Supplier hereby agrees to do so if so required.
3. Contingency Services will be implemented by the Authority using Clauses 5.10 and 5.12 of the Agreement with each Party acting reasonably and promptly taking into account the urgency of the Authority’s requirement for such Contingency Services.

SUITABILITY TO PROVIDE CONTINGENCY SERVICES

4. The Supplier’s suitability to provide any Contingency Services shall be assessed by the Authority at the time of any such requirement using the following criteria (as may be further supplemented, or refined at the time(s) to reflect the requirements of the particular Contingency Services):
 - a. **Value for Money** – the extent to which the Supplier can demonstrate it will achieve value for money when providing the Contingency Services (including as set out in its Impact Assessment).
 - b. **Supplier Performance and Compliance with Contractual Obligations** – the extent to which the Supplier has a stable performance position / good performance track record as part of this Agreement and any other existing contracts with the Authority and the extent to which the Supplier has complied with its contractual obligations as set out in this Agreement (including, without limitation, the Authority Requirements) or any other contracts with the Authority.
 - c. **Supplier Capacity** – the ability of the Supplier to increase volume capacity to take on the Contingency Services within any timeframes required by the Authority.
 - d. **Financial Health** – a Financial Viability and Risk Assessment (FVRA) will be undertaken by the Authority to help to determine the volume of Contingency Services it is reasonable for the Supplier to take on (if any) given its financial position at the time. This assessment will consider the Supplier’s continued ability to provide the existing Services under its current Agreement whilst also taking on the volume of additional Contingency Services required by the Authority. This will be relevant to the Authority’s decision as to whether or not to split the relevant contingency service requirement across a number of suppliers or to exercise its option with just one supplier.
 - e. **Service Geography and/or Channel Mix** – the Authority will assess if there are any geographic considerations that mean that exercising the

option with a particular supplier (whether the Supplier or any other FAS Lot Supplier) will result in a better services outcome and/or reduced risk. For instance, there may be reasons that the option should be exercised with the supplier that has the best geographical and/or channel mix fit based on the existing services that it provides to the Authority (e.g. that would mean efficiencies, reduced risks or other synergies in integrating the service delivery and management of any Contingency Services with any existing services provided by that supplier).

- f. **Diversity of Supply** – When deciding which supplier to exercise an option for Contingency Services with, the Authority may also take into account its desire to maintain a diverse and well-balanced supply chain. However, for the avoidance of doubt, Contingency Services shall not be subject to any market share limits previously applied (at contract award) to a supplier in respect of its services.
5. Where, by applying the criteria above (as may be further supplemented or refined at the time to reflect the requirements of the particular Contingency Services), the Authority considers that there may be more than one supplier that may potentially be suitable to provide the required Contingency Services, the Authority may request proposals from each such potentially suitable supplier. The information required as part of such proposals may include, but shall not be limited to, the information that would normally be required as part of an Impact Assessment. In these circumstances, the Authority will evaluate such proposals and choose which supplier or suppliers to exercise its option for Contingency Services with, based on applying the criteria above (as may be more precisely supplemented, refined and/or formulated at the time (including by the addition of any relevant sub-criteria), as notified to the relevant suppliers as part of any request for such proposals).

WORKED EXAMPLE

6. A worked example at Annex A to this Schedule 22 illustrates how the processes outlined in this Schedule 22 are intended to work in practice.

Such termination is specified by the Authority to take effect six (6) months from the date of the termination notice (similar or equivalent to a Termination Notice).	Clauses 35.1 (b) and 35.2 (b) of Agreement. See also definition of “Termination Notice” in Schedule 1 (<i>Definitions</i>).
The Authority requires Contingency Services to effectively take over the services terminated under supplier A’s contract. The Authority considers the criteria in Schedule 22 to determine which supplier might be suitable to provide the required Contingency Services. Suppliers B and C have both had performance issues under their own contracts in that they have failed to meet various performance targets in accordance with the terms of their contracts (although the situation has now been rectified). Due to this poor performance track record (i.e. their failure to meet their contractual obligations) the Authority does not consider that suppliers B or C are suitable to provide the required Contingency Services. However, suppliers D and E are both considered potentially suitable to provide the Contingency Services.	Paragraph 4 of Schedule 22 (<i>Contingency Services</i>)
The Authority invites suppliers D and E to submit proposals in relation to the provision of the Contingency Services.
