## Section 4 – Specification and about this procurement

### Introduction

The Consumer and Competition Policy Directorate (CCP), part of the Department for Business, Energy & Industrial Strategy (BEIS), is looking for a service provide to support the Secretary of State in the execution of the Secretary of State's 'Competent Authority' (CA) role for Alternative Dispute Resolution (ADR) in the non-regulated sector. The provider will provide services of an administrative nature supporting the Secretary of State's performance of a number of statutory functions including the accreditation, oversight, performance management and reporting of ADR bodies in the non-regulated sector.

### Background and Context

Alternative Dispute Resolution (ADR) refers to any means of settling disputes outside of the courtroom. Typically, this can include negotiation, conciliation, mediation and arbitration. When disputes arise between consumers and traders, there are a range of options available for resolution without going to court. These options can often be quicker and cheaper, and lead to a more satisfactory solution for both parties, than taking legal action.

The Alternative Dispute Resolution (ADR) Regulations<sup>1</sup> established competent authorities (a person or organisation that has legally delegated or invested powers, authority, or capacity) to certify ADR schemes and set the standards that ADR scheme applicants must meet in order to achieve certification. It also introduced new information requirements on all traders who enter contracts with consumers for the supply of goods or services. The Regulations do not make participation in an ADR scheme mandatory for business but require the Government to ensure that Alternative Dispute Resolution (ADR) that has been approved as complying with the requirements in the Directive is available for all disputes between a consumer and a business.

In the regulated sectors, the CA is the relevant sector regulator<sup>2</sup>. In the non-regulated sectors, the Department of Business, Energy & Industrial Strategy's (BEIS) Secretary of State is responsible for ensuring ADR providers who make an initial application for approval are compliant with the regulations.

The Government recently published the 'Reforming Competition and Consumer Policy' consultation<sup>3</sup>. Alongside considering broader changes to the scope of mandatory ADR, the consultation outlined proposals on improving the overall quality and oversight of ADR services is an important element of the proposed reform package. These improvements are centred around four key principles: neutrality, efficiency, accessibility and transparency. As part of the contract, the winning provider will work with BEIS, Competent Authorities and other relevant and qualified bodies to create a system of accreditation and oversight that

<sup>2</sup> FCA, Legal Services Board, CAA, Gambling Commission, Ofgem, Ofcom, Powys CC (Estate Agents)

applies these principles consistently across the whole of the non-regulated sector.

## **Functions and Fees**

### ***Initial Applications***

The winning provider, on behalf of the Secretary of State, will be responsible for assessing initial applications to become approved from ADR providers in the non-regulated sectors

information that an ADR applicant for approval must supply with their initial application for approval is set out in Schedule 2 of the Regulations.

Upon receipt of this information, the provider will assess whether the applicant is compliant with the Regulations. The requirements that the provider must consider are listed in Schedule 3 of the Regulations.

Before an applicant can be approved, the winning provider must be satisfied that the applicant has met, or will meet within a reasonable time, the requirements in Schedule 3. The winning provider must refer the matter to BEIS if they consider that an ADR applicant's application should be rejected.

Regulation 15(1)(a) allows the winning provider to charge a fee for the costs incurred in evaluating an initial application to be approved from an ADR provider. The Regulations specify how this fee can be charged and the amounts that ADR providers can be charged by the winning provider for assessing an initial application for approval.

Regulation 15(2) sets out that the fee should be calculated at a daily rate of £750 per day (based upon an 8-hour day) for each person carrying out the assessment of the application. This shall be pro-rated in respect of any period less than a day spent by any person. The fee should not exceed the reasonable costs and expenses incurred by the provider in evaluating an application.

### ***Biennial Review***

Under Regulation 12, the competent authority is required to carry out a biennial assessment of ADR providers to ensure they remain compliant with the requirements in Schedule 3. The assessment must be based on information supplied by the ADR provider. As part of the biennial review, approved ADR providers must supply the competent authority with the information set out in Schedule 6 of the Regulations.

The winning provider must, on behalf of the Secretary of State, charge ADR providers a biennial<sup>4</sup> fee, in accordance with regulation 15(1)(b), for carrying out the biennial review. As with the initial application fee, this fee should be calculated at a daily rate of £750 per day for each person carrying out the assessment of the application. The fee should not exceed the reasonable costs and expenses incurred by the provider in evaluating an application.

### ***Administrative Functions***

The winning provider will work with the other CAs to ensure consistency of approach and to highlight and share emerging issues. In this role, the provider will invite the other CAs to

---

<sup>4</sup> Known as a periodic fee in the regulations.

quarterly working groups to share best practice and information on the certification process and ADR providers. If this is not possible, then the provider must invite other relevant and qualified bodies such as Ombudsman, associations, or academics to discuss ADR 'best practice' and complaints handling.

Furthermore, in the event that the winning provider has reason to believe that an ADR provider is no longer compliant with Schedule 3, the provider must inform BEIS in writing and, as set out above, must ensure that it does so before serving notice under regulation 13(1) and 13(3). In serving a notice under regulation 13(1) (if authorised in writing to do so by BEIS), the provider must write to the ADR entity setting out what part/s of Schedule 3 they no longer meet and require them to put the situation right within 3 months. The provider can work with the ADR provider to try and ensure compliance. Should the ADR provider fail to put right the issue, and if the provider believe the issue is sufficiently serious, the provider must (having obtained BEIS' prior authorisation in writing) give notice to the ADR provider, copied to BEIS, that approval is being withdrawn and update the list of approved ADR providers on its website.

### ***Single Point of Contact***

The provider, on behalf of the Secretary of State, will act as a Single Point of contact for all ADR in the UK and internationally. This includes, but is not limited to:

As per Regulation 10, the provider must publish a consolidated list of certified ADR providers. Schedule 4 outlines the specific requirements in detail. This will include ADR providers certified by the provider acting on behalf of the Competent Authority (CA) and those certified by the other CAs.

Sending this information to the relevant international ADR CAs (as approved or acknowledge by the United Kingdom by virtue of a Free Trade Agreement (FTA) or another formal acknowledgement).

If required or requested by BEIS during the grant period, publish, and send to approved domestic or international bodies, a report on the functioning of the ADR market in the UK. The report will include best practice in ADR providers, any barriers to consumers using ADR and make recommendations for how the ADR market can be improved.

When or if asked by the Secretary of State, or a relevant representative of BEIS, provide a link on the provider's website to the consolidated list of international ADR CAs.

Furthermore, in acting on behalf of the Competent Authority, and if required as part of a Free Trade Agreement FTA or formal request from the Secretary of State/BEIS, the provider will also act as the point of contact for consumers in other international states who need to identify an ADR provider who is competent to deal with a cross-border dispute.

### ***Annual Activity Report***

Within a month of the first anniversary of being approved, and for each subsequent year, under Regulation 11 approved ADR providers must publish an annual activity report on their website.

Schedule 5 of the Regulations lists the information that the ADR provider must publish. The

provider will use this information to assess how the ADR landscape is functioning and to assess whether the ADR provider remains compliant with the requirements for being an approved ADR provider.

### ***Quality Management***

As the primary representation of the Competent Authority, the provider will help set and drive quality standard amongst all accredited ADR bodies. All standards should be based on four key principles – neutrality, efficiency, accessibility, and transparency. The Regulations set the minimum standard and we expect the provider to help set, promote, and drive these standards further, using their position as the single point of contact and representative of the Competent Authority to do so.

### ***Other Administrative Functions***

The winning provider will also carry out, on behalf of the Secretary of State, several other administrative functions pursuant to enabling the ADR Regulations to function successfully. These include:

- Robust governance and oversight of the CA role internally.
- Answering general questions and queries about ADR from members of the public and other key stakeholders including MPs, journalists, and other government departments.
- Dealing with complaints about ADR providers from members of the public in a thorough and timely fashion, including monitoring ADR providers for high levels of and seriousness of complaints and notifying BEIS if there are concerns that an approved ADR provider is in danger of failing in its obligations under the regulations or bringing the sector into disrepute.
- Answering questions about their role and processes from ADR providers.
- Education and awareness raising of ADR amongst key stakeholders, businesses, members of the public and the enforcement community.
- Monitoring the provision of ADR and notify BEIS if there are concerns that approved ADR is not available for every consumer to trader dispute.
- Sharing best practice amongst ADR providers to improve the initial application and two-year assessment.
- Monitoring the ADR landscape to gather intelligence and notify BEIS on how the landscape is performing, including instances of non-compliance with the trader information requirements in Part 4 of the Regulations.
- Sharing best practice and lessons learned with auditors and ADR providers from the initial application process and the biennial ongoing assessments.
- Providing information and support to new ADR bodies seeking to enter the market or seeking to provide ADR in sectors they have not previously covered.
- Consulting with existing ADR providers on initial application and biennial fee levels

including assessing the impact of the fees on the market.

- Share consolidated ADR providers list whenever it is updated with Citizens Advice Consumer Helpline to improve the consumer journey.

### **Reporting and Oversight**

The winning provider must write at the end of each financial year to the BEIS Secretary of State setting out:

- The provider's own assessment of their performance over the previous 12 months against set KPIs – based on feedback received from initial applicants for approval, approved ADR providers, key stakeholders and their own experience as acting as the CA during that year.
- The provider's own assessment of how the ADR landscape is performing for businesses and consumers, including information gathered from its landscape monitoring functions.
- The provider's proposed fees for the next 12 months – this should give BEIS early warning if the £750 daily rate is to change as this will require an amendment to the Regulations.
- A detailed breakdown of the previous year's total income received from the initial application fee and biennial fee.
- The cost of running the CA including staff and any other administration costs.
- The cost of acting as the single point of contact for ADR in the UK.
- The numbers of ADR providers approved.
- Average number of days taken for the approval process to be completed
- Average cost to ADR providers of initial applications for approval
- Average cost to ADR providers of the biennial fee
- Number of removals of certification in the previous 12 months.
- Estimate of income from initial application fee and biennial fee for next 12 months.
- Estimates of running and administrative costs for next 12 months.

In addition, BEIS will meet quarterly with the winning provider as part of its normal performance update meetings to monitor its performance as the generic CA.

As an indication of passed work in 2020/2021, the incumbent supplier performed:

- 4 new accreditations
- 5 biennial reviews (6 were scheduled but one was pushed into this year due to COVID).

As the Secretary of State remains the competent authority, the winning provider must refer any matter to the Secretary of State where the provider proposes that the competent authority make a significant decision affecting ADR applicants or ADR entities in a case

where the Regulations leave a discretion to the competent authority. BEIS does not expect the provider to refer routine, administrative matters to BEIS.

The Contract duration shall be for a period of 3 years with optional extensions of 2 years period from commencement of the Contract.

Total contract value including all optional extensions shall not exceed £510,000.00 Ex VAT

The initial contract will be for 3 years with the option to extend on an annual basis (3+1+1)

For the avoidance of doubt:

The Initial contract (3 years) value shall not exceed £306,000.00 ex VAT

Optional Year 4 and Year 5 value shall not exceed £204,000.00 ex VAT subject to budgetary approval.

### **Terms and Conditions**

### Award Scoring criteria

#### Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this RFP. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

Questionnaire	Q No.	Question subject	Maximum Marks
Price	AW5.2	Price	20%
Quality	PROJ1.1	Understanding	10%
Quality	PROJ1.2	Methodology	30%
Quality	PROJ1.3	Relationships and Networks	10%
Quality	PROJ1.4	Risk and Mitigation	10%
Quality	PROJ1.5	Contract and Account Management	10%
Quality	PROJ1.6	Social Values	10%

### Award Evaluation of criteria

#### Non-Price elements

Each question will be evaluated on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

Score = {weighting percentage} x {bidder's score} = 20% x 60 = 12

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered, or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.

All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows:

#### Example

Evaluator 1 scored your bid as 60

Evaluator 2 scored your bid as 40

Evaluator 3 scored your bid as 80

Evaluator 4 scored your bid as 60

Your final score will  $(60+40+80+60) \div 4 = 60$

Once the above evaluation process has been undertaken and the scores are apportioned by evaluator(s) this will then be subject to an independent commercial review and moderation meeting, if required by the commercial lead, any and all changes will be formally recorded relative to the regulatory obligations associated with this procurement, so as to ensure that the procurement has been undertaken in a robust and transparent way.

**Price elements** will be evaluated on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100.

All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.

Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.

Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.

Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.

Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 ( $80/100 \times 50 = 40$ )

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

This evaluation criteria will therefore not be subject to any averaging, as this is a mathematical scoring criteria, but will still be subject to a commercial review.

#### DO:

Do comply with Procurement document instructions. Failure to do so may lead to disqualification.

Do provide the Bid on time, and in the required format. Remember that the date/time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the RFP shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay, is solely attributable to the Contracting Authority

Do ensure you have read all the training materials to utilise e-sourcing tool prior to responding to this Bid. If you send your Bid by email or post it will be rejected.

Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission, we may reject your Bid.

Do ensure you utilise the Delta eSourcing messaging system to raise any clarifications to our RFP. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information, we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution

Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.

Do consider who the Contracting Authority is and what they want – a generic answer does not necessarily meet every Contracting Authority's needs.

Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.

Do provide clear, concise and ideally generic contact details; telephone numbers, e-mails and fax details.

Do complete all questions in the questionnaire or we may reject your Bid.

Do ensure that the Response and any documents accompanying it are in the English

Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.

Do check and recheck your Bid before dispatch.

### What makes a good bid – some simple do not's ☹

#### DO NOT

Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.

Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.

Do not share the Procurement documents, they may be confidential and should not be shared with anyone without the Buyers written permission.

Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.

Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.

Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.

Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.

Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.

Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.

Do not exceed word counts, the additional words will not be considered.

Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.

Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via e-sourcing tool.
