INTRODUCTION

- 1) The Supplier is one of a number of agencies appointed by The Department for Science, Innovation and Technology (DSIT) to the Framework Agreement and is therefore able to enter into this Framework Agreement to provide the Services to the Customer.
- 2) This Framework Agreement, made between the Customer and the Supplier, sets out the terms of the Supplier's appointment as a provider of the Services to the Customer. The Services will be delivered according to the terms of this Framework Agreement, any agreed Letter of Appointment and Order Form.
- 3) The Parties agree that the Services and associated Deliverables shall be supplied in accordance with the terms of the Framework Agreement.
- 4) Following the successful completion of a Further Competition Procedure, these Framework Agreement Terms and Letter of Appointment and Order Form will become binding.

IT IS AGREED:

1. APPOINTMENT & ORDER FORM

- 1.1. Throughout the Term of this Framework, the Supplier will perform the Services and (where relevant) supply the Deliverables to the Customer in accordance with agreed Letter of Appointment and Order Form.
- 1.2. Subject to Clause 1.4 the Parties may agree new Projects to be delivered under this Framework Agreement by agreeing a new Letter of Appointment and Order Form. This must be done in writing and using the form set out at Schedule 2. Once both Parties have signed Annex C Letter of Appointment and Order Form, it automatically forms part of this Framework Agreement.
- 1.3. Any schedule attached to a Letter of Appointment and Order Form will describe in detail the different types of Services to be provided under that Letter of Appointment and Order Form. A schedule attached to a Letter of Appointment and Order Form only applies to the relevant Project to be delivered under that Letter of Appointment and Order Form, and not to any other Letter of Appointment and Order Form, or to the provision of the Services as a whole.
- 1.4. Where a Letter of Appointment and Order Form would result in:
 - 1.4.1. a variation of the Services procured under this Framework Agreement.
 - 1.4.2. an increase in the Charges agreed under this Framework Agreement; or

- 1.4.3. a change in the economic balance between the Parties to the detriment of the Customer that is not provided for in this Framework Agreement, the relevant term(s) will be dealt with as a proposed Variation to this Framework Agreement in accordance with the Variation procedure set out in Clause 9.

2. TERM

- 2.1. This Framework Agreement starts on the **10 March 2025** and ends on the **31 March 2025 with the option to extend for 1 year**, as stated in the Letter of Appointment. The Expiry Date may be changed in accordance with Clause 2.2 or Clause 23.
- 2.2. The Customer may extend this Framework Agreement for any period up to the Extension Expiry Date by giving the Supplier notice in writing before the Expiry Date. The minimum notice which must be given to amend the Expiry Date is specified in the Letter of Appointment.
- 2.3. The revised date the Framework Agreement will end (the **New Expiry Date**) will be set out in the notice given under Clause 2.2 above.
- 2.4. The terms and conditions of this Framework Agreement will apply throughout any extended period.
- 2.5. Each Project starts on the Project Commencement Date and ends on the Project Completion Date unless it is terminated earlier in accordance with Clause 23.

3. CALL OFF GUARANTEE

- 3.1. Where the Customer has stated in the Letter of Appointment that this Framework Agreement is conditional on receipt of a Guarantee, then, on or prior to the Effective Date (or on any other date specified by the Customer), the Supplier must provide:
 - 3.1.1. an executed Guarantee from a Guarantor; and
 - 3.1.2. a certified copy extract of the board minutes and/or resolution of the Guarantor approving the execution of the Guarantee.
- 3.2. The Customer may at any time agree to waive compliance with the requirement in Clause by giving the Supplier notice in writing.

4. CUSTOMER OBLIGATIONS

- 4.1. The Customer will give the Supplier instructions as to its requirements for the Services and Deliverables. These will be included in a Letter of Appointment and Order Form and may include start and end dates for each stage of the proposed Services and Deliverables.

5. SERVICE DELAY, DELIVERY & RECTIFICATION

- 5.1. The Supplier will give the Customer full and clear instructions as to any Customer Materials it reasonably requires performing the Services and provide the Deliverables.
- 5.2. The Supplier will:
 - 5.2.1. comply with all Law.
 - 5.2.2. use all reasonable and proper skill and care in its performance of the Services and provision of the Deliverables.
 - 5.2.3. comply with all reasonable Customer instructions regarding the Services and Deliverables if these instructions do not materially amend the Letter of Appointment and Order Form (unless the amendment has been agreed in accordance with Clause 9.1).

- 5.2.4. keep Customer Materials under its control safe and secure and in accordance with any security policy provided by the Customer; and
- 5.2.5. provide all Deliverables by any dates set out in the applicable Letter of Appointment and Order Form or any other date(s) agreed by the parties in writing.

Delay

- 5.3. If the Customer materially breaches its obligations in connection with this Framework Agreement (including its payment obligations), and consequently delays or prevents the Supplier from performing any of the agreed Services or providing any of the agreed Deliverables this will be a “**Customer Cause**”. In the event of a Customer Cause, the Supplier will be granted an appropriate extension of time (to be approved by the Customer, acting reasonably) to perform the agreed Services or provide the agreed Deliverables. The Supplier will not be liable for any Losses incurred by the Customer because of Customer Cause, provided the Supplier complies with its obligations set out at Clause 5.4.
- 5.4. The Supplier must notify the Customer within 2 Working Days of the Supplier becoming aware that the Customer has breached, or is likely to breach, its obligations in connection with this Framework Agreement. This notice must detail:
 - 5.4.1. the Customer Cause and its actual or potential effect on the Supplier’s ability to meet its obligations under this Framework Agreement, and
 - 5.4.2. any steps which the Customer can take to eliminate or mitigate the consequences and impact of such Customer Cause.
- 5.5. The Supplier must use all reasonable endeavours to eliminate or mitigate the consequences and impact of a Customer Cause. The Supplier must try to mitigate against any Losses that the Customer or the Supplier may incur, and the duration and consequences of any delay or anticipated delay.
- 5.6. If at any time the Supplier becomes aware that it may not be able to perform the Services or provide any Deliverables by any date set out in the applicable Letter of Appointment and Order Form (or any other deadline agreed by the Parties in writing), this will constitute a Default and the Supplier will immediately notify the Customer of the Default and the reasons for the Default.
- 5.7. If the Default described in Clause 5.6 above is, in the Customer’s opinion capable of remedy, the Customer may, up to 10 Working Days from being notified of the Default, instruct the Supplier to comply with the Rectification Plan Process.

Rectification Plan Process

- 5.8. If instructed to comply with the Rectification Plan Process by the Customer under Clause 5.7 above, the Supplier will submit a draft Rectification Plan to the Customer to review as soon as possible and in any event within 10 Working Days (or such other period as may be agreed between the Parties) from being instructed to do so. The Supplier shall submit a draft Rectification Plan even if the Supplier does not agree that the Default is capable of remedy.
- 5.9. The draft Rectification Plan shall set out:
 - 5.9.1. full details of the Default that has occurred, including the underlying reasons for it.
 - 5.9.2. the actual or anticipated effect of the Default; and
 - 5.9.3. the steps which the Supplier proposes to take to rectify or mitigate the Default and to prevent any recurrence of the Default, including timescales for such steps and for the rectification of the Default (where applicable).

- 5.10. The Supplier shall promptly provide to the Customer any further documentation that the Customer requires to assess the Supplier's reasoning behind the default. If the Parties do not agree on the root cause set out in the draft Rectification Plan, either Party may refer the matter to be determined in accordance with paragraph 5 of Schedule 4 (Dispute Resolution Procedure).
- 5.11. The Customer may reject the draft Rectification Plan by notice to the Supplier if, acting reasonably, it considers that the draft Rectification Plan is inadequate. An example of an inadequate draft Rectification Plan is one which:
 - 5.11.1. is insufficiently detailed to be capable of proper evaluation.
 - 5.11.2. will take too long to complete.
 - 5.11.3. will not prevent reoccurrence of the Default.
 - 5.11.4. will rectify the Default but in a manner which is unacceptable to the Customer;
or
 - 5.11.5. will not rectify the Default.
 - 5.11.6. The Customer will tell the Supplier as soon as reasonably practicable if it agrees to or rejects the draft Rectification Plan.
- 5.12. If the Customer rejects the draft Rectification Plan, the Customer will give reasons for its decision in its rejection notice. The Supplier must take these reasons into account in the preparation of a revised Rectification Plan. The Supplier shall submit a revised draft of the Rectification Plan to the Customer for review within 5 Working Days (or such other period as agreed between the Parties) of the Customer's rejection notice.
- 5.13. If the Customer agrees the draft Rectification Plan, or any revised draft Rectification Plan, the Supplier shall immediately start work on the actions set out in the Rectification Plan.

6. SUPPLIER: OTHER APPOINTMENTS

- 6.1. Adverse public perception could have a detrimental impact on the Customer's desired outcomes for the Project. To minimize this risk, the Supplier must not, without the Customer's written consent, provide communication or campaign services to a third party during the Term of this Framework Agreement where the provision of such services (in the reasonable opinion of the Customer):
 - 6.1.1. has the potential to adversely affect the Customer's desired outcome of the Project or diminish the trust that the public places in the Customer; or
 - 6.1.2. is likely to cause embarrassment to the Customer or bring the Customer into disrepute or may result in a conflict of interest for the Customer.
- 6.2. The only exception to this is if the Supplier provides communication services to an existing Customer, which the Customer had been informed about before entering this Framework Agreement.
- 6.3. If the Supplier becomes aware of a breach, or potential breach, of its obligations under Clause 6.1, the Supplier must notify the Customer immediately, providing full details of the nature of the breach and the likely impact on any Projects
- 6.4. If the Supplier breaches Clause 6.1, the Customer may terminate this Framework Agreement, a Project, or any part of a Project with immediate effect in accordance with Clause 23.3.

- 8.3. The Customer acknowledges and agrees that it may be necessary for the Supplier to replace the personnel providing the Services with alternative personnel with similar levels of seniority and experience.
- 8.4. The Supplier will seek to ensure that any Key Individual responsible for the provision of the Services will remain involved in the provision of the Services. If any Key Individual leaves the Supplier or ceases to be involved in the provision of the Services for any reason (for example, if they are promoted to a different role within the Supplier), the Supplier will consult with the Customer and subject to the Customer's prior Approval, appoint a suitable replacement.
- 8.5. If the Customer reasonably believes that any of the Supplier personnel are unsuitable to undertake work on this Framework Agreement, it will notify the Supplier who will then end the person's involvement in providing the Services.

- 9.2. A Party may request a Variation by completing, signing, and sending the Variation Form to the other Party. The requesting Party must give sufficient information for the receiving Party to assess the extent of the proposed Variation and any additional cost that may be incurred by it.
- 9.3. Subject to Clause 9.5, the receiving Party must respond to the request within the time limits specified in the Variation Form. The time limits shall be reasonable and ultimately at the discretion of the Customer, having regard to the nature of the Services and the proposed Variation.
- 9.4. If the Supplier requests a Variation, the Customer can ask the Supplier to carry out an assessment of the effects of the proposed Variation (an **Impact Assessment**). The Impact Assessment must consider:
- 9.4.1. the impact of the proposed Variation on the Services and Supplier's ability to meet its other obligations under this Framework Agreement (including in relation to other Letter of Appointment and Order Form).

- 9.4.2. the initial cost of implementing the proposed Variation and any ongoing costs post- implementation.
- 9.4.3. any increase or decrease in the Framework Agreement Charges, any alteration in the resources or expenditure required by either Party and any alteration to the working practices of either Party.
- 9.4.4. a timetable for the implementation, together with any proposals for the testing of the Variation; and
- 9.4.5. any other information the Customer reasonably asks for in response to the Variation request.
- 9.5. The Parties may agree to adjust the time limits specified in the Variation Form so the Impact Assessment can be carried out.
- 9.6. If the Parties agree the Variation, the Supplier will implement it, and be bound by it as if it was part of this Framework Agreement.
- 9.7. Until a Variation is agreed, the Supplier must continue to perform and be paid for the Services as originally agreed, unless otherwise notified by the Customer.
- 9.8. Subject to Clauses 9.9 and 23.1 the Customer can ask the Supplier to suspend or cancel any Project, including any plans, schedules, or work in progress at any time, regardless of whether a Variation has been requested. Any request shall be made by an Authorized Customer Approver in writing The Supplier will take all reasonable steps to comply with any such request.
- 9.9. In the event of any cancellation under Clause 9.8, the Customer will pay the Supplier all Framework Agreement Charges reasonably and properly incurred by the Supplier during the Project Notice Period, provided that the Supplier uses all reasonable endeavours to mitigate any charges or expenses.

- 12.8. The Supplier will indemnify the Customer on a continuing basis against any liability (to include any interest, penalties or costs incurred, levied, demanded, or assessed) on the Customer at any time in respect of the Supplier's failure to account for or to pay any VAT on payments made to the Supplier under this Framework Agreement. Any amounts due under Clause 12.2 will be paid by the Supplier to the Customer not less than 5 Working Days before the date upon which the tax or other liability is payable by the Customer.

Customer Project Specification

Central AI Risk Function – AI Risk Assessment

This is a specification document for a commission from the Department for Science, Innovation, and Technology (DSIT) to provide support in developing Artificial Intelligence (AI) Assessment methodologies and processes.

Background

DSIT's purpose is to improve people's lives by maximising the potential of science and technology. The overarching objectives to enable this are:

- Accelerating innovation: Accelerating innovation, investment and productivity through world-class science, research and development.
- Technology for good: Ensure new and existing technologies are safely developed and deployed across the UK, with the benefits more widely shared.
- Modern digital government: Drive a modern digital government which gives citizens a more satisfying experience and their time back.

The AI Policy Directorate (AIPD), within DSIT, develops policies related to AI regulation, growing the UK AI sector, and maximising opportunities from the use of AI in the UK. The Central AI Risk Function (CAIRF) supports HMG in understanding risks from AI supporting informed decision making.

Risk Register Methodology

CAIRF is tasked with the on-going development, maintenance, and governance of the AI Risk Register. Across the 12-14 months that the AI Risk Register has existed, it has served several pieces of risk mitigation and assessment activity across Government, including key pieces of analysis conducted by CAIRF, risk owning departments, DSIT regulation teams and the AI Safety Institute.

Over this period, CAIRF has identified structural limitations of the risk register for which an overhaul would provide long-term benefits to risk assessment activity and usability. Due to the structural implications of these improvements, and the fluid nature of the AI Risk Register, these have not been implemented as part of CAIRF's business-as-usual yet. These are as follows:

1) Scenario First

To date, the presentation layer of the AI Risk Register has been the list of Risk Areas, each with assigned departmental and SCS ownership. Beneath these sit the associated scenarios of harm. Restructuring the Risk Register, to be scenario first will increase the granularity of the user-facing product and provide greater accuracy to the ownership of different AI risks. It will also give better visibility of the scope of different areas of interest.

2) Format

Currently, the AI Risk Register is stored and managed on MS Excel. When sharing outside of CAIRF, a single tab is published as a PDF. This is done on an ad hoc basis for document control and security purposes. This raises several limitations:

- Users cannot check or access the latest version without confirming first with CAIRF.
- Users are unable to interact with the register to seek useful and underlying meta-data.
- Users cannot interact with the product to filter by their area of interest.

We are looking to commission support to develop a robust methodology for a revised structure and format for the risk register. Alongside the development of the methodology, we seek support in the implementation of this new structure and format.

Project scope

We expect this to include, but not limited to:

- A shareable project brief to notify departments of the objectives and plan of work, including reassurances around limitation of effort on their part.
- A review of platforms that could improve the structure and format of the risk register, including a more refined use of excel.
- A critical study of the current risk register approach, surfacing limitations and options for improvement.
- A full redrafting of the register including scenarios following a standardised approach.
- Methodology or guidance on taxonomies/meta data per scenario that could be incorporated such as capability mapping, external mapping (i.e. to other registers), etc.
- A review of our methodology/process on amending the register, including but not limited to, data storage, processing, pending changes, etc. with recommendations provided.

Ways of working

This section outlines key aspects of ways of working for the commission.

Independent working: We propose that consultants would work in an independent supporting the Central AI Risk Function team. For example:

- Consultants would utilise their own IT equipment and not be given DSIT laptops nor access to the team's SharePoint site. No additional security checks will be required.
- They would have weekly remote meetings with the DSIT project manager to provide direction and feedback on the projects.
- They would work collaboratively with members of the Central AI Risk Function members as indicated by the DSIT project manager, such as working on relevant joint projects with members of the team.

Time allocation: The number of days spent per week will be determined by a combination of availability, project need and budget. We would expect two weeks' notice if this was to change from what was originally agreed.

Senior oversight: In addition to the project team, we are open to a small amount of budget being allocated to senior management oversight from the supplier.

Intellectual property: All intellectual property derived from this project will be owned by DSIT.

Commercial arrangements

The project has a fixed maximum budget of £50,000 which can be used up to 31 March 2025. The supplier should set out the indicative spend profile which will be monitored monthly. Any risks associated with the project should be raised with the DSIT project manager and reviewed monthly.

Response to this specification

We request that the supplier formally responds to this specification with CVs for the proposed consultants, including team structure, a proposed spending profile showing how this is calculated using day rates, and a statement of whether they agree to the proposed scope and ways of working (including any comments).
