Section 1 – About UK Shared Business Services

Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for the Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows Contracting Authorities the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities. Our Contracting Authorities who have access to our services and Contracts are detailed [here](#).

Privacy Statement

At UK Shared Business Services (UK SBS) we recognise and understand that your privacy is extremely important, and we want you to know exactly what kind of information we collect about you and how we use it.

This privacy notice link below details what you can expect from UK SBS when we collect your personal information.

- We will keep your data safe and private.
- We will not sell your data to anyone.
- We will only share your data with those you give us permission to share with and only for legitimate service delivery reasons.

Section 2 – About the Contracting Authority

UK Research and Innovation

Operating across the whole of the UK and with a combined budget of more than £6 billion, UK Research and Innovation represents the largest reform of the research and innovation funding landscape in the last 50 years.

As an independent non-departmental public body UK Research and Innovation brings together the seven Research Councils (AHRC, BBSRC, EPSRC, ESRC, MRC, NERC, STFC) plus Innovate UK and a new organisation, Research England.

UK Research and Innovation ensures the UK maintains its world-leading position in research and innovation. This is done by creating the best environment for research and innovation to flourish.

For more information, please visit: www.ukri.org

Science and Technology Facilities Council (STFC)

STFC is a world-leading multi-disciplinary science organisation. Their research seeks to understand the Universe from the largest astronomical scales to the tiniest constituents of matter, yet creates impact on a very tangible, human scale.

For more information, please visit: <https://stfc.ukri.org/>

Section 3 - Working with the Contracting Authority

In this section you will find details of your Procurement contact point and the timescales relating to this opportunity.

Section 3 – Contact details		
3.1.	Contracting Authority Name and address	UK Research and Innovation Science and Technology Facilities Council Sci-Tech Daresbury Daresbury Laboratory Keckwick Lane Warrington WA4 4AD
3.2.	Buyer name	Lewis Evans
3.3.	Buyer contact details	FMPProcurement@uksbs.co.uk / 01793 867005
3.4.	Estimated value of the Opportunity	<p>£132,000.00 excluding VAT over the life of the Contract including any possible extensions.</p> <p>This is broken down as follows:</p> <p>£14,000.00 PPM and £30,000.00 for reactive, remedial and minor works per annum.</p> <p>Please note the PPM work will be guaranteed however the reactive, remedial and minor works will be called off as and when required.</p> <p>This Contract is being let as a 2-year fixed term with the option to extend for a further 1 year.</p>
3.5.	Process for the submission of clarifications and Bids	<p>All correspondence shall be submitted within the Messaging Centre of the e-sourcing. Guidance Notes to support the use of Delta eSourcing is available here.</p> <p>Please note submission of a Bid to any email address including the Buyer <u>will</u> result in the Bid <u>not</u> being considered.</p>

Section 3 - Timescales		
3.6.	Date of Issue of Contract Advert on Contracts Finder	Thursday 12 th November 2020
3.7.	<p>Site Tour</p> <p>We strongly recommend that you attend Site Tour in order to gain complete clarity of our requirements and the environment that you will be working in.</p>	<p>Site Tours W/C 16th November, 23rd November 24th November 2020.</p> <p>To book onto the site tours please submit the names of those that wish to attend through the message function on the eSourcing Portal.</p>

		<u>Due to the current Covid-19 situation there can only be two visitors per Company, social distancing measures will be in place during this visit.</u>
3.8.	Latest date / time ITQ clarification questions shall be received through Delta eSourcing messaging system	Wednesday 25th November 2020 Tuesday 1st December 2020 11:00
3.9.	Latest date / time ITQ clarification answers should be sent to all Bidders by the Buyer through Delta eSourcing Portal	Thursday 26th November 2020 Thursday 3rd December 2020
3.10.	Latest date and time ITQ Bid shall be submitted through Delta eSourcing	Wednesday 2nd December 2020 Wednesday 9th December 2020 11:00
3.11.	Anticipated notification date of successful and unsuccessful Bids	Friday 11th December 2020 Friday 18th December 2020
3.12.	Anticipated Contract Award date	Monday 14th December 2020 Monday 21st December 2020
3.13.	Anticipated Contract Start date	Wednesday 16th December 2020 Wednesday 23rd December 2020
3.14.	Anticipated Contract End date	Thursday 15th December 2022 Thursday 22nd December 2022 (with the option to extend for a further +1 year)
3.15.	Bid Validity Period	60 Days

Section 4 – Specification

UK Shared Business Services Ltd (UK SBS), on behalf of UK Research and Innovation, wishes to establish a Contract for Fire Safety Maintenance related Works at the Science and Technology Facilities Council Estate in Warrington.

UK SBS is managing this procure process in accordance with the Public Contracts Regulations 2015 (as amended from time to time) (the “Regulations”) and the EU Treaty Principals.

This is a services Contract.

Overview

UK Research and Innovation has a requirement to establish a contract for a single Contractor to provide Fire Safety Equipment Maintenance Services.

Assets

The following assets are on site and a full asset register is included as Appendix 4.

Fire Alarm
Dry Risers
Fire Dampers and Ductwork
Gas suppression system
VESDA
PAVA Systems

Fire extinguishers and Evacuation Chairs are out of scope of the services.

Scope of Services

For each asset, there are three key components of the service:

- 1) **Maintenance Service Delivery** – Compliance Planned Preventative Maintenance (CPPM), Planned Preventative Maintenance (PPM), Remedial works and Reactive works
- 2) **Asset Management Services** – Verification and tagging of assets where data is missing
- 3) **Minor Works** - Projects related to the assets up to the value of £50,000 where the Client will provide a specification

Maintenance Service Delivery

CPPM and PPM

The Client has developed specifications for the tasks and frequencies based on SFG20. Some tasks will be carried out by the in-house team. The tasks and their frequencies to be carried out by the Contractor are listed in Appendix 5. The relevant SFG20 Schedules are given in Appendices 5A-D.

The Contractor shall carry out all tasks described in this specification with due regard to operation and maintenance information, manufacturer's instructions, industry best practice and any other instructions issued by the Client to the Contractor. The Contractor shall ensure that maintenance tasks are carried out to ensure that any warranties are not invalidated.

Reactive Maintenance

The Client may require reactive maintenance services for other assets not included in the asset register.

Additional Information:

Legionellosis

Should the SFG20 task require maintenance in relation to the control of the risk of Legionellosis, Contractors must also refer to the Client document 'L8 Pre-Planned Maintenance Schedule', in Appendix 5 that details the frequencies with which relevant tasks should be completed.

Reinstatement

On completion of any of the services (whether implemented by the Contractor's Employees or its Subcontractors) the Contractor shall ensure that all assets and any other items of equipment, control settings, etc., have been reinstated to the correct operational configuration and status.

Fire Dampers and Ductwork

There is no detailed asset register for fire dampers or ductwork. The known systems are detailed in the Asset Register in Appendix 4.

Asset Management Services

Asset Register

The Client has developed an asset register that Contractor must support in keeping up to date.

During the first six months of the contract, the Contractor will verify all data from the Asset Register and identify assets and information missing from the Asset Register.

All assets that are not tagged will be tagged by the Contractor in accordance with Client processes. The Contractor will provide Client with updates using the Asset Data Form provided.

In particular, the Contractor will support the Client in identifying all Fire Dampers, currently shown on the Asset Register as one system.

From month seven of the contract onwards, the Contractor will identify incorrect or missing asset data when carrying out works to an asset or group of assets and complete the Asset Data Form.

Asset Data Forms completed each month will be collated by the Contractor and issued to Client within five working days of the month end.

At each CPPM and/or PPM visit to an asset the Contractor must review the data held on the asset register and either:

- Confirm that the data is correct or
- Complete the Asset Data Form with the correct information

Maintenance Plan

The Contractor will develop a maintenance plan for the first 12 months of the contract during the mobilisation period and then subsequently every year one month prior to the anniversary of the contract. The format of the plan will be agreed with the Client and the information held on the CAFM system.

If during the Contract, the Contractor identifies CPPM or PPM tasks or their frequencies that can be adjusted for specific assets the Contractor should raise this with the Client Service Manager at the Contract Meeting. If agreed the Contractor will update the Maintenance Plan and the Contract Sum will be adjusted in accordance with the Price List.

The Contract duration shall be for a period of two years with optional extensions of one- year period from commencement of the Contract (2+1).

Appendices

A brief summary of the requirements has been provided above, please ensure you review all additional appendices for full details of this requirement.

All additional appendices can be found within the Stage One: Overview Section on the Delta eSourcing Portal.

Site Tours

Given the nature of this requirement and the site upon which any successful Contractor would be working, we are highly recommending that any interest supplier takes up the opportunity to join the Virtual Site Tour during the tender timescales.

The date the Virtual Site Tour will be held can be found within Section 3 – Timescales.

If you wish to request a site tour, please ensure that this is done via the messaging function in the eSourcing Portal. Once the proposed date and time has been confirmed with the Client, we will confirm this back to you. Please note bidders will be limited to 2 people (maximum).

During the site tour the host will be unable to answer ANY questions. Should you have further clarification questions from the tour these will need to be taken away and then formally submitted through the Delta eSourcing portal.

Given the current COVID19 pandemic social distancing restrictions will be in place and further guidance on this will be provided on request to attend. In the event of changes to current Government restrictions it may be necessary to cancel this tour if it is felt that there will be a safety risk to individuals.

Terms and Conditions

Bidders are to note that any requested modifications to the Contracting Authority Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

Section 5 – Evaluation model

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is 'for information only' it will not be scored.

The evaluation team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required.

The evaluation and if required team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required. After evaluation and if required moderation scores will be finalised by performing a calculation to identify (at question level) the mean average of all evaluators (Example – a question is scored by three evaluators and judged as scoring 5, 5 and 6. These scores will be added together and divided by the number of evaluators to produce the final score of 5.33 ($5+5+6=16 \div 3 = 5.33$))

Pass / Fail criteria		
Questionnaire	Q No.	Question subject
Commercial	SEL1.2	Employment breaches/ Equality
Commercial	SEL1.3	Compliance to Section 54 of the Modern Slavery Act
Commercial	FOI1.1	Freedom of Information
Commercial	AW1.1	Form of Bid
Commercial	AW1.3	Certificate of Bona Fide Bid
Commercial	AW3.1	Validation check
Commercial	AW4.1	Compliance to the Contract Terms
Commercial	AW4.2	Changes to the Contract Terms
Price	AW5.1	Firm and Fixed Price
Price	AW5.4	E Invoicing
Quality	AW6.1	Compliance to the Specification
Quality	AW6.2	Variable Bids
-	-	Invitation to Quote – received on time within e-sourcing tool
In the event of a Bidder failing to meet the requirements of a Mandatory pass / fail criteria, the Contracting Authority reserves the right to disqualify the Bidder and not consider evaluation of any of the Award stage scoring methodology or Mandatory pass / fail criteria.		

Scoring criteria

Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this ITQ. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

Questionnaire	Q No.	Question subject	Maximum Marks
Price	AW5.2	Price	40.00%
Quality	PROJ1.1	Mobilisation Plan	10.00%
Quality	PROJ1.2	Method Statement	20.00%
Quality	PROJ1.4	Continuity of Service	15.00%
Quality	PROJ1.5	Spare and Critical Parts	10.00%
Quality	PROJ1.6	Environmental Management	5.00%

Evaluation of criteria

Non-Price elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

$$\text{Score} = \{\text{weighting percentage}\} \times \{\text{bidder's score}\} = 20\% \times 60 = 12$$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered, or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the selection question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.

100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.
-----	--

All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows:

Example
 Evaluator 1 scored your bid as 60
 Evaluator 2 scored your bid as 60
 Evaluator 3 scored your bid as 40
 Evaluator 4 scored your bid as 40
 Your final score will $(60+60+40+40) \div 4 = 50$

Price elements will be judged on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100. All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion.

For example - Bid 1 £100,000 scores 100.
 Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80
 Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.
 Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.
 Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.
 Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.
 Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50.

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 $(80/100 \times 50 = 40)$

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

Section 6 – Evaluation questionnaire

Bidders should note that the evaluation questionnaire is located within the **e-sourcing questionnaire**.

Guidance on completion of the questionnaire is available at
<http://www.uksbs.co.uk/services/procure/Pages/supplier.aspx>

PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY

Section 7 – General Information

What makes a good bid – some simple do's 😊

DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date/time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the ITQ shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay, is solely attributable to the Contracting Authority
- 7.3 Do ensure you have read all the training materials to utilise e-sourcing tool prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission, we may reject your Bid.
- 7.5 Do ensure you utilise the Delta eSourcing messaging system to raise any clarifications to our ITQ. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information, we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who the Contracting Authority is and what they want – a generic answer does not necessarily meet every Contracting Authority's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear, concise and ideally generic contact details; telephone numbers, e-mails and fax details.
- 7.10 Do complete all questions in the questionnaire or we may reject your Bid.
- 7.11 Do ensure that the Response and any documents accompanying it are in the English Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.
- 7.12 Do check and recheck your Bid before dispatch.

What makes a good bid – some simple do not's Ⓜ

DO NOT

- 7.13 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.14 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.15 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.16 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.
- 7.17 Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.
- 7.18 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.19 Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.
- 7.20 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.21 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.22 Do not exceed word counts, the additional words will not be considered.
- 7.23 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.
- 7.24 Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via e-sourcing tool. Responses received by any other method than requested will not be considered for the opportunity.

Some additional guidance notes

- 7.25 All enquiries with respect to access to the e-sourcing tool and problems with functionality within the tool must be submitted to Delta eSourcing, Telephone 0845 270 7050
- 7.26 Bidders will be specifically advised where attachments are permissible to support a question response within the e-sourcing tool. Where they are not permissible any attachments submitted will not be considered as part of the evaluation process.
- 7.27 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Questionnaire.
- 7.28 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.29 We do not guarantee to award any Contract as a result of this procurement
- 7.30 All documents issued or received in relation to this procurement shall be the property of the Contracting Authority / UKSBS.
- 7.31 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through the Delta eSourcing Portal.
- 7.32 If you are a Consortium you must provide details of the Consortiums structure.
- 7.33 Bidders will be expected to comply with the Freedom of Information Act 2000, or your Bid will be rejected.
- 7.34 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.35 Your bid will be valid for 60 days or your Bid will be rejected.
- 7.36 Bidders may only amend the contract terms during the clarification period only, only if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract terms without such grounds and the Contracting Authority fail to accept your legal or statutory reason is reasonably justified, we may reject your Bid.
- 7.37 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.
- 7.38 If you fail mandatory pass / fail criteria we will reject your Bid.
- 7.39 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Delta eSourcing Portal.
- 7.40 Bidders should note that if they are successful with their proposal the Contracting Authority reserves the right to ask additional compliancy checks prior to the award of

any Contract. In the event of a Bidder failing to meet one of the compliancy checks the Contracting Authority may decline to proceed with the award of the Contract to the successful Bidder.

- 7.41 All timescales are set using a 24-hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through the Delta eSourcing Portal.
- 7.42 All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

- 7.43 The Government introduced its new Government Security Classifications (GSC) classification scheme on the 2nd April 2014 to replace the current Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC. The link below to the Gov.uk website provides information on the new GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.
