

### **Provision of engineering support on a call out basis**

Personnel, Materials and Plant are to be provided for such works as the Engineer may instruct to be undertaken as an emergency call out in addition to the maintenance element of this Contract.

The rate for labour shall be based on the rates of wages, travelling time, fares and subsistence payable by the Contractor and are to include in addition for the provision and use of all plant and tools required, all necessary supervision, all liabilities as an Employer (including any payment for working on overtime) and insurance, 'holidays with pay', contributions, overheads and profits as detailed in the Specification submitted with the Invitation to Tender.

The value of materials and plant used will be ascertained on the basis of the actual cost to the Contractor of the materials and plant used after deduction of all trade discounts, rebates, allowances and all cash discounts.

The Contractor shall state below the rates for Personnel, Materials and Plant which shall be applicable to works so ordered by the Engineer to be undertaken.

Separate hourly rates shall be given for normal working hours, out of normal working hours, weekend working and Public Holidays, as described below:

- Normal working hours are from 08:30 to 17:00 – Monday to Friday, except for Public Holidays.
- Out of normal working hours are from 17:00 to 08.30 – Monday to Friday, except for Public Holidays.
- Weekend working hours are Saturdays and Sundays, if different rates apply for each day they are to be advised separately.
- Public Holidays are the current UK Public and Bank Holidays.
