Order Schedule 3 (Continuous Improvement)

4. BUYER'S RIGHTS

The Buyer and the Supplier recognise that, where specified in DPS Schedule 4 (DPS Management), the Buyer may give CCS the right to enforce the Buyer's rights under this Schedule.

5. SUPPLIER'S OBLIGATIONS

The Supplier must, throughout the Contract Period, identify new or potential improvements to the provision of the Deliverables with a view to reducing the Buyer's costs (including the Charges) and/or improving the quality and efficiency of the Deliverables and their supply to the Buyer.

The Supplier must adopt a policy of continuous improvement in relation to the Deliverables, which must include regular reviews with the Buyer of the Deliverables and the way it provides them, with a view to reducing the Buyer's costs (including the Charges) and/or improving the quality and efficiency of the Deliverables. The Supplier and the Buyer must provide each other with any information relevant to meeting this objective.

In addition to Paragraph 0, the Supplier shall produce at the start of each Contract Year a plan for improving the provision of Deliverables and/or reducing the Charges (without adversely affecting the performance of this Contract) during that Contract Year ("**Continuous Improvement Plan**") for the Buyer's Approval. The Continuous Improvement Plan must include, as a minimum, proposals:

1. identifying the emergence of relevant new and evolving technologies;
2. changes in business processes of the Supplier or the Buyer and ways of working that would provide cost savings and/or enhanced benefits to the Buyer (such as methods of interaction, supply chain efficiencies, reduction in energy consumption and methods of sale);
3. new or potential improvements to the provision of the Deliverables including the quality, responsiveness, procedures, benchmarking methods, likely performance mechanisms and customer support services in relation to the Deliverables; and
4. measuring and reducing the sustainability impacts of the Supplier's operations and supply-chains relating to the Deliverables, and identifying opportunities to assist the Buyer in meeting their sustainability objectives.

The initial Continuous Improvement Plan for the first (1st) Contract Year shall be submitted by the Supplier to the Buyer for Approval within one hundred (100) Working Days of the first Order or six (6) Months following the Start Date, whichever is earlier.

The Buyer shall notify the Supplier of its Approval or rejection of the proposed Continuous Improvement Plan or any updates to it within twenty (20) Working Days of receipt. If it is rejected then the Supplier shall, within ten

DPS Schedule 6 (Order Form Template and Order Schedules)

(10) Working Days of receipt of notice of rejection, submit a revised Continuous Improvement Plan reflecting the changes required. Once Approved, it becomes the Continuous Improvement Plan for the purposes of this Contract.

The Supplier must provide sufficient information with each suggested improvement to enable a decision on whether to implement it. The Supplier shall provide any further information as requested.

If the Buyer wishes to incorporate any improvement into this Contract, it must request a Variation in accordance with the Variation Procedure and the Supplier must implement such Variation at no additional cost to the Buyer or CCS.

Once the first Continuous Improvement Plan has been Approved in accordance with Paragraph 0:

5. the Supplier shall use all reasonable endeavours to implement any agreed deliverables in accordance with the Continuous Improvement Plan; and
6. the Parties agree to meet as soon as reasonably possible following the start of each quarter (or as otherwise agreed between the Parties) to review the Supplier's progress against the Continuous Improvement Plan.

The Supplier shall update the Continuous Improvement Plan as and when required but at least once every Contract Year (after the first (1st) Contract Year) in accordance with the procedure and timescales set out in Paragraph 0.

All costs relating to the compilation or updating of the Continuous Improvement Plan and the costs arising from any improvement made pursuant to it and the costs of implementing any improvement, shall have no effect on and are included in the Charges.

Should the Supplier's costs in providing the Deliverables to the Buyer be reduced as a result of any changes implemented, all of the cost savings shall be passed on to the Buyer by way of a consequential and immediate reduction in the Charges for the Deliverables.

At any time during the Contract Period of the Order Contract, the Supplier may make a proposal for gainshare. If the Buyer deems gainshare to be applicable then the Supplier shall update the Continuous Improvement Plan so as to include details of the way in which the proposal shall be implemented in accordance with an agreed gainshare ratio.

Order Schedule 14 (Service Levels)

2. Definitions

In this Schedule, the following words shall have the following meanings and they shall supplement Joint Schedule 1 (Definitions):

"Critical Service Level Failure"	has the meaning given to it in the Order Form;
"Service Credits"	any service credits specified in the Annex to Part A of this Schedule being payable by the Supplier to the Buyer in respect of any failure by the Supplier to meet one or more Service Levels;
"Service Credit Cap"	has the meaning given to it in the Order Form;
"Service Level Failure"	means a failure to meet the Service Level Performance Measure in respect of a Service Level;
"Service Level Performance Measure"	shall be as set out against the relevant Service Level in the Annex to Part A of this Schedule; and
"Service Level Threshold"	shall be as set out against the relevant Service Level in the Annex to Part A of this Schedule.

3. What happens if you don't meet the Service Levels

The Supplier shall at all times provide the Deliverables to meet or exceed the Service Level Performance Measure for each Service Level.

The Supplier acknowledges that any Service Level Failure shall entitle the Buyer to the rights set out in Part A of this Schedule including the right to any Service Credits and that any Service Credit is a price adjustment and not an estimate of the Loss that may be suffered by the Buyer as a result of the Supplier's failure to meet any Service Level Performance Measure.

The Supplier shall send Performance Monitoring Reports to the Buyer detailing the level of service which was achieved in accordance with the provisions of Part B (Performance Monitoring) of this Schedule.

A Service Credit shall be the Buyer's exclusive financial remedy for a Service Level Failure except where:

1. the Supplier has over the previous (twelve) 12 Month period exceeded the Service Credit Cap; and/or
2. the Service Level Failure:
 1. exceeds the relevant Service Level Threshold;

DPS Schedule 6 (Order Form Template and Order Schedules)

2. has arisen due to a Prohibited Act or wilful Default by the Supplier;
 3. results in the corruption or loss of any Government Data; and/or
 4. results in the Buyer being required to make a compensation payment to one or more third parties; and/or
3. the Buyer is otherwise entitled to or does terminate this Contract pursuant to Clause 10.4 (CCS and Buyer Termination Rights).

Not more than once in each Contract Year, the Buyer may, on giving the Supplier at least three (3) Months' notice, change the weighting of Service Level Performance Measure in respect of one or more Service Levels and the Supplier shall not be entitled to object to, or increase the Charges as a result of such changes, provided that:

4. the total number of Service Levels for which the weighting is to be changed does not exceed the number applicable as at the Start Date;
5. the principal purpose of the change is to reflect changes in the Buyer's business requirements and/or priorities or to reflect changing industry standards; and
6. there is no change to the Service Credit Cap.

4. Critical Service Level Failure

On the occurrence of a Critical Service Level Failure:

any Service Credits that would otherwise have accrued during the relevant Service Period shall not accrue; and

the Buyer shall (subject to the Service Credit Cap) be entitled to withhold and retain as compensation a sum equal to any Charges which would otherwise have been due to the Supplier in respect of that Service Period ("Compensation for Critical Service Level Failure"),

provided that the operation of this paragraph **Error! Reference source not found.** shall be without prejudice to the right of the Buyer to terminate this Contract and/or to claim damages from the Supplier for material Default.

Part A: Service Levels and Service Credits

Service Levels

If the level of performance of the Supplier:
is likely to or fails to meet any Service Level Performance Measure; or
is likely to cause or causes a Critical Service Failure to occur,
the Supplier shall immediately notify the Buyer in writing and the Buyer,
in its absolute discretion and without limiting any other of its rights,
may:

- 1.2.1 require the Supplier to immediately take all remedial action that is reasonable to mitigate the impact on the Buyer and to rectify or prevent a Service Level Failure or Critical Service Level Failure from taking place or recurring;
- 1.2.2 instruct the Supplier to comply with the Rectification Plan Process;
- 1.2.3 if a Service Level Failure has occurred, deduct the applicable Service Level Credits payable by the Supplier to the Buyer; and/or
- 1.2.4 if a Critical Service Level Failure has occurred, exercise its right to Compensation for Critical Service Level Failure (including the right to terminate for material Default).

5. Service Credits

The Buyer shall use the Performance Monitoring Reports supplied by the Supplier to verify the calculation and accuracy of the Service Credits, if any, applicable to each Service Period.

Service Credits are a reduction of the amounts payable in respect of the Deliverables and do not include VAT. The Supplier shall set-off the value of any Service Credits against the appropriate invoice in accordance with calculation formula in the Annex to Part A of this Schedule.

Annex A to Part A: Services Levels and Service Credits Table

The Service Credits shall be calculated on the basis of the following formula:

[Example:

Formula: $x\%$ (Service Level Performance Measure) - $x\%$ (actual Service Level performance) = $x\%$ of the Charges payable to the Buyer as Service Credits to be deducted from the next Invoice payable by the Buyer

Worked example: 98% (e.g. Service Level Performance Measure requirement for accurate and timely billing Service Level) - 75% (e.g. actual performance achieved against this Service Level in a Service Period) = 23% of the Charges payable to the Buyer as Service Credits to be deducted from the next Invoice payable by the Buyer]

Part B: Performance Monitoring

Performance Monitoring and Performance Review

Within twenty (20) Working Days of the Start Date the Supplier shall provide the Buyer with details of how the process in respect of the monitoring and reporting of Service Levels will operate between the Parties and the Parties will endeavour to agree such process as soon as reasonably possible.

The Supplier shall provide the Buyer with performance monitoring reports ("Performance Monitoring Reports") in accordance with the process and timescales agreed pursuant to paragraph Error! Reference source not found. of Part B of this Schedule which shall contain, as a minimum, the following information in respect of the relevant Service Period just ended:

1. for each Service Level, the actual performance achieved over the Service Level for the relevant Service Period;
2. a summary of all failures to achieve Service Levels that occurred during that Service Period;

The Performance Review Meetings will be the forum for the review by the Supplier and the Buyer of the Performance Monitoring Reports. The Performance Review Meetings shall:

8. be attended by the Supplier's Representative and the Buyer's Representative; and
9. be fully minuted by the Supplier and the minutes will be circulated by the Supplier to all attendees at the relevant meeting and also to the Buyer's Representative and any other recipients agreed at the relevant meeting.

The minutes of the preceding Month's Performance Review Meeting will be agreed and signed by both the Supplier's Representative and the Buyer's Representative at each meeting.

The Supplier shall provide to the Buyer such documentation as the Buyer may reasonably require in order to verify the level of the performance by the Supplier and the calculations of the amount of Service Credits for any specified Service Period.

6. Satisfaction Surveys

The Buyer may undertake satisfaction surveys in respect of the Supplier's provision of the Deliverables. The Buyer shall be entitled to notify the Supplier of any aspects of their performance of the provision of the Deliverables which the responses to the Satisfaction Surveys reasonably suggest are not in accordance with this Contract.

Department for Science, Innovation & Technology
22-26 Whitehall
London

1. Overview

Digital inclusion is a key government priority, as access to digital technologies supports social participation, economic opportunity and wellbeing. The Department for Science, Innovation and Technology launched the Digital Inclusion Innovation Fund to address gaps in evidence and practice, supporting projects that test innovative approaches and identify best practice for scaling across England.

The evaluation of the Fund will provide independent, robust evidence on how the Digital Inclusion Innovation Fund has been designed, delivered and implemented, as well as its outcomes and value for money. It will examine the effectiveness of the Digital Inclusion Innovation Fund in achieving its objectives, the impacts of different project types, and the benefits for priority demographic groups. The evaluation will also explore lessons for programme improvement and inform future policy and funding decisions.

The evaluation is central to understanding what works, for whom and under what circumstances in digital inclusion interventions, and will guide the Department in supporting effective and sustainable initiatives in communities across England.

DPS Schedule 6 (Order Form Template and Order Schedules)

2. Introduction to requirement**2.1. Policy background**

Digital inclusion is a priority for this government. Digital technologies can transform modern society, creating equal opportunities for people to access information, create connections, and live healthy and fulfilled lives. However, we know those who cannot use digital technologies are likely to have fewer job opportunities, pay more for certain transactions, have worse health outcomes, and find it more difficult to manage their finances.

In response to these challenges, the Department for Science, Innovation and Technology (DSIT) published the [Digital Inclusion Action Plan: First Steps](#) (the Action Plan) in February 2025. It highlights the need for locally delivered, highly tailored and targeted interventions that meet the needs of digitally excluded people. It commits to building on the strength of existing local support to put the focus back where it is needed: in our communities.

The Action Plan also highlights that while the evidence base on digital inclusion in the UK is significant, it is also fragmented. Existing evidence is instrumental in understanding the scale of the challenge. However, the complex nature of digital exclusion, and the diverse barriers that people face, means that understanding the underlying drivers of digital exclusion and designing effective interventions remains a challenge.

2.2. Introduction to the Digital Inclusion Innovation Fund

One of the first five actions from the Action Plan to be delivered is the £9.5 million [Digital Inclusion Innovation Fund](#) (the Fund). The Fund is designed to support a broad range of projects, each addressing a clear digital inclusion challenge with rationale for intervention and expected outcomes. Specifically, the objectives of the Fund are to support:

1. innovative interventions to produce new knowledge on 'what works', building the evidence base on effective digital inclusion interventions; and,
2. best practice with the ambition to scale and replicate successful activities across England.

Of the available funding, £7.278 million will support digital inclusion projects in England. Applications for the Fund can only be submitted by combined authorities, local authorities, charities and research organisations. Any of these organisations can also submit an application as the lead organisation of a consortium. Applicants can apply for grants of between £25,000 to £500,000 across three categories of funding:

- **Category 1:** £2.630 million to support projects with an emphasis on replicating or scaling examples of best practice in digital inclusion interventions.
- **Category 2:** £3.380 million to support innovative interventions that produce new knowledge and help fill evidence gaps on effective digital inclusion interventions.
- **Category 3:** £1.267 million to be allocated to physical and intangible assets that can be capitalised. This equipment and inventory to support the delivery of digital inclusion activities may include laptops, devices, and new software.

Applicants can apply for a mix of funding from categories 1 and 3, or 2 and 3. However applicants cannot submit an application that requests a mix of funding categories 1 and 3.

As well as addressing the key objectives of the fund, all projects must address at least one of the Digital Inclusion Action Plan Focus Areas:

- Opening up opportunities through skills
- Breaking down barriers to digital services

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

- Tackling data and device poverty
- Building confidence and supporting local delivery

Further, all projects must support at least one of the Action Plan focus demographic groups:

- Low-income households, specifically those belonging to socioeconomic grades C2DE
- Older people, aged 60 and over
- Disabled people, specifically those with a physical or mental health condition or illness that has lasted or is expected to last 12 months or more, and the condition or illness reduces their ability to carry out day-to-day activities
- People experiencing unemployment
- Young people (25 and younger), including those not in education, employment or training

2.3. The Fund objectives

As noted, the overarching objectives of the Fund are to support:

1. innovative interventions to produce new knowledge on 'what works', building the evidence base on effective digital inclusion interventions; and,
2. best practice with the ambition to scale and replicate successful activities across England.

In doing so one outcome of the Fund will be to provide government with better evidence on what works, for whom, under what circumstances and how to increase digital inclusion. The delivery of an independent evaluation is central to achieving these objectives.

A preliminary programme-level theory of change (ToC) for the Fund was developed in collaboration with policy teams and analysts (see Appendix A). It illustrates the overall logic underpinning how the fund is expected to achieve its objectives. It shows links between the inputs and activities comprising the fund, and how this is expected to lead to outputs and outcomes that produce the expected impacts. The programme-level ToC should be refined by the Supplier as part of this commission.

2.4. The Fund Delivery, Management and Oversight

The Fund is designed by DSIT and managed by the Government Grant Management Service (GGMS), as the delivery partner. GGMS will be responsible for communicating with grant recipients, including collating monitoring and evaluation data from grant recipients, alongside other administrative responsibilities. DSIT is responsible for completing the evaluation and recording outputs/outcomes achieved.

3. Activity / Scope of requirement**3.1. Overview of evaluation**

The evaluation will assess the Fund across three interconnected dimensions: process, impact, and value for money.

- **Process:** Examine how effectively the Fund has been designed, managed, and delivered (including administration), including governance, sub-contractors, partnerships, and local capacity. Identify lessons for improving future programme design and project implementation.
- **Impact:** Measure the extent to which funded projects achieve their intended outcomes, explore differences across project types, focus areas, and priority demographic groups, and assess the sustainability and scalability of effective interventions.
- **Value for Money:** Assess whether the Fund represents good VfM, considering economy, efficiency, effectiveness, and equity. Evidence will be drawn from monitoring data, primary research, and cost information, with judgements guided by a clear, systematic framework

The evaluation will employ a **mixed-methods approach**, combining:

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

- Standardised monitoring data collected via the Fund Project Monitoring Form;
- Primary data collection, including surveys, interviews, focus groups, case studies, and observations;
- Contextual and secondary data, including relevant literature, previous evaluations, and local socio-economic and digital inclusion information.

Evidence will be triangulated to ensure robustness, and limitations or uncertainties will be clearly documented. Findings will be delivered through staged outputs, including an inception report, interim progress report, final evaluation report with VfM synthesis, executive summary, and case studies, providing actionable insights to inform policy, funding, and programme decisions.

3.2. Theory of change development

The following describes our anticipated approach to ToC development, but we welcome suggestions for alternative approaches. It is recognised that the short project delivery and evaluation timescales mean that outcomes may not be realised within the evaluation time-period. Therefore, the ToCs should incorporate interim output or outcome measures that can be used as proxies for movement in direction towards intended outcomes.

3.2.1. Programme-level ToC

As noted, the programme-level ToC will need to be refined as part of the inception phase of this commission. The update will develop a narrative and revised diagram of the Fund's ToC based on consultations with stakeholders and project leads and a review of the activity plans submitted to DSIT by the projects. The updated ToC will map high-level yet plausible pathways between funded activities and its target impacts on digital inclusion.

The resulting ToC will be a formal articulation of the rationale and assumptions that have informed the design and implementation of the Fund. This output is required to produce a useable framework for communicating and evaluating the impact of the Fund. It also provides the foundation for planning and delivering the evaluation's methodological approach.

3.2.2. Intervention typology-level ToCs

Individual funded projects will be responding to place-based challenges and will therefore vary significantly in terms of design, scale, scope and delivery. This will include different target demographics, different activities and participants as well as duration and cost. Therefore, outcomes and impacts may diverge from the programme-level ToC for individual projects.

Given this variation, we propose the development of a typology that can be used to categorise the Fund projects (which may be based on the funding categories or focus areas). The purpose of the typology is to provide meaningful categories for analysis of funded activities/outputs which can be linked to outcomes and impacts.

Further, we anticipate that it may be useful for the Supplier to develop typology-level ToCs which, while mapping to the programme-level ToC, will better articulate the diversity of funded projects and facilitate tracing pathways for input to impact across the spectrum of funded projects.

3.3. Evaluation questions

This section details the suggested evaluation questions. We anticipate these will be developed and refined by the Supplier throughout the inception phase.

3.3.1. Process evaluation

The process evaluation will examine how effectively the Fund has been designed, implemented, administered and managed. Its purpose is to draw out lessons to inform improvements to the Fund's delivery model and to support the development of future digital inclusion programmes.

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

The evaluation should address both fund-level and project-level processes, considering not only whether activities were delivered as intended, but also how well governance, use of subcontractors, partnerships, and local capacity supported delivery. Suggested evaluation questions include:

Fund-level

- To what extent has the Fund met its objectives within the intended timeframes and budget?
- How clear, proportionate and achievable was the application and grant management process for potential applicants?
- Did the Fund result in a high-quality and diverse range of applications that reflected innovative approaches to digital inclusion?
- How effectively did DSIT, GGMS, and delivery partners coordinate their roles, responsibilities and communication?
- What elements of the fund management were unsuccessful, which factors hindered success in these areas, and what improvements could strengthen future programme design and oversight?

Project-level

- To what extent did funded projects deliver their planned activities and objectives within agreed timeframes and budgets?
- How effective were project governance, partnerships and resource allocation in supporting delivery?
- Were there any approaches to project governance, partnerships and resource allocation that were unsuccessful, and why?
- What challenges were encountered in implementation, and how were they addressed?
- To what extent do project leads consider their interventions scalable or transferable to other settings?
- What practical lessons can be drawn to improve project delivery and sustainability?

The process evaluation should triangulate evidence from monitoring data, stakeholder interviews, project documentation and (where appropriate) site visits or observations. Findings should be synthesised to provide actionable recommendations for both any future funding rounds and broader digital inclusion policy.

Where possible, the Supplier should establish regular feedback loops with stakeholders, including beneficiaries, to ensure that the evaluation remains relevant and responsive to their needs.

3.3.2. Impact evaluation

The impact evaluation will assess the extent to which the Fund has achieved its intended outcomes and contributed to wider digital inclusion objectives. It should provide robust evidence on which interventions work, for whom, under what circumstances, and why, to inform future funding and policy decisions.

The evaluation should explore both overall Fund-level impact and the effects of specific intervention typologies. It should also consider differences in impact across the Action Plan focus areas and priority demographic groups. Suggested evaluation questions include:

Overall and typology-level impact

- What measurable changes in key outcomes (e.g. digital skills, confidence, access, financial resilient, wellbeing) can be attributed to funded projects?
- How do impacts vary across different project typologies, funding categories and delivery models?

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

- What factors or contextual conditions, including regional variations, most strongly influenced successful outcomes?
- Were there any unintended positive or negative impacts, and what can be learned from these?
- Which demographic groups (e.g. low-income households, older people, disabled people, unemployed people, younger people) benefitted most or least, and why?

Scalability and sustainability

- To what extent are successful interventions likely to remain effective and sustainable beyond the life of the Fund?
- How feasible is it to scale or replicate the most effective models in different local contexts?

The impact evaluation should employ mixed methods, drawing on monitoring data, primary data collection, and comparative analysis across projects. Evidence should be triangulated to ensure credibility, and findings should be presented with sufficient nuance to inform decision-making at both local and national levels.

As noted, due to the short project delivery and evaluation timescales, outcomes may not be realised within the evaluation time-period. It may therefore be necessary to adopt interim output or outcome measures as proxies for movement in direction towards intended outcomes.

3.3.3. Value for Money evaluation

The Supplier will be required to assess Value for Money (VfM) across the funded projects, and identify the factors which explain both high- and low-levels of VfM where it is identified across the fund. Specifically, it should address the evaluation questions:

- What does Value for Money look like in digital inclusion? How can DSIT demonstrate and assess Value for Money? For example, VfM may consider:
 - Economy: the cost of inputs including staff, devices and resources.
 - Efficiency: how well inputs are converted into outputs, such as numbers of people supported or training delivered.
 - Effectiveness: the extent to which projects achieve intended outcomes such as improved digital skills, confidence, or access to online services.
 - Equity: how benefits are distributed across priority demographic groups and local communities.
- Whether Fund activities are delivering VfM at the project or project-typology level.
- Whether the Fund as a whole represents VfM across all funded projects.

We recognise that this is complex due to:

- Variation in project aims and contexts
- Intangible long-term outcomes
- Limited availability of comparable quantitative data.

Accordingly, we recommend suppliers consider the use of the evaluative VfM approach developed by Julian King and Oxford Policy Management, or a method of equivalent rigour, to ensure VfM assessments are transparent, systematic, proportionate and sensitive for context.

In consultation with stakeholders, the Supplier will develop clear evaluation criteria and performance standards (a rubric) to guide consistent assessment. Evidence will be gathered from both quantitative and qualitative sources, ensuring judgements are transparent, well-reasoned and proportionate to the scale and complexity of the projects. The Supplier will provide comparable insights across project typologies as well as at the programme-level, to inform future funding decisions.

3.4. Evaluation Evidence

The evaluation will draw on multiple sources of evidence to ensure findings are robust, credible and reflective of the diversity of funded projects. The Supplier will be expected to design and

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

implement an evidence strategy that combines the standard monitoring template with primary research and contextual data.

3.4.1. Monitoring data

All funded projects are responsible for collecting data which monitors progress against an agreed minimum-set of project-level input, output and outcome KPIs. As part of the application process funded projects will have identified relevant KPIs and associated metrics. While DSIT is seeking consistency in these metrics where possible, given the diversity of funded projects both in terms of activities and objectives, it is likely that there will be necessary variation in the monitoring metrics used across projects.

All funded projects will complete the Project Monitoring Form at two points: mid-project (January 2026) and at the end of the project. The template captures:

- **Inputs:** financial resources, human resources, partnerships, assets and other inputs, with explanations for deviations from plans.
- **Activities:** descriptions of main project activities, including changes from original plans.
- **Outputs:** progress against project KPIs with supporting evidence, including devices.
- **Beneficiaries** (where relevant): disaggregated data by age, gender, disability, employment status and social grade.
- **Outcomes:** progress against KPIs with supporting evidence.
- **End of project review (final report):** qualitative insights including unanticipated impacts, sustainability measures, lessons learned and illustrative case examples.

The Supplier will review and, where necessary and possible, clean and standardise this monitoring data to enable cross-project comparison. Monitoring data will form part of the quantitative evidence based of assessing outputs, outcomes and demographic reach.

3.4.2. Primary data collection

To complement monitoring data, the Supplier will design and deliver primary data collection, which may include:

- **Surveys** of project leads, delivery staff, and beneficiaries to capture quantitative measures or experiences and outcomes. Tenderers should consider using standardised tools and instruments where appropriate (for example those developed by Good Things Foundation).
- **Qualitative interviews or focus groups** with beneficiaries, particularly from priority demographic groups, to understand the barriers, enablers and impact pathways.
- **Case studies** of selected projects to illustrate successes, challenges, and lessons learned.
- **Observations** of project deliver where feasible, to provide real-time insights on implementation fidelity and engagement.
- **Stakeholder interviews** with DSIT, GGMS, local delivery partners, and sector experts to contextualise findings and capture policy-relevant insights.

Tenderers should specify the minimum support and engagement that they would expect projects to provide, with then how they would ensure that this is proportionate and appropriate based on the on size and scope of each project.

3.4.3. Cost and Value for Money Data

- Monitoring templates provide basic budget vs actual spend information, and additional detail on costs accrued will be collated by GGMS and shared with the Supplier.
- This data should be analysed alongside project outputs and outcomes to support judgements on economy, efficiency, effectiveness and equity.

3.4.4. Contextual and secondary data

- Desk review of relevant literature, prior evaluations, and comparable initiatives in the UK and internationally.

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

- Consideration of local contextual factors that may influence project performance, such as digital infrastructure, local partnerships and socio-economic conditions.

Evidence from monitoring, primary research, and secondary sources should be triangulated to ensure validity and credibility. The Supplier should clearly document limitations and confidence levels, particularly where monitoring data is incomplete or inconsistent.

4. Outputs and deliverables

The table below outlines the outputs expected to be delivered over the course of the evaluation.

Given the short timelines for delivery of the evaluation, we

5. Key dates and tendering

The contract will be structured as a 5-month term, covering the remainder of the financial year 2025/2026. These dates are indicative and for information only and are subject to change at DSIT's sole discretion.

Event	Date and time
ITT issued	22/09/2025
Deadline for receipt of tenders	10/10/2025
Evaluation contract start date	03/11/2025
Funded projects begin	03/11/2025
Evaluation contract end date	31/03/2026
All funded activities must conclude	31/03/2026

It should be noted that a small extension (i.e. 1-2 months) of the evaluation contract end date can be granted as long as the following conditions are met: 1) the extension relates to wrap-up activities of the core evaluation work already undertaken and 2) there are no cost-related implications for the extension.

6. Budget

The total budget allocated for the evaluation is **<Redacted under s43 of the FOIA>**. The contract will be based on a fixed rate structure.

Bids should provide a full and detailed breakdown of costs (including options where appropriate). This should include staff (and day rate) allocated to specific tasks.

Costs will be a criterion against which bids will be assessed.

Payments will be linked to key delivery milestones. Based on the DSIT requirement, tenders should list the key project milestones, their constituent components (as key activities/deliverables), expected delivery dates, and the total budget value (per milestone).

7. Supplier Requirements

DSIT would like tenderers to demonstrate that you have the experience and capabilities to undertake the evaluation to a high standard. Your tender response should include a summary of each proposed team member's experience and capabilities.

We would encourage bids which combine the capabilities of different organisations and perspectives, through consortia or subcontracting arrangements – this could include, for example, inclusion of specific specialist industry or academic expertise alongside broad capabilities in value for money or social research. We would however expect such joint bids to demonstrate cost efficiency and to minimise 'management overhead'.

8. Instructions to contractors

Tender submissions must be received by DSIT not later than **10 October 2025 at 12 noon**.

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

- Contractors must note that DSIT reserves the right to withdraw this contract opportunity without notice and will not be liable for any costs incurred by contractors during any stage of the process. Contractors should also note that, in the event a tender is considered to be fundamentally unacceptable on a key issue, regardless of its other merits, that tender may be rejected.
- Tenders submitted after the stipulated time and date advised will be rejected, unless clear evidence of posting guaranteeing delivery by the stated deadline is made available to DSIT. Tenders may not be submitted by any other means.
- If you require further information concerning the tender process, or the nature of the proposed contract, please in the first instance submit these via the tender portal.
- Should questions arise during the tendering period, questions should be sent via the CCS portal.
- All contractors should then take that reply into consideration when preparing their own bids, and we will evaluate bids on the assumption that they have done so.

9. Conditions of tender**9.1. Representations**

- A contractor may contact officers of DSIT to obtain any further information about the requirements of the contract or the tendering procedures if these are not evident or clear from the documents supplied to contractors.

9.2. Specification

- For the avoidance of doubt, the contract specification shall include all requirements explicit or implied within the invitation to tender.
- It must be recognised that DSIT reserve the right to withdraw this tender document and all funding contained within it without notice.

9.3. Tenders Excluded

- No tender will be considered for acceptance if the contractor has indulged or attempted to indulge in any corrupt practice or canvassed the tender with an officer of DSIT. If a contractor has indulged or attempted to indulge in such practices and the tender is accepted, then grounds shall exist for the termination of the contract and the claiming damages from the successful contractors.
- It is unlikely that any tender will be accepted which (a) is incomplete or inaccurately or inadequately completed or which purports to impose conditions other than those provided in the contract documents and (b) is delivered out of time or in a manner other than specified in the specification.

9.4. Collusive Tendering

- In submitting a tender against this contract, the contractor confirms that they have not fixed or adjusted the amount of the tender by or under or in accordance with any agreement or arrangement with any other person.
- The contractor also certifies that at no time, before or following the submission of the tender, has the Contractor carried out any of the following acts:
 - iii) communicating to a person other than the person calling for the tenders the amount or approximate amount of the proposed tender, except where such disclosure is required for the purpose of obtaining insurance;
 - iii) entering into any agreement or arrangement with any person that he shall refrain from tendering or as to the amount of any tender to be submitted; or,
 - iii) offering or paying or giving or agreeing to give any sum of money or valuable consideration directly or indirectly to any person for doing or having done or causing or having caused to be done in relation to any other tender or proposed tender for the said work any act or thing of the sort described above. The context of this clause the word 'person' includes any persons and anybody or association, corporate or unincorporated; and 'any agreement or arrangement' includes any such transaction, formal or informal, and whether legally binding or not.

9.5. Freedom of Information

- Information in relation to this tender may be made available on demand in accordance with the requirements of the Freedom of Information Act 2000.
- Contractors should state if any of the information supplied by them is confidential or commercially sensitive or should not be disclosed in response to a request for information under the Act. Contractors should state why they consider the information to be confidential or commercially sensitive. This will not guarantee that the information will not be disclosed but will be examined in the light of the exemptions provided in the Act.
- It is important to note that information may be commercially sensitive for a time (e.g. during a tender process) but afterwards it may not be. The timing of any request for information may be extremely important in determining whether or not information is exempt. However, Contractors should note that no information is likely to be regarded as exempt forever.

Core Terms - DPS

DPS Schedule 6 (Order Form Template and Order Schedules)
Crown Copyright 2021

1. Definitions used in the contract

Interpret this Contract using Joint Schedule 1 (Definitions).

2. How the contract works

2.1 The Supplier is eligible for the award of Order Contracts during the DPS Contract Period.

2.2 CCS does not guarantee the Supplier any exclusivity, quantity or value of work under the DPS Contract.

2.3 CCS has paid one penny to the Supplier legally to form the DPS Contract. The Supplier acknowledges this payment.

2.4 If the Buyer decides to buy Deliverables under the DPS Contract it must use DPS Schedule 7 (Order Procedure) and must state its requirements using DPS Schedule 6 (Order Form Template and Order Schedules). If allowed by the Regulations, the Buyer can:

- (a) make changes to DPS Schedule 6 (Order Form Template and Order Schedules);
- (b) create new Order Schedules;
- (c) exclude optional template Order Schedules; and/or
- (d) use Special Terms in the Order Form to add or change terms.

2.5 Each Order Contract:

- (a) is a separate Contract from the DPS Contract;
- (b) is between a Supplier and a Buyer;
- (c) includes Core Terms, Schedules and any other changes or items in the completed Order Form; and (d) survives the termination of the DPS Contract.

2.6 Where the Supplier is approached by any Other Contracting Authority requesting Deliverables or substantially similar goods or services, the Supplier must tell them about this DPS Contract before accepting their order.

2.7 The Supplier acknowledges it has all the information required to perform its obligations under each Contract before entering into a Contract. When information is provided by a Relevant Authority no warranty of its accuracy is given to the Supplier.

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

2.8 The Supplier will not be excused from any obligation, or be entitled to additional Costs or Charges because it failed to either:

- (a) verify the accuracy of the Due Diligence Information; or (b) properly perform its own adequate checks.

2.9 CCS and the Buyer will not be liable for errors, omissions or misrepresentation of any information.

2.10 The Supplier warrants and represents that all statements made and documents submitted as part of the procurement of Deliverables are and remain true and accurate.

2.11 An Order Contract can only be created using the electronic procedures described in the FTS Notice as required by the Regulations.

2.12 A Supplier can only receive Orders under the DPS Contract while it meets the basic access requirements for the DPS stated in the FTS Notice. CCS can audit whether a Supplier meets the basic access requirements at any point during the DPS Contract Period.

3. What needs to be delivered

3.1 All deliverables

3.1.1 The Supplier must provide Deliverables:

- (a) that comply with the Specification, the DPS Application and, in relation to an Order Contract, the Order Tender (if there is one);
- (b) to a professional standard;
- (c) using reasonable skill and care; (d) using Good Industry Practice;
- (e) using its own policies, processes and internal quality control measures as long as they do not conflict with the Contract; (f) on the dates agreed; and (g) that comply with Law.

3.1.2 The Supplier must provide Deliverables with a warranty of at least 90 days from Delivery against all obvious defects.

3.2 Goods clauses

3.2.1 All Goods delivered must be new, or as new if recycled, unused and of recent origin.

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

- 3.2.2 All manufacturer warranties covering the Goods must be assignable to the Buyer on request and for free.
- 3.2.3 The Supplier transfers ownership of the Goods on Delivery or payment for those Goods, whichever is earlier.
- 3.2.4 Risk in the Goods transfers to the Buyer on Delivery of the Goods, but remains with the Supplier if the Buyer notices damage following Delivery and lets the Supplier know within 3 Working Days of Delivery.
- 3.2.5 The Supplier warrants that it has full and unrestricted ownership of the Goods at the time of transfer of ownership.
- 3.2.6 The Supplier must deliver the Goods on the date and to the specified location during the Buyer's working hours.
- 3.2.7 The Supplier must provide sufficient packaging for the Goods to reach the point of Delivery safely and undamaged.
- 3.2.8 All deliveries must have a delivery note attached that specifies the order number, type and quantity of Goods.
- 3.2.9 The Supplier must provide all tools, information and instructions the Buyer needs to make use of the Goods.
- 3.2.10 The Supplier must indemnify the Buyer against the costs of any Recall of the Goods and give notice of actual or anticipated action about the Recall of the Goods.
- 3.2.11 The Buyer can cancel any order or part order of Goods which has not been Delivered. If the Buyer gives less than 14 days notice then it will pay the Supplier's reasonable and proven costs already incurred on the cancelled order as long as the Supplier takes all reasonable steps to minimise these costs.

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

3.2.12 The Supplier must at its own cost repair, replace, refund or substitute (at the Buyer's option and request) any Goods that the Buyer rejects because they do not conform with Clause 3. If the Supplier does not do this it will pay the Buyer's costs including repair or re-supply by a third party.

3.3 Services clauses

3.3.1 Late Delivery of the Services will be a Default of an Order Contract.

3.3.2 The Supplier must co-operate with the Buyer and third party suppliers on all aspects connected with the Delivery of the Services and ensure that Supplier Staff comply with any reasonable instructions.

3.3.3 The Supplier must at its own risk and expense provide all Supplier Equipment required to Deliver the Services.

3.3.4 The Supplier must allocate sufficient resources and appropriate expertise to each Contract.

3.3.5 The Supplier must take all reasonable care to ensure performance does not disrupt the Buyer's operations, employees or other contractors.

3.3.6 The Supplier must ensure all Services, and anything used to Deliver the Services, are of good quality and free from defects.

3.3.7 The Buyer is entitled to withhold payment for partially or undelivered Services, but doing so does not stop it from using its other rights under the Contract.

4. Pricing and payments

4.1 In exchange for the Deliverables, the Supplier must invoice the Buyer for the Charges in the Order Form.

4.2 CCS must invoice the Supplier for the Management Levy and the Supplier must pay it using the process in DPS Schedule 5 (Management Levy and Information).

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

4.3 All Charges and the Management Levy:

(a) exclude VAT, which is payable on provision of a valid VAT invoice; and (b) include all costs connected with the Supply of Deliverables.

4.4 The Buyer must pay the Supplier the Charges within 30 days of receipt by the Buyer of a valid, undisputed invoice, in cleared funds using the payment method and details stated in the Order Form.

4.5 A Supplier invoice is only valid if it:

- (a) includes all appropriate references including the Contract reference number and other details reasonably requested by the Buyer;
- (b) includes a detailed breakdown of Delivered Deliverables and Milestone(s) (if any); and
- (c) does not include any Management Levy (the Supplier must not charge the Buyer in any way for the Management Levy).

4.6 The Buyer must accept and process for payment an undisputed Electronic Invoice received from the Supplier.

4.7 The Buyer may retain or set-off payment of any amount owed to it by the Supplier if notice and reasons are provided.

4.8 The Supplier must ensure that all Subcontractors are paid, in full, within 30 days of receipt of a valid, undisputed invoice. If this does not happen, CCS or the Buyer can publish the details of the late payment or non-payment.

4.9 If CCS or the Buyer can get more favourable commercial terms for the supply at cost of any materials, goods or services used by the Supplier to provide the Deliverables, then CCS or the Buyer may require the Supplier to replace its existing commercial terms with the more favourable terms offered for the relevant items.

4.10 If CCS or the Buyer uses Clause 4.9 then the DPS Pricing (and where applicable, the Charges) must be reduced by an agreed amount by using the Variation Procedure.

4.11 The Supplier has no right of set-off, counterclaim, discount or abatement unless they are ordered to do so by a court.

5. The buyer's obligations to the supplier

5.1 If Supplier Non-Performance arises from an Authority Cause:

- (a) neither CCS or the Buyer can terminate a Contract under Clause 10.4.1;
- (b) the Supplier is entitled to reasonable and proven additional expenses and to relief from liability and Deduction under this Contract;
- (c) the Supplier is entitled to additional time needed to make the Delivery; and (d) the Supplier cannot suspend the ongoing supply of Deliverables.

5.2 Clause 5.1 only applies if the Supplier:

- (a) gives notice to the Party responsible for the Authority Cause within 10 Working Days of becoming aware;
- (b) demonstrates that the Supplier Non-Performance would not have occurred but for the Authority Cause; and
- (c) mitigated the impact of the Authority Cause.

6. Record keeping and reporting

6.1 The Supplier must attend Progress Meetings with the Buyer and provide Progress Reports when specified in the Order Form.

6.2 The Supplier must keep and maintain full and accurate records and accounts on everything to do with the Contract:

- (a) during the Contract Period;
- (b) for 7 years after the End Date; and (c) in accordance with UK GDPR, including but not limited to the records and accounts stated in the definition of Audit in Joint Schedule 1.

6.3 The Relevant Authority or an Auditor can Audit the Supplier.

6.4 During an Audit, the Supplier must:

- (a) allow the Relevant Authority or any Auditor access to their premises to verify all contract accounts and records of everything to do with the Contract and provide copies for an Audit; and
- (b) provide information to the Relevant Authority or to the Auditor and reasonable co-operation at their request.

DPS Schedule 6 (Order Form Template and Order Schedules)

Crown Copyright 2021

- 6.5 Where the Audit of the Supplier is carried out by an Auditor, the Auditor shall be entitled to share any information obtained during the Audit with the Relevant Authority.
- 6.6 If the Supplier is not providing any of the Deliverables, or is unable to provide them, it must immediately:
- (a) tell the Relevant Authority and give reasons;
 - (b) propose corrective action; and
 - (c) provide a deadline for completing the corrective action.
- 6.7 The Supplier must provide CCS with a Self Audit Certificate supported by an audit report at the end of each Contract Year. The report must contain:
- (a) the methodology of the review;
 - (b) the sampling techniques applied; (c) details of any issues; and (d) any remedial action taken.
- 6.8 The Self Audit Certificate must be completed and signed by an auditor or senior member of the Supplier's management team that is qualified in either a relevant audit or financial discipline.

7. Supplier staff

- 7.1 The Supplier Staff involved in the performance of each Contract must:
- (a) be appropriately trained and qualified;
 - (b) be vetted using Good Industry Practice and the Security Policy; and
 - (c) comply with all conduct requirements when on the Buyer's Premises.
- 7.2 Where a Buyer decides one of the Supplier's Staff is not suitable to work on a contract, the Supplier must replace them with a suitably qualified alternative.
- 7.3 If requested, the Supplier must replace any person whose acts or omissions have caused the Supplier to breach Clause 27.
- 7.4 The Supplier must provide a list of Supplier Staff needing to access the Buyer's Premises and say why access is required.
- 7.5 The Supplier indemnifies CCS and the Buyer against all claims brought by any person employed by the Supplier caused by an act or omission of the Supplier or any Supplier Staff.

8. Rights and protection

8.1 The Supplier warrants and represents that:

- (a) it has full capacity and authority to enter into and to perform each Contract;
- (b) each Contract is executed by its authorised representative;
- (c) it is a legally valid and existing organisation incorporated in the place it was formed;
- (d) there are no known legal or regulatory actions or investigations before any court, administrative body or arbitration tribunal pending or threatened against it or its Affiliates that might affect its ability to perform each Contract;
- (e) it maintains all necessary rights, authorisations, licences and consents to perform its obligations under each Contract;
- (f) it does not have any contractual obligations which are likely to have a material adverse effect on its ability to perform each Contract;
- (g) it is not impacted by an Insolvency Event; and (h) it will comply with each Order Contract.

8.2 The warranties and representations in Clauses 2.10 and 8.1 are repeated each time the Supplier provides Deliverables under the Contract.

8.3 The Supplier indemnifies both CCS and every Buyer against each of the following:

- (a) wilful misconduct of the Supplier, Subcontractor and Supplier Staff that impacts the Contract; and (b) non-payment by the Supplier of any Tax or National Insurance.

8.4 All claims indemnified under this Contract must use Clause 26.

8.5 The description of any provision of this Contract as a warranty does not prevent CCS or a Buyer from exercising any termination right that it may have for breach of that clause by the Supplier.

8.6 If the Supplier becomes aware of a representation or warranty that becomes untrue or misleading, it must immediately notify CCS and every Buyer.

8.7 All third party warranties and indemnities covering the Deliverables must be assigned for the Buyer's benefit by the Supplier.

9. Intellectual Property Rights (IPRs)

- 9.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a non-exclusive, perpetual, royalty-free, irrevocable, transferable worldwide licence to use, change and sub-license the Supplier's Existing IPR to enable it to both:
- (a) receive and use the Deliverables; and
 - (b) make use of the deliverables provided by a Replacement Supplier.
- 9.2 Any New IPR created under a Contract is owned by the Buyer. The Buyer gives the Supplier a licence to use any Existing IPRs and New IPRs for the purpose of fulfilling its obligations during the Contract Period.
- 9.3 Where a Party acquires ownership of IPRs incorrectly under this Contract it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.
- 9.4 Neither Party has the right to use the other Party's IPRs, including any use of the other Party's names, logos or trademarks, except as provided in Clause 9 or otherwise agreed in writing.
- 9.5 If there is an IPR Claim, the Supplier indemnifies CCS and each Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result.
- 9.6 If an IPR Claim is made or anticipated the Supplier must at its own expense and the Buyer's sole option, either:
- (a) obtain for CCS and the Buyer the rights in Clause 9.1 and 9.2 without infringing any third party IPR; or
 - (b) replace or modify the relevant item with substitutes that do not infringe IPR without adversely affecting the functionality or performance of the Deliverables.
- 9.7 In spite of any other provisions of a Contract and for the avoidance of doubt, award of a Contract by the Buyer and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Supplier acknowledges that any authorisation by the Buyer under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific IPR involved.

10. Ending the contract or any subcontract

10.1 Contract Period

10.1.1 The Contract takes effect on the Start Date and ends on the End Date or earlier if required by Law.

10.1.2 The Relevant Authority can extend the Contract for the Extension Period by giving the Supplier no less than 3 Months' written notice before the Contract expires.

10.2 Ending the contract without a reason

10.2.1 CCS has the right to terminate the DPS Contract at any time without reason by giving the Supplier at least 30 days' notice.

10.2.2 Each Buyer has the right to terminate their Order Contract at any time without reason by giving the Supplier not less than 90 days' written notice.

10.3 Rectification plan process

10.3.1 If there is a Default, the Relevant Authority may, without limiting its other rights, request that the Supplier provide a Rectification Plan.

10.3.2 When the Relevant Authority receives a requested Rectification Plan it can either:

- (a) reject the Rectification Plan or revised Rectification Plan, giving reasons; or
- (b) accept the Rectification Plan or revised Rectification Plan (without limiting its rights) and the Supplier must immediately start work on the actions in the Rectification Plan at its own cost, unless agreed otherwise by the Parties.

10.3.3 Where the Rectification Plan or revised Rectification Plan is rejected, the Relevant Authority:

- (a) must give reasonable grounds for its decision; and
- (b) may request that the Supplier provides a revised Rectification Plan within 5 Working Days.

10.3.4 If the Relevant Authority rejects any Rectification Plan, including any revised Rectification Plan, the Relevant Authority does not have to request a revised

DPS Schedule 6 (Order Form Template and Order Schedules)

Rectification Plan before exercising its right to terminate its Contract under Clause 10.4.3(a).

10.4 When CCS or the buyer can end a contract

10.4.1 If any of the following events happen, the Relevant Authority has the right to immediately terminate its Contract by issuing a Termination Notice to the Supplier:

- (a) there is a Supplier Insolvency Event;
- (b) there is a Default that is not corrected in line with an accepted Rectification Plan;
- (c) the Supplier does not provide a Rectification Plan within 10 days of the request;
- (d) there is any material Default of the Contract;
- (e) there is any material Default of any Joint Controller Agreement relating to any Contract;
- (f) there is a Default of Clauses 2.10, 9, 14, 15, 27, 32 or DPS Schedule 9 (Cyber Essentials) (where applicable) relating to any Contract;
- (g) there is a consistent repeated failure to meet the Performance Indicators in DPS Schedule 4 (DPS Management);
- (h) there is a Change of Control of the Supplier which is not pre-approved by the Relevant Authority in writing;
- (i) if the Relevant Authority discovers that the Supplier was in one of the situations in 57 (1) or 57(2) of the Regulations at the time the Contract was awarded; or
- (j) the Supplier or its Affiliates embarrass or bring CCS or the Buyer into disrepute or diminish the public trust in them.

10.4.2 CCS may terminate the DPS Contract if a Buyer terminates an Order Contract for any of the reasons listed in Clause 10.4.1.

10.4.3 If any of the following non-fault based events happen, the Relevant Authority has the right to immediately terminate its Contract by issuing a Termination Notice to the Supplier:

- (a) the Relevant Authority rejects a Rectification Plan;
- (b) there is a Variation which cannot be agreed using Clause 24 (Changing the contract) or resolved using Clause 34 (Resolving disputes);
- (c) if there is a declaration of ineffectiveness in respect of any Variation; or (d) any of the events in 73 (1) (a) or (c) of the Regulations happen.

10.5 When the supplier can end the contract

The Supplier can issue a Reminder Notice if the Buyer does not pay an undisputed invoice on time. The Supplier can terminate an Order Contract if the Buyer fails to pay an
