*\*Supporting Information Point 2 - Remix*

The DWP shall have the right to convert units of Subscription Services in the Bill of Materials (BoM), as shown in Annex 1, each year, on the anniversary of the execution date of this Order Form, during the term of this Order Form, provided that;

(a) The DWP provides written notice of such change or remix in reasonable detail, consistent to that set forth in the BoM, together with a comprehensive listing of all Units of Subscription Services deployed by the End User no later than sixty (60) days prior to the applicable reallocation date.

(b) The total value of the subscriptions on any revised BoM is greater than or equal to the value of the BoM contained within this Order Form, or any revised BoM produced pursuant to this clause (the "Existing BoM").

(c) Items detailed must exist within the Agreement. Should the value of the reallocated subscriptions be higher than those purchased under the Existing BoM, the DWP agrees to uplift the Purchase Order for the difference in value. Red Hat will invoice for this difference in value accordingly. Should the value of the reallocated Subscription Services be less than those purchased under the original BoM, CDW will not refund the DWP for the difference in value.

It is understood and agreed that the right to remix as described above

- (i) shall only apply to Units of Subscription Services purchased under this Order Form,
- (ii) shall not be affected in any manner by any additional discounts which may be granted to the DWP pursuant to any other order form,
- (iii) shall not apply to purchase for affiliates and
- (iv) each Subscription must be running for at least a one (1) year term before it can be remixed.

The DWP acknowledges and agrees that upon completion of any such remix, the DWP will no longer have the right to convert to a new or revert back to the initially converted Subscription
