4. HIGH LEVEL INDICATIVE HMRC IR35 DETERMINATION		
No	Statement	Mark
1.	The Buyer is requesting named individuals for the role/s and/or will not accept substitutes for the key individual/s; and/or	<input type="checkbox"/>
2.	The individual/s and or role/s will not be working to pre-agreed deliverable/increment milestones/service level agreements. e.g. they will be being directed as part of an integrated Buyer or Buyer appointed team (rainbow / blended); and/or	<input type="checkbox"/>
3.	The Buyer requires flexibility to quickly redeploy the individual/s and/or role/s for purposes other than agreed outcomes as priorities change; and/or	<input type="checkbox"/>
4.	The individual/s and/or role/s is/are being paid on a pure time and materials basis and are not carrying any financial risk to rectify/complete any agreed deliverables within the pre-agreed price; and/or	<input type="checkbox"/>
5.	The individual/s and/or role/s will require to manage resources (governance, financial, systems, or people) within the Buyer's organisation or for organisations other than their own (e.g. an officer of the company); and/or	<input type="checkbox"/>
6.	Other than mandatory training, the individual/s and/or role/s will require training by the Buyer in order to enable them to carry out their role/s.	<input type="checkbox"/>

For the purposes of HMRC IR35, for the individual/s and/or role/s covered by this determination (*strike out A, B, or C as appropriate e.g. struck out leaving one box clear*):

A. The individual/s and/or role/s is/are deemed to be **inside the scope of HMRC IR35** based on the checked criteria identified above (inside if any have been checked). As such it is required that the individuals pay full PAYE/NI for the work undertaken and therefore must not be working for a Personal Services Company (PSC) unless via an approved umbrella organisation. The individual/s must not be a material shareholder (over 5%) within the organisation being contracted with

B. None of the above criteria have been checked and the work consists of clearly defined deliverables which must be completed within the fixed / capped time and material budget agreed for the work ahead of execution and the individual/s and/or role/s are therefore **clearly fully outside the scope of HMRC IR35**

C. None of the criteria has been checked, but there is a degree of uncertainty and therefore a full HMRC CEST determination certificate is attached for each individual.

1. The full HMRC CEST certificate states that the individual/s and/or role/s are **unambiguously outside the scope of HMRC IR35**.
2. The full HMRC CEST determination is indeterminate or inside IR35 and the individual/s and/or role/s is/are considered to be **within the scope of HMRC IR35**. Such individual/s are required to pay full PAYE/NI contributions via appropriate employment / umbrella cover. Individuals shall not have a material share holding.

[Guidance: An Increment Definition template has been provided as a means of capturing the necessary level of detail for a supplier to start work immediately for all statements of work. The template includes a means of stating acceptance criteria and for signing off delivery.

If the supplier is to be solely accountable and/or the SOW is to be priced on a Fixed Price basis, then the Increment Definition should be included for every milestone listed below.

*If the supplier is to operate under a Self-Directed Team (typically Incremental Fixed Price) model then, **prior** to the milestone being executed an Increment Definition must also be completed in to provide an audit path for IR35 purposes].*

Introduction / Overview
<p>[Buyer Guidance: Enter any preamble needed here]. In order for the overall Increment to be seen as an outcome based the decisions as to how to do it (what tasks are needed), the timing of the tasks (within the context of externally driven timescales), how tasks will be allocated to self directed team members (if a team) (Assignable), and how much effort will be needed must be totally down to the individual / team accountable and responsible for doing the work. This means that an increment must be sufficiently well defined (Specific) to allow the individual / team to deliver the Increment without external direction. This is not to say that an Increment should not be underpinned by a detailed estimate of the roles, effort and costs – with risk provision estimated by the individual / Supplier believed to be necessary to deliver the Increment</p>
