Section 1 – About UK Shared Business Services

Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows our customers the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business Innovation and Skills (BIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities.

Our Contracting Authorities who have access to our services and Contracts are detailed [here](#).

Section 2 – About the Contracting Authority

Department for Business, Energy & Industrial Strategy (BEIS)

The Department for Business, Energy and Industrial Strategy (BEIS) was created as a result of a merger between the Department of Energy and Climate Change (DECC) and the Department for Business, Innovation and Skills (BIS), as part of the Machinery of Government (MoG) changes in July 2016.

The Department is responsible for:

- developing and delivering a comprehensive industrial strategy and leading the government's relationship with business;
- ensuring that the country has secure energy supplies that are reliable, affordable and clean;
- ensuring the UK remains at the leading edge of science, research and innovation; and
- tackling climate change.

BEIS is a ministerial department, supported by 46 agencies and public bodies.

We have around 2,500 staff working for BEIS. Our partner organisations include 9 executive agencies employing around 14,500 staff.

Section 4 – Specification and about this procurement

1. Introduction and summary of requirements

BEIS is looking for a supplier to undertake Management of the UK element of the Intergovernmental Panel on Climate Change's (IPCC) Data Distribution Centre (DDC) which provides access to modelling and scenario data used by the IPCC. The contractor will take responsibility for managing the UK aspects of the existing DDC site, including hosting a website through which the DDC data is accessed.

2. Background

The IPCC Data Distribution Centre is currently housed at <http://www.ipcc-data.org/>. It acts as a web portal providing access to baseline and scenario data from co-operating modelling and analysis centres. It also provides technical guidelines on the selection and use of different types of data and scenarios in research and assessment. The DDC is designed primarily for climate change researchers, but materials contained on the site may also be of interest to educators, governmental and non-governmental organisations, and the general public.

Most assessments of the impacts of future climate change are based on the results of impact models that rely on quantitative climatic and non-climatic data and scenarios. The identification, selection, and application of baseline and scenario data is a crucial step in the analytical process. The great diversity of the data required and the need to maintain consistency between different scenario elements can pose substantial challenges to researchers. The IPCC DDC seeks to provide access to such data and scenarios and to offer guidance on their application.

The DDC is overseen by the IPCC Task Group on Data Support for Climate Change Assessments (TG-Data [formerly TGICA]) and jointly managed by the Centre for Environmental Data Analysis (CEDA) in the United Kingdom, the CSU World Data Centre Climate (WDCC) in Germany, and the Centre for International Earth Science Information Network (CIESIN) at Columbia University, New York, USA. This contract relates to the UK component of the DDC only.

The DDC and TG-Data support the work of the IPCC, which is carried out by three Working Groups that focus on climate change, impacts/adaptation/vulnerability, and mitigation.

3. Aims and Objectives

1. To support UK activities within the IPCC's DDC including the maintenance and operation of the DDC website and the provision of support to DDC users, including providing answers to queries from users of the DDC, especially those on the content, nature, downloading and handling of the datasets.
2. To continue archiving selected data and scenarios used by the IPCC in its reports. The UK, US and Germany all contribute to the archiving of IPCC data, which comprises: global climate model data and scenarios; socio-economic data and scenarios; and data scenarios for other

environmental changes. The UK is responsible for several observational data sets, particularly those provided by the Met Office Hadley Centre, and climatologies. The provision of this data must adhere to set TG-Data criteria. For more detail see <http://www.ipcc-data.org/>).

A catalogue entry of the IPCC DDC data holdings is available on the current UK provider's website: <http://catalogue.ceda.ac.uk/uuid/a0913dba885f1b1c0e3eb6dc0c04c188>

3. To provide a sustainable structure established and approved by the IPCC to provide observed and model data and information relevant at regional and country-level scales.
4. Preparations for the AR6 according to roles specified for the DDC by the IPCC in supporting data and information needs of the Working Groups, under guidance from the TG-Data.
5. To monitor the use of data (e.g. name and contact details of users, purpose of research) and providing a regularly-updated list on the DDC website, reflecting the composition of the user community.
6. Improve accessibility to DDC materials for supporting IPCC authors and external users
7. To provide a high-quality, well-presented, well-structured and easily navigable website, improving on these aspects of the website where possible.
8. Respond to other suggestions by the TG-Data subject to the availability of resources.

4. Technical requirements

The work program and deliverables are as follows:

- a) Leadership in coordinating the responsibilities of the DDC's distributed data sites (currently UK, Germany, and USA), interacting with, and under the oversight of, TG-Data.
- b) Management and coordination of the web site structures and integration across the DDC centres and with the IPCC Secretariat, including provision of the appropriate hardware infrastructure in relation to the current UK DDC component.
- c) On-going development and implementation of DDC information policies in response to the scientific oversight from TG-Data, and the monitoring of policy practices, including (but not limited to):
 - Information archiving procedures
 - Capture, structure, and provision of meta-data
 - Quality control procedures
 - Version control and tracking
 - Document management system

- Data site statistics
- d) Capture and provision of relevant data from/for AR6 as identified by TG-Data
- e) Web site maintenance and development for:
 - Effective, user-friendly and interactive interfaces, recognizing a user community of highly disparate capacity
 - Provision for low bandwidth access to large datasets.
 - Continued development of interactive visualization options
 - Development and testing of server-side post-processing of large distributed datasets
 - Ensure that the website has a minimum of 99.9% uptime from 1st October onwards
- f) Monitoring of user access, with provision to respond to user queries remotely, and engaging in periodic surveys of the user community to evaluate evolving needs (especially of developing country and Economies in Transition needs and including web site usability), complying with relevant data regulations.
- g) Under scientific oversight of and in collaboration with TG-Data, engagement with other agencies to:
 - Facilitate agreements and/or licensing for access to relevant data and/or data links
 - Access output from research programs producing IPCC-relevant data products (e.g. international programs such as CMIP, CORDEX, IAMC, ICONICS, AgMIP; regional programs such as ISI-MIP, Future Climate for Africa; regional climate centres
 - Facilitate the development of information resources for the emerging regional focus of the IPCC
 - Develop partnerships with other regional and global data agencies that complement DDC information needs.

Expertise required

The supplier should have an understanding of;

- a) Large Datasets in relation to the IPCC's climate information interests (including historical observations and modelled projections of climate and related environmental factors, climate impacts, socio-economic development and associated metadata)
- b) Concepts and language of handling large datasets (recognising that the concept of "large dataset" encompasses not only high volume, but also includes complexity, multi-variate and multi-scalar dimensions of data).

Management Components

The supplier will be responsible for ensuring timely delivery of the outputs to schedule and sub-contracting any required research according to BEIS terms and conditions.

The supplier will attend TG-Data working group meetings as required by TG-Data, typically twice a year.

The supplier will serve as the coordinator of the DDC, working with managers from the other centres contributing to the DDC. The DDC managers collectively are responsible to the TG-Data for design and modification of the DDC in keeping with the overall direction provided by the TG-Data to ensure that the DDC evolves and keeps up with changes in technology and standards. The supplier will be responsible for coordinating performance monitoring and reporting on the DDC to TG-Data at each meeting of the Task Group, including use and quality statistics. The supplier will also periodically solicit user feedback and reactions to the site, and report these regularly to the TG-Data. The supplier will work with data managers at the other supporting institutions to develop proposals for improving the content, data delivery, and user support of the DDC for review and approval by the TG-Data. Proposals for new DDC initiatives should be based on knowledge of the DDC managers and their home institutions, monitoring of the Web, and other information sources.

5. Outputs Required

1. A high-quality, well-presented, well-structured and easily navigable web portal that provides access to past observed climate data sets; global climate model data and scenarios; socio-economic data and scenarios; data scenarios for other environmental changes. The provision of this data must adhere to set TG-Data criteria.
2. Access to ongoing technical guidance for data access and web-interface problems, including a service agreement for a robust level of technical support. This would include a system for prioritisation of technical support requests, an agreed response time, and a facility to submit support requests outside of the contractor's office hours.
3. Archiving of selected data and scenarios used by the IPCC in its reports under the guidance of the TG-Data.
4. Periodic reports (at each meeting of the TG-Data, which typically take place twice a year) detailing work carried out to date under the contract and providing recommendation to the IPCC about the climate change data requirements of the impacts community.
5. Brief written reports to TG-Data meetings on web site co-ordination relating to the web site structures and integration across the DDC Centres and with the IPCC Secretariat.
6. Brief written reports to TG-Data meetings on the latest additions of data to the DDC for TG-Data scrutiny ahead of public release

7. Brief written reports of new web site developments at TG-Data meetings. All new initiatives require approval to proceed by the Task Group. Once implemented, DDC managers seek approval for public release from TG-Data, usually at TG-Data meetings.
8. Report back to TG-Data meetings of user access statistics in co-operation with managers of the other DDC nodes
9. Report to TG-Data meetings any new opportunities or actions to promote data access agreements or partnerships with agencies external to IPCC, based on prior TG-Data agreement
10. 6-monthly summary reports of work covered and main conclusions, lessons learned and recommendations for future work. The reports should be up to 10 pages long, including graphics. The reports should be submitted in electronic format as a Microsoft Word document.. The contractor shall deliver each report in draft form to the Department as a digital copy, in a format compatible with the Department's software (e.g. MS Word and Excel), together with original graphics where appropriate. Graphics should be in MS Word, Excel or PowerPoint format. The format will comprise uniformly word-processed, proof-read text and graphics. BEIS may wish to comment on this draft and request changes. The contractor shall deliver a copy of a final report that fully meets the Departmental requirements by 10 working days after the end of each 6-month period of provision of the DDC, on the 03rd March 2019, 03rd September 2019 and the 03rd March 2020.

6. Challenges

The supplier must take on the provision of this contract with minimal disruption to the service. This may entail the transfer of webpages, python scripts and data files, and the visualisation service at <http://www.ipcc-data.org/maps/>, which is expected to take two to three weeks, during which service should be maintained. This transfer must be completed by 30th September 2018, which is the date when the current contract expires.

The providers of the German component of the DDC, the [CSU World Data Center Climate \(WDCC\)](#), host their webpages on the current supplier's servers; the supplier should ensure that they do not disrupt the WDCC's ability to access their webpages.

7. Working Arrangements

The successful contractor will be expected to identify one named point of contact through whom all enquiries can be filtered. A BEIS project manager will be assigned to the project and will be the central point of contact.

The Contract duration shall be for a period of 18 months with an optional extension of a 9 month period from commencement of the Contract.

Terms and Conditions

Bidders are to note that any requested modifications to the Contracting Authority Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

Section 5 – Evaluation model

5.1 Introduction

- 5.1.1 The evaluation process will be conducted to ensure that Bids are evaluated fairly to ascertain the bidders who can demonstrate the required skills qualities, technical ability and capacity, commercial stability and experience to ensure successful performance of the Contract.
- 5.1.2 The evaluation team may comprise staff from UK SBS and the Contracting Authority, and any specific external stakeholders the Contracting Authority deem required

5.2 Evaluation of Bids

- 5.2.1 Evaluation of Bids shall be based on a Selection questionnaire defined in the e-sourcing tool.

5.3. SELECTION questionnaire

- 5.3.1 The Selection questionnaire shall be marked against the following Selection pass / fail and scoring criteria.
- 5.3.2 The selection questionnaire shall be marked against the following Mandatory or discretionary pass / fail criteria.

Selection Pass/fail criteria

Questionnaire	Q No.	Question subject
Selection Part A	SEL1.13	Contact details and declaration
Selection Part B	SEL2.2	Participation in a criminal organisation
Selection Part B	SEL2.3	Corruption

	In the event of a Bidder failing to meet the requirements of a Mandatory pass / fail criteria, the Contracting Authority reserves the right to disqualify the Bidder and not consider evaluation of the any of the selection stage scoring methodology, nor the Award stage scoring methodology or Mandatory pass / fail criteria.	

- 5.4.2 The Award questionnaire shall be marked against the following Award scoring criteria.
- 5.4.3 The evaluation model below shall be used for this RFP which will be determined to two decimal places.
- 5.4.4 Questions marked 'for information only' do not contribute to the scoring model.

Award Scoring criteria

Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this RFP. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

Questionnaire	Q No.	Question subject	Maximum Marks
Price	AW5.2	Price	10%
Quality	Proj 1.1	Data Hosting	20%
Quality	Proj 1.2	Uninterrupted Service	15%
Quality	Proj 1.3	Understanding of the IPCC	5%
Quality	Proj 1.4	Project Plan	15%
Quality	Proj 1.5	Support to users	10%
Quality	Proj 1.6	Maintenance of website	10%
Quality	Proj 1.7	Staff to Deliver	15%
Quality	Proj 1.10	Capability of Staff	For information only

Award Evaluation of criteria

Non-Price elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

$$\text{Score} = \{\text{weighting percentage}\} \times \{\text{bidder's score}\} = 20\% \times 60 = 12$$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the selection question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.

All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows:

Example

Evaluator 1 scored your bid as 60

Evaluator 2 scored your bid as 40

Evaluator 3 scored your bid as 80

Evaluator 4 scored your bid as 60

Your final score will $(60+40+80+60) \div 4 = 60$

Price elements will be judged on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100.

All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.

Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.

Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.

Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.

Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 $(80/100 \times 50 = 40)$

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

5.5. Evaluation process

5.5.1 The evaluation process will feature some, if not all, the following phases

Stage	Summary of activity
Receipt and Opening	• RFP logged upon opening in alignment with UK SBS's procurement procedures. • Any RFP Bid received after the closing date will be rejected unless circumstances attributed to the Contracting Authority or the e-sourcing tool beyond the bidder control are responsible for late submission.
Compliance check	• Check all Mandatory requirements are acceptable to the Contracting Authority. • Unacceptable Bids maybe subject to clarification by the Contracting Authority or rejection of the Bid.
Scoring of the Bid	• Evaluation team will independently score the Bid and provide a commentary of their scoring justification against the Selection criteria.
Clarifications	• The Evaluation team may require written clarification to Bids
Re - scoring of the Bid and Clarifications	• Following Clarification responses, the Evaluation team reserve the right to independently re-score the Bid and Clarifications and provide a commentary of their re-scoring justification against the Selection criteria.
Validation of unsuccessful Bidders	• To confirm contents of the letters to provide details of scoring and relative feedback on the unsuccessful Bidders Bid in comparison with the successful Bidders Bid.

Section 7 – General information

7.1. Introduction

- 7.1.1 The Contracting Authority wishes to establish a Contract for the provision of Delivering the UK Component of the Intergovernmental Panel on Climate Change (IPCC) Data Distribution Centre (DDC). The Contracting Authority is managing this procurement process in accordance with the Public Contracts Regulations 2015 (as may be amended from time to time) (the “Regulations”). This is a services Contract being procured under the OJEU Open Procedure
- 7.1.2 The Contracting Authority is procuring the Contract for add for its exclusive use.
- 7.1.3 UK SBS and the Contracting Authority logo, trademarks and other identifying marks are proprietary and may not be incorporated in the Companies response without or the Contracting Authority’s written permission.
- 7.1.4 The Bidder shall indemnify and keep indemnified UK SBS and the Contracting Authority against all actions, claims, demands, proceedings, damages, costs, losses, charges and expenses whatsoever in respect of any breach by the Bidder of this document.
- 7.1.5 If there is any doubt with regard to the ambiguity of any question or content contained in this questionnaire then PLEASE ASK a clarification question, but please ensure that your question is via the formal clarification process in writing to the UK SBS representative nominated. No approach of any kind in connection with this opportunity should be made to any other person within, or associated with UK SBS or the Contracting Authority. All information secured outside of this named contact shall have no legal standing or worth and should not be relied upon.
- 7.1.6 It remains the responsibility of the Bidder to keep UK SBS and the Contracting Authority informed of any matter that may affect continued qualification
- 7.1.7 Prior to commencing formal evaluation, Submitted Responses will be checked to ensure they are fully compliant with the Pass / Fail criteria within the Evaluation model. Non-compliant Submitted Responses may be rejected by the Contracting Authority. Submitted Responses which are deemed by the Contracting Authority to be fully compliant will proceed to evaluation. These will be evaluated using the criteria and scores detailed in the matrix set out in [Section 5](#).
- 7.1.8 Whilst it is the Contracting Authority’s intention to purchase the majority of its services under this Contract Arrangement from the Supplier(s) appointed this does not confer any exclusivity on the appointed Suppliers. The Contracting Authority and any relevant Other Public Bodies reserve the right to purchase any supplies services and services (including those similar to the supplies services covered by this procurement) from any Supplier outside of this Contract..
- 7.1.9 The Contracting Authority reserves the right not to conclude a Contract as a result of the current procurement process. Bidders should review the contents of Section 7 paragraph 7.8.1 when considering submitting their Response.

- 7.1.10 The services covered by this procurement exercise have NOT been sub-divided into Lots.
- 7.1.11 The Contracting Authority shall utilise the Crown Commercial Service (CCS – previously Government Procurement Service) Emptoris e-sourcing tool url <https://gpsesourcing.cabinetoffice.gov.uk/sso/jsp/login.jsp> to conduct this procurement. There will be no electronic auction following the conclusion of the evaluation of the Request for Proposal (RFP) responses. Bidders will be specifically advised where attachments are permissible to support a question response within the e-sourcing tool. All enquiries with respect to access to the e-sourcing tool and problems with functionality within the tool may be submitted to Crown Commercial Service, Telephone 0345 010 3503.
- 7.1.12 Please utilise the messaging system within the e-sourcing tool located at <https://gpsesourcing.cabinetoffice.gov.uk/sso/jsp/login.jsp> within the timescales detailed in Section 3. if you have any doubt as to what is required or will have difficulty in providing the information requested. Bidders should note that any requests for clarifications may not be considered by the Contracting Authority if they are not articulated by the Bidder within the discussion forum within the e-sourcing tool.
- 7.1.13 Bidders should read this document, RFx attachments, messages and the evaluation questionnaires carefully before completing the Response submission. Failure to comply with any of these instructions for completion and submission of the Submitted Response may result in the rejection of the Response. Bidders are advised therefore to acquaint themselves fully with the extent and nature of the services and contractual obligations. These instructions constitute the Conditions of Response. Participation in the RFP process automatically signals that the Bidder accepts these Conditions.
- 7.1.14 All material issued in connection with this RFP shall remain the property of the Contracting Authority and/or as applicable relevant OPB and shall be used only for the purpose of this procurement. All Due Diligence Information shall be either returned to the Contracting Authority or securely destroyed by the Bidder (at the Contracting Authority's option) at the conclusion of the procurement
- 7.1.15 The Bidder shall ensure that each and every sub-contractor, consortium member and adviser abides by the terms of these instructions and the Conditions of Response.
- 7.1.16 The Bidder shall not make contact with any other employee, agent or consultant of UK SBS or the Contracting Authority or any relevant OPB or Customer who are in any way connected with this procurement during the period of this procurement, unless instructed otherwise by the Contracting Authority.
- 7.1.17 The Contracting Authority shall not be committed to any course of action as a result of:
- 7.1.18.1 issuing this RFP or any invitation to participate in this procurement ;
 - 7.1.17.2 an invitation to submit any Response in respect of this procurement;
 - 7.1.17.3 communicating with a Bidder or a Bidder's representatives or agents in respect of this procurement; or
 - 7.1.17.4 any other communication between UK SBS, the Contracting Authority and/or any relevant OPB (whether directly or by its agents or representatives) and any other party.

- 7.1.18 Bidders shall accept and acknowledge that by issuing this RFP the Contracting Authority shall not be bound to accept any Response and reserves the right not to conclude a Contract for some or all of the services for which Responses are invited.
- 7.1.19 The Contracting Authority reserves the right to amend, add to or withdraw all or any part of this RFP at any time during the procurement.
- 7.1.20 Bidders should not include in the Response any extraneous information which has not been specifically requested in the RFP including, for example, any sales literature, standard terms of trading etc. Any such information not requested but provided by the Bidder shall not be considered by the Contracting Authority.
- 7.1.21 If the Bidder is a consortium, the following information must be provided: full details of the consortium; and the information sought in this RFP in respect of each of the consortium's constituent members as part of a single composite response. Potential Providers should provide details of the actual or proposed percentage shareholding of the constituent members within the consortium as indicated in the relevant section of the selection questionnaire SEL1.9 specifically refers. If a consortium is not proposing to form a corporate entity, full details of alternative proposed arrangements should be provided as indicated in the relevant section of the RFP. However, please note the Contracting Authority reserves the right to require a successful consortium to form a single legal entity in accordance with regulation 19(6) of the Regulations. The Contracting Authority recognises that arrangements in relation to consortia may (within limits) be subject to future change. Potential Providers should therefore respond in the light of the arrangements as currently envisaged. Potential Providers are reminded that any future proposed change in relation to consortia must be notified to the Contracting Authority so that it can make a further assessment by applying the selection criteria to the new information provided and consider rejection of the Response if the Contracting Authority reasonably consider the change to have a material impact of the delivery of the viability of the Response.

7.2. Bidder conference

- 7.2.1 A Bidders' Conference will not be held in conjunction with this procurement.

7.3. Confidentiality

- 7.3.1 Subject to the exceptions referred to in paragraph 7.3.2, the contents of this RFP are being made available by the Contracting Authority on condition that:
- 7.3.1.1 Bidders shall at all times treat the contents of the RFP and any related documents (together called the 'Information') as confidential, save in so far as they are already in the public domain;
 - 7.3.1.2 Bidders shall not disclose, copy, reproduce, distribute or pass any of the Information to any other person at any time or allow any of these things to happen;
 - 7.3.1.3 Bidders shall not use any of the Information for any purpose other than for the purposes of submitting (or deciding whether to submit) a Response; and
 - 7.3.1.4 Bidders shall not undertake any publicity activity within any section of the media in relation to this procurement

- 7.3.2 Bidders may disclose, distribute or pass any of the Information to the Bidder's advisers, sub-contractors or to another person provided that either:
- 7.3.2.1 This is done for the sole purpose of enabling a Response to be submitted and the person receiving the Information undertakes in writing to keep the Information confidential on the same terms as if that person were the Bidder; or
 - 7.3.2.2 The disclosure is made for the sole purpose of obtaining legal advice from external lawyers in relation to the procurement or to any Contract arising from it; or
 - 7.3.2.3 The Bidder is legally required to make such a disclosure
- 7.3.3 In paragraphs 7.3.1 and 7.3.2 above the term 'person' includes but is not limited to any person, firm, body or association, corporate or incorporate.
- 7.3.4 UK SBS and the Contracting Authority may disclose detailed information relating to Responses to its employees, agents or advisers and they may make any of the Contract documents available for private inspection by its officers, employees, agents or advisers. UK SBS and the Contracting Authority also reserve the right to disseminate information that is materially relevant to the procurement to all Bidders, even if the information has only been requested by one Bidder, subject to the duty to protect each Bidder's commercial confidentiality in relation to its Response (unless there is a requirement for disclosure as explained in paragraphs 7.4.1 to 7.4.3 below).
- 7.3.5 All Central Government Departments and their Executive Agencies and Non Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.
- For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. Subject to section 7.4 below, the information will not be disclosed outside Government. Bidders taking part in this RFP consent to these terms as part of the competition process.
- 7.3.6 The Government introduced its new Government Security Classifications ("GSC") classification scheme to replace the current Government Protective Marking System ("GPMS"). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC from 2nd April 2014. The link below to the Gov.uk website provides information on the new GSC:
<https://www.gov.uk/government/publications/government-security-classifications>
- 7.3.7 The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this RFP to reflect any changes introduced by the GSC. In particular where this RFP is accompanied by any

instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.

7.4 Freedom of information

- 7.4.1 In accordance with the obligations and duties placed upon public authorities by the Freedom of Information Act 2000 (the 'FoIA') and the Environmental Information Regulations 2004 (the 'EIR') (each as amended from time to time), UK SBS and the Contracting Authority may be required to disclose information submitted by the Bidder to the to the Contracting Authority.
- 7.4.2 In respect of any information submitted by a Bidder that it considers to be commercially sensitive the Bidder should complete the Freedom of Information declaration question defined in the Question FOI1.2.
- 7.4.3 Where a Bidder identifies information as commercially sensitive, the Contracting Authority will endeavour to maintain confidentiality. Bidders should note, however, that, even where information is identified as commercially sensitive, the Contracting Authority may be required to disclose such information in accordance with the FoIA or the Environmental Information Regulations. In particular, the Contracting Authority is required to form an independent judgment concerning whether the information is exempt from disclosure under the FoIA or the EIR and whether the public interest favours disclosure or not. Accordingly, the Contracting Authority cannot guarantee that any information marked 'confidential' or "commercially sensitive" will not be disclosed.
- 7.4.4 Where a Bidder receives a request for information under the FoIA or the EIR during the procurement, this should be immediately passed on to the Contracting Authority and the Bidder should not attempt to answer the request without first consulting with the Contracting Authority.
- 7.4.5 Bidders are reminded that the Government's transparency agenda requires that sourcing documents, including RFP templates such as this, are published on a designated, publicly searchable web site, and, that the same applies to other sourcing documents issued by the Contracting Authority, and any contract entered into by the Contracting Authority with its preferred supplier once the procurement is complete. By submitting a response to this RFP Bidders are agreeing that their participation and contents of their Response may be made public.

7.5. Response Validity

- 7.5.1 Your Response should remain open for consideration for a period of 90 days. A Response valid for a shorter period may be rejected.

7.6. Timescales

- 7.6.1 [Section 3](#) of the RFP sets out the proposed procurement timetable. the Contracting Authority reserves the right to extend the dates and will advise potential Bidders of any change to the dates.

7.7. The Contracting Authority's Contact Details

- 7.7.1 Unless stated otherwise in these Instructions or in writing from UK SBS or the Contracting Authority, all communications from Bidders (including their sub-contractors, consortium members, consultants and advisers) during the period of this procurement must be directed through the e-sourcing tool to the designated UK SBS contact.
- 7.7.2 All enquiries with respect to access to the e-sourcing tool may be submitted to Crown Commercial Service, Telephone 0345 010 3503.
- 7.7.3 Bidders should be mindful that the designated Contact should not under any circumstances be sent a copy of their Response outside of the e-sourcing tool. Failure to follow this requirement will result in disqualification of the Response.

7.8. Preparation of a Response

- 7.8.1 Bidders must obtain for themselves at their own responsibility and expense all information necessary for the preparation of Responses. Bidders are solely responsible for all costs, expenses and other liabilities arising in connection with the preparation and submission of their Response and all other stages of the selection and evaluation process. Under no circumstances will UK SBS or the Contracting Authority, or any of their advisers, be liable for any such costs, expenses or liabilities borne by Bidders or their sub-contractors, suppliers or advisers in this process.
- 7.8.2 Bidders are required to complete and provide all information required by the Contracting Authority in accordance with the Conditions of Response and the Request for Proposal. Failure to comply with the Conditions and the Request for Proposal may lead the Contracting Authority to reject a Response.
- 7.8.3 The Contracting Authority relies on Bidders' own analysis and review of information provided. Consequently, Bidders are solely responsible for obtaining the information which they consider is necessary in order to make decisions regarding the content of their Responses and to undertake any investigations they consider necessary in order to verify any information provided to them during the procurement.
- 7.8.4 Bidders must form their own opinions, making such investigations and taking such advice (including professional advice) as is appropriate, regarding their Responses, without reliance upon any opinion or other information provided by the Contracting Authority or their advisers and representatives. Bidders should notify the Contracting Authority promptly of any perceived ambiguity, inconsistency or omission in this RFP, any of its associated documents and/or any other information issued to them during the procurement.

7.8.5 Bidders must ensure that each response to a question is within any specified word count. Any responses with words in excess of the word count will only be considered up to the point where they meet the word count, any additional words beyond the volume defined in the word count will not be considered by the evaluation panel.

7.8.6 Bidders must ensure that each response to a question is not cross referenced to a response to another question. In the event of a Bidder adding a cross reference it will not be considered in evaluation.

7.9. Submission of Responses

7.9.1 The Response must be submitted as instructed in this document through the e-sourcing tool. Failure to follow the instruction within each Section of this document, to omit responses to any of the questions or to present your response in alignment with any guidance notes provided may render the Response non-compliant and it may be rejected.

7.9.2 The Contracting Authority may at its own absolute discretion extend the closing date and the time for receipt of Responses specified [Section 3](#).

7.9.3 Any extension to the RFP response period will apply to all Bidders.

7.9.4 Any financial data provided must be submitted in or converted into pounds sterling. Where official documents include financial data in a foreign currency, a sterling equivalent must be provided. Failure to adhere to this requirement will result in the Response not being considered.

7.9.5 The Contracting Authority do not accept responsibility for the premature opening or mishandling of Responses that are not submitted in accordance with the instructions of this document.

7.9.6 The Response and any documents accompanying it must be in the English language

7.9.7 Bidders must submit their response through the e-sourcing tool:

7.9.8 Responses will be submitted any time up to the date indicated in [Section 3](#). Responses received before this deadline will be retained in a secure environment, unopened until this deadline has passed.

7.9.9 Responses received after the date indicated in [Section 3](#) shall not be considered by the Contracting Authority unless the Bidder can justify the reason for the delay.

7.9.9.1 The Bidder must demonstrate irrefutable evidence in writing they have made best endeavours to ensure the Response was received on time and that the issue was beyond their control.

7.9.9.2 Any request for a late Response to be considered must be emailed to the Buyer in [Section 3](#) in advance of 'the deadline' if a bidder believes their Response will be received late.

7.9.9.3 The Contracting Authority reserves the right to accept or reject any late Response without justification to the affected Bidder and make no guarantee it will consider any request for a late Response to be considered.

7.10. Canvassing

- 7.10.1 Any Bidder who directly or indirectly canvasses any employee, or agent of UK SBS, the Contracting Authority or its members or any relevant OPB or any of its employees concerning the establishment of the Contract or who directly or indirectly obtains or attempts to obtain information from any such officer, member, employee or agent or concerning any other Bidder, Response or proposed Response will be disqualified.

7.11. Disclaimers

- 7.11.1 Whilst the information in this RFP, Due Diligence Information and supporting documents has been prepared in good faith, it does not purport to be comprehensive nor has it been independently verified.

- 7.11.2 Neither UK SBS, the Contracting Authority, nor any relevant OPB's nor their advisors, nor their respective directors, officers, members, partners, employees, other staff or agents:

7.11.2.1 makes any representation or warranty (express or implied) as to the accuracy, reasonableness or completeness of the RFP; or

7.11.2.2 accepts any responsibility for the information contained in the RFP or for their fairness, accuracy or completeness of that information nor shall any of them be liable for any loss or damage (other than in respect of fraudulent misrepresentation) arising as a result of reliance on such information or any subsequent communication.

- 7.11.3 Any persons considering making a decision to enter into contractual relationships with the Contracting Authority and/or, as applicable, relevant OPB following receipt of the RFP should make their own investigations and their own independent assessment of the Contracting Authority and/or, as applicable, relevant OPB and its requirements for the services and should seek their own professional financial and legal advice. For the avoidance of doubt the provision of clarification or further information in relation to the RFP or any other associated documents (including the Schedules) is only authorised to be provided following a query made in accordance with Paragraph 7.15 of this RFP.

7.12. Collusive behaviour

- 7.12.1 Any Bidder who:

7.12.1.1 fixes or adjusts the amount of its Response by or in accordance with any agreement or arrangement with any other party; or

7.12.1.2 communicates to any party other than UK SBS, the Contracting Authority or, as applicable, relevant OPB the amount or approximate amount of its proposed Response or information which would enable the amount or approximate amount to be calculated (except where such disclosure is made in confidence in order to obtain quotations necessary for the preparation of the Response or insurance or any necessary security); or

7.12.1.3 enters into any agreement or arrangement with any other party that such other party shall refrain from submitting a Response; or

7.12.1.4 enters into any agreement or arrangement with any other party as to the amount of any Response submitted; or

- 7.12.1.5 offers or agrees to pay or give or does pay or give any sum or sums of money, inducement or valuable consideration directly or indirectly to any party for doing or having done or causing or having caused to be done in relation to any other Response or proposed Response, any act or omission,

shall (without prejudice to any other civil remedies available to the Contracting Authority and without prejudice to any criminal liability which such conduct by a Bidder may attract) be disqualified.

7.13. No inducement or incentive

- 7.13.1 The RFP is issued on the basis that nothing contained in it shall constitute an inducement or incentive nor shall have in any other way persuaded a Bidder to submit a Response or enter into the Contract or any other contractual agreement.

7.14. Acceptance of the Contract

- 7.14.1 The Bidder in submitting the Response undertakes that in the event of the Response being accepted by the Contracting Authority and the Contracting Authority confirming in writing such acceptance to the Bidder, the Bidder will within 30 days of being called upon to do so by the Contracting Authority execute the Contract in the form set out in the Contract Terms or in such amended form as may subsequently be agreed.
- 7.14.2 The Contracting Authority shall be under no obligation to accept the lowest priced or any Response.

7.15. Queries relating to the Response

- 7.15.1 All requests for clarification about the requirements or the process of this procurement shall be made in through the e-sourcing tool unless where the e-sourcing tool is unavailable due to Emptoris or Crown Commercial Service system maintenance or failure, in this instance all clarifications shall be by email to the contact defined in [Section 3](#).
- 7.15.2 The Contracting Authority will endeavour to answer all questions as quickly as possible, but cannot guarantee a minimum response time.
- 7.15.3 In the event of a Bidder requiring assistance uploading a clarification to the e-sourcing portal they should use the contact details defined in [Section 3](#).
- 7.15.4 No further requests for clarifications will be accepted after 7 days prior to the date for submission of Responses.
- 7.15.5 In order to ensure equality of treatment of Bidders, the Contracting Authority intends to publish the questions and clarifications raised by Bidders together with the Contracting Authority's responses (but not the source of the questions) to all participants on a regular basis.
- 7.15.6 Bidders should indicate if a query is of a commercially sensitive nature – where disclosure of such query and the answer would or would be likely to prejudice its commercial interests. However, if the Contracting Authority at its sole discretion does not either; consider the query to be of a commercially confidential nature or one which all Bidders would potentially benefit from seeing both the query and the Contracting Authority's response, the Contracting Authority will:

- 7.15.6.1 invite the Bidder submitting the query to either declassify the query and allow the query along with the Contracting Authority's response to be circulated to all Bidders; or
 - 7.15.6.2 request the Bidder, if it still considers the query to be of a commercially confidential nature, to withdraw the query prior to the end of the closing date and time for Bidder clarifications.
- 7.15.7 The Contracting Authority reserves the right not to respond to a request for clarification or to circulate such a request where it considers that the answer to that request would or would be likely to prejudice its commercial interests.

7.16. Amendments to Response Documents

- 7.16.1 At any time prior to the deadline for the receipt of Responses, the Contracting Authority may modify the RFP by amendment. Any such amendment will be numbered and dated and issued by the Contracting Authority to all prospective Bidders. In order to give prospective Bidders reasonable time in which to take the amendment into account in preparing their Responses, the Contracting Authority may, at its discretion, extend the time and/or date for receipt of Responses.

7.17. Modification and withdrawal

- 7.17.1 Bidders may modify their Response where allowable within the e-sourcing tool. No Response may be modified after the deadline for submission of Responses.
- 7.17.2 Bidders may withdraw their Response at any time prior the deadline for submission of Responses [or any other time prior to accepting the offer of a Contract]. The notice to withdraw the Response must be in writing and sent to the Contracting Authority by recorded delivery or equivalent service and delivered to the Head of Policy UK SBS at UK Shared Business Services Ltd, Procurement , Polaris House, North Star Avenue, Swindon, Wiltshire, SN2 1ET

7.18. Right to disqualify or reject

- 7.18.1 The Contracting Authority reserves the right to reject or disqualify a Bidder where
 - 7.18.1.1 the Bidder fails to comply fully with the requirements of this Request for Proposal or presents the response in a format contrary to the requirements of this document; and/or
 - 7.18.1.2 the Bidder is guilty of serious misrepresentation in relation to its Response; expression of interest; or the Response process; and/or
 - 7.18.1.3 there is a change in identity, control, financial standing or other factor impacting on the selection and/or evaluation process affecting the Bidder.

7.19. Right to cancel, clarify or vary the process

- 7.19.1 The Contracting Authority reserves the right to:
 - 7.19.1.1 cancel the evaluation process at any stage; and/or
 - 7.19.1.2 require the Bidder to clarify its Response in writing and/or provide additional information. (Failure to respond adequately may result in

the Bidder not being selected),

7.20.. Notification of award

- 7.20.1 The Contracting Authority will notify the successful Bidder of the Contract award in writing and will publish an Award Notice in the Official Journal of the European Union in accordance with the Regulations within 30 days of the award of the contract.
- 7.20.2 As required by the Regulations all successful and unsuccessful Bidders will be provided with an email advising the outcome of the submission of their RFP response.
