Call-Off Schedule 20 (Call-Off Specification)

This Schedule sets out the characteristics of the Deliverables that the Supplier will be required to make to the Buyers under this Call-Off Contract

BACKGROUND TO THE REQUIREMENT

The previous Director of Business Group was appointed as UKEF's Chief Executive Officer on 1st January 2023, since this appointment, the directorate has been managed on an interim basis by two internal deputy directors.

UK Export Finance has recently undergone an internal consultation to review its current structure of the Business Group (BG) and a decision has been made to create two new distinct directorates, in order to fully focus on specific customer requirements and to aid product delivery for the respective markets in which UKEF support. Each directorate will be headed by a SCS2 Director who will also be a member of the UKEF's Executive Committee (EC), in practice the co-Heads will work closely and collaboratively together in the interests of the whole Group to deliver a vision of "One BG".

By creating two separate directorates each Director will be able to focus on key deliverables for their respective markets.

UKEF believes that the SME market will continue to expand and in order to support one of the governments key priorities and to aid and stimulate continued economic growth within the UK, we believe that this new structure will enhance support for SME's in particular to help drive support for businesses outside London and the South-East.

This new directorate will send a strong signal to our SME customers, counterparties and key stakeholders about the importance of this sector to the future success of our business. This new directorate achieves that aim, while ensuring that the profile of our offer for larger corporates and international buyer financing transactions –which includes our growing international origination network - is also preserved and promoted.

Despite the creation of two distinct directorates with Business Group, it is evident from current working practices that both directorates will continue to work together very closely, for example, all parts of the BG can potentially be working together to support a single opportunity, where Origination might bring a large deal into the pipeline, underwriters will support execution, Marcoms will lead on arrangements for a supplier fair, while the EFM network will source credible suppliers to join the event and promote our trade finance product suite to facilitate their participation.
