Section 1 – About UK Shared Business Services

Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our customers improve efficiency, generate savings and modernise.

It is our vision to become the leading provider for our customers of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our customers. This allows our customers the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by its customers, UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Customers.

Our Customers who have access to our services and Contracts are detailed [here](#).

Section 2 – About Our Customer

Department for Business, Energy & Industrial Strategy (BEIS)

The Department for Business, Innovation & Skills (BEIS) is the department for economic growth. The department invests in skills and education to promote trade, boost innovation and help people to start and grow a business. BEIS also protects consumers and reduces the impact of regulation.

BEIS is a ministerial department, supported by 47 agencies and public bodies.

Our priorities for 2016 to 2017 include:

- business and enterprise
- competitiveness and exports
- science and innovation
- apprenticeships and skills
- higher education
- labour markets

We have around 2,500 staff working for BEIS plus around 500 people working for UK Trade & Investment in the UK.

Our partner organisations include 9 executive agencies employing around 14,500 staff.

We have BEIS offices in London, Sheffield, Billingham, Cardiff, Darlington, Glasgow, Manchester, Nottingham, Runcorn and Watford.

Department for Business, Energy & Industrial Strategy achievements include:

- Funding 457,000 apprenticeship starts in 2010-11 Academic Year
- Committing £75 million to support innovation in technology-based SMEs
- Helping 25,000 UK businesses (mainly SMEs), employing over 13 million people, to make the most of opportunities for growth in overseas markets; Growth Accelerator is a new Department for Business funded-service to help up to 26,000 small and medium enterprises (SMEs) grow as much as they can over three years. Working with an experienced coach, businesses will receive a personalised growth plan, training and workshops, networking and peer to peer support. SMEs can also learn how to develop their leadership and management capability.
- With the Cabinet Office, leading the review of 1,200 regulations across Government as part of the Red Tape Challenge, more than half of which will be scrapped or improved.

Section 3 - Working with UK Shared Business Services Ltd.

In this section you will find details of your Procurement contact point and the timescales relating to this opportunity.

Section 3 – Contact details		
3.1	Customer Name and address	Sean Mattson 1 Victoria Street London SW1H 0ET
3.2	Buyer name	Rebecca Fish
3.3	Buyer contact details	Research@uksbs.co.uk
3.4	Estimated value of the Opportunity	£25,000 ex VAT The contract will be awarded for the initial term of 1 year up to February 2018. Subject to budget being agreed we retain the option to extend for a further 1 year until February 2018. For the purpose of the price evaluation, bids will be assessed on the price given for year 1. Bidders should include the costs for year 2.
3.5	Process for the submission of clarifications and Bids	All correspondence shall be submitted within the Emptoris e-sourcing tool. Guidance Notes to support the use of Emptoris is available here. Please note submission of a Bid to any email address including the Buyer <u>will</u> result in the Bid <u>not</u> being considered.

Section 3 - Timescales		
3.6	Date of Issue of Contract Advert and location of original Advert	12/01/2017 Contracts Finder
3.7	Latest date/time ITQ clarification questions should be received through Emptoris messaging system	18/01/2017 14.00
3.8	Latest date/time ITQ clarification answers should be sent to all potential Bidders by the Buyer	23/01/2017

	through Emptoris	
3.9	Latest date/time ITQ Bid shall be submitted through Emptoris	30/01/2017 14.00
3.11	Anticipated rejection of unsuccessful Bids date	08/02/2017
3.12	Anticipated Award date	08/02/2017
3.13	Anticipated Contract Start date	09/02/2017
3.14	Anticipated Contract End date	09/02/2018
3.15	Bid Validity Period	60 Days

Section 4 – Specification

1. Introduction

BEIS's aim is to ensure that the economy grows strongly in all parts of the country, based on a robust industrial strategy and that the UK has secure energy supplies that are reliable, affordable and clean. It will encourage investment and innovation that fully utilises the UK science base, and enable a whole economy approach to deliver our climate change ambitions.

The Disruptive Businesses Directorate covers a number of policy areas, one of which is focussed on identifying and engaging with disruptive and transformative businesses, and identifying opportunities and barriers to growth within these.

2. Aims

The aim of the exercise is to give analysts in the Disruptive Businesses Directorate access to intelligence on market trends in business innovation and technology. It will give them information to use in prioritising sectors for further analysis, identify trends relevant to the UK business environment, and maintain awareness of emerging trends which could have an impact on the UK economy, labour market and society.

3. Objectives

The objectives of this tender exercise are to:

- To enable Disruptive Businesses Directorate to identify and to stay aware of developing trends in emerging innovations and technologies,
- To provide Disruptive Businesses Directorate with key information on emerging trends in innovation and technologies such as market leaders, current and future market size (UK and globally), and market readiness
- To provide Disruptive Businesses Directorate with information on the convergence of technological innovation and business models to create new markets and new value propositions

4. Background to the Requirement

Disruptive Businesses Directorate was set up just under one year ago and covers three main areas: disruptive businesses, economic shocks and industrial strategy.

The Disruptive Businesses analysis team consists of 5 analysts focussed on analysis of the future economy. Their role is to provide a framework for prioritising engagement with emerging sectors, identifying emerging trends, analysis on opportunities and barriers to growth, identify key stakeholders. They do this using a variety of data sources to identify emerging trends in research, investment and innovation, but have a further requirement for expert analysis of market trends in emerging technologies and disruptive businesses.

5. Scope

In scope:

Access to a regularly updated library of pre-written, in-depth written reports on a wide range of innovation-driven markets Information about emerging markets/sectors including

- Insights into new technological developments and their potential application in society and the economy.
- Information about innovations in other fields, such as of biology, finance, insurance, manufacturing, sharing economy, and circular economy.
- Information about the convergence of technologies/business models to create new value propositions.

The focus of the analysis will evolve over time and new topics which emerge as priorities (for instance, robotics, AI and circular economy has been previous topics of interest), and as such it is not possible to predict what topics the reports will be required to cover. Given the requirement does not include scope for new research to be undertaken, it will require the delivery organisation to already be carrying out research and producing reports on a regular basis and covering a wide-range of relevant topics.

Report should be based on a combination of primary research (already being undertaken outside of this requirement) and secondary market research, either UK or global in coverage, and should cover trends predicted to emerge over the next five years. The contract will not cover the production of new research. It will only include access to pre-existing material.

Out of scope:

The scope of this tender exercise covers published report literature and insights. There is no provision within this tender for the delivery organisation to conduct new primary research on behalf of BEIS. The contract will not cover the production of ad hoc reports, and only access to pre-existing material.

6. Requirement

- Access to a regularly updated library of a wide range of global, in-depth, specialist market written reports on high-growth, innovation-driven markets, covering:
 - Information about long-term societal, economic and technological trends, including the potential impacts of these trends both in the UK and globally.
 - An assessment of the value of current and future markets, and the potential market impact
 - An assessment of the maturity of the technology / trends
 - An assessment on the barriers to growth of businesses in these emerging sectors
 - Permission to use the information (appropriately referenced) in published reports
 - A regular summary report of key trends from across the market.
- The requirement is for the supplier to give access to pre-existing reports, and not to produce ad hoc, bespoke analysis for BEIS.
- Access to this content to be made available to a maximum of five Disruptive Businesses analysts

7. Timetable

The provision of market and technology intelligence services to Disruptive Businesses Directorate will begin on 8th February 2017 and will continue for a 12 month delivery period without break. There will be an option to renew for a further 12 months at the end of the first 12-month period. Please be aware the budget of £25,000 ex VAT is the estimated figure for the initial 12 month period. Tenderers should be mindful that we may intend to continue this requirement for a further 1 year. We expect bids to set out how they would scale up or broaden activity year 2. The evaluation will therefore run from February 2017 – February 2018 in the first instance.

Terms and Conditions

Bidders are to note that any requested modifications to UK SBS Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

Section 5 – Evaluation model

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is 'for information only' it will not be scored.

The evaluation team may comprise staff from UK SBS, the Customer and any specific external stakeholders UK SBS deem required. After evaluation the scores will be finalised by performing a calculation to identify (at question level) the mean average of all evaluators (Example – a question is scored by three evaluators and judged as scoring 5, 5 and 6. These scores will be added together and divided by the number of evaluators to produce the final score of 5.33 ($5+5+6=16\div3=5.33$))

Pass / fail criteria

Questionnaire	Q No.	Question subject
Commercial	SEL1.2	Employment breaches/ Equality
Commercial	FOI1.1	Freedom of Information Exemptions
Commercial	AW1.1	Form of Bid
Commercial	AW1.3	Certificate of Bona Fide Bid
Commercial	AW3.1	Validation check
Commercial	AW4.1	Contract Terms
Price	AW5.5	E Invoicing
Price	AW5.6	Implementation of E-Invoicing
Quality	AW6.1	Compliance to the Specification
-	-	Invitation to Quote – received on time within e-sourcing tool

Scoring criteria

Evaluation Justification Statement

In consideration of this particular requirement UK SBS has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this ITQ. UK SBS considers these weightings to be in line with existing best practice for a requirement of this type.

Questionnaire	Q No.	Question subject	Maximum Marks
Price	AW5.2	Price	20.00%
Quality	PROJ1.1	Scope	20.00%
Quality	PROJ1.2	Gathering of Data	20.00%
Quality	PROJ1.3	Geographical Coverage	15.00%
Quality	PROJ1.4	Forecasting Methodology	15.00%
Quality	PROJ1.5	Skills, Expertise and Understanding	10.00%

Evaluation of criteria

Non-Price elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation: Score/Total Points available multiplied by 20 ($60/100 \times 20 = 12$)

Where an evaluation criterion is worth 10% then the 0-100 score achieved will be multiplied by 10.

Example if a Bidder scores 60 from the available 100 points this will equate to 6% by using the following calculation: Score/Total Points available multiplied by 10 ($60/100 \times 10 = 6$)

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the selection question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.

All questions will be scored based on the above mechanism. Please be aware that the final score returned may be different as there may be multiple evaluators and their individual scores will be averaged (mean) to determine your final score.

Example

Evaluator 1 scored your bid as 60

Evaluator 2 scored your bid as 60

Evaluator 3 scored your bid as 40

Evaluator 4 scored your bid as 40

Your final score will $(60+60+40+40) \div 4 = 50$

Price elements will be judged on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100. All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.

Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.

Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.

Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.

Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50.

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 ($80/100 \times 50 = 40$)

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

In the event of a tie -

Once the evaluation process and due diligence is complete, should the result of the process result in a tied place(s) then the supplier(s) who scored the highest total in the Quality criterion shall be considered the successful supplier and shall be awarded the opportunity .

Should the above still result in a tie we will go to a secondary tie decision which will be who scored the highest total in the Price criterion (Question AW5.2) they shall be considered the successful supplier and shall be awarded the opportunity.

Section 6 – Evaluation questionnaire

Bidders should note that the evaluation questionnaire is located within the **e-sourcing questionnaire**.

Guidance on completion of the questionnaire is available at <http://www.uksbs.co.uk/services/procure/Pages/supplier.aspx>

PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY

Section 7 – General Information

What makes a good bid – some simple do's 😊

DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date/time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions.
- 7.3 Do ensure you have read all the training materials to utilise e-sourcing tool prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission we may reject your Bid.
- 7.5 Do ensure you utilise the Emptoris messaging system to raise any clarifications to our ITQ. You should note that typically we will release the answer to the question to all bidders and where we suspect the question contains confidential information we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who your customer is and what they want – a generic answer does not necessarily meet every customer's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear and concise contact details; telephone numbers, e-mails and fax details.
- 7.10 Do complete all questions in the questionnaire or we may reject your Bid.
- 7.11 Do check and recheck your Bid before dispatch.

What makes a good bid – some simple do not's 🙄

DO NOT

- 7.12 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.13 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.14 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.15 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Customer to discuss your Bid. If your Bid requires clarification the Buyer will contact you.
- 7.16 Do not contact any UK SBS staff or Customer staff without the Buyers written permission or we may reject your Bid.
- 7.17 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.18 Do not offer UK SBS or Customer staff any inducement or we will reject your Bid.
- 7.19 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.20 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.21 Do not exceed word counts, the additional words will not be considered.
- 7.22 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.

Some additional guidance notes

- 7.23 All enquiries with respect to access to the e-sourcing tool and problems with functionality within the tool may be submitted to Crown Commercial Service (previously Government Procurement Service), Telephone 0345 010 3503.
- 7.24 Bidders will be specifically advised where attachments are permissible to support a question response within the e-sourcing tool. Where they are not permissible any attachments submitted will not be considered.
- 7.25 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Questionnaire.
- 7.26 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.27 We do not guarantee to award any Contract as a result of this procurement
- 7.28 All documents issued or received in relation to this procurement shall be the property of UK SBS.
- 7.29 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through Emptoris.
- 7.30 If you are a Consortium you must provide details of the Consortiums structure.
- 7.31 Bidders will be expected to comply with the Freedom of Information Act 2000 or your Bid will be rejected.
- 7.32 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.33 Your bid will be valid for 60 days or your Bid will be rejected.
- 7.34 Bidders may only amend the Contract terms if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract and UK SBS fail to accept your legal or statutory reason is reasonably justified we may reject your Bid.
- 7.35 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.
- 7.36 If you fail mandatory pass / fail criteria we will reject your Bid.
- 7.37 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Emptoris e-sourcing tool.
- 7.38 Bidders should note that if they are successful with their proposal UK SBS reserves the right to ask additional compliancy checks prior to the award of any Contract. In

the event of a Bidder failing to meet one of the compliancy checks UK SBS may decline to proceed with the award of the Contract to the successful Bidder.

- 7.39 All timescales are set using a 24 hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through Emptoris.
- 7.40 All Central Government Departments and their Executive Agencies and Non Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, UK SBS may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to UK SBS during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

- 7.41 From 2nd April 2014 the Government is introducing its new Government Security Classifications (GSC) classification scheme to replace the current Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC from 2nd April 2014. The link below to the Gov.uk website provides information on the new GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

UK SBS reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.
