3.2 Where the Supplier has failed to purchase or maintain any of the Insurances in full force and effect, the Relevant Authority may elect (but shall not be obliged) following written notice to the Supplier to purchase the relevant Insurances and recover the reasonable premium and other reasonable costs incurred in connection therewith as a debt due from the Supplier.

The Supplier shall use all reasonable endeavours to notify the Relevant Authority (subject to third party confidentiality obligations) as soon as practicable when it becomes aware of any relevant fact, circumstance or matter which has caused, or is reasonably likely to provide grounds to, the relevant insurer to give notice to cancel, rescind, suspend or void any insurance, or any cover or claim under any insurance in whole or in part.

Insurance claims

7.1 The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Deliverables, or each Contract for which it may be entitled to claim under any of the Insurances. In the event that the Relevant Authority receives a claim relating to or arising out of a Contract or the Deliverables, the Supplier shall co-operate with the Relevant Authority and assist it in dealing with such claims including without limitation providing information and documentation in a timely manner.

7.2 Except where the Relevant Authority is the claimant party, the Supplier shall give the Relevant Authority notice within twenty (20) Working Days after any insurance claim in excess of 10% of the sum required to be insured pursuant to Paragraph 5.1 relating to or arising out of the provision of the Deliverables or this Contract on any of the Insurances or which, but for the application of the applicable policy excess, would be made on any of the Insurances and (if required by the Relevant Authority) full details of the incident giving rise to the claim.

7.3 Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.

7.4 Where any Insurance is subject to an excess or deductible below which the indemnity from insurers is excluded, the Supplier shall be liable for such excess or deductible. These devices must be placed into a 'known good' state prior to being provisioned into the management authority of the Buyer. Unless otherwise agreed with the Buyer in writing, all Supplier devices are expected to meet the set of security requirements set out in the End User Devices Security Guidance (<https://www.ncsc.gov.uk/guidance/end-user-device-security>). Where the guidance highlights shortcomings in a particular platform the Supplier may wish to use, then these should be discussed with the Buyer and a joint decision shall be taken on whether the residual risks are acceptable. Where the Supplier wishes to deviate from the NCSC guidance, then this should be agreed in writing on a case by case basis with the Buyer.

13. Data Processing, Storage, Management and Destruction

20. The Supplier and Buyer recognise the need for the Buyer's information to be safeguarded under the UK Data Protection regime or a similar regime. To that end, the Supplier must be able to state to the Buyer the physical locations in which data may be stored, processed and managed from, and what legal and regulatory frameworks Government Data will be subject to at all times.
21. The Supplier shall agree any change in location of data storage, processing and administration with the Buyer in accordance with Clause 14 (Data protection).
22. The Supplier shall:
 1. provide the Buyer with all Government Data on demand in an agreed open format;
 2. have documented processes to guarantee availability of Government Data in the event of the Supplier ceasing to trade;
 3. securely destroy all media that has held Government Data at the end of life of that media in line with Good Industry Practice; and

4. securely erase any or all Government Data held by the Supplier when requested to do so by the Buyer.

14. Ensuring secure communications

23. The Buyer requires that any Government Data transmitted over any public network (including the Internet, mobile networks or un-protected enterprise network) or to a mobile device must be encrypted using a product or system component which has been formally assured through a certification process recognised by NCSC, to at least Foundation Grade, for example, under CPA.
24. The Buyer requires that the configuration and use of all networking equipment to provide the Services, including those that are located in secure physical locations, are at least compliant with Good Industry Practice.

15. Security by design

25. The Supplier shall apply the 'principle of least privilege' (the practice of limiting systems, processes and user access to the minimum possible level) to the design and configuration of IT systems which will process or store Government Data.
26. When designing and configuring the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) the Supplier shall follow Good Industry Practice and seek guidance from recognised security professionals with the appropriate skills and/or NCSC certification (<https://www.ncsc.gov.uk/section/products-services/ncsc-certification>) for all bespoke or complex components of the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier).

16. Security of Supplier Staff

27. Supplier Staff shall be subject to pre-employment checks that include, as a minimum: identity, unspent criminal convictions and right to work.
28. The Supplier shall agree on a case by case basis Supplier Staff roles which require specific government clearances (such as 'SC') including system administrators with privileged access to IT systems which store or process Government Data.
29. The Supplier shall prevent Supplier Staff who are unable to obtain the required security clearances from accessing systems which store, process, or are used to manage Government Data except where agreed with the Buyer in writing.
30. All Supplier Staff that have the ability to access Government Data or systems holding Government Data shall undergo regular training on secure information management principles. Unless otherwise agreed with the Buyer in writing, this training must be undertaken annually.
31. Where the Supplier or Subcontractors grants increased ICT privileges or access rights to Supplier Staff, those Supplier Staff shall be granted only

those permissions necessary for them to carry out their duties. When staff no longer need elevated privileges or leave the organisation, their access rights shall be revoked within one (1) Working Day.

17.Restricting and monitoring access

32. The Supplier shall operate an access control regime to ensure all users and administrators of the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) are uniquely identified and authenticated when accessing or administering the Services. Applying the 'principle of least privilege', users and administrators shall be allowed access only to those parts of the ICT Environment that they require. The Supplier shall retain an audit record of accesses.

18.Audit

33. The Supplier shall collect audit records which relate to security events in the systems or that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness such Supplier audit records should (as a minimum) include:
 1. Logs to facilitate the identification of the specific asset which makes every outbound request external to the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier). To the extent the design of the Deliverables allows such logs shall include those from DHCP servers, HTTP/HTTPS proxy servers, firewalls and routers.
 2. Security events generated in the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) and shall include: privileged account log-on and log-off events, the start and termination of remote access sessions, security alerts from desktops and server operating systems and security alerts from third party security software.
34. The Supplier and the Buyer shall work together to establish any additional audit and monitoring requirements for the ICT Environment.
35. The Supplier shall retain audit records collected in compliance with this Paragraph 18 for a period of at least 6 Months.

25. Obligations when the contract is terminated

57. The Supplier shall comply with all of its obligations contained in the Exit Plan.

66. The Buyer shall:
 1. accept assignments from the Supplier or join with the Supplier in procuring a novation of each Transferring Contract; and

Order Schedule 14 (Service Levels)

3. Definitions

In this Schedule, the following words shall have the following meanings and they shall supplement Joint Schedule 1 (Definitions):

"Critical Service Level Failure"	has the meaning given to it in the Order Form;
"Service Credits"	any service credits specified in the Annex to Part A of this Schedule being payable by the Supplier to the Buyer in respect of any failure by the Supplier to meet one or more Service Levels;

The Supplier shall at all times provide the Deliverables to meet or exceed the Service Level Performance Measure for each Service Level.

The Supplier acknowledges that any Service Level Failure shall entitle the Buyer to the rights set out in Part A of this Schedule including the right to any Service Credits and that any Service Credit is a price adjustment and not an estimate of the Loss that may be suffered by the Buyer as a result of the Supplier's failure to meet any Service Level Performance Measure.

The Supplier shall send Performance Monitoring Reports to the Buyer detailing the level of service which was achieved in accordance with the provisions of Part B (Performance Monitoring) of this Schedule.

pursuant to Clause 10.4 (CCS and Buyer Termination Rights).

Not more than once in each Contract Year, the Buyer may, on giving the Supplier at least three (3) Months' notice, change the weighting of Service Level Performance Measure in respect of one or more Service Levels and the Supplier shall not be entitled to object to, or increase the Charges as a result of such changes, provided that:

4. the total number of Service Levels for which the weighting is to
be changed does not exceed the number applicable as at the
Start Date;

Buyer's business requirements and/or priorities or to reflect
changing industry standards; and
6. there is no change to the Service Credit Cap.

5. Critical Service Level Failure

On the occurrence of a Critical Service Level Failure:

any Service Credits that would otherwise have accrued during the relevant Service Period shall not accrue; and

the Buyer shall (subject to the Service Credit Cap) be entitled to withhold and retain as compensation a sum equal to any Charges which would otherwise have been due to the Supplier in respect of that Service Period ("Compensation for Critical Service Level Failure"),

provided that the operation of this paragraph **Error! Reference source not found.** shall be without prejudice to the right of the Buyer to terminate this Contract and/or to claim damages from the Supplier for material Default.

Part A: Service Levels and Service Credits

Service Levels

If the level of performance of the Supplier:
is likely to or fails to meet any Service Level Performance Measure; or
is likely to cause or causes a Critical Service Failure to occur,
the Supplier shall immediately notify the Buyer in writing and the Buyer, in its absolute discretion and without limiting any other of its rights, may:

- 1.2.1 require the Supplier to immediately take all remedial action that is reasonable to mitigate the impact on the Buyer and to rectify or prevent a Service Level Failure or Critical Service Level Failure from taking place or recurring;
- 1.2.2 instruct the Supplier to comply with the Rectification Plan Process;
- 1.2.3 if a Service Level Failure has occurred, deduct the applicable Service Level Credits payable by the Supplier to the Buyer; and/or

6. Service Credits

The Buyer shall use the Performance Monitoring Reports supplied by the Supplier to verify the calculation and accuracy of the Service Credits, if any, applicable to each Service Period.

Service Credits are a reduction of the amounts payable in respect of the Deliverables and do not include VAT. The Supplier shall set-off the value of any Service Credits against the appropriate invoice in accordance with calculation formula in the Annex to Part A of this Schedule.

Annex A to Part A: Services Levels and Service Credits Table

N/A

The Supplier shall provide the Buyer with performance monitoring reports ("Performance Monitoring Reports") in accordance with the process and timescales agreed pursuant to paragraph **Error! Reference source not found.** of Part B of this Schedule which shall contain, as a minimum, the following information in respect of the relevant Service Period just ended:

The Supplier shall provide to the Buyer such documentation as the Buyer may reasonably require in order to verify the level of the performance by the Supplier and the calculations of the amount of Service Credits for any specified Service Period.

7. Satisfaction Surveys

The Buyer may undertake satisfaction surveys in respect of the Supplier's provision of the Deliverables. The Buyer shall be entitled to notify the Supplier of any aspects of their performance of the provision of the Deliverables which the responses to the Satisfaction Surveys reasonably suggest are not in accordance with this Contract.

The Operational Board members, frequency and location of board meetings and planned start date by which the board shall be established are set out in the Order Form.

Policy Context for the Requirement

The UK's energy system is undergoing a rapid transition away from fossil fuels and toward renewable energy generation to curb anthropogenic climate change and to build healthier, cleaner communities. Key milestones in this transition have included the phasing out of coal electricity generation and record-breaking levels of wind-generated electricity in 2024.

The Government is committed to tackling climate change, catalysing the transition to renewable energy sources, and meeting its goal of reaching net zero by 2050¹. Clean Power by 2030 (CP2030) is a sprint toward this goal and is a key pillar of the Government's Clean Energy Superpower Mission^{2,3}. CP2030 aims to ensure that at least 95% of the UK's electricity demand is met by clean power by the year 2030. The vision set out in the CP2030 action plan is as economic and social as it is environmental and technological. It entails ensuring that households and communities across the UK see and feel the economic, social, and environmental benefits of an energy transition, contributing to a greater quality of life.

The Government's commitment to improving the lives of people whilst reducing emissions through local and community action is the central focus of the forthcoming Local Power Plan⁴ (LPP). A joint priority of Great British Energy (GBE) and DESNZ, the LPP is a roadmap for working with local communities to generate their own energy, save money on their energy bills, and reinvest the savings where they are most needed. To be published in the coming months, the LPP's local and community focus comes at a time when the mechanisms for implementing the Government's priorities are shifting from national to local delivery, as exemplified by English devolution⁵ and the Warm Homes scheme⁶.

With the forthcoming LPP and shift in delivery mechanisms in mind, there is a burgeoning pool of (mostly qualitative) evidence from academia and community interest groups that supports the conclusion that enabling policies and financial support for local and community focused⁷ interventions can generate a range of social and community benefits that utility-scale and place-agnostic

¹ Net zero means that the total greenhouse gas emissions would be equal to the emissions removed from the atmosphere, with the aim of limiting global warming and resultant climate change. See: <https://commonslibrary.parliament.uk/research-briefings/cbp-9888/>.

⁷ For this invitation to tender, local and community focused, and/or led, interventions are intended to mean those with substantial local and community participation, including governance, and are intended to deliver value to those in the local community.

interventions cannot^{8,9}. This is the 'local thesis'. The benefits arising from the local thesis are economic and social, and are understood to emerge from localised revenue sharing, cost savings, and community participation in the interventions. These benefits, in turn, are understood to lead to changes (improvements) in people's physical health, mental health, and wellbeing.

Appraising the value, in particular the monetary value, of these social and community benefits is an analytical challenge. Whilst value appraisals need not always involve monetisation, a key aspect of policy intervention appraisals involve social cost benefit analysis (SCBA) and value for money (VfM) judgements. For costs and benefits to be included in the headline quantified outputs of SCBA and VfM exercises – a social benefit-cost ratio and Net Present Social Value £ figure – they must have monetary values. Without monetary values, social and community benefits are excluded from the headline quantified outputs of SCBAs and VfM judgements about government policies and spending. Whilst this can be done in a qualitative sense, this is often imprecise, and the magnitudes are not easily weighed against the quantitative elements.

HM Treasury's Green Book¹⁰ provides guidance on approaches to appraising, and monetising, non-market and difficult to monetise impacts, such as changes in natural capital and air quality. The Green Book Supplementary Guidance on Wellbeing¹¹, meanwhile, provides additional guidance on how wellbeing concepts, measurements, and estimations can contribute to the appraisal of value in Green Book appraisals. Despite this guidance, integrating social and community benefits into SCBAs and VfM judgements remains challenging.

Thus, despite a shift in mechanisms from national to local delivery, and a growing pool of qualitative evidence supporting the 'local thesis', the wellbeing and cost saving benefits associated with this shift remain under-appraised and unmonetisable.

The Requirement

The aim of this work is to advance the methodologies set out in the Green Book and Green Book supplementary guidance on Wellbeing by establishing monetary values for a set of defined social and community benefits that are of strategic importance for local and community policy interventions.

This will require establishing clear, evidence based, Green Book congruent methodological approaches for appraising these benefits and assigning these benefits marginal monetary values. The end goal is for these values to be used by DESNZ analysts in their economic modelling. Green Book congruency is, therefore, essential.

In particular, this work will examine and appraise the monetary value of economic and social benefits associated with: 1) local energy system innovation and optimisation; 2) community cohesion; and 3)

⁸ For this invitation to tender, utility-scale and place-agnostic interventions are intended to mean interventions made in the broader 'public good' but do not involve substantial local and community participation, including governance, and are not intended to specifically deliver value to those in the local community.

energy system resiliency. The measures for the prospective economic and social benefits for these impacts may include, for example:

1. Local energy system innovation and optimisation
 - *Ex. Measure 1: bill savings for households and businesses*
 - *Ex. Measure 2: consumer willingness to pay*
 - *Ex. Measure 3: cost savings for system operators*
2. Community cohesion
 - *Ex. Measure 1: changes in individual and community wellbeing*
 - *Ex. Measure 2: bill savings for households and businesses*
 - *Ex. Measure 3: consumer willingness to pay*
 - *Ex. Measure 4: cost savings for system operator*
3. Energy system resilience
 - *Ex. Measure 1: changes in individual and community wellbeing*
 - *Ex. Measure 2: bill savings for households and businesses*
 - *Ex. Measure 3: consumer willingness to pay*
 - *Ex. Measure 4: cost savings for system operator*

Vendors should identify which benefits they propose to monetise and outline the methodologies they will use to appraise/determine these values. The outputs of this research will inform and improve DESNZ's economic analysis of policy effects, by allowing it to incorporate understood, but difficult to monetise, social and community impacts.

An indicative example of this kind of research and the calculative pathways stemming from it can be found here: [The distribution of climate action co-benefits - Methodology Report - Climate Change Committee](#).

Prospective vendors should consult HMT's Green Book and the Green Book Supplementary guidance to familiarise themselves with the methodologies and standards in, and with, which DESNZ analysts work:

- Green Book: [The Green Book \(2022\) - GOV.UK](#)
- Green Book Supplementary Guidance on Wellbeing: [Green Book supplementary guidance: wellbeing - GOV.UK](#)

The successful vendor will work closely with specified DESNZ analysts (as noted in the approach section below), who will provide additional information - including relevant literature and internal scoping research on the requirement – at the first 'kick off' meeting in January 2026 (also noted below).

Expected Deliverables

The minimum expected deliverables are:

1. A **technical report** detailing the calculative methodologies for appraising the monetary value of
 - a) wellbeing improvements and b) cost savings arising from changes in:
 - a) Local energy system innovation and optimisation
 - b) Community cohesion
 - c) Energy system resilience

This report should:

- Where there is more than one appropriate methodology, identify alternative methodologies, outline the costs and benefits of these methodologies, and justify why the methodology/methodologies chosen is/are the most appropriate.
 - Detail and illustrate a clear calculative methodological pathway for each monetised social and community benefit.
 - Detail the data used in their methodological approach(es) and where these data were sourced/procured from.
 - Include citations to, and bibliographic references for, supporting research/evidence in the academic and broader literature that support the authors' proposed methodologies, calculative pathways, assumptions, and estimated monetised proxy values.
 - Include a detailed table of assumptions, limitations, and sensitivities for each calculative pathway.
 - Should specify the monetary proxy values in terms of the marginal values. For example, a single unit change in X social or community benefit is expected to generate (and/or to be equal to) £ in equivalent value.
 - Should specify monetary proxy values in terms of a 2024 or 2025 base year.
2. A **workbook** (Excel file) containing all computations, calculative pathways, data, associated with the proxy values contained in the technical report (1).
 3. The **programming code** used to produce the statistical/multivariate/econometric outputs.
 4. A **slide deck** of (PowerPoint file) of findings and conclusions contained in the technical report and annex.
 5. A **presentation** of findings and conclusions contained in the technical report and annex to be delivered at a mutually agreed date to DESNZ, HMT, and other colleagues across government.

Approach

Various approaches to completing this work are welcome, but it is broadly expected that the chosen vendor will use statistical and/or econometric methodological approaches in appraising the monetary value of a) wellbeing improvements and b) cost savings arising from: 1) local energy system innovation and optimisation; 2) community cohesion; and 3) energy system resiliency.

The chosen vendor/contractor is expected to:

- Work closely with the specified lead(s) within DESNZ in fulfilling the requirements outlined above.
- Draw on HMT Green Book¹² and HMT Green Book supplementary guidance, including supplementary guidance on wellbeing analysis¹³, in developing its methodological approach.
- Extensively draw on academic, private sector, and other available research and evidence in establishing appropriate methodological calculative pathways and resultant estimated monetary proxy values.

The chosen vendor/contractor is further:

- Encouraged to undertake rapid, or draw on existing, primary data collection using surveys and/or (quasi)experimental designs.
- Expected to utilise ONS and other available and relevant secondary data sources in their analyses.
- Expected to rapidly engage with relevant stakeholders to gather information, validate their assumptions, and triangulate their findings. These engagements may take the form of one or more workshops, informal consultations, and/or focus groups.

- Expected to use statistical, multivariate, and/or econometric methods in their calculation pathways to estimate monetary proxy values.

The chosen vendor/contractor is welcome to use the analysis software of their choice to conduct the statistical/multivariate/economic analysis, but must provide the programming code used to produce the analysis as part of their deliverables. An internal review of this code and its outputs by model integrity analysts within the department is a requirement of DESNZ's quality assurance processes and procedures.

Working Arrangements

The appointment offer will be confirmed by Tuesday 23rd December 2025,00. The work will commence by 5th January 2026 or earlier. It is proposed that the work be structured as follows:

- Week commencing 5 January 2026, or earlier, Kick-off meeting during to agree and finalise approach.
- Bi-weekly progress meetings with specified Lead(s) within DESNZ following the 'kick-off' meeting. These meetings may be held weekly, where appropriate.
- Week commencing 9 March 2026, meeting to review draft report, annex, and deliverables.
- Week commencing 23 March 2026, presentation of findings and conclusions contained in the technical report and annex to be delivered by the vendor/contractor.
- Technical report, annex, workbook, programming code, and slide deck to be delivered by the vendor/contractor no later than 30 March 2025.

We envisage the need for close interaction between the DESNZ Lead(s) and vendor/contractor throughout the process, to ensure that emerging issues are dealt with promptly and that DESNZ fully understand the assumptions and approach taken. In addition to answering the analytical questions, DESNZ will need timely access to all the key assumptions used in the analysis and the data and methodologies used to carry out the work.

- (c) includes Core Terms, Schedules and any other changes or items in the completed Order Form; and (d) survives the termination of the DPS Contract.

2.6 Where the Supplier is approached by any Other Contracting Authority requesting Deliverables or substantially similar goods or services, the Supplier must tell them about this DPS Contract before accepting their order.

2.7 The Supplier acknowledges it has all the information required to perform its obligations under each Contract before entering into a Contract. When information is provided by a Relevant Authority no warranty of its accuracy is given to the Supplier.

2.8 The Supplier will not be excused from any obligation, or be entitled to additional Costs or Charges because it failed to either:

(a) verify the accuracy of the Due Diligence Information; or (b) properly perform its own adequate checks.

2.9 CCS and the Buyer will not be liable for errors, omissions or misrepresentation of any information.

2.10 The Supplier warrants and represents that all statements made and documents submitted as part of the procurement of Deliverables are and remain true and accurate.

2.11 An Order Contract can only be created using the electronic procedures described in the FTS Notice as required by the Regulations.

2.12 A Supplier can only receive Orders under the DPS Contract while it meets the basic access requirements for the DPS stated in the FTS Notice. CCS can audit whether a Supplier meets the basic access requirements at any point during the DPS Contract Period.

3. What needs to be delivered

4. All deliverables

3.1.1 The Supplier must provide Deliverables:

- (a) that comply with the Specification, the DPS Application and, in relation to an Order Contract, the Order Tender (if there is one);

3.2.10 The Supplier must indemnify the Buyer against the costs of any Recall of the Goods and give notice of actual or anticipated action about the Recall of the Goods.

3.2.11 The Buyer can cancel any order or part order of Goods which has not been Delivered. If the Buyer gives less than 14 days notice then it will pay the Supplier's reasonable and proven costs already incurred on the cancelled order as long as the Supplier takes all reasonable steps to minimise these costs.

3.2.12 The Supplier must at its own cost repair, replace, refund or substitute (at the Buyer's option and request) any Goods that the Buyer rejects because they do not conform with Clause 3. If the Supplier does not do this it will pay the Buyer's costs including repair or re-supply by a third party.

6. Services clauses

3.3.1 Late Delivery of the Services will be a Default of an Order Contract.

3.3.2 The Supplier must co-operate with the Buyer and third party suppliers on all aspects connected with the Delivery of the Services and ensure that Supplier Staff comply with any reasonable instructions.

3.3.3 The Supplier must at its own risk and expense provide all Supplier Equipment required to Deliver the Services.

3.3.6 The Supplier must ensure all Services, and anything used to Deliver the Services, are of good quality and free from defects.

3.3.7 The Buyer is entitled to withhold payment for partially or undelivered Services, but doing so does not stop it from using its other rights under the Contract.

7. Pricing and payments

4.1 In exchange for the Deliverables, the Supplier must invoice the Buyer for the Charges in the Order Form.

4.7 The Buyer may retain or set-off payment of any amount owed to it by the Supplier if notice and reasons are provided.

4.8 The Supplier must ensure that all Subcontractors are paid, in full, within 30 days of receipt of a valid, undisputed invoice. If this does not happen, CCS or the Buyer can publish the details of the late payment or non-payment.

4.9 If CCS or the Buyer can get more favourable commercial terms for the supply at cost of any materials, goods or services used by the Supplier to provide the Deliverables, then

CCS or the Buyer may require the Supplier to replace its existing commercial terms with the more favourable terms offered for the relevant items.

4.10 If CCS or the Buyer uses Clause 4.9 then the DPS Pricing (and where applicable, the Charges) must be reduced by an agreed amount by using the Variation Procedure.

4.11 The Supplier has no right of set-off, counterclaim, discount or abatement unless they are ordered to do so by a court.

8. The buyer's obligations to the supplier

5.1 If Supplier Non-Performance arises from an Authority Cause:

- (a) neither CCS or the Buyer can terminate a Contract under Clause 10.4.1;
- (b) the Supplier is entitled to reasonable and proven additional expenses and to relief from liability and Deduction under this Contract;
- (c) the Supplier is entitled to additional time needed to make the Delivery; and (d) the Supplier cannot suspend the ongoing supply of Deliverables.

5.2 Clause 5.1 only applies if the Supplier:

- (a) gives notice to the Party responsible for the Authority Cause within 10 Working Days of becoming aware;
- (b) demonstrates that the Supplier Non-Performance would not have occurred but for the Authority Cause; and
- (c) mitigated the impact of the Authority Cause.

9. Record keeping and reporting

- 8.2 The warranties and representations in Clauses 2.10 and 8.1 are repeated each time the Supplier provides Deliverables under the Contract.
- 8.3 The Supplier indemnifies both CCS and every Buyer against each of the following:
 - (a) wilful misconduct of the Supplier, Subcontractor and Supplier Staff that impacts the Contract; and (b) non-payment by the Supplier of any Tax or National Insurance.

- 8.4 All claims indemnified under this Contract must use Clause 26.
- 8.5 The description of any provision of this Contract as a warranty does not prevent CCS or a Buyer from exercising any termination right that it may have for breach of that clause by the Supplier.
- 8.6 If the Supplier becomes aware of a representation or warranty that becomes untrue or misleading, it must immediately notify CCS and every Buyer.
- 8.7 All third party warranties and indemnities covering the Deliverables must be assigned for the Buyer's benefit by the Supplier.

12. Intellectual Property Rights (IPRs)

- 9.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a non-exclusive, perpetual, royalty-free, irrevocable, transferable worldwide licence to use, change and sub-license the Supplier's Existing IPR to enable it to both:
- (a) receive and use the Deliverables; and
 - (b) make use of the deliverables provided by a Replacement Supplier.

- 9.3 Where a Party acquires ownership of IPRs incorrectly under this Contract it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.
- 9.4 Neither Party has the right to use the other Party's IPRs, including any use of the other Party's names, logos or trademarks, except as provided in Clause 9 or otherwise agreed in writing.
- 9.5 If there is an IPR Claim, the Supplier indemnifies CCS and each Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result.

- 9.6 If an IPR Claim is made or anticipated the Supplier must at its own expense and the Buyer's sole option, either:
- (a) obtain for CCS and the Buyer the rights in Clause 9.1 and 9.2 without infringing any third party IPR; or
 - (b) replace or modify the relevant item with substitutes that do not infringe IPR without adversely affecting the functionality or performance of the Deliverables.
- 9.7 In spite of any other provisions of a Contract and for the avoidance of doubt, award of a Contract by the Buyer and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Supplier acknowledges that any authorisation by the Buyer under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific IPR involved.

13. Ending the contract or any subcontract

14. Contract Period

- 10.1.1 The Contract takes effect on the Start Date and ends on the End Date or earlier if required by Law.
- 10.1.2 The Relevant Authority can extend the Contract for the Extension Period by giving the Supplier no less than 3 Months' written notice before the Contract expires.

15. Ending the contract without a reason

- 10.2.1 CCS has the right to terminate the DPS Contract at any time without reason by giving the Supplier at least 30 days' notice.
- 10.2.2 Each Buyer has the right to terminate their Order Contract at any time without reason by giving the Supplier not less than 90 days' written notice.

16. Rectification plan process

10.3.1 If there is a Default, the Relevant Authority may, without limiting its other rights, request that the Supplier provide a Rectification Plan.

10.3.2 When the Relevant Authority receives a requested Rectification Plan it can either:

- (a) reject the Rectification Plan or revised Rectification Plan, giving reasons; or
- (b) accept the Rectification Plan or revised Rectification Plan (without limiting its rights) and the Supplier must immediately start work on the actions in the Rectification Plan at its own cost, unless agreed otherwise by the Parties.

10.3.3 Where the Rectification Plan or revised Rectification Plan is rejected, the Relevant Authority:

- (a) must give reasonable grounds for its decision; and
- (b) may request that the Supplier provides a revised Rectification Plan within 5 Working Days.

10.3.4 If the Relevant Authority rejects any Rectification Plan, including any revised Rectification Plan, the Relevant Authority does not have to request a revised Rectification Plan before exercising its right to terminate its Contract under Clause 10.4.3(a).

17. When CCS or the buyer can end a contract

10.4.1 If any of the following events happen, the Relevant Authority has the right to immediately terminate its Contract by issuing a Termination Notice to the Supplier:

- (a) there is a Supplier Insolvency Event;
- (b) there is a Default that is not corrected in line with an accepted Rectification Plan;
- (c) the Supplier does not provide a Rectification Plan within 10 days of the request;

19. What happens if the contract ends

10.6.1 Where a Party terminates a Contract under any of Clauses 10.2.1, 10.2.2, 10.4.1, 10.4.2, 10.4.3, 10.5 or

10.6.2 In addition to the consequences of termination listed in Clause 10.6.1, where the Relevant Authority terminates a Contract under Clause 10.4.1 the Supplier is also responsible for the Relevant Authority's reasonable costs of procuring Replacement Deliverables for the rest of the Contract Period.

10.6.3 In addition to the consequences of termination listed in Clause 10.6.1, if either the Relevant Authority terminates a Contract under Clause 10.2.1 or 10.2.2 or a Supplier terminates an Order Contract under Clause 10.5:

- (a) the Buyer must promptly pay all outstanding Charges incurred to the Supplier; and

10.7.5 The Parties must agree any necessary Variation required by Clause 10.7 using the Variation Procedure, but the Supplier may not either:

- (a) reject the Variation; or

11.6 In spite of Clauses 11.1, 11.2 but subject to Clauses 11.3 and 11.4, the Supplier's aggregate liability in each and any Contract Year under each Contract under Clause 14.8 shall in no event exceed the Data Protection Liability Cap.

14.5 If at any time the Supplier suspects or has reason to believe that the Government Data provided under a Contract is corrupted, lost or sufficiently degraded, then the Supplier must notify the Relevant Authority and immediately suggest remedial action.

14.6 If the Government Data is corrupted, lost or sufficiently degraded so as to be unusable the Relevant Authority may either or both:

- (a) tell the Supplier to restore or get restored Government Data as soon as practical but no later than 5 Working Days from the date that the Relevant Authority receives notice, or the Supplier finds out about the issue, whichever is earlier; and/or
- (b) restore the Government Data itself or using a third party.

- 15.3 In spite of Clause 15.1, the Supplier may disclose Confidential Information on a confidential basis to Supplier Staff on a need-to-know basis to allow the Supplier to meet its obligations under the Contract. The Supplier Staff must enter into a direct confidentiality agreement with the Relevant Authority at its request.

28. Invalid parts of the contract

If any part of a Contract is prohibited by Law or judged by a court to be unlawful, void or unenforceable, it must be read as if it was removed from that Contract as much as required and rendered ineffective as far as possible without affecting the rest of the Contract, whether it is valid or enforceable.

29. No other terms apply

The provisions incorporated into each Contract are the entire agreement between the Parties. The Contract replaces all previous statements, agreements and any course of dealings made between the Parties, whether written or oral, in relation to its subject matter. No other provisions apply.

30. Other people's rights in a contract

No third parties may use the Contracts (Rights of Third Parties) Act 1999 (CRTPA) to enforce any term of the Contract unless stated (referring to CRTPA) in the Contract. This does not affect third party rights and remedies that exist independently from CRTPA.

31. Circumstances beyond your control

20.1 Any Party affected by a Force Majeure Event is excused from performing its obligations under a Contract while the inability to perform continues, if it both:

- (a) provides a Force Majeure Notice to the other Party; and
- (b) uses all reasonable measures practical to reduce the impact of the Force Majeure Event.

20.2 Either Party can partially or fully terminate the affected Contract if the provision of the Deliverables is materially affected by a Force Majeure Event which lasts for 90 days continuously.

- 24.6 If there is a Specific Change in Law or one is likely to happen during the Contract Period the Supplier must give CCS and the Buyer notice of the likely effects of the changes as soon as reasonably practical. They must also say if they think any Variation is needed either to the Deliverables, DPS Pricing or a Contract and provide evidence:
 - (a) that the Supplier has kept costs as low as possible, including in Subcontractor costs; and
 - (b) of how it has affected the Supplier's costs.
- 24.7 Any change in the DPS Pricing or relief from the Supplier's obligations because of a Specific Change in Law must be implemented using Clauses 24.1 to 24.4.
- 24.8 For 101(5) of the Regulations, if the Court declares any Variation ineffective, the Parties agree that their mutual rights and obligations will be regulated by the terms of the Contract as they existed immediately prior to that Variation and as if the Parties had never entered into that Variation.

26.5 The Indemnifier must not settle or compromise any Claim without the Beneficiary's prior written consent which it must not unreasonably withhold or delay.

26.6 Each Beneficiary must take all reasonable steps to minimise and mitigate any losses that it suffers because of the Claim.

26.7 If the Indemnifier pays the Beneficiary money under an indemnity and the Beneficiary later recovers money which is directly related to the Claim, the Beneficiary must immediately repay the Indemnifier the lesser of either:

- (a) the sum recovered minus any legitimate amount spent by the Beneficiary when recovering this money; or
