

ELECTRICAL SERVICES PRICING SCHEDULE

EDMUND PARK NEW GROUNDS BUILDING

The following is an analysis of the quoted figure as entered on the Form of Tender and must be completed by the Tenderer at the time of Tender and must be arithmetically correct.

The Contractor shall note that if after receipt of tenders there is a shortfall of funding, various elements of the work will be omitted to comply with the funding limit. Accordingly the Contractor shall price each element of the work on the above basis including any loss of profitability consequent on a reduced contract value.

Each sum shall include for all work necessary to complete that particular section of work.
