Early Market Engagement Notice

Background

Shropshire Council is reviewing its options regarding the contract for 0-19 (up to 25 for young people with SEND) Public Health Nursing Service, which includes health visiting, school nursing and Family Nurse Partnership. Shropshire Council wishes to engage with potential providers of Public Health Nursing Services to discuss innovative, efficient and cost-effective methods of providing this service in Shropshire.

As such we are inviting interested organisations to meet with us to discuss the future delivery and development of the service. Organisations who wish to participate will be invited to a Microsoft Teams meeting on the afternoon of Tuesday 24th October 2023 (alternative dates may be arranged if required). 45-minute appointments may be booked by contacting:

Ali Cartwright, Public Health Projects Support Officer, Shropshire Council

Additional background information will be supplied to organisations which have booked an appointment.
