The Supplier shall ensure that each of the Insurances is effective no later than:
 - 1.1.1 the Framework Start Date in respect of those Insurances set out in the Annex to this Schedule and those required by applicable Law; and
 - 1.1.2 the Call-Off Contract Effective Date in respect of the Additional Insurances.
- 1.2 The Insurances shall be:
 - 1.2.1 maintained in accordance with Good Industry Practice;
 - 1.2.2 (so far as is reasonably practicable) on terms no less favourable than those generally available to a prudent contractor in respect of risks insured in the international insurance market from time to time;
 - 1.2.3 taken out and maintained with insurers of good financial standing and good repute in the international insurance market; and
 - 1.2.4 maintained for at least six (6) years after the End Date.

- 1.4 The terms of any insurance or the amount of cover shall not relieve the Supplier of any liabilities arising under the Contract.

2. How to manage the insurance

- 2.1 Without limiting the other provisions of this Contract, the Supplier shall:
 - 2.1.1 take or procure the taking of all reasonable risk management and risk control measures in relation to Deliverables as it would be reasonable to expect of a prudent contractor acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;
 - 2.1.2 promptly notify the insurers in writing of any relevant material fact under any Insurances of which the Supplier is or becomes aware; and

3. What happens if you aren't insured

- 3.1 The Supplier shall not take any action or fail to take any action or (insofar as is reasonably within its power) permit anything to occur in relation to it which would entitle any insurer to refuse to pay any claim under any of the Insurances.
- 3.2 Where the Supplier has failed to purchase or maintain any of the Insurances in full force and effect, the Relevant Authority may elect (but shall not be obliged) following written notice to the Supplier to purchase the relevant Insurances and recover the reasonable premium and other reasonable costs incurred in connection therewith as a debt due from the Supplier.

4. Evidence of insurance you must provide

- 4.1 The Supplier shall upon the Start Date and within 15 Working Days after the renewal of each of the Insurances, provide evidence, in a form satisfactory to the Relevant Authority, that the Insurances are in force and effect and meet in full the requirements of this Schedule.

5. Making sure you are insured to the required amount

- 5.1 The Supplier shall ensure that any Insurances which are stated to have a minimum limit "in the aggregate" are maintained at all times for the minimum limit of indemnity specified in this Contract and if any claims are made which do not relate to this Contract then the Supplier shall notify the Relevant Authority and provide details of its proposed solution for maintaining the minimum limit of indemnity.

6. Cancelled Insurance

- 6.1 The Supplier shall notify the Relevant Authority in writing at least five (5) Working Days prior to the cancellation, suspension, termination or non-renewal of any of the Insurances.
- 6.2 The Supplier shall ensure that nothing is done which would entitle the relevant insurer to cancel, rescind or suspend any insurance or cover, or to treat any insurance, cover or claim as voided in whole or part. The Supplier shall use all reasonable endeavours to notify the Relevant Authority (subject to third party confidentiality obligations) as soon as practicable when it becomes aware of any relevant fact, circumstance or matter which has caused, or is reasonably likely to provide grounds to, the relevant insurer to give notice to cancel, rescind, suspend or void any insurance, or any cover or claim under any insurance in whole or in part.

7. Insurance claims

- 7.1 The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Deliverables, or each Contract for which it may be entitled to claim under any of the Insurances. - 7.3 Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.
- 7.4 Where any Insurance is subject to an excess or deductible below which the indemnity from insurers is excluded, the Supplier shall be liable for such excess or deductible. 3.1 any Service Credits that would otherwise have accrued during the relevant Service Period shall not accrue; and

3.2 the Buyer shall (subject to the Service Credit Cap) be entitled to withhold and retain as compensation a sum equal to any Charges which would otherwise have been due to the Supplier in respect of that Service Period ("Compensation for Critical Service Level Failure"),

provided that the operation of this paragraph shall be without prejudice to the right of the Buyer to terminate this Contract and/or to claim damages from the Supplier for material Default.

Part A: Service Levels and Service Credits

1. Service Levels

If the level of performance of the Supplier:

**1.1 is likely to or fails to meet any Service Level Performance Measure;
or**

1.2 is likely to cause or causes a Critical Service Failure to occur,

the Supplier shall immediately notify the Buyer in writing and the Buyer, in its absolute discretion and without limiting any other of its rights, may:

1.2.1 require the Supplier to immediately take all remedial action that is reasonable to mitigate the impact on the Buyer and to rectify or prevent a Service Level Failure or Critical Service Level Failure from taking place or recurring;

1.2.2 instruct the Supplier to comply with the Rectification Plan Process;

1.2.3 if a Service Level Failure has occurred, deduct the applicable Service Level Credits payable by the Supplier to the Buyer; and/or

1.2.4 if a Critical Service Level Failure has occurred, exercise its right to Compensation for Critical Service Level Failure (including the right to terminate for material Default).

2. Service Credits

2.1 The Buyer shall use the Performance Monitoring Reports supplied by the Supplier to verify the calculation and accuracy of the Service Credits, if any, applicable to each Service Period.

2.2 Service Credits are a reduction of the amounts payable in respect of the Deliverables and do not include VAT. The Supplier shall set-off the value of any Service Credits against the appropriate invoice in accordance with calculation formula in the Annex to Part A of this Schedule.

Annex A to Part A: Services Levels and Service Credits Table

Service Levels				Service Credit for each Service Period
Service Level Performance Criterion	Key Indicator	Service Level Performance Measure	Service Level Threshold	
Accurate and timely billing of Buyer	Accuracy /Timelines	at least 98% at all times	90%	0.5% Service Credit gained for each percentage under the specified Service Level Performance Measure
Access to Buyer support	Availability	at least 98% at all times	90%	0.5% Service Credit gained for each percentage under the specified Service Level Performance Measure

The Service Credits shall be calculated on the basis of the following formula:

$$\text{Formula: } x\% (\text{Service Level Performance Measure}) - x\% (\text{actual Service Level performance}) = x\% \text{ of the Charges payable to the Buyer as Service Credits to be deducted from the next Invoice payable by the Buyer}$$

Part B: Performance Monitoring

3. Performance Monitoring and Performance Review

3.1 Within twenty (20) Working Days of the Start Date the Supplier shall provide the Buyer with details of how the process in respect of the monitoring and reporting of Service Levels will operate between the Parties and the Parties will endeavour to agree such process as soon as reasonably possible.

3.2 The Supplier shall provide the Buyer with performance monitoring reports ("Performance Monitoring Reports") in accordance with the process and timescales agreed pursuant to paragraph of Part B of this Schedule which shall contain, as a minimum, the following information in respect of the relevant Service Period just ended:

3.2.1 for each Service Level, the actual performance achieved over the Service Level for the relevant Service Period;

3.2.2 a summary of all failures to achieve Service Levels that occurred during that Service Period;

3.2.3 details of any Critical Service Level Failures;

3.2.4 for any repeat failures, actions taken to resolve the underlying cause and prevent recurrence;

3.2.5 the Service Credits to be applied in respect of the relevant period indicating the failures and Service Levels to which the Service Credits relate; and

3.2.6 such other details as the Buyer may reasonably require from time to time.

3.3 The Parties shall attend meetings to discuss Performance Monitoring Reports ("Performance Review Meetings") on a Monthly basis. The Performance Review Meetings will be the forum for the review by the Supplier and the Buyer of the Performance Monitoring Reports. The Performance Review Meetings shall:

3.3.1 take place within one (1) week of the Performance Monitoring Reports being issued by the Supplier at such location and time (within normal business hours) as the Buyer shall reasonably require;

3.3.2 be attended by the Supplier's Representative and the Buyer's Representative; and

3.3.3 be fully minuted by the Supplier and the minutes will be circulated by the Supplier to all attendees at the relevant meeting and also

to the Buyer's Representative and any other recipients agreed at the relevant meeting.

3.4 The minutes of the preceding Month's Performance Review Meeting will be agreed and signed by both the Supplier's Representative and the Buyer's Representative at each meeting.

3.5 The Supplier shall provide to the Buyer such documentation as the Buyer may reasonably require in order to verify the level of the performance by the Supplier and the calculations of the amount of Service Credits for any specified Service Period.

4. Satisfaction Surveys

4.1 The Buyer may undertake satisfaction surveys in respect of the Supplier's provision of the Deliverables. 2. When you should use this Schedule

- 2.1 The Supplier acknowledges that the Buyer wishes to ensure that the Deliverables, represent value for money to the taxpayer throughout the Contract Period.

Call-Off Schedule 20 (Call-Off Specification)

This Schedule sets out the characteristics of the Deliverables that the Supplier will be required to make to the Buyers under this Call-Off Contract

Review of Electricity Market Arrangements (REMA) Overview

- 1) Getting the GB electricity market arrangements right is critical to helping deliver energy transition and net zero. Markets provide price signals that guide decisions on electricity supply and demand, investment in new capacity for generation, deployment and utilisation of flexibility, and the efficient operation of the system.
- 2) We need to ensure that our electricity markets are fit for purpose over the period to 2035 and beyond, to unlock the full potential of low carbon technologies for the benefit of consumers, reduce our reliance on fossil fuels and enhance security of supply. That is why the British Energy Security Strategy announced the launch of a comprehensive Review of Electricity Market Arrangements in April 2022.
- 3) REMA has identified a number of major reforms to existing Government mechanisms, potentially significant changes to electricity market and the need for new business models to enable power sector decarbonisation.
- 4) The programme will seek to address the challenges of increasing investment in low carbon generation capacity; increasing low-carbon flexibility; location; and operating an efficient and effective electricity market. REMA is considering major changes to the wholesale market e.g. a move to Locational Marginal Pricing (LMP), dispatch or changes to network access thus impacting all parties in the GB electricity sector and subsequently requiring revisions to several Government support schemes and contracts.
- 5) The programme is also implementing a major change to the existing Capacity Market (CM), changing it from a technology neutral market wide scheme into one that procures low carbon flexibility separately. This reform will have a significant impact on existing CM agreements and new regulation will need to be developed that reflect the new design.
- 6) Additionally, the programme is considering further major changes to the Government's Contracts for Difference (CfD) scheme and will require support to work up remaining options in detail, assess and quantify their benefits and

risks to enable a lead option to be identified. Once identified, the reform options will need to be designed and implemented requiring significant changes to auction design and CfD contracts.

- 7) Due to the nature of these proposals and the significant policy development, analysis, modelling and evaluation required, we have assessed that external commercial support would be beneficial to assist with advice on policy development, analysis and implementation options. Suppliers will be required to respond flexibly with additional capacity to meet short term needs as demand arises.

Scope and Deliverables

- 8) The duration of the contract has been set at 24 months, with an option to extend by 12 months, to recognise a) the likely period of policy development and implementation b) potential for complex analysis to test impacts of options c) length and breadth of the REMA programme. The expected contract award date for this work is by the end of March 2024, with work to begin as soon as practicable thereafter.
- 9) We expect the work to consist of a variety complex energy policy workstreams, impact assessments and options analysis. Occasionally requiring support to deliver on emerging priorities to tight deadlines. The supplier will need to work closely with policy colleagues, DESNZ legal colleagues, external consultants and other government departments as required.
- 10) This is a commercially sensitive area with several key contract phases some of which may run concurrently. The programme structure will involve all interested parties including Ofgem, Low Carbon Contracts Company (LCCC), Future System Operator (FSO), generators, suppliers, wholesale electricity exchange operators and brokers, interconnector operators, investors, consumers groups. DESNZ will lead the contract, as well as define and control the sub projects required to deliver REMA's objectives.
- 11) Specialist advice and support may be required in relation to proposed REMA objectives:
 - a) **Security of supply:** Reliable supply and system resilience are maintained throughout the transition to a fully decarbonised power sector by 2035, by ensuring capacity adequacy and operability. The system adapts to evolving physical and digital challenges and effectively manages short-term and seasonal variations. This will ensure a secure and reliable electricity supply for consumers.

- b) **Cost-effectiveness:** The pathway to a fully decarbonised power sector by 2035 must be cost-effective, providing value-for money for consumers and taxpayers by maximising benefits and minimising risks.
- c) **Decarbonisation:** The power sector meets its sector contribution for carbon budgets and net zero targets and facilitates economy-wide decarbonisation. This means full decarbonisation by 2035 with all our electricity coming from low carbon sources (subject to security of supply).

12) As the REMA second consultation will not be completed until early 2024 it is not possible to define in full detail the entire scope of work that will be required. The summaries provided in paragraphs 13-16 are examples of the types of work which may be commissioned, however does not represent an exhaustive list of the work involved. Upon the awarding of contracts, DESNZ policy teams will hold discussions with successful suppliers to provide further detail around prospective work packages and areas in which support will be required.

13) Examples of work required in developing CfDs are set out below:

- a) Providing specialist advice, including but not limited to:
 - i) Detailed technical design choices associated with different CfD reform options e.g. the robustness, feasibility and cost of the different methodologies available to calculate 'deemed generation'; and the implications of establishing a consumer protection 'cap' at different levels.
 - ii) Detailed auction design under different CfD reform options, including consideration of whether/how to reflect locational considerations.

 - iv) The impact of different CfD reform options on WM liquidity and trading strategies.
 - v) Impact of combining different CfD reform options with different WM designs.
 - vi) Opportunities for 'gaming' under different CfD reform options.
- c) Other work may also include:
- i) Development of frameworks to assist in the assessment and comparison of different technical design choices and CfD reform options.

 - iii) Advice on implementation issues and risks using international precedents.
 - iv) Detailed mapping of changes required to wider mechanisms and policies associated with different LMP designs.
- b) Providing assessments and analysis, including but not limited to:
- i) Liquidity impacts and viability of hedging mechanisms under LMP.

- ii) Compatibility of different LMP designs with cross border trading.
 - iii) Impacts on different zonal/nodal models on the business models of different technologies in different locations and likely impacts on investment and operation.
 - iv) Price formation and impacts on trading under different zonal/nodal designs.
 - v) Viability of market monitoring and market power mitigations under LMP.
- c) Other work may also include:
- i) Development of detailed retail models and assessment of possible impacts on suppliers and end users.
 - ii) Development of a framework to determine feasibility and desirability of shielding/providing compensation for existing assets.
 - iii) Development and assessment of options to shield existing CfD assets from volume risk.

15) Examples of work required in developing Wholesale Market Reforms are set out below:

- i) Specialist advice on the detailed design of different non-wholesale options (including transmission access and network charging)
 - ii) Development of options to reform the Balancing Mechanism.
 - iii) Development of different dispatch models under national pricing.
- b) Providing assessments and analysis, including but not limited to:

 - iii) Reviewing the Reliability Standard that underpins the Capacity Market procurement targets.
 - iv) Reviewing the market frameworks for small scale flexible generation, storage and demand side response.
- b) Providing assessments and analysis, including but not limited to:
 - i) The impact of different pricing models, such as LMP, on small scale flexible generation, storage and demand side response.
 - ii) Future electricity security needs and how these can be met through a combination of different generation technologies.

17) We expect that the nature of the input will change as the REMA programme progresses from consultation to implementation. Due to the resource commitments of policy development, our requirement for external commercial support may also increase, particularly as we begin to implement legislative and industry changes.

Key Areas of Expertise

18) The supplier's personnel will be expected to work with DESNZ staff at a range of grades and with a varied range of experience in commercial issues. Therefore, the team of external advisors will need to have the following specialist skills and knowledge:

- a) Expertise in dealing with projects and transactions of complexity and innovation in the electricity sector;

- b) Knowledge and experience of the GB electricity sector and the UK's international obligations and strategy in respect of energy, specifically electricity;
- c) Knowledge and experience of international electricity markets including those transitioning to LMP or with established LMP markets.
- d) Knowledge and experience of the following areas: Capacity Market and Auction Designs, Contracts for Difference, Low Carbon Flexibility and Locational Marginal Pricing.
- e) Knowledge of Government appraisal techniques, electricity system modelling and analysis of market design.
- f) Excellent communication skills, both orally and in writing;
- g) The ability to think laterally and develop innovative and practical solutions to legal problems;
- h) The ability to present often complex information clearly and concisely and in accordance with required timescales;
- i) The ability to work in a fluid environment and adapt to changing circumstances;
- j) The ability to work as part of a multi-disciplinary team; and

Project Structure and Working Arrangements

- 19) DESNZ require a skilled and experienced team of advisors at various levels of seniority. The contract will name the individuals who will be performing the key roles and responsibilities within the team which will deliver the work. Members of the team may need to be made available at short notice and must be able to work to (on occasion) tight timetables.
- 20) The supplier will be expected to identify one named point of contact through whom all enquiries can also be similarly filtered. The supplier will need to make this named contact available for a weekly meeting to discuss deliverables, pipelines of requirements, resource availability and review costs incurred against forecast.
- 21) The supplier will need to be able to provide strategic, situation specific advice and demonstrate committed capacity to respond promptly and robustly to requests for advice and support. Responses should therefore provide details of how tenderers would manage peaks and troughs in workload over the course of a Commercial Services Contract. In particular, tenderers should address their capacity to augment delivery resource at short notice during periods of heightened activity.

Budget

- 22) DESNZ anticipates the contract will be for an initial period of 24 months expiring in April 2026. However, this may be subject to up to one additional extension of one year (ending December 2027), depending on DESNZ requirements.

8.7 All third party warranties and indemnities covering the Deliverables must be assigned for the Buyer's benefit by the Supplier.

- i) obtain for CCS and the Buyer the rights in Clause 9.1 and 9.2 without infringing any third party IPR; or
 - ii) replace or modify the relevant item with substitutes that do not infringe IPR without adversely affecting the functionality or performance of the Deliverables.
- 9.7 In spite of any other provisions of a Contract and for the avoidance of doubt, award of a Contract by the Buyer and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Supplier acknowledges that any authorisation by the Buyer under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific IPR involved.

10.1 Contract Period

- 10.1.1 The Contract takes effect on the Start Date and ends on the End Date or earlier if required by Law.

10.3.3 Where the Rectification Plan or revised Rectification Plan is rejected, the Relevant Authority:

- (a) must give reasonable grounds for its decision; and
- (b) may request that the Supplier provides a revised Rectification Plan within 5 Working Days.

10.3.4 If the Relevant Authority rejects any Rectification Plan, including any revised Rectification Plan, the Relevant Authority does not have to request a revised Rectification Plan before exercising its right to terminate its Contract under Clause 10.4.3(a).

10.4 When CCS or the buyer can end a contract

10.4.2 CCS may terminate the Framework Contract if a Buyer terminates a Call-Off Contract for any of the reasons listed in Clause 10.4.1.

- (a) the Relevant Authority rejects a Rectification Plan;
- (b) there is a Variation which cannot be agreed using Clause 24 (Changing the contract) or resolved using Clause 34 (Resolving disputes);
- (c) if there is a declaration of ineffectiveness in respect of any Variation; or
- (d) any of the events in 73 (1) (a) or (c) of the Regulations happen.

10.5 When the supplier can end the contract

The Supplier can issue a Reminder Notice if the Buyer does not pay an undisputed invoice on time. 10.7.5 The Parties must agree any necessary Variation required by Clause 10.7 using the Variation Procedure, but the Supplier may not either:

- a) reject the Variation; or
- b) increase the Charges, except where the right to partial termination is under

Clause 10.2.

10.7.6 The Buyer can still use other rights available, or subsequently available to it if it acts on its rights under Clause 10.7.

- 11.6 In spite of Clauses 11.1, 11.2 but subject to Clauses 11.3 and 11.4, the Supplier's aggregate liability in each and any Contract Year under each Contract under Clause 14.8 shall in no event exceed the Data Protection Liability Cap.

If any part of a Contract is prohibited by Law or judged by a court to be unlawful, void or unenforceable, it must be read as if it was removed from that Contract as much as required and rendered ineffective as far as possible without affecting the rest of the Contract, whether it is valid or enforceable.

18. No other terms apply

The provisions incorporated into each Contract are the entire agreement between the Parties. The Contract replaces all previous statements, agreements and any course of dealings made between the Parties, whether written or oral, in relation to its subject matter. No other provisions apply.

19. Other people's rights in a contract

No third parties may use the Contracts (Rights of Third Parties) Act 1999 (CRTPA) to enforce any term of the Contract unless stated (referring to CRTPA) in the Contract. This does not affect third party rights and remedies that exist independently from CRTPA.

20. Circumstances beyond your control

- 20.1 Any Party affected by a Force Majeure Event is excused from performing its

obligations under a Contract while the inability to perform continues, if it both:

- (a) provides a Force Majeure Notice to the other Party; and
- (b) uses all reasonable measures practical to reduce the impact of the Force Majeure Event.

20.2 Either Party can partially or fully terminate the affected Contract if the provision of the Deliverables is materially affected by a Force Majeure Event which lasts for 90 days continuously.

21. Relationships created by the contract

No Contract creates a partnership, joint venture or employment relationship. The Supplier must represent themselves accordingly and ensure others do so.

22. Giving up contract rights

A partial or full waiver or relaxation of the terms of a Contract is only valid if it is stated to be a waiver in writing to the other Party.

23. Transferring responsibilities

23.1 The Supplier cannot assign, novate or transfer a Contract or any part of a Contract without the Relevant Authority's written consent.

23.2 The Relevant Authority can assign, novate or transfer its Contract or any part of it to any Central Government Body, public or private sector body which performs the functions of the Relevant Authority.

23.3 When CCS or the Buyer uses its rights under Clause 23.2 the Supplier must enter into a novation agreement in the form that CCS or the Buyer specifies.

23.4 The Supplier can terminate a Contract novated under Clause 23.2 to a private sector body that is experiencing an Insolvency Event.

23.5 The Supplier remains responsible for all acts and omissions of the Supplier Staff as if they were its own.

23.6 If CCS or the Buyer asks the Supplier for details about Subcontractors, the Supplier must provide details of Subcontractors at all levels of the supply chain including:

- (a) their name;
- (b) the scope of their appointment; and
- (c) the duration of their appointment.

24. Changing the contract

24.1 Either Party can request a Variation which is only effective if agreed in writing and signed by both Parties.

24.2 The Supplier must provide an Impact Assessment either:

- g) with the Variation Form, where the Supplier requests the Variation; or
- h) within the time limits included in a Variation Form requested by CCS or the Buyer.

24.3 If the Variation cannot be agreed or resolved by the Parties, CCS or the Buyer can either:

- (a) agree that the Contract continues without the Variation; or
- (b) terminate the affected Contract, unless in the case of a Call-Off Contract, the Supplier has already provided part or all of the provision of the Deliverables, or where the Supplier can show evidence of substantial work being carried out to provide them; or
- (c) refer the Dispute to be resolved using Clause 34 (Resolving Disputes).

24.4 CCS and the Buyer are not required to accept a Variation request made by the Supplier.

24.5 If there is a General Change in Law, the Supplier must bear the risk of the change and is not entitled to ask for an increase to the Framework Prices or the Charges.

24.6 If there is a Specific Change in Law or one is likely to happen during the Contract Period the Supplier must give CCS and the Buyer notice of the likely effects of the changes as soon as reasonably practicable. They must also say if they think any Variation is needed either to the Deliverables, Framework Prices or a Contract and provide evidence:

- i) that the Supplier has kept costs as low as possible, including in Subcontractor costs; and
- ii) of how it has affected the Supplier's costs.

24.7 Any change in the Framework Prices or relief from the Supplier's obligations because of a Specific Change in Law must be implemented using Clauses 24.1 to 24.4.

24.8 For 101(5) of the Regulations, if the Court declares any Variation ineffective, the Parties agree that their mutual rights and obligations will be regulated by the terms of the Contract as they existed immediately prior to that Variation and as if the Parties had never entered into that Variation.

25. How to communicate about the contract

25.1 All notices under the Contract must be in writing and are considered effective on the Working Day of delivery as long as they are delivered before 5:00pm on

a Working Day. Otherwise the notice is effective on the next Working Day. An email is effective at 9:00am on the first Working Day after sending unless an error message is received.

25.2 Notices to CCS must be sent to the CCS Authorised Representative's address or email address in the Framework Award Form.

26.2 At the Indemnifier's cost the Beneficiary must both:

- (a) allow the Indemnifier to conduct all negotiations and proceedings to do with a Claim; and
- (b) give the Indemnifier reasonable assistance with the claim if requested.

26.3 The Beneficiary must not make admissions about the Claim without the prior written consent of the Indemnifier which cannot be unreasonably withheld or delayed.

26.4 The Indemnifier must consider and defend the Claim diligently using competent legal advisors and in a way that does not damage the Beneficiary's reputation.

26.5 The Indemnifier must not settle or compromise any Claim without the Beneficiary's prior written consent which it must not unreasonably withhold or delay.

26.6 Each Beneficiary must take all reasonable steps to minimise and mitigate any losses that it suffers because of the Claim.

26.7 If the Indemnifier pays the Beneficiary money under an indemnity and the Beneficiary later recovers money which is directly related to the Claim, the Beneficiary must immediately repay the Indemnifier the lesser of either:

- the sum recovered minus any legitimate amount spent by the Beneficiary when recovering this money; or
- the amount the Indemnifier paid the Beneficiary for the Claim.

- (b) been debarred, suspended, proposed for suspension or debarment, or is otherwise ineligible to take part in procurement programmes or contracts because of a Prohibited Act by any government department or agency;
- (c) received a request or demand for any undue financial or other advantage of any kind related to a Contract; or
- (d) suspected that any person or Party directly or indirectly related to a Contract has committed or attempted to commit a Prohibited Act.

31.4 If any of the Supplier Staff are Workers who receive payment relating to the Deliverables, then the Supplier must ensure that its contract with the Worker contains the following requirements:

- i) the Buyer may, at any time during the Contract Period, request that the Worker provides information which demonstrates they comply with Clause 31.3, or why those requirements do not apply, the Buyer can specify the information the Worker must provide and the deadline for responding;
