6. Subscription Terms and Conditions

The following terms and conditions apply to Services purchased through this Order Form:

- a. Fees are determined according to pricing tiers outlined on the Order Form. Pricing tiers are determined based on the total number of Certificates issued from Customer's Portal Account. For purposes of calculating usage, the number of Certificates issued from Customer's Portal Account will be converted to Points using the point equivalency table on the Order Form.
- b. DigiCert will invoice Customer for the Minimum Commitment as stated on the Order Form. Invoices will be paid within the time-frame stated on the Order Form.
- c. Upon execution of the Order Form, Customer will issue to DigiCert a purchase order for the entire amount of the Minimum Commitment.
- d. If Customer's usage during the Service Term exceeds the volume associated with the Minimum Commitment, Customer will pay a fee for such excess usage ("**Excess Usage Fee**"). The Excess Usage Fee will be calculated by subtracting the fee for the tier associated with the Minimum Commitment amount from the fee for the tier corresponding to the actual usage by Customer during the Service Term. If an Excess Usage Fee is applicable, upon expiration of the Service Term, DigiCert will invoice Customer for the amount of the Excess Usage Fee and Customer will promptly issue a purchase order for that amount. The invoice for the Excess Usage Fee will be paid within 30 days of the date of the invoice.
- e. The pricing set out in this Order Form applies if Customer purchases directly from DigiCert. If Customer purchases via an authorized DigiCert channel partner, any final pricing or payment terms will be as agreed between Customer and channel partner. Customer will inform DigiCert in advance if Customer elects to purchase via a channel partner or if Customer elects to change such channel partner at any point during the Service Term. Notwithstanding the foregoing, DigiCert reserves the right to invoice Customer directly for its usage under the terms of this Order Form.
- f. Under no circumstances shall Customer be entitled to a credit or refund, including but not limited to, any refund or credit for any Certificates not issued during the Service Term.
- g. Should Customer not renew this Order Form, DigiCert will charge a one-time "**Remaining Certificate Plan Life Fee**" to keep Certificates issued during the Service Term, or their replacements issued under a Multi-Year Plan, active until they expire or are otherwise revoked in accordance with the Master Agreement. This fee will be calculated using the following formula: $[(\text{number of points on last day of the Service Term}) \times (\text{the per point price}/12) \times (\text{the estimated remaining Certificate life})]$. Alternatively, Customer may elect to revoke all Certificates under this Order Form within 24 hours of this Order Form expiring, in which case DigiCert will not charge the Remaining Certificate Plan Life Fee. If Customer elects to pay the Remaining Certificate Plan Life Fee, Customer may continue to access and use the Portal Account after the end of the Service Term, solely to manage existing Certificates until they expire or are revoked.
