Dear Sirs,

Re: - Supplies Yard Security

Further to your recent request regarding the above we have pleasure in detailing our quotation for works as requested.

Scope of Works:

Main Entrance

Supply, install and commission a vandal resistant, video door entry system with a monitor within the office. This door will also have Kantech access control connected onto the site wide network. The door will have a reader on the outside and request to exit and green break glass on the inside. The door will be linked to the fire alarm. We have assumed that the existing sliding door is capable of having this adaption.

Secondary entrance

Supply, install and commission a Kantech access control system linked to the controller on the main entrance. The door is a new door and will have a mag lock fitted with the associated bracket. On the outside will be a swipe reader only, on the inside will be a request to exit and a green break glass. The door will be linked to the fire alarm.
