

**SPLUNK ANNUAL SUPPORT RENEWAL
FOR ENTERPRISE AND ENTERPRISE SECURITY**

CLOSING DATE FOR RESPONSES – 12 NOON, WEDNESDAY 25TH OCTOBER 2017

NOTICE OF AMENDMENT, 17 OCTOBER 2017

A typographical error has been noted in the Invitation to Tender document published on 16 October 2017.

The error is in Section 3.2, which currently reads:

3.2 The Splunk products which require support are:

- Splunk Enterprise – Enterprise Support Renewal – 25GB (product code SE-P-ESUP-R)
- Splunk App for Enterprise – Enterprise Support Renewal – 15GB (product code ES-P-ESUP-R)

This should be amended so that the second product is:

- Splunk App for Enterprise – Enterprise Support Renewal – 25GB (product code ES-P-ESUP-R)

NOTE: the change is from 15GB to 25GB.

An Amended Invitation to Tender, which includes the correction, has been uploaded to Contracts Finder.
