- (b) if the Contractor is or has reason to believe that it will be unable to ensure that cover is reinstated to maintain at all times the minimum limit of indemnity specified it shall submit to the Authority immediately full details of the policy concerned and shall submit immediately its proposed solution for maintaining the minimum limit of indemnity specified.

- (c) If any Contractor IPR Claim is made, or in the Authority's reasonable opinion is likely to be made, against any Authority Related Party, the Contractor shall promptly and at its cost and expense either:
 - (i) obtain for that Authority Related Party the right to continue using the Services in the manner permitted under this Agreement; or

- (ii) modify or replace the infringing part of the Services so as to avoid the infringement or alleged infringement but in such a way that it complies with its obligations under this Agreement in relation to all and every part of the Services.
- (d) The indemnity in Clause 38.10(a) shall not apply to any Contractor IPR Claim which arises directly and solely from:
 - (i) any changes to the Contractor System made by the Authority without the written consent of the Contractor, which consent shall not be unreasonably withheld or delayed; or
 - (ii) the use of the Contractor System in combination with any other materials, software, equipment or systems not supplied or approved by the Contractor, which approval shall not be unreasonably withheld or delayed.
- (e) Subject to the provisions of this Clause 38.10, the Authority shall indemnify the Contractor on written demand in respect of all Losses incurred by or awarded against the Contractor in connection with any claim or action against the Contractor by any Third Party that the use or possession by the Contractor of materials made available to the Contractor by the Authority (the **Authority Supplied Materials**) (or any part of them) infringes the Intellectual Property Rights of that Third Party (**Authority IPR Claim**) within the time specified in that written demand and shall take all steps necessary to defend the Authority IPR Claim.
- (f) The Contractor agrees that:
 - (i) it shall notify the Authority in writing as soon as reasonably practicable of any the Authority IPR Claim of which the Contractor has notice;
 - (ii) the Authority shall, subject to Clause 38.10(g) upon notification in accordance with Clause 38.10(f)(i) assume exclusive conduct of the Authority IPR Claim (which shall include the exclusive right to conduct any proceedings or action, negotiate the settlement of the Authority IPR Claim and conduct all discussions and dispute resolution efforts in connection with the Authority IPR Claim);
 - (iii) the Contractor shall not admit any liability or agree to any settlement or compromise of an Authority IPR Claim without the prior written consent of the Authority, which shall not be unreasonably withheld or delayed;

 - (v) until the Authority assumes exclusive conduct of the Authority IPR Claim in accordance with Clause 38.10(f)(ii), the Contractor shall take all proper action to deal with the Authority IPR Claim so as to minimise the extent of the amount payable under that claim.
- (g) The indemnity in Clause 38.10(e) shall not apply to any Authority IPR Claim to the extent it arises directly from:

- (i) any changes to the Authority Supplied Materials made by the Contractor without the written consent of the Authority, which consent shall not be unreasonably withheld or delayed; or
 - (ii) the use of those Authority Supplied Materials in combination with any other materials, software, equipment or systems not supplied or approved by the Authority, which approval shall not be unreasonably withheld or delayed.
- (h) This Clause 38.10 shall remain in full force and effect notwithstanding any expiry or termination of this Agreement.

39. PROJECT DATA

39.1 Project Data

- (a) As between the Contractor and the Authority, the Authority is to be treated as the owner of Project Data and the Contractor agrees that the Project Data is the property of the Authority. All Intellectual Property Rights in or to the Project Data shall vest in the Authority unconditionally and immediately on their creation. The Contractor assigns to the Authority absolutely with full title guarantee (or the title as it holds with limited title guarantee) all right, title and interest (present and future) in any Intellectual Property Rights in the Project Data which may vest in it.
- (b) The Authority grants to each Contractor Related Party a royalty-free and non-exclusive licence (with the right to sublicense to Subcontractors solely to the extent necessary to provide the Services to the Authority) for the Contract Period to use the Project Data on the terms of this Agreement for the purpose of providing the Services to the Authority in accordance with this Agreement.
- (c) The Contractor shall:
 - (i) store, copy or use Project Data only to the extent necessary to perform its obligations under this Agreement;
 - (ii) keep the Project Data logically segregated from all other data (including the Contractor's own data and the data of any other customer of the Contractor);

 - (iv) to the extent the Project Data is held or processed or both by the Contractor, supply the Project Data to the Authority in the format specified by the Authority from time to time.
- (d) The Contractor shall create an accurate and up to date record relating to each Applicable Person (as applicable) on nDelius (or any other application as required by the Authority from time to time) in accordance with each Technical Note including as required in Schedule 7 (Services Output Specification), Schedule 9 (Performance Measures and Service Credits), Schedule 10 (Interfaces) and Schedule 20 (Management Information) or as otherwise set out in this Agreement and which includes:

For all other Project Data relating to Applicable Persons that is not recorded as nDelius, the Contractor shall use the Authority's reporting templates as requested from time to time.

- (e) The Contractor shall not:
 - (i) delete or remove any proprietary notices contained within or relating to the Project Data;
 - (ii) disclose Project Data to any Third Party (other than permitted Subcontractors) or any of the Contractor's customers without the prior written approval of the Authority except if required to do so by a Relevant Authority or by any Applicable Law provided it notifies the Authority in writing that it is required to do so before the disclosure (if permitted to do so by the relevant Applicable Law) or after it has made the disclosure if prior notification is prohibited by the relevant Applicable Law; and
 - (iii) use the Project Data to solicit any business for any of the Contractor's products or services,

save as expressly permitted under Clauses 39.1(b) or Clause 29.

- (f) If any part of the Project Data ceases to be required by the Contractor for the performance of its obligations under this Agreement and, in any event, on or before the Termination Date if earlier, the Contractor shall promptly return that Project Data to the Authority.
- (g) If any Project Data is corrupted, lost or degraded as a result of the Contractor's failure to comply with the Authority ICT Policies or any other breach by the Contractor of this Agreement, the Contractor shall, without limiting the Authority's other rights or

remedies, at its own cost and expense carry out any remedial action necessary to restore or replace the corrupted, lost or degraded Project Data.

- (h) In all other circumstances not covered by Clause 39.1(g), if the Project Data is corrupted, lost or degraded, the Contractor shall carry out, so far as it is reasonably capable, those remedial actions which are reasonably necessary to restore Project Data as the Authority reasonably requires and at the Authority's cost and expense.
- (i) If and to the extent the Project Data comprises personal data, this shall be processed always in accordance with Clause 36.2.
- (j) The Authority does not give any warranty or undertaking as to the relevance, completeness, accuracy or fitness for any purpose of any of the Project Data and neither the Authority nor an Authority Related Party shall be liable to the Contractor in contract, tort (including negligence or breach of statutory duty), statute or otherwise as a result of any inaccuracy, omission, unfitness for any purpose or inadequacy of any kind whatsoever in the Project Data.

39.2 Back-up and safe storage of data

The Contractor shall ensure the back up and storage in safe custody of the Project Data in the possession or control of the Contractor at all times during the Contract Period in accordance with Good Industry Practice. Without prejudice to this obligation, the Contractor shall submit to the Authority for written approval its proposals for the back up and storage in safe custody of all Project Data and the Authority shall be entitled to object if the proposals are not in accordance with Good Industry Practice. The Contractor shall comply, and shall procure that each Contractor Related Party complies, with all procedures which the Authority reasonably requires the Contractor to follow having reviewed the Contractor's proposals for the back up and storage of Project Data. The Contractor may vary its procedures for back-up and storage of Project Data subject to submitting its proposals for change to the Authority for its prior written approval, to which it shall be entitled to object on the basis set out in this Clause 39.2.

39.3 Mistakes in Information

- (a) The Contractor shall be responsible for the accuracy of all data, drawings, reports, documents, plans, software, formulae, calculations and other data and information supplied to the Authority in connection with the Services and shall pay to the Authority any extra costs occasioned by any discrepancies, errors or omissions in any of them.
- (b) The Contractor acknowledges that it has:
 - (i) made and shall make its own enquiries to satisfy itself as to the accuracy and adequacy of any information supplied to it by or on behalf of the Authority;
 - (ii) raised all relevant due diligence questions with the Authority before the Amendment Date;
 - (iii) satisfied itself that it has sufficient information to ensure that it can provide the Services; and
 - (iv) entered into this Agreement in reliance on its own due diligence alone.
- (c) Without prejudice to Clause 39.3(b), the Contractor shall:

- (i) use its reasonable endeavours to check and verify that the data, information, plans, drawings, documents, handbooks and codes of practice supplied by the Authority are accurate; and
- (ii) promptly notify the Authority in writing if it discovers errors or discrepancies in the data, information, plans, drawings, documents, handbooks and codes of practice supplied by the Authority.

39.4 Data Exchange Requirements

Each party shall comply with the terms of and provide the data as set out in the Data Exchange Requirements.

40. CONFLICTS OF INTEREST

40.1 Conflicts of Interest

- (a) The Contractor shall take appropriate steps to ensure that neither the Contractor nor any Contractor Personnel is placed in a position where, in the reasonable opinion of the Authority:
 - (i) there is or may be an actual conflict, between the financial or personal interests of the Contractor and the duties owed to the Authority under the provisions of this Agreement; or
 - (ii) the behaviour of the Contractor or any of the Contractor Personnel is not in the Authority's best interests or might adversely affect the Authority's reputation,

provided that nothing in this Clause 40.1 shall prohibit the Contractor from enforcing any rights which it may have under or in connection with this Agreement against the Authority.

- (b) The Contractor shall, as soon as reasonably practicable, disclose to the Authority full particulars of any behaviour which might give rise to the matters referred to in Clauses 40.1(a)(i) or (ii).

40.2 Right to terminate

- (a) The Authority shall be entitled to terminate this Agreement by giving the Contractor an Authority Termination Notice and/or to take any other steps it deems necessary where, in the reasonable opinion of the Authority, there is or may be an actual conflict, between the financial or personal interests of the Contractor or the Contractor Personnel and the duties owed to the Authority under the provisions of this Agreement. The actions of the Authority pursuant to this Clause 40.2 shall not prejudice or affect any right of action or remedy which has accrued or will accrue to the Authority.
- (b) If the Authority gives an Authority Termination Notice pursuant to Clause 40.2(a), the Exit Period will commence on the day falling 20 Business Days after the date of the Authority Termination Notice and this Agreement shall effectively terminate on the Termination Date unless the Authority in its absolute discretion allows the Contractor the opportunity to rectify the conflict within that period of 20 Business Days. If the Contractor rectifies the conflict within that period, the Authority Termination Notice will be deemed to be revoked and this Agreement will continue in force. If the Contractor fails to rectify the conflict within that period, the Exit Period will commence

on the day falling five Business Days after the expiry of that period and this Agreement shall effectively terminate on the Termination Date.

41. DISPUTE RESOLUTION

41.1 Resolution of Disputes

- (a) The parties agree that each dispute arising under or in relation to any aspect of this Agreement or any non-contractual obligations arising under or in connection with it (**Dispute**) shall be resolved in accordance with this Clause 41.
- (b) If a Dispute arises, the Contractor and the Authority shall consult in good faith in an attempt to come to an agreement in relation to the Dispute.
- (c) Each Dispute shall be referred for resolution by either party first to:
 - (i) in the case of the Authority, the Relationship Manager appointed by the Authority under Clause 23.1; and
 - (ii) in the case of the Contractor, the Relationship Manager appointed by the Contractor under Clause 23.1.
- (d) If the Dispute cannot be resolved by the Relationship Managers in accordance with Clause 41.1(c) within 10 Business Days after the Dispute has first been referred pursuant to Clause 41.1(c), either party may give written notice to the other party that the Dispute has not been resolved by the Relationship Managers (**Dispute Notice**). Within five Business Days after the date of the Dispute Notice, the Dispute shall be referred to the Chief Executive Officer of the Contractor and to the designated Senior Responsible Officer for account management of the Authority for resolution. If the Dispute is not resolved by agreement in writing between the parties within 10 Business Days after the date of the Dispute Notice, the Dispute shall be resolved in accordance with the remaining provisions of this Clause 41 or Clause 42.12, as the case may be.

41.2 Adjudication

- (a) Without prejudice to Clause 41.1, if the parties agree in writing, the Dispute may be referred to adjudication and an adjudicator (**Adjudicator**) shall be selected in accordance with Clause 41.2(b).
- (b) The Adjudicator nominated to consider a dispute referred to him shall be selected on a rotational basis from the panel of experts appointed in accordance with the following:
 - (i) the experts shall be wholly independent of the Contractor, a Contractor Related Party, the Authority, an Authority Related Party and any of the major competitors of the Contractor;
 - (ii) the panel shall be comprised of three experts who shall be appointed jointly by the Contractor and the Authority;
 - (iii) the appointments shall take place on or before the date 40 Business Days after the Amendment Date;

- (iv) if any member of a panel resigns during the Contract Period, a replacement expert shall be appointed by the Contractor and the Authority as soon as practicable after the date of the resignation; and
- (v) if the Authority and the Contractor are unable to agree on the identity of the experts to be appointed to the panel, the President for the time being of the Chartered Institute of Arbitrators shall appoint the experts within 20 Business Days after any application for that appointment by either party.
- (c) Within five Business Days after appointment in relation to a particular Dispute, the Adjudicator shall require the parties to submit in writing their respective arguments. The Adjudicator shall, in his absolute discretion, consider whether a hearing is necessary to resolve the Dispute.
- (d) The Adjudicator shall provide to both parties his written decision on the Dispute within 20 Business Days after his appointment (or any other period as the parties may agree in writing after the reference). Unless the parties otherwise agree in writing, the Adjudicator shall give reasons for his decision. The Adjudicator's decision (in the absence of manifest error) shall be binding on both parties who shall immediately give effect to the decision.
- (e) The Adjudicator's costs of any reference shall be borne as the Adjudicator shall specify or, in default, equally by the parties. Each party shall bear its own costs arising out of the reference, including legal costs and the costs and expenses of any witnesses.
- (f) The Adjudicator shall be deemed not to be an arbitrator but shall render his decision as an expert and the provisions of the Arbitration Act 1996 and the law relating to arbitration shall not apply to the Adjudicator, his determination or the procedure by which he reached his determination.
- (g) The Adjudicator shall act impartially and may take the initiative in ascertaining the facts and the law. The Adjudicator shall have the power to open up, review and revise any opinion, certificate, instruction, determination or decision of whatever nature given or made under this Agreement.
- (h) All information, data or documentation disclosed or delivered by a party to the Adjudicator in consequence of or in connection with his appointment as Adjudicator shall be treated as confidential. The Adjudicator shall not, save as permitted by Clause 36.4, disclose to any person or company any information, data or documentation and all information, data or documentation shall remain the property of the party disclosing or delivering it and all copies shall be returned to that party on completion of the Adjudicator's work.
- (i) The Adjudicator is not liable for anything done or omitted in the discharge or purported discharge of his functions as Adjudicator unless the act or omission is in bad faith. Any employee or agent of the Adjudicator is similarly protected from liability.

41.3 Arbitration

- (a) Without prejudice to Clause 41.1, if the parties agree in writing, the Dispute may be referred to arbitration. The parties shall agree on the appointment of a sole arbitrator who shall be a solicitor, barrister or arbitrator recognised by the Chartered Institute of Arbitrators of not less than 10 years' standing (**Arbitrator**). If the parties are unable

within 10 Business Days after agreeing that the Dispute should be referred to arbitration to agree the identity of the Arbitrator, either party may request the President of the Law Society to make the appointment.

- (b) The Arbitrator shall have the power to open up, review and revise any opinion, certificate, instruction, determination or decision of whatever nature given or made under this Agreement and, where appropriate, to order financial compensation to be paid by one party to the other Party. The arbitration shall take place in London.
- (c) The Arbitrator shall, in his absolute discretion, make any procedural directions as he considers necessary such as ordering the parties to provide written submissions within the time period as he considers appropriate and/or to attend any hearings as he deems necessary.
- (d) The Arbitrator shall deliver his decision on any matter referred to him within 20 Business Days after concluding any hearings which may have been held in connection with the matter and, in any event, within 60 Business Days (or any other period as the parties may agree in writing) after his appointment. The Arbitrator's decision shall be in writing and shall state his reasons for his decision. The decision of the Arbitrator shall be final and binding on both parties. The costs of the arbitration will be in the discretion of the Arbitrator.

41.4 Other Relief

This Clause 41 and Clause 42.12 do not limit either party's right to seek interim relief (such as an injunction) against the other party through the English courts to protect its rights and interests, or to enforce the obligations of the other party.

41.5 Continuing obligations

The parties shall continue to comply with, observe and perform all their obligations under this Agreement regardless of the nature of the Dispute and notwithstanding the referral of the Dispute for resolution under this Clause 41 and shall give effect immediately to every decision of the Adjudicator and the Arbitrator delivered under this Clause 41.

42. MISCELLANEOUS

42.1 Announcements

The Contractor shall not:

- (a) subject to Clause 36.3, make or authorise any public or private announcement or communication concerning this Agreement; or
- (b) notwithstanding Clause 38.3, refer to, or use any business name or trade mark of, the Authority in any promotional communications,

without the prior written consent of the Authority (which, in the case of Clause 42.1(a), shall not be unreasonably withheld or delayed), except where required by Applicable Law provided it notifies the Authority in writing that it is required to do so before the communication (if permitted to do so by the relevant Applicable Law) or after it has made the communication if prior notification is prohibited by the relevant Applicable Law.

42.2 Notices

- (a) Any notice or other communication to be given under this Agreement to a party must be in writing (which does not include any form of electronic communication (as defined in the Electronic Communications Act 2000)) and must be delivered or sent by post to the party to whom it is to be given at its address set out below:

- (i) to the Authority at:

or at any other address as it shall have notified to the other party in accordance with this Clause 42.2. Any notice or other communication sent by post shall be sent by prepaid first class recorded delivery post (if within the United Kingdom) or by prepaid airmail (if elsewhere). The parties shall agree in writing within 20 Business Days after the Amendment Date a written protocol for the delivery of notices for the operational management of this Agreement (including by way of email) and the Contractor shall comply at all times with that written protocol as updated in writing from time to time.

- (b) Any notice or other communication shall be deemed to have been given:
- (i) if delivered, on the date of delivery; or
- (ii) if sent by post, on the second Business Day after it was put into the post.
- (c) In proving the giving of a notice or other communication, it shall be sufficient to prove that delivery was made or that the envelope containing the communication was properly addressed and posted by prepaid first class recorded delivery post or by prepaid airmail as the case may be.
- (d) This Clause 42.2 shall not apply in relation to the service of any claim form, notice, order, judgement or other document relating to or in connection with any proceedings, suit or action arising out of or in connection with this Agreement.

42.3 Entire Agreement

- (a) This Agreement (and the documents referred to in it) and, subject to Clause 18.7, including the Services Agreement as it existed prior to the Amendment Date contain the whole agreement between the parties relating to the transactions contemplated by this

Agreement and supersede all previous agreements between the parties relating to these transactions.

- (b) Nothing in Clause 42.3(a) limits or excludes any liability for fraud.

42.4 Third Party Rights

- (a) Subject to Clauses 42.4(b) and 42.4(c), no term of this Agreement is enforceable under the Contracts (Rights of Third Parties) Act 1999 by a person who is not a party to this Agreement. This Clause 42.4 does not apply to the Crown and does not affect any right or remedy of any person that exists or is available otherwise than pursuant to that Act.
- (b) The Contractor acknowledges and agrees that the Authority has entered into this Agreement for its own benefit and for the benefit of each Authority Related Party. The Authority shall enforce any provision of this Agreement on behalf of each Authority Related Party except to the extent that it is not able to so do as a result of Applicable Law. The Contractor agrees that a Default by the Contractor may result in Losses being suffered by an Authority Related Party and agrees that the Authority shall not be precluded from recovering those Losses from the Contractor under this Agreement solely by reason of the fact that they were incurred by an Authority Related Party and not by the Authority itself.
- (c) If and to the extent that the Authority is not able to recover a Loss incurred by a Commissioning Body under the provisions of this Clause 42.4 in any instance where a claim to recover Loss is not, by operation of law or decision of a court, deemed to be enforceable by the Authority itself (including, for example, where it is deemed that the Authority has no standing to enforce the claim for recover of Loss for whatever reason), that Commissioning Body shall be entitled to enforce this Agreement against the Contractor in its own right in accordance with the provisions of the Contracts (Rights of Third Parties) Act 1999 but only to the extent those rights relate to a Service commissioned by that Commissioning Body, subject always to the liability provisions in this Agreement, which shall apply mutatis mutandis to claims made by the Commissioning Body and even though the relevant Clause may be silent as to which person is intended to have the benefit of the relevant obligation, refer only to the Authority or not specifically identify a Commissioning Body.
- (d) Clause 42.4(c) shall not apply to any Clause in this Agreement which requires:
 - (i) the consent or agreement of the Authority; or
 - (ii) the Contractor to notify or advise the Authority of any matter,and it shall be sufficient in each case for the Contractor to obtain only the consent or agreement or to notify or advise the Authority only.
- (e) The consent of each Commissioning Body is not necessary for any variation (including any release or compromise in whole or in part of any liability) or termination of this Agreement.

42.5 Waiver

The rights of each party under this Agreement:

- (a) may be exercised as often as necessary;
- (b) except as otherwise provided by this Agreement, are cumulative and not exclusive of rights or remedies provided by law; and
- (c) may be waived only in writing and specifically.

Delay in the exercise or non-exercise of any right is not a waiver of that right. A waiver of any right or remedy arising from a breach of this Agreement shall not constitute a waiver of any right or remedy arising from any other or subsequent breach of this Agreement.

42.6 No partnership or agency

At all times during the Contract Period, the Contractor shall be an independent contractor and nothing in this Agreement shall be construed as creating a partnership, a contract of employment or a relationship of principal and agent between the Authority and the Contractor and, accordingly, neither party shall be authorised to act in the name of, or on behalf of, or otherwise bind the other party save as expressly permitted by the terms of this Agreement.

42.7 Severability

The provisions contained in each Clause and paragraph of this Agreement shall be enforceable independently of each of the others and their validity shall not be affected if any of the others is invalid. If any provision is void but would be valid if some part of the provision were deleted, the provision in question shall apply with such modification as may be necessary to make it valid.

42.8 Amendments

No amendment of this Agreement shall be binding on the parties unless set out in writing, expressed to amend this Agreement and signed by an authorised representative of each of the parties. This Clause 42.8 shall not apply to a Change which is required to be made through the Change Protocol.

42.9 Further assurance

Each party undertakes, at the request and cost and expense of the other party, to sign all documents and to do all other acts which may be necessary to give full effect to this Agreement.

42.10 Costs

- (a) Each party shall pay the costs and expenses incurred by it in connection with the entering into, expiry and termination of this Agreement.
- (b) Where this Agreement provides for the Authority to pay costs to the Contractor, the Contractor shall be entitled to recover those costs from the Authority provided that it demonstrates, to the reasonable satisfaction of the Authority, that the costs have been reasonably incurred and could not reasonably have been mitigated or recovered by the Contractor acting in accordance with Good Industry Practice.

42.11 Counterparts

This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one and the same agreement, and any party (including any duly authorised representative of a party) may enter into this Agreement by executing a counterpart.

42.12 Governing Law and Jurisdiction

- (a) This Agreement and any non-contractual obligations arising out of or in connection with it shall be governed by the law of England and Wales.
- (b) Subject to the Dispute Resolution Procedure, the courts of England and Wales shall have exclusive jurisdiction to settle any dispute, claim or controversy arising out of or in connection with this Agreement (including a dispute, claim or controversy relating to any non-contractual obligations arising out of or in connection with this Agreement) and the parties accordingly submit to the exclusive jurisdiction of the English courts.

THIS AGREEMENT has been signed on behalf of the parties by their duly authorised representatives on the date which appears on page 1.
