

This notice is not a call for competition - The Coal Authority intends to issue the call for competition on or after 1st March 2021.

Deliverables from this contract are to provide a service that can carry out inspections of mine entry locations across all UK coalfield regions.

Package

This will be for the inspection of a minimum of 10,000 mine entry locations per annum across the UK coalfields.

Through this contract the Coal Authority is seeking to procure resources to undertake those inspections and report on findings

Suppliers are welcome to bid on individual or all regions

We would like to invite enquiries from interested parties so as to enable them to better understand our requirements.
