Details:

Title of project:	Early years training programme for Foundation Dentists in Special Care Dentistry and placements for Paeds and SCD specialty trainees
Date:	1 st September 2022
Location:	The Service is situated in an area of high need providing dental care for Vulnerable adults and children
Duration:	Evaluation to be undertaken 2023 to measure outcomes enabling future planning.
Overview, Brief descriptor:	<p>In line with the Dental Education Reform Programme. The development of new rotational experience for early years FDs and clinical training to be introduced to encourage cross system working to development knowledge and clinical skills in geographical areas of high need. The Service is a referral service for Paeds and Special Care Dentistry which deals with patients with complex needs.</p> <p>The opportunity to provide rotational placements for Specialty trainees will enable cross system working and encourage the pipeline for future specialist in the area.</p>

Project outcome:	Develop capacity to provide clinical training and workforce development for Early years FDs, and speciality trainees a pilot scheme across the organisation. All trainees will gain experience in managing and treating patients with complex needs within Special Care Dentistry. It will provide FD experience at DCT1 level and allow progression to DCT 2. Developing a future pipeline of specialists in this field of dentistry identified as a priority for the region, through National and local workforce plans, Managed Clinical Network and Local Commissioners of Service.
