Section 1 – About UK Shared Business Services

Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for the Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows Contracting Authorities the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities. Our Contracting Authorities who have access to our services and Contracts are detailed [here](#).

Section 2 – About the Contracting Authority

Department for Business, Energy & Industrial Strategy (BEIS)

The Department for Business, Energy and Industrial Strategy (BEIS) was created as a result of a merger between the Department of Energy and Climate Change (DECC) and the Department for Business, Innovation and Skills (BIS), as part of the Machinery of Government (MoG) changes in July 2016.

The Department is responsible for:

- developing and delivering a comprehensive industrial strategy and leading the government's relationship with business;
- ensuring that the country has secure energy supplies that are reliable, affordable and clean;
- ensuring the UK remains at the leading edge of science, research and innovation; and
- tackling climate change.

BEIS is a ministerial department, supported by 46 agencies and public bodies.

We have around 2,500 staff working for BEIS. Our partner organisations include 9 executive agencies employing around 14,500 staff.

Section 4 – Specification

Introduction

In the March 2020 Budget announcement, the Chancellor announced the partial removal of the entitlement to use red diesel and rebated biofuels from April 2022, to encourage the red diesel sector to decarbonise. The Red Diesel Replacement (RDR) programme responds to this announcement with the aim to develop low-carbon fuels and systems at a price competitive with fossil fuels for the mining and quarrying, and construction sectors.

BEIS is seeking to procure a Stakeholder and Events Management Contractor to support delivering three stakeholder and market engagement events ahead of the competition launch in September 2021.

Aims

The aim of the Stakeholder and Events Management Contractor is to support the BEIS Red Diesel Replacement programme team in engaging with key stakeholders from the red diesel and non-road mobile machinery using sectors, specifically within mining and quarrying, and construction.

Working alongside the RDR team at BEIS, the Stakeholder and Events Management Contractor will:

- Support the design and delivery of virtual stakeholder engagement events prior to competition launch. Further detail of these events is provided below:
 - Two competition scoping events delivered at the beginning of September to present the current RDR programme design and seek feedback from industry representatives.
 - A competition launch event delivered in late September to present the proposed RDR programme and allow for Q&A from audience.
- Deliver a stakeholder mapping workshop and propose recommendations for a stakeholder engagement plan for the duration of the programme, and;
- Generate awareness through promotion and marketing for the events and competition.

Objectives

The Stakeholder and Events Management Contractor will support the BEIS Red Diesel Replacement programme by providing the following:

Stakeholder mapping

- Review the existing stakeholder matrix and update to include any additional information by organising and facilitating a stakeholder mapping workshop;
- Review the existing stakeholder engagement plan and propose recommendations to achieving programme objectives for the duration of the programme.

Event Setup & Registration

- Identify audiences and networks to target, based on the findings from the stakeholder mapping workshop and other research, in order to generate awareness of the stakeholder engagement events;
- Develop marketing content (e.g. flyers) which contain relevant information about the events;

- Send invitations to stakeholders, directing them to the gov.uk Expression Of Interest form for the RDR competition to register for the events or their interest in the competition, and promote the competition to stakeholders.

Event Organisation & Facilitation

- Work with SICE representatives to organise two competition scoping events and one competition launch event, including:
 - Develop agenda and share with invitation to registrants;
 - Create presentation material to inform delegates of relevant information;
 - A communication medium facilitating Q&A sessions;
 - Break-out rooms to allow for smaller groups to interact;
- Manage the event logistics, including utilising an appropriate platform, chairing the event and Q&A, and facilitating discussions in breakout rooms and networking;
- Conduct event recording and publication of the event;
- Generate a participants list with GDPR approval.

Post-Event Activity

- Collate high-level participant feedback and perform a post-event evaluation;
- Distribute slides and/or other information to delegates and attendees where relevant;
- Develop a report for BEIS which captures feedback from industry stakeholders and provide recommendations to the programme design;
- Transcribe Q&A in a format to be published.

Background to the requirement

In February 2021, BEIS conducted workshops with industry to understand the needs and requirements of key stakeholders ahead of designing an innovation programme for red diesel replacement.

BEIS has designed an innovation programme and is looking to engage with stakeholders to provide an opportunity for potential applicants to understand more about the competition, to gather feedback on the proposed design, and to promote the launch of the competition.

Scope

This agreement will be in place from August 2021 up to but not after October 2021.

The contractor will be expected to use a dedicated MS Teams channel to share documents and files. Access will be restricted to only identified team members and be managed by the BEIS Red Diesel Replacement team. Weekly progress update meetings will be conducted via MS Teams.

Requirement

The specific outputs and deliverables for the stakeholder and market engagement support are:

Due date	Description	Evidence used to assess whether this was done
16 Aug 2021	Stakeholder mapping workshop	Stakeholder mapping workshop will be attended by BEIS RDR team.

19 Aug 2021	Marketing content	Marketing content and their targeted audience/platform will be reviewed and approved by the BEIS RDR team.
27 Aug 2021	Stakeholder engagement plan recommendations report	Recommendations on the stakeholder engagement plan and updated stakeholder matrix will be reviewed and approved by the BEIS RDR team. This will include a list of stakeholders to send targeted invitations to for the stakeholder engagement events.
1 & 2 Sept 2021	Competition scoping events	Presentation slides from two separate competition scoping events will be reviewed and approved by the BEIS RDR team. Attendee list will be shared with the BEIS RDR team. Events held and attended by 30 industry representatives.
10 Sept 2021	Industry feedback report and recommendations	Feedback report and recommendations from competition scoping events will be reviewed and approved by the BEIS RDR team.
22 Sept 2021	Competition launch event	Presentation slides from the competition launch event will be reviewed and approved by the BEIS RDR team. Attendee list will be shared with the BEIS RDR team. Events held and attended by 30 industry representatives.
30 Sept 2021	Publishable Q&A transcript	Publishable text on Q&A from the competition launch event will be reviewed and approved by the BEIS RDR team.

Expertise

People allocated are required to have relevant skills and expertise to deliver the outputs specified above, their grades need to be necessary and proportionate to the work required to carry out above to the time and quality criteria specified above.

We are looking for the following skills and experiences:

- Technical knowledge of fuel technologies, fuel distribution, storage and vehicle re-supply and Non-Road Mobile Machinery (NRMM) vehicles/sub-systems within the construction and mining & quarrying sectors
- Programme Management skills e.g. Risk Management understanding and Planning
- Experience promoting & facilitating events with industry
- Other technical and commercial skills relevant to the work commissioned

BEIS would like you to demonstrate that you have the expertise and capabilities outlined above to undertake the project. Your tender response should include a summary of each proposed team member's expertise and capabilities. Contractors should provide a Curriculum Vitae for each of the key members of the project team as a pdf document. This should be clearly linked to the work programme, indicating their grade/seniority of staff and number of days allocated to specific tasks. Contractors should identify the individual(s) who will be responsible for managing the project.

Quality Assurance

Bidders must set out their approach to quality assurance in their proposal. To demonstrate relevant experience in producing high quality reporting, the contractor/s must:

- Ensure that quality assurance is done by individuals who were not directly involved in the research, analysis or model development
- Specify who will be responsible for quality assurance before it comes to BEIS

Sign-off for the quality assurance must be done by someone of sufficient seniority within the contractor organisation to be able take responsibility for the work done. BEIS reserves the right to refuse to sign off outputs which do not meet the required standard specified in this Invitation to Tender. The Contractor must state how all work on the project will be quality assured within the proposal.

The Contractor will be expected to produce high quality reports that meet the following criteria:

- Use of good quality English, free from grammatical and spelling errors
- No jargon is used, and all terms are defined and referenced clearly
- All acronyms are written out in full the first time that they are mentioned in each section of each report
- Clearly structured so that information presented in each section of each report is clear
- Executive summaries of no more than two sides that set out the findings clearly and their relevance to BEIS policies
- All sections have clear introductions and conclusions (including findings being written concisely upfront)
- Concise reports that are not too long and do not have vast annexes

Working Arrangements

The successful contractor will be expected to identify one named point of contact through whom all enquiries can be filtered. A BEIS project manager will be assigned to the project and will be the central point of contact.

Timetable

The anticipated delivery timetable is as follows. BEIS reserves the right to vary this timetable.

It is recommended that applicants include a detailed explanation of how they will meet the delivery timetable shown below as part of their application.

Activity	Due date
Kick-off meeting	13 Aug 2021
Stakeholder mapping conducted	16 Aug 2021

Marketing content submitted	19 Aug 2021

Competition scoping events hosted	1 & 2 Sept 2021
Industry feedback and recommendations report submitted	10 Sept 2021
Competition launch event hosted	22 Sept 2021
Publishable Q&A transcript submitted	30 Sept 2021
Contract end date	01 Oct 2021

Terms and Conditions

Bidders are to note that any requested modifications to the Contracting Authority Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

Section 5 – Evaluation model

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is 'for information only' it will not be scored.

The evaluation team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required.

The evaluation and if required team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required. After evaluation and if required moderation scores will be finalised by performing a calculation to identify (at question level) the mean average of all evaluators (Example – a question is scored by three evaluators and judged as scoring 5, 5 and 6. These scores will be added together and divided by the number of evaluators to produce the final score of 5.33 ($5+5+6=16 \div 3 = 5.33$))

Pass / Fail criteria		
Questionnaire	Q No.	Question subject
Commercial	SEL1.2	Employment breaches/ Equality

In the event of a Bidder failing to meet the requirements of a Mandatory pass / fail criteria, the Contracting Authority reserves the right to disqualify the Bidder and not consider evaluation of any of the Award stage scoring methodology or Mandatory pass / fail criteria.		

Scoring criteria

Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this ITQ. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

Questionnaire	Q No.	Question subject	Maximum Marks
Price	AW5.2	Price	25%
Quality	PROJ1.1	Approach/ Methodology	30%
Quality	PROJ1.2	Staff to Deliver	25%
Quality	PROJ1.3	Project Plan and Timescales	20%

Evaluation of criteria

Non-Price elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

$$\text{Score} = \{\text{weighting percentage}\} \times \{\text{bidder's score}\} = 20\% \times 60 = 12$$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered, or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling

	in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.
<p>All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows:</p> <p>Example</p> <p>Evaluator 1 scored your bid as 60 Evaluator 2 scored your bid as 60 Evaluator 3 scored your bid as 40 Evaluator 4 scored your bid as 40 Your final score will $(60+60+40+40) \div 4 = 50$</p> <p>Once the above evaluation process has been undertaken and the scores are apportioned by evaluator(s) this will then be subject to an independent commercial review and moderation meeting, if required by the commercial lead, any and all changes will be formally recorded relative to the regulatory obligations associated with this procurement, so as to ensure that the procurement has been undertaken in a robust and transparent way.</p>	
Price elements will be judged on the following criteria.	
<p>The lowest price for a response which meets the pass criteria shall score 100. All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion.</p> <p>For example - Bid 1 £100,000 scores 100. Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80 Bid 3 £150,000 differential £50,000 remove 50% from price scores 50. Bid 4 £175,000 differential £75,000 remove 75% from price scores 25. Bid 5 £200,000 differential £100,000 remove 100% from price scores 0. Bid 6 £300,000 differential £200,000 remove 100% from price scores 0. Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50.</p> <p>In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 $(80/100 \times 50 = 40)$</p> <p>The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.</p> <p>This evaluation criteria will therefore not be subject to any averaging, as this is a mathematical scoring criteria, but will still be subject to a commercial review.</p>	

Evaluation process

The evaluation process will feature some, if not all, the following phases.

Stage	Summary of activity
Receipt and Opening	<ul style="list-style-type: none"> ITQ logged upon opening in alignment with UK SBS's procurement procedures. Any ITQ Bid received after the closing date will be rejected unless circumstances attributed to the Contracting Authority or

	the e-sourcing tool beyond the bidder control are responsible for late submission.

Validation of unsuccessful Bidders	<ul style="list-style-type: none"> • To confirm contents of the letters to provide details of scoring and meaningful feedback on the unsuccessful Bidders Bid in comparison with the successful Bidders Bid.

Section 6 – Evaluation questionnaire

Bidders should note that the evaluation questionnaire is located within the **e-sourcing questionnaire**.

Guidance on how to register and use the e-sourcing portal is available at <http://www.uksbs.co.uk/services/procure/Pages/supplier.aspx>

PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY

Section 7 – General Information

What makes a good bid – some simple do's 😊

DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date/time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the ITQ shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay, is solely attributable to the Contracting Authority
- 7.3 Do ensure you have read all the training materials to utilise e-sourcing tool prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission, we may reject your Bid.
- 7.5 Do ensure you utilise the Delta eSourcing messaging system to raise any clarifications to our ITQ. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information, we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who the Contracting Authority is and what they want – a generic answer does not necessarily meet every Contracting Authority's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear, concise and ideally generic contact details; telephone numbers, e-mails and fax details.
- 7.10 Do complete all questions in the questionnaire or we may reject your Bid.
- 7.11 Do ensure that the Response and any documents accompanying it are in the English Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.
- 7.12 Do check and recheck your Bid before dispatch.

What makes a good bid – some simple do not's Ⓜ

DO NOT

- 7.13 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.14 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.15 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.16 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.
- 7.17 Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.
- 7.18 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.19 Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.
- 7.20 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.21 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.22 Do not exceed word counts, the additional words will not be considered.
- 7.23 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.
- 7.24 Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via e-sourcing tool. Responses received by any other method than requested will not be considered for the opportunity.

Some additional guidance notes

- 7.25 All enquiries with respect to access to the e-sourcing tool and problems with functionality within the tool must be submitted to Delta eSourcing, Telephone 0845 270 7050
- 7.26 Bidders will be specifically advised where attachments are permissible to support a question response within the e-sourcing tool. Where they are not permissible any attachments submitted will not be considered as part of the evaluation process.
- 7.27 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Questionnaire.
- 7.28 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.29 We do not guarantee to award any Contract as a result of this procurement
- 7.30 All documents issued or received in relation to this procurement shall be the property of the Contracting Authority / UKSBS.
- 7.31 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through the Delta eSourcing Portal.
- 7.32 If you are a Consortium you must provide details of the Consortiums structure.
- 7.33 Bidders will be expected to comply with the Freedom of Information Act 2000, or your Bid will be rejected.
- 7.34 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.35 Your bid will be valid for 90 days or your Bid will be rejected.
- 7.36 Bidders may only amend the contract terms during the clarification period only, only if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract terms without such grounds and the Contracting Authority fail to accept your legal or statutory reason is reasonably justified, we may reject your Bid.
- 7.37 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.
- 7.38 If you fail mandatory pass / fail criteria we will reject your Bid.
- 7.39 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Delta eSourcing Portal.
- 7.40 Bidders should note that if they are successful with their proposal the Contracting Authority reserves the right to ask additional compliancy checks prior to the award of

any Contract. In the event of a Bidder failing to meet one of the compliancy checks the Contracting Authority may decline to proceed with the award of the Contract to the successful Bidder.

- 7.41 All timescales are set using a 24-hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through the Delta eSourcing Portal.
- 7.42 All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

- 7.43 The Government introduced its new Government Security Classifications (GSC) classification scheme on the 2nd April 2014 to replace the current Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC. The link below to the Gov.uk website provides information on the new GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.

8.0 Freedom of information

8.4.1 In accordance with the obligations and duties placed upon public authorities by the Freedom of Information Act 2000 (the 'FoIA') and the Environmental Information Regulations 2004 (the 'EIR') (each as amended from time to time), UK SBS or the Contracting Authority may be required to disclose information submitted by the Bidder to the Contracting Authority.

8.4.2 In respect of any information submitted by a Bidder that it considers to be commercially sensitive the Bidder should complete the Freedom of Information declaration question defined in the Question FOI1.2.

8.4.3 Where a Bidder identifies information as commercially sensitive, the Contracting Authority will endeavour to maintain confidentiality. Bidders should note, however, that, even where information is identified as commercially sensitive, the Contracting Authority may be required to disclose such information in accordance with the FoIA or the Environmental Information Regulations. In particular, the Contracting Authority is required to form an independent judgment concerning whether the information is exempt from disclosure under the FoIA or the EIR and whether the public interest favours disclosure or not. Accordingly, the Contracting Authority cannot guarantee that any information marked 'confidential' or "commercially sensitive" will not be disclosed.

8.4.4 Where a Bidder receives a request for information under the FoIA or the EIR during the procurement, this should be immediately passed on to UK SBS or the Contracting Authority and the Bidder should not attempt to answer the request without first consulting with the Contracting Authority.

8.4.5 Bidders are reminded that the Government's transparency agenda requires that sourcing documents, including ITQ templates such as this, are published on a designated, publicly searchable web site, and, that the same applies to other sourcing documents issued by UK SBS or the Contracting Authority, and any contract entered into by the Contracting Authority with its preferred supplier once the procurement is complete. By submitting a response to this ITQ Bidders are agreeing that their participation and contents of their Response may be made public.

8.5. Response Validity

8.5.1 Your Response should remain open for consideration for a period of 60 days. A Response valid for a shorter period may be rejected.

8.6. Timescales

8.6.1 [Section 3](#) of the ITQ sets out the proposed procurement timetable. the Contracting Authority reserves the right to extend the dates and will advise potential Bidders of any change to the dates.

8.7. The Contracting Authority's Contact Details

8.7.1 Unless stated otherwise in these Instructions or in writing from UK SBS or the Contracting Authority, all communications from Bidders (including their sub-contractors, consortium members, consultants and advisers) during the period of this procurement must be directed through the e-sourcing tool to the designated UK SBS contact.

8.7.2

All enquiries with respect to access to the e-sourcing tool may be submitted to Delta eSourcing on 0845 270 7050 please note this is a free self-registration website and this can be done by completing the online questionnaire at <https://uksbs.delta-esourcing.com/>

8.7.3 Bidders should be mindful that the designated Contact should not under any circumstances be sent a copy of their Response outside of the e-sourcing tool. Failure to follow this requirement will result in disqualification of the Response.
