The Supplier shall ensure that each of the Insurances is effective no later than:

- 1.2 The Insurances shall be:
  - 1.2.1 maintained in accordance with Good Industry Practice;
  - 1.2.2 (so far as is reasonably practicable) on terms no less favourable than those generally available to a prudent contractor in respect of risks insured in the international insurance market from time to time;

### 2. How to manage the insurance

- 2.1 Without limiting the other provisions of this Contract, the Supplier shall:
  - 2.1.1 take or procure the taking of all reasonable risk management and risk control measures in relation to Deliverables as it would be reasonable to expect of a prudent contractor acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;

### **3. What happens if you aren't insured**

The Supplier shall use all reasonable endeavours to notify the Relevant Authority (subject to third party confidentiality obligations) as soon as practicable when it becomes aware of any relevant fact, circumstance or matter which has caused, or is reasonably likely to provide grounds to, the relevant insurer to give notice to cancel, rescind, suspend or void any insurance, or any cover or claim under any insurance in whole or in part.

### **7. Insurance claims**

- 7.1 The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Deliverables, or each Contract for which it may be entitled to claim under any of the Insurances. ### Licensing Details for the Liberty System

#### **Liberty Create:**

- An **“Authorised User”** is an individual person with a unique user name/identifier within an application operating on the Hosted Service. Authorised User accounts may not be operated by any form of computerised or robotic means. If the same individual has different user names/identifiers, then each such user name/identifier will count as one Authorised User regardless of the fact that it is the same individual person.
- A **“Log-in”** is consumed when an Authorised User logs-in to an application operating on the Hosted Service during a calendar day. An Authorised User may only incur one Log-in per calendar day per application. Multiple log-ins by the same Authorised User to the same application during the same calendar day will only consume one Log-in. Log-in by the same Authorised User during the same calendar day to different applications will incur the number of Log-ins equal to the number of applications logged-in to (e.g. log-in to 3 applications during a day will incur 3 Log-ins). Where an Authorised User remains logged-in to an application from one calendar day to the next, then an additional Log-in will be incurred as at the start of that next day.
- If the monthly number of Log-ins specified above is not reached then any unused Log-ins will not be carried over to any subsequent month nor refunded. If the monthly number of Log-ins specified above is exceeded, then Supplier will charge Buyer for enough additional blocks of Log-ins (each block to be known as a **“Log-in Top Up Voucher”**) to cover such excess. Log-in Top Up Vouchers will be charged at the Additional Log-in Top Up Voucher price specified in Call-Off Schedule 5. The Log-ins purchased in a Log-in Top Up Voucher will be consumed where Buyer exceeds its monthly number of Log-ins specified above (i.e. in the calendar month that triggered the purchase of the relevant Login Top Up Voucher(s) and subsequently). Each Log-in Top Up Voucher will expire at the end of the Call-Off Contract Initial Period and unused Log-ins therein will be lost and no refund will be provided. Once Log-in Top Up Voucher(s) have expired or have been utilised then whenever the monthly number of Log-ins specified above is subsequently exceeded then Supplier will charge Buyer for further Log-in Top Up Vouchers as described above.
- A **“Full User”** is an Authorised User that has been designated as a Full User by Buyer in the Hosted Service.

## **Framework Schedule 6 (Order Form Template and Call-Off Schedules)**

Crown Copyright 2022

- Log-ins by Full Users will not be counted towards the monthly number of Log-ins as specified above nor will those Log-ins count towards any Log-in Top Up Voucher.
- A Full User subscription to the Hosted Service may not be used by more than one individual unless it has been transferred in its entirety to another individual, in which case the prior Full User will no longer be considered as a Full User.
- There is no limit to the number of Authorised Users save that the number of Full Users is limited to the number as specified in this Call-Off Contract. There is no limit to the number of users who are not Authorised Users.
- Each Authorised User will keep a secure password for their use of the Hosted Service and that each Authorised User will keep their password confidential.
- Buyer is able to develop and deploy new applications on the Liberty System for itself and Buyer acknowledges that it may do so without Supplier having any or any detailed knowledge of the application and/or the data that any such application utilises. Only users who have had proper system training may use the Hosted Service to create applications. Buyer is responsible for taking appropriate security measures itself and accordingly will implement its own applications and security policies in line with good industry practice.
- Buyer must use the SMS Transactions within the SMS Transaction Bundle within 12 months of 15<sup>th</sup> May 2025. Unused SMS Transactions within an SMS Transaction Bundle will not be refunded. If Buyer sends more SMS Transactions than that contained within the SMS Transaction Bundle as set out above then Buyer shall pay for each additional SMS Transaction at the Additional SMS Transaction unit price specified in Call-Off Schedule 5. Usage also applies to any SMS Transaction used as part of any security feature such as 2-factor authentication. Each SMS may be limited in the number of characters depending on the nature and coding (7-bit or Unicode) of the SMS Transaction itself and this may lead to multiple SMS Transactions being sent for a single message.
- Buyer must promptly implement any new releases made available by Supplier where such have been recommended by Supplier to generally increase system security and/or respond to a specific security risk. In any event Buyer must operate a version of the Hosted Service that is less than two years from its date of original release. Where Buyer fails to promptly implement such new releases and/or operate a suitable version, Supplier will be entitled to serve a notice on the Buyer requiring them to do so within 10 working days of receipt of such notice. If Buyer fails to comply with such notice Supplier may suspend the Hosted Service until such time as the Buyer implements such. For the avoidance of doubt, such suspension does not affect the Buyer's obligation to pay for the Hosted Service. Buyer hereby acknowledges that prior to it implementing any new release of the Hosted Service it is responsible for verifying that any applications that operate in relation to the Hosted Service will not be affected by implementing such release.
