The information contained within this transformation-as-built model (TAM) files were provided by the London Legacy Development Corporation (LLDC) and collated by Atkins. All As-Built records provided by LLDC and used within the TAM are shown in LCR80-TAM-APK-ZREG-0001. Atkins do not take any responsibility for the accuracy of the information provided within this model.

To undertaking any design work:

2. The information contained within this model has been collated based on transformation-as-built model files only. No as-built information from pre-transformation works has been included as part of this model but should be reviewed prior to undertaking any design work.
3. Information provided within this model is indicative (for information only) and users should refer to the relevant as-built information (including Olympic Games model) prior to undertaking any design/construction work.
4. Information regarding depth or vertical limits of services shall be obtained from the relevant as-built information or design construction records.
5. All abandoned services have been collated based on information provided by others. Where conflicting or unclear information has been received regarding the abandonment or retention of services, the services have been shown as live.
6. A red line boundary shall be verified as the extent of the transformation-as-built model. It is likely that information shown outside of this boundary may contain anomalies or have missing information.
7. Foul Water Network shown within the Gainsborough Sports Pitch has assumed abandoned. Services should be verified as abandoned by a competent contractor where required before undertaking any design/construction works.
8. The Contractor is advised that the information is intended for use by the Contractor to update its own records. Any liability for the accuracy of the information for this area remains with the Contractor and has been completed.

The information of Olympic Park As-Built CAD records and Ordnance Survey information has been used to generate background information. Where conflicts have arisen, preference has been given to the as-built records. Atkins takes no responsibility for any inaccuracies that maybe present within the background model.

All TAM drawings should be read in conjunction with the following documents: LCR80-TAM-APK-ZREG-0001 Register of Models & LCR80-TAM-APK-ZREG-0002 Register of Issues & LCR80-TAM-APK-ZREG-0003 Register of Drawings & LCR80-TAM-APK-ZREG-0004 Contract Agreement
