

## **PART TWO**

### **SPECIFICATION**

#### **MANAGEMENT TRAINING DELIVERY PROGRAMME AT KETTERING TRAINING SERVICES**

The Council is seeking a professional with Chartered Management Institute (CMI) centre registration up to Level 7 to implement a programme of management training at Kettering Training Services that will enable KTS to become a registered CMI centre and deliver qualifications and Apprenticeships above Level 4.

The provider should hold accreditation to deliver up to CMI Level 7 and have a proven track record of successful outcomes at all levels, in addition they should also have knowledge and experience of Education Skills Agency (ESFA) Apprenticeship funding requirements and operational practices and Ofsted EIF. The provider must be willing to tailor the delivery programme for staff so that they gain the knowledge and competence to deliver qualifications and Apprenticeship Standards above Level 4.

The provider should have knowledge, understanding and current experience of providing assessment through an approved End Point Assessment Organisations (EPAO) for Apprenticeship Standards. Industry knowledge of management within education settings and management within customer services would be preferred.

Delivery should start before April, conclude in June, be delivered in block format with candidate certification anticipated in September. We require unconditional flexibility to meet KTS needs and requirements.

The impact of this will be that KTS can increase future income streams from Apprenticeships and offering workforce development programmes.
