**Section 3: Contract Type:  
Suppliers**

**Section 4: Description:**

The Authority has a requirement to procure Warrior Infantry Fighting Vehicle (IFV) Rear Safety Camera Systems (RSCS) to meet a safety critical modification. The RSCS system will comprise of 359 units and include the following sub systems: Rear Camera; Display Control Unit; Cabling Loom, and camera wash wipe facility. The RSCS shall provide the driver with the means to recognise terrain and personnel with a field of rearward view across the entire track width from the immediate rear of the platform. The cameras are needed to ensure the platform remains safe by design. There is currently no rear safety camera system fitted to Warrior IFV, therefore this requirement exists to expediently integrate a suitably robust day/night capable system to the platform to ensure it fulfils the health, safety and legislative obligation for which the Authority is responsible. This manufacture contract will have a duration of two (2) years and shall be Firm priced. There will be no Contract Options. The RSCS shall be manufactured to meet the Authority's technical specification. **This contract is being awarded to the company listed within this Contract Award Notice following completion of an Accelerated Restricted Competition in accordance with DSCPR 2011. A 10 day standstill period was observed for this requirement, and no challenges were received to this award decision.**

**Section 5: Main Site or Location of Works, Main Place of Delivery or Main Place of Performance:**

Awarded to SME: Yes

**Section 8: Date of Contract Award:**

02/11/2023

**Section 9: Number of Tenders Received:**

4

**Section 10: Other Information:**

The Authority evaluated all tenderers for this opportunity in accordance with the "Most Economically Advantageous Tender" (MEAT), to evaluate a combination of Cost and Quality / non-cost criteria. The specific MEAT Evaluation Methodology adopted for this opportunity was the "Value for Money Index" (VfM) - an absolute evaluation method that divides the total score of the non-cost (quality) criteria by the tender cost. The highest score to two decimal places was deemed as the winner of the competition. The score the winning tenderer obtained against the criteria for contract award was 0.1111.

**Section 11: Framework Agreement:**

No
