26 CONSEQUENCES OF EXPIRY OR EARLIER TERMINATION

- 26.1 Where the Authority terminates the Call-Off Contract under Clause 24 (Termination on Default) of this Schedule 2 and then makes other arrangements for the supply of Services, the Authority may recover from the Contractor the cost reasonably incurred of making those other arrangements and any additional expenditure incurred by the Authority throughout the remainder of the Term. The Authority shall take all reasonable steps to mitigate such additional expenditure. Where the Call-Off Contract is terminated under Clause 24 (Termination on Default) of this Schedule 2, no further payments shall be made by the Authority to the Contractor (for Services supplied by the Contractor prior to termination and in accordance with the Call-Off Contract but where the payment has yet to be made by the Authority), until the Authority has established the final cost of arranging an alternative supplier of the Services. For the avoidance of doubt, there will be no double recovery.
- 26.2 Save as otherwise expressly provided in the Contract:
- 26.2.1 termination or expiry of the Call-Off Contract shall be without prejudice to any rights, remedies or obligations accrued under the Call-Off Contract prior to termination or expiration and nothing in the Call-Off Contract shall prejudice the

right of either Party to recover any amount outstanding at such termination or expiry; and

- 26.2.2 termination of the Call-Off Contract shall not affect the continuing rights, remedies or obligations of the Authority or the Contractor under Clauses 4 (Payment and VAT), 13 (Right of Audit), 15 (Recovery of Sums Due), 16 (Confidential Information), 18 (Protection of Personal Data), 19 (Intellectual Property Rights), 20 (Liability), 21 (Insurance), 26 (Consequences of Expiry or Termination), 28 (Recovery upon Termination), 30 (Waiver and Remedies Cumulative), 32 (Official Secrets Acts and Finance Act), 33 (Prevention of Fraud and Bribery), 40 (Freedom of Information Act) and 48 (Law and Jurisdiction).

27 DISRUPTION & STEP-IN RIGHTS

- 27.1.3 In the event of industrial action by the Contractor Personnel, the Contractor shall prepare proposals for the continuation of its obligations under the Call-Off Contract for the Authority to approve.
- 27.1.4 If the Contractor's proposals referred to in Clause 27.1.3 of this Schedule 2 are considered insufficient or unacceptable by the Authority, acting reasonably, then the Call-Off Contract may be terminated with immediate effect by the Authority by written notice.
- 27.1.5 If the Contractor is temporarily unable to fulfil the requirements of the Call-Off Contract owing to disruption of normal business of the Authority, the Contractor may request a reasonable allowance of time and in addition, the Authority will reimburse any additional expense reasonably incurred by the Contractor as a direct result of such disruption.

27.2 Step-In Rights

27.2.1 Reason for Step-In

If:

- a) the Authority reasonably believes that it needs to take action in connection with the Services because a serious risk exists to the health or safety of persons or property or to the Premises; or,
- b) the Authority has terminated the Framework Agreement pursuant to Clause 15.4.6 of Schedule 2 of the Framework Agreement;

then the Authority shall be entitled to take action in accordance with Clauses 27.2.2 (Notify Contractor) and 27.2.5 (Contractor in Breach) to discharge a statutory duty and/or provide some or all of the Services in place of the Contractor.

C21934 – DHSC Assisted Testing Framework

27.2.3 Action by Authority

- a) Following service of such notice, the Authority shall take such action as notified under Clause 27.2.2 and any consequential additional action as it reasonably believes is necessary to overcome the circumstances giving rise to the Step-In Notice (together, the "**Required Action**") and the Contractor shall give all reasonable assistance to the Authority while it is taking the Required Action. The Authority shall provide the Contractor with notice of completion of the Required Action and shall use reasonable endeavours to provide such advance notice as is reasonably practicable in its anticipated completion.
- b) Where the Required Action has been taken otherwise than as a result of a breach by the Contractor, the Authority shall undertake the Required Action in accordance with Good Industry Practice and shall indemnify the Contractor against all Direct Losses where it fails to do so.

27.2.4 Contractor Not in Breach

If and to the extent that any Required Action is taken which does not result from a breach by the Contractor of its obligations under this Agreement, then for so long as and to the extent that the Required Action is taken, and this prevents the Contractor from carrying out the Services:

- a) the Contractor shall be relieved from its obligations to carry out the Services; and
- b) in respect of the period in which the Authority is taking the Required Action and provided that the Contractor provides the Authority with reasonable assistance (such assistance to be at the expense of the Authority to the extent incremental costs are incurred) the Monthly Charge (net of any cost savings arising as a result of the Required Action) due from the Authority to the Contractor shall equal the amount the Contractor would receive if it were satisfying all its obligations in carrying out the Services affected by the Required Action in full over that period.

27.2.5 Contractor in Breach

C21934 – DHSC Assisted Testing Framework
Appendix A – Terms of Participation – Official/Sensitive

- a) the Contractor shall be relieved of its obligations to carry out such part of the Works and/or provide such part of the Services; and
- b) in respect of the period in which the Authority is taking the Required Action, the Monthly Charge due from the Authority to the Contractor shall equal the amount the Contractor would receive if it were satisfying all its obligations and carrying out the Services affected by the Required Action in full over that period less an amount equal to all the Authority's costs associated with taking the Required Action.

28 RECOVERY UPON EXPIRY OR EARLIER TERMINATION OF THE CALL-OFF CONTRACT

- 28.1 Upon expiry or earlier termination (for any reason) of this Contract, the Contractor shall at the request of the Authority and at the Contractor's cost:

The Contractor shall grant, and shall procure that any Sub-contractor shall grant, a licence to the Authority for its appointed agents to enter (for the purposes of such recovery) any premises of the Contractor or its Sub-contractors where any such items may be held.

- 30.1 The failure of either Party to insist upon strict performance of any provision of the Contract, or the failure of either Party to exercise, or any delay in exercising, any right or remedy shall not constitute a waiver of that right or remedy and shall not cause a diminution of the obligations established by the Contract.
- 30.2 No waiver shall be effective unless it is expressly stated to be a waiver and communicated to the other Party in writing in accordance with Clause 39 (Service of Notices and Communications) of this Schedule 2.
- 30.3 A waiver of any right or remedy arising from a breach of contract shall not constitute a waiver of any right or remedy arising from any other breach of the Contract.

ANNEX 1: CALL OFF CONTRACT CHARGES

1. TRANSPARENCY

2. MONTHLY CHARGE

- 2.1. The Parties have agreed that payment for the Services will be on a 'cost plus' basis, such that the Authority will pay the Contractor's reasonably incurred costs which relate to the provision of the Services, together with the margin specified in Paragraph 2.1.7 below. These reasonably incurred costs will form the Monthly Charge for each Service Period. For the purposes of calculating the Contractor's reasonably incurred costs under this Schedule 6, the following components shall be included in such calculation:

- 2.1.1. the direct cost to the Contractor (or any approved Subcontractor, and references to Contractor in this Schedule 6 shall include any approved Subcontractors) of the Contractor Personnel providing the Services which shall include their actual base salary and the direct cost to the Contractor of employing such Personnel including employer's NIC, pensions allowances and disbursements (including travel, subsistence and accommodation as appropriate, unless otherwise stated by the Authority due to the nature of the Services being undertaken) holiday pay, sick pay and any other employment benefits and any local management costs (**People Costs**) calculated in accordance with Paragraph 2.2 of this Schedule. The People Costs will be calculated with reference to the rates inputted by the Contractor within the 2.1 Rate Card worksheet table 2.1.2 Labour Rates (the **People Costs Rates**). However, the parties agree that the People Costs Rates have been agreed on the assumption that there will be no Relevant Transfer of Transferring Former Contractor Employees or Transferring Authority Employees (together **Transferring Employees**) from a Former Contractor (as defined in Schedule 10) or the Authority to the Contractor upon commencement of the provision of the Services or of any relevant part of the Services. If any such Relevant Transfer does occur on or after the Commencement Date, the parties agree that Paragraph 2.2.5 of this Schedule shall apply.

- 2.1.5. the direct cost to the Contractor (or any approved Subcontractor) of development of SOPs and other materials including but not limited to, the cost of Subject Matter Experts engaged in activities relating to the development of SOPs and other

The Development of SOPs and other Materials Costs will be calculated with reference to the rates inputted by the Contractor within the 2.1 Rate Card worksheet table 2.1.4 Trainer & Subject Matter Expert Rate.
- 2.1.6. the direct cost to the Contractor (or any approved Subcontractor) associated with the Implementation Plan and Exit, including but not limited to project management costs, risk assessment costs, system setup costs and the system exit costs (**Implementation and Exit Costs**), calculated in accordance with Paragraph 2.7 of this Schedule. The Implementation and Exit Costs will be calculated with reference to the rates inputted by the Contractor within the 2.1 Rate Card worksheet table 2.1.6 Implementation & Exit .

- 2.1.9. the margin applied by the Contractor as a percentage increase to the costs set out in Paragraphs 2.1.1 to 2.1.8 (inclusive) within the monthly invoice. The margin is specified by the Contractor within the 2.1 Rate Card worksheet table 2.1.1 Margin.
- 2.1.10. the direct cost to the Contractor for Insurance (with no margin applied) (**Insurance Costs**). The Insurance cost for the six (6) Month period commencing on the First Services Commencement Date will be calculated with reference to the rate specified by the Contractor within the 2.1 Rate Card worksheet table 2.2.7 Overhead Costs. All other Insurance Costs (for clinical negligence insurance and employer's liability zero excess insurance only) incurred by the Contractor in connection with this Call-Off Contract in respect of the remainder of the Term (if any) and/or as required by Clauses 21.5 to 21.7 of Schedule 2 shall be as notified by the Contractor and approved by the Authority (such approval not to be unreasonably withheld or delayed) and shall be recoverable by the Contractor from the Authority with no margin applied.

- 2.2.3. in the event that Test Operatives and Testing Supervisors working at regional rates are asked to work outside of normal working hours, they may be charged at the rate relevant to their role, as set out within table 2.1.2 Labour Rates of the 2.1 Rate Card worksheet, for the number of hours such individual worked outside their normal working hours;

Schedule 7 – Service Levels, Service Credits and Performance Monitoring

1 SCOPE

This Schedule (Service Levels, Service Credits and Performance Monitoring) sets out the Service Levels which the Contractor is required to achieve when providing the Services, the mechanism by which Service Level Failures will be managed and the method by which the Contractor's performance in the provision by it of the Services will be monitored.

2 SERVICE LEVELS AND SERVICE CREDITS: GENERAL PROVISIONS

- 2.1 The Contractor shall ensure that all Service Levels in this Call-Off Contract are achieved to the highest standard throughout the Term (save that Service Levels shall not apply from the Services Commencement Date up to and including 12 November 2021).
- 2.2 The Contractor accepts and acknowledges that failure to meet the Service Level Performance Measures set out in the table in Part 2 of Annex 1 to this Schedule will result in Service Credits being issued to the Authority, in accordance with Clause 5 of this Schedule 7.
- 2.3 Service Credits will not be applicable against the Service Levels set out in the table in Part 2 of Annex 2 to this Schedule 7.
- 2.4 The Contractor accepts and acknowledges that they must report to the Authority in relation to performance of the Service Levels set out in both Annex 1 and Annex 2 to this Schedule 7, in accordance with the Clause 8, 9 and 10 of this Schedule 7.
- 2.5 Service Credits shall be calculated in accordance with this Schedule 7 and the aggregate Service Credit Cap.

3 PRINCIPAL POINTS

The objectives of the Service Levels and Service Credits are to:

- 3.1 ensure that the Services are of a consistently high quality and meet the requirements of the Authority;
- 3.2 provide a mechanism whereby the Authority can attain meaningful recognition of inconvenience and/or loss resulting from the Contractor's failure to deliver the level of service for which it has contracted to deliver; and
- 3.3 incentivise the Contractor to comply with and to expeditiously remedy any failure to comply with the Service Levels.

4 SERVICE LEVELS

- 4.1 The tables in Part 2 of Annex 1 and Part 2 of Annex 2 to this Schedule set out the Service Levels, the performance of which the Parties have agreed to measure.
- 4.2 The Contractor shall monitor its performance of this Call-Off Contract by reference to the relevant Service Levels, Service Level Performance Criteria and Service Level Performance Measures as shown in the tables in Annex 1 and Annex 2 of this

C21934 – DHSC Assisted Testing Framework
Appendix A – Terms of Participation – Official/Sensitive

Schedule. The Contractor shall send the Authority a Performance Monitoring Report at the end of every Service Period in accordance with Clause 8 to 10 of this Schedule 7.

4.3 The Contractor shall, at all times, provide the Services in such a manner that the Service Level Performance Measures are achieved. If the level of performance of the Contractor of any element of the provision by it of the Services during the Term is likely to or fails to meet any Service Level Performance Measure the Contractor shall immediately notify the Authority in writing and the Authority, in its absolute discretion and without prejudice to any other of its rights howsoever arising including under Clause 5 of this Schedule 7 (Service Levels and Service Credits), may:

4.3.1 require the Contractor to immediately take all remedial action that is reasonable to mitigate the impact on the Authority and to rectify or prevent a Service Level Failure from taking place or recurring; or

4.3.2 if a Service Level Failure has occurred, deduct from the Monthly Charge the applicable Service Credits payable by the Contractor to the Authority in accordance with the calculation formula set out in Annex 1 of this Schedule.

5 SERVICE CREDITS

5.1 The Calculations Table at Part 1 of Annex 1 to this Schedule sets out the formula used to calculate the Service Credits payable to the Authority as a result of Service Level Failures in a given service period which, for the purpose of this Schedule, shall be a recurrent period of one (1) Month during the Term (the “**Service Period**”).

5.2 Annex 1 of this Schedule includes details of each Service Credit available to each Service Level if the applicable Service Level Performance Measure is not met by the Contractor.

5.3 The Authority shall use the Performance Monitoring Reports supplied by the Contractor under Clause 8 to 10 of this Schedule to verify the calculation and accuracy of the Service Credits, if any, applicable to each relevant Service Period.

5.4 Service Credits are a reduction of the amounts payable in respect of the Services and do not include VAT. The Contractor shall set-off the value of any Service Credits against the appropriate invoice in accordance with the various calculation formulae set out in the tables included in Annex 1 of this Schedule.

5.5 Service Credits shall not be imposed by the Authority in the four (4) week period following the First Services Commencement Date.

6 NATURE OF SERVICE CREDITS

The Contractor confirms that it has modelled the Service Credits and has taken them into account in setting the level of the Monthly Charge. Both Parties agree that the Service Credits are a reasonable method of price adjustment to reflect poor performance.

7 SERVICE CREDITS: EXCEPTIONS

7.1 No Service Credits may be applied if, and to the extent that, it has been demonstrated to the reasonable satisfaction of the Authority that either the Service Level Failure is a direct result of:-

7.1.1 an breach of the Authority's obligations under this Call-Off Contract;

C21934 – DHSC Assisted Testing Framework
Appendix A – Terms of Participation – Official/Sensitive

- 7.1.2 a Force Majeure Event not caused or contributed to by the Contractor or a Contractor Related Party;
- 7.1.3 (except where such act or omission is the result of an act or omission of the Contractor including any breach of Service Level), any act or omission of any provider of utilities or statutory undertaker where the Contractor is using all reasonable endeavours to minimise the impact of such act or omission on the performance of its obligations under this Agreement.
- 7.1.4 the Authority Representative making a specific request of the Contractor, or giving specific instructions to the Contractor, (in either case, against the reasonable advice of the Contractor, and provided that the Contractor has advised the Authority Representative on the impact such request or instruction will have on the ability of the Contractor to perform its obligations under this Agreement) which prevent the Contractor from meeting the relevant Service Level; and
- 7.1.5 the Authority exercising its step-in rights under clause 27.2 (Step-In Rights) of Schedule 2 to this Call-Off Contract.

8 PERFORMANCE MONITORING: PRINCIPAL POINTS

- 8.1 Clause 8 to 11 of this Schedule provides the methodology for monitoring the provision of the Services:
 - 8.1.1 to ensure that the Contractor is complying with the Service Levels; and
 - 8.1.2 for identifying any failures to achieve Service Levels in the performance of the Contractor and/or provision of the Services ("**Performance Monitoring System**").
- 8.2 Within twenty (20) Working Days of the Commencement Date, the Contractor shall provide the Authority with details of how the Contractor shall provide the Authority with the required performance monitoring reports meeting the requirements of Clause 10 of this Schedule 7.

9 REPORTING OF SERVICE LEVEL FAILURES

The Contractor shall report all failures to achieve Service Levels and Service Level Performance Measures, in accordance with Clause 4 of this Schedule 7, to the Authority in accordance with the processes agreed in Clause 8.2 of this Schedule 7.

10 PERFORMANCE MONITORING AND PERFORMANCE REVIEW

- 10.1 The Contractor shall provide the Authority performance monitoring reports ("**Performance Monitoring Reports**") in accordance with the process and timescales agreed pursuant to Clause 8.2 of this Schedule 7 above which shall contain, as a minimum, the following information in respect of the relevant Service Period:
 - 10.1.1 for each Service Level Performance Measure, the Actual Performance achieved in respect of the Service Level Performance Measure for the relevant Service Period;
 - 10.1.2 all calculations of Actual Performance in such Service Period (as per the Calculations Tables in Part 1 of Annex 1 and Part 1 of Annex 2 to this Schedule 7), including all individual Actual Performance figures calculated during the Service Period;

C21934 – DHSC Assisted Testing Framework
Appendix A – Terms of Participation – Official/Sensitive

- 10.1.3 a summary of all failures to achieve Service Level Performance Measures that occurred during that Service Period;
- 10.1.4 for any repeat Service Level Failures, actions taken to resolve the underlying cause and prevent recurrence;
- 10.1.5 the Service Credits to be applied in respect of the relevant Service Period indicating:
 - a) the Service Level Failures;
 - b) Service Level Performance Measures to which the Service Credits relate; and
 - c) all calculations used to determine the value of the Service Credits.
- 10.1.6 such other details as the Authority may reasonably require from time to time.
- 10.2 The Parties shall attend meetings to discuss Performance Monitoring Reports ("**Performance Review Meetings**") on a Monthly basis (unless otherwise agreed). The Performance Review Meetings will be the forum for the review by the Contractor and the Authority of the Performance Monitoring Reports. The Performance Review Meetings shall (unless otherwise agreed):
 - 10.2.1 take place within one (1) week of the Performance Monitoring Reports being issued by the Contractor;
 - 10.2.2 take place at such location and time (within normal business hours) as the Authority shall reasonably require unless otherwise agreed in advance;
 - 10.2.3 be attended by the Contractor's Representative and the Authority(s) Representative; and
 - 10.2.4 be fully minuted by the Contractor. The prepared minutes will be circulated by the Contractor to all attendees at the relevant meeting and also to the Authority(s) Representative and any other recipients agreed at the relevant meeting. The minutes of the preceding Month's Performance Review Meeting will be agreed and signed by both the Contractor's Representative and the Authority(s) Representative at each meeting.
- 10.3 The Authority shall be entitled to raise any additional questions and/or request any further information regarding any failure to achieve Service Levels.
- 10.4 The Contractor shall provide to the Authority such supporting documentation as the Authority may reasonably require in order to verify the level of the performance by the Contractor and the calculations of the amount of Service Credits for any specified Service Period.

11 SATISFACTION SURVEYS

- 11.1 In order to assess the level of performance of the Contractor, the Authority may undertake satisfaction surveys in respect of the Contractor's provision of the Services.
- 11.2 The Authority shall be entitled to notify the Contractor of any aspects of their performance of the provision of the Services which the responses to the Satisfaction Surveys reasonably suggest are not in accordance with this Contract.

ANNEX 1: TABLE OF SERVICE LEVELS TO WHICH SERVICE CREDITS SHALL BE APPLIED

Part 1 of Annex 1 – Calculations Table

Calculations Table:				
Defined term		Principle	Formula	Key
Actual Performance	Formula 1	Calculate the total of all the Service Level Performance Measure figures during that Service Period, then divide this by the number of time intervals within the service period (i.e. in a thirty-day month, divide by 30 to find the average).	$(\Sigma P) / N$	P = the Service Level Performance Measure figures relating to the relevant Service Period; N = the number of time intervals within the Service Period (i.e. if Actual Performance is calculated daily, then the number of days in that month; if Actual Performance is calculated weekly, then the number of weeks in that month.)
	Formula 2	Calculate the total of all the Service Level Performance Measure figures during that Service Period, then divide this by the number of occurrences during that Service Period (i.e. if there were ten incidents for which a Service Level Performance Measure figure was calculated, divide the total by 10 to find the average).	$(\Sigma P) / O$	P = the Service Level Performance Measure figures relating to the relevant Service Period; O = the number of occurrences within the Service Period (i.e. if the Contractor needed to mobilise for 3 additional Sites, the number of occurrences would be 3).
Variance		To find the difference between the Actual Performance figure and the Performance Target figure.	$T - A$	T = Performance Target; A = Actual Performance
Service Credit		To calculate the service level credit to be applied for each service level performance criteria.	$C \times V \times W$	C = Monthly Charge; V = Variance; W = relevant weighting percentage (For the purpose of this calculation, percentages should be converted into decimals, e.g. 1% = 0.01; 18% = 0.18; 300% = 3)

A worked example is set out at Annex 3 of this Schedule 7.

ANNEX 3 – WORKED EXAMPLE

Please note, the figures set out below have been provided for illustrative purposes ONLY.

Step 1: Calculate the Service Level Performance Measures for each individual Service Level

The method for calculating the Service Level Performance Measure, and how often this needs to be calculated, is set out in the table in Part 2 of Annex 1 to Schedule 7.

Example 1 – Continuity of Service:

Each individual Service Level Performance Measure for this Service Level will be calculated by dividing the actual number of operational testing lanes by the number of required testing lanes and then multiplying by 100.

This will be calculated daily. In September, for instance, you must calculate thirty (30) Service Level Performance Measures, one for every day of the month.

If ten (10) testing lanes were required, the calculation might appear, as follows:

Day 1: $((8/10) \times 100) = 80$
 Day 2: $((9/10) \times 100) = 90$
 Day 3: $((10/10) \times 100) = 100$
 Day 4: $((10/10) \times 100) = 100$
 Day 5: $((9/10) \times 100) = 90$
 Day 6: $((10/10) \times 100) = 100$
 Day 7: $((8/10) \times 100) = 80$
 Day 8: $((7/10) \times 100) = 70$
 Day 9: $((10/10) \times 100) = 100$
 Day 10: $((10/10) \times 100) = 100$
 Day 11: $((10/10) \times 100) = 100$
 Day 12: $((6/10) \times 100) = 60$
 Day 13: $((10/10) \times 100) = 100$
 Day 14: $((9/10) \times 100) = 90$
 Day 15: $((9/10) \times 100) = 90$
 Day 16: $((10/10) \times 100) = 100$
 Day 17: $((10/10) \times 100) = 100$
 Day 18: $((10/10) \times 100) = 100$
 Day 19: $((10/10) \times 100) = 100$
 Day 20: $((10/10) \times 100) = 100$
 Day 21: $((9/10) \times 100) = 90$
 Day 22: $((10/10) \times 100) = 100$
 Day 23: $((8/10) \times 100) = 80$
 Day 24: $((10/10) \times 100) = 100$
 Day 25: $((10/10) \times 100) = 100$
 Day 26: $((10/10) \times 100) = 100$
 Day 27: $((10/10) \times 100) = 100$
 Day 28: $((10/10) \times 100) = 100$
 Day 29: $((9/10) \times 100) = 90$
 Day 30: $((10/10) \times 100) = 100$

Appendix A – Terms of Participation – Official/Sensitive

Example 2 – Reporting:

In the case of this Service Level, the Service Level Performance Measure will be calculated by making a deduction from 100, depending on how long it takes the Contractor to provide the required information.

Within a Service Period, the Contractor may have to provide such information on three occasions. As an example:

- On the first occasion, the Contractor provided the information two (2) hours after the information became due;
- On the second occasion, the Contractor provided the information thirteen (13) hours after the information became due; and
- On the third occasion, the Contractor provided the information twenty five and a half (25.5) hours after the information became due.

For the first occasion, the calculation would be, as follows:

$$100 - ((0.5 \times 2) + 0 + (2 \times 0)) = 99$$

For the second occasion, the calculation would be, as follows:

$$100 - ((0.5 \times 0) + 13 + (2 \times 0)) = 87$$

For the third occasion, the calculation would be, as follows:

$$100 - ((0.5 \times 0) + 0 + (2 \times 26)) = 48$$

Step 2: Calculate Actual Performance for each individual Service Level

The method of calculating Actual Performance varies depending on the nature of the Service Level. As per the Calculations Table in Part 1 of Annex 1, this will either be via Formula 1, Formula 2, or each individual Service Level Performance Measure will form an Actual Performance Figure. The relevant method of calculation is set out in the table in Part 2 of Annex 1 to Schedule 7.

Example 1 – Continuity of Services:

This Service Level utilises Formula 1.

First, calculate the aggregate of all the Service Level Performance Measures in that Service Period.

For instance:

$$80 + 90 + 100 + 100 + 90 + 100 + 80 + 70 + 100 + 100 + 100 + 60 + 100 + 90 + 90 + 100 + 100 + 100 + 100 + 90 + 100 + 80 + 100 + 100 + 100 + 100 + 100 + 90 + 100 = 2,810$$

Then, divide this aggregate figure by the number of days in the month (i.e. 30 days for September), to calculate the Actual Performance percentage for that Service Level in that Service Period:

$$2,810 / 30 = 93.67\%$$

C21934 – DHSC Assisted Testing Framework
Appendix A – Terms of Participation – Official/Sensitive

For the avoidance of doubt, the number the aggregate figure will be divided by will vary.

If the Service Level Performance Measure is calculated daily, then:

- in January, thirty one (31) Service Level Performance Measures will be aggregated and divided by 31; and
- in February (a non-leap year), twenty eight (28) Service Level Performance Measures will be aggregated and divided by 28.

If the Service Level Performance Measure is calculated weekly, then in a four (4) week month, four Service Level Performance Measures will be calculated, then aggregated. This figure will then be divided by four (4).

Example 2 – Reporting:

This Service Level utilises Formula 2.

First, calculate the aggregate of all the Service Level Performance Measures in that Service Period.

For instance:

$$99 + 87 + 48 = \mathbf{234}$$

Then divide this figure by the number of times a Service Level Performance Measure was required to be calculated in that Service Period. In this example, three times. This will be the Actual Performance percentage for that Service Level in that Service Period:

$$234 / 3 = \mathbf{78\%}$$

Please note, for the Delivery of Milestones Service Level, each individual Service Level Performance Measure will form an Actual Performance figure (for the avoidance of doubt, no average is taken).

Step 3: Calculate the Variance for each individual Service Level

For each individual Service Level, deduct the Actual Performance figure from the Performance Target figure (as set out in the table in Part 2 of Annex 1 to Schedule 7).

Example 1 – Continuity of Services:

The Performance Target for this Service Level is 100%.

The Actual Performance figure was calculated as 93.67%.

$$100 - 93.67 = \mathbf{6.33\%}$$

Example 2 – Reporting:

The Performance Target for this Service Level is 90%.

The Actual Performance figure was calculated as 78%.

$$90 - 78 = \mathbf{12\%}$$

C21934 – DHSC Assisted Testing Framework
Appendix A – Terms of Participation – Official/Sensitive

Step 4: Calculate the Service Credits applicable for each individual Service Level

For each individual Service Level, the Service Credit must be calculated by multiplying the Monthly Charge by the Variance and then multiplying by the relevant Weighting (as set out in the table in Part 2 of Annex 1 to Schedule 7).

For the purpose of this calculation, percentages should be converted into decimals (e.g. 1% = 0.01; 18% = 0.18; 300% = 3).

Example 1 – Continuity of Services:

The relevant Weighting for this Service Level is 300%.

$$6.33\% = 0.0633$$

$$300\% = 3$$

If the Monthly Charge was £100,000, then:

$$£100,000 \times 0.0633 \times 3 = \textbf{£18,990}$$

Example 2 – Reporting:

The relevant Weighting for this Service Level is 50%.

$$12\% = 0.12$$

$$50\% = 0.5$$

If the Monthly Charge was £100,000, then:

$$£100,000 \times 0.12 \times 0.5 = \textbf{£6,000}$$

Step 5: Calculate the total Service Credits applicable in that Service Period

Firstly, add together all the Service Credits applicable against each and every Service Level (as calculated in Step 4).

Then determine whether this is above or below the Service Credit Cap.

If the aggregate Service Credits applicable in that Service Period is **less than** the Service Credit Cap, then the aggregate Service Credit figure will be deducted from the amounts payable, in accordance with Schedule 7 of the Call-Off Contract.

If the aggregate Service Credits applicable in that Service Period is **greater than** the Service Credit Cap, then the full value of the Service Credit Cap will be deducted from the amounts payable, in accordance with Schedule 7 of the Call-Off Contract.

For example:

The Service Credit Cap is set at 8% of the Monthly Charge.

If the Monthly Charge was £100,000, then the Service Credit Cap would be:

$$(\text{£}100,000 / 100) \times 8 = \textbf{£8,000}$$

C21934 – DHSC Assisted Testing Framework
Appendix A – Terms of Participation – Official/Sensitive

If the aggregate Service Credit figure was calculated to be £7,500, then, as £7,500 is less than £8,000, £7,500 will be deducted from the amounts payable (in accordance with Schedule 7 of the Call-Off Contract).

If the aggregate Service Credit figure was calculated to be £12,000, then, as £12,000 is greater than £8,000, the total Service Credit Cap value of £8,000 will be deducted from the amounts payable (in accordance with Schedule 7 of the Call-Off Contract).
