C6. The Authority cannot evaluate any Variant Bids during this competition.

Section D – Tender Evaluation

This section details how your Tender will be evaluated, the tools used to evaluate the Tender and the evaluation criteria.

The Tender Evaluation will be on the basis of: Lowest Price.

It is the Authority's intention to award the Contract to the Tenderer offering the lowest total cost proposal in terms of price that is technically compliant to CSIS, or to specification where provided.

The total cost of each bid shall be defined as the total cost of supplying the evaluation quantities on Annex A to Schedule 2 – Schedule of Requirements.

The Evaluation Quantity is an indication of the Authority's anticipated requirements over a two year period and is provided for evaluation purposes only and on a strictly without commitment basis.

The Authority does not wish to receive a Minimum Order Quantity (MOQ) against any line item. If, by exception, the Tenderer deems it necessary to impose an MOQ then he must provide adequate justification with his bid. Should a quoted MOQ exceed the estimated quantity then the MOQ shall be used in its place to calculate the total cost.

The Tenderer shall, as a minimum, provide the following information with its Tender response:

Manufacturer's Part Number (MPN) at column E of Annex B to Schedule 2 – Technical Compliance Matrix.

- 1) The MPN stated must accurately reflect a valid reference to the NATO Stock Number as listed on the Codification Support Information System (CSIS; previously called ISIS) and the source of supply being from the corresponding NCAGE, which shall be provided at columns G of Annex B to Schedule 2 – Technical Compliance Matrix. 3:2 and 5:2 CSIS references shall always be considered a valid CSIS reference. In the absence of a 3:2 and 5:2 CSIS references, the Authority requires the Tenderer to provide (i) a statement of Fit, Form and Function from the manufacturer of the item, (ii) a drawing and (iii) Technical Data Sheet with all relevant specifications which the Authority will use to determine a valid CSIS reference..
- 2) Where a MPN does not reflect a current CSIS reference (an "Alternative Item"), the Authority requires the Tenderer to provide (i) a statement of Fit, Form and Function from the manufacturer of the item, (ii) a drawing and (iii) Technical Data Sheet with all relevant specifications in respect of such Alternative Item. The Authority will determine whether to accept the Alternative Item as compliant in terms of Fit, Form and Function as compared to the relevant 3:2 and 5:2 CSIS references. In making this determination the Authority reserves the right to request samples for such Alternative Item to be provided by the Tenderer. Where the Authority determines that an Alternative Item is non-compliant and such Alternative Item is a Mandatory Item the Tender will be deemed non-compliant.
- 3) The Tenderer must provide details of any suppliers (title and address) which do not have an NCAGE corresponding to the relevant NATO stock number on CSIS and from whom the Tenderer intends to source an item or sub-contract aspects of the manufacturing process to. These details must be provided at column H of Annex B to Schedule 2 – Technical Compliance Matrix.

F1. The issue of ITT Documentation or ITT Material is not a commitment by the Authority to place a contract as a result of this competition or at a later stage. F3. It is a Condition of Tendering that the winning Tenderer holds their Tender open for acceptance for the period stated in C4. This period starts on the day the Authority announces its decision to award the contract to the winning Tenderer in accordance with the Tender. In the event that legal proceedings challenging the award of the contract are instigated, prior to entry into contract, it is a condition of this ITT that you hold your Tender open for acceptance during this period, and up to fourteen (14) days after the result of the legal proceedings. In the event of such legal challenge, the Authority agrees to use all reasonable measures to accelerate proceedings.

F10. The Authority is obliged under certain circumstances to allow a space of ten (10) calendar days between the date of dispatch of its notice to Tenderers before entering into a contract, known as the standstill period. This period is to give unsuccessful Tenderers an opportunity to make a legal challenge before the contract is entered into if there has been, or it is alleged that there has been, a breach of the Regulations. The standstill period ends at midnight at the end of the 10th day after the date the DEFFORM 158 is sent. Where this is not a working day, it extends to midnight at the end of the next working day.

Publicity Announcement

F11. The Authority will publish notification of the contract and shall publish contract documents under the FOI Act except where publishing such information would hinder law enforcement; would otherwise be contrary to the public interest; would prejudice the legitimate commercial interest of any person, or might prejudice fair competition between suppliers. Sensitive Information

F14. All Central Government Departments and their Executive Agencies and Non Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. F15. For these purposes, the Authority may share within Government any of the Contractor's documentation / information (including any that the Contractor considers to be confidential and / or commercially sensitive such as specific bid information) submitted by the Contractor to the Authority during this Procurement. Contractors taking part in this competition must identify any sensitive material in the DEFFORM 539A (or SC2 Schedule 9, or SC3 Schedule 6) and consent to these terms as part of the competition process. This allows the MOD to share information with other Government departments while complying with our obligations to maintain confidentiality.

F16. The Authority reserves the right to disclose on a confidential basis any information it receives from Tenderers during the procurement process (including information identified by the Tenderer as Commercially Sensitive Information in accordance with the provisions of this ITT/ITN) to any third party engaged by the Authority for the specific purpose of evaluating or assisting the Authority in the evaluation of the Tenderer's Tender. In providing such information the Tenderer consents to such disclosure.

Remedies for Breach of Contract

F17. If using Standardised Contracting you should be aware of the contractual remedies set out in the Contract Conditions clause F.6.a of SC2 which may apply in the event of a breach of contract by the contractor. Damages for breach of contract are not limited under the contract. However, you should also note under clause F6.d that in exercising its rights and remedies under the contract the Authority must act in a reasonable and proportionate manner having regard to the nature and consequences of the breach of contract. If you are unsure about the potential liability under the contract, you should seek advice from the named Procurement Officer.

Small and Medium Enterprises

20. The Authority is committed to supporting the Government's small and medium-sized enterprise (SME) initiative; its ambitious target is that every £1 in every £3 that the Government spends should be with small businesses by 2020. Our goal is that 25% of MOD spending should be spent with SMEs by 2020; this applies to the money which the MOD spends directly with SMEs and through the supply chain. The Authority uses the European Commission definition of an SME.

21. A key aspect of the Government's SME Policy is ensuring that its suppliers throughout the supply chain are paid promptly. All suppliers to the Authority and their sub-contractors are encouraged to make their own commitment and register with the Prompt Payment Code at: <http://www.promptpaymentcode.org.uk>.

22. Suppliers are also encouraged to work with the Authority to support the Authority's SME initiative. The link below to Gov.uk website provides information on the Authority's purchasing arrangements, our commercial policies and our SME policy. <https://www.gov.uk/government/organisations/ministry-of-defence/about/procurement>.

23. The opportunity also exists for Tenderers to advertise any sub-contract valued at over £10,000 in the MOD Contracts Bulletin and further details can be obtained directly from:

This requirement must be flowed down the supply chain.

34. Please notify the Authority as soon as you become aware of any issues with Supply Chain ability to comply with Cyber Essentials.

The Armed Forces Covenant

35. The Armed Forces Covenant is a public sector pledge from Government, businesses, charities and organisations to demonstrate their support for the Armed Forces community. The Covenant was brought in under the Armed Forces Act 2011 to recognise that the whole nation has a moral obligation to redress the disadvantages the armed forces community face in comparison to other citizens, and recognise sacrifices made.

36. The Covenant's two principles are that:

¹ In this context 'information' shall have the meaning as defined in the contract.

- a. The Armed Forces community would not face disadvantages when compared to other citizens in the provision of public and commercial services; and
- b. Special consideration is appropriate in some cases, especially for those who have given most such as the injured and the bereaved.

The Authority encourages all Tenderers, and their suppliers, to sign the Corporate Covenant, declaring their support for the Armed Forces community by displaying the values and behaviours set out therein.

37. Guidance on the various ways you can demonstrate your support through the Corporate Covenant is at: <https://www.gov.uk/government/policies/armed-forces-covenant>.

38.
