Any corporation established, or a group of individuals appointed to act together, for the specific purpose of meeting needs in the general interest, not having an industrial or commercial character, and (i) financed wholly or mainly by another contracting authority listed above;

(ii) subject to management supervision by another contracting authority listed above; or

(iii) more than half of the board of directors or members of which, or, in the case of a group of individuals, more than half of those individuals, are appointed by another contracting authority listed above

(iv) an association of or formed by one or more of the Contracting Authorities listed above

Entities which are not public sector bodies may also use the Dynamic Purchasing System if the Authority is satisfied that:

- such entity is calling-off goods and/or services directly, solely and exclusively in order to satisfy contractual obligations to one or more public sector bodies, all of which are entitled to use the Dynamic Purchasing System on their own account;
- all goods and/or services to be called-off by it are to be used directly, solely and exclusively to provide goods and/or services at sites occupied by such public sector body(ies); and
- it will pass the benefit of the call-off contract to such public sector body(ies) directly, in full and on a purely “pass-through” basis. Accordingly there must be no mark-up, management fee, service charge or any similar cost solely in relation to the supply of goods and/or services imposed on the relevant public sector body(ies), who must be able to benefit from the terms of the Dynamic Purchasing System in a like manner and to the same extent as if using the Dynamic Purchasing System on its/their own account.
