What happens if you aren't insured

- 3.1 The Supplier shall not take any action or fail to take any action or (insofar as is reasonably within its power) permit anything to occur in relation to it which would entitle any insurer to refuse to pay any claim under any of the Insurances.
- 3.2 Where the Supplier has failed to purchase or maintain any of the Insurances in full force and effect, the Relevant Authority may elect (but shall not be obliged) following written notice to the Supplier to purchase the relevant Insurances and recover the reasonable premium and other reasonable costs incurred in connection therewith as a debt due from the Supplier.

Evidence of insurance you must provide

- 4.1 The Supplier shall upon the Start Date and within 15 Working Days after the renewal of each of the Insurances, provide evidence, in a form satisfactory to the Relevant Authority, that the Insurances are in force and effect and meet in full the requirements of this Schedule.

Making sure you are insured to the required amount

- 5.1 The Supplier shall ensure that any Insurances which are stated to have a minimum limit "in the aggregate" are maintained at all times for the minimum limit of indemnity specified in this Contract and if any claims are made which do not relate to this Contract then the Supplier shall notify the Relevant Authority and provide details of its proposed solution for maintaining the minimum limit of indemnity.

Cancelled Insurance

- 6.1 The Supplier shall notify the Relevant Authority in writing at least five (5) Working Days prior to the cancellation, suspension, termination or nonrenewal of any of the Insurances.
- 6.2 The Supplier shall ensure that nothing is done which would entitle the relevant insurer to cancel, rescind or suspend any insurance or cover, or to treat any insurance, cover or claim as voided in whole or part. The Supplier shall use all reasonable endeavours to notify the Relevant Authority (subject to third party confidentiality obligations) as soon as practicable when it becomes aware of any relevant fact, circumstance or matter which has caused, or is reasonably likely to provide grounds to, the relevant insurer to give notice to cancel, rescind, suspend or void any insurance, or any cover or claim under any insurance in whole or in part.

Insurance claims

- 7.1 The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Deliverables, or each Contract for which it may be entitled to

claim under any of the Insurances. In the event that the Relevant Authority receives a claim relating to or arising out of a Contract or the Deliverables, the Supplier shall co-operate with the Relevant Authority and assist it in dealing with such claims including without limitation providing information and documentation in a timely manner.

- 7.2 Except where the Relevant Authority is the claimant party, the Supplier shall give the Relevant Authority notice within twenty (20) Working Days after any insurance claim in excess of 10% of the sum required to be insured pursuant to Paragraph 5.1 relating to or arising out of the provision of the Deliverables or this Contract on any of the Insurances or which, but for the application of the applicable policy excess, would be made on any of the Insurances and (if required by the Relevant Authority) full details of the incident giving rise to the claim.
- 7.3 Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.
- 7.4 Where any Insurance is subject to an excess or deductible below which the indemnity from insurers is excluded, the Supplier shall be liable for such excess or deductible. The Supplier shall not be entitled to recover from the Relevant Authority any sum paid by way of excess or deductible under the Insurances whether under the terms of this Contract or otherwise.

For these purposes the "quick ratio" on any date means:

where:

4. What happens if there is a financial distress event

4.1 In the event of a Financial Distress Event then, immediately upon notification of the Financial Distress Event (or if CCS becomes aware of the Financial Distress Event without notification and brings the event to the attention of the Supplier), the Supplier shall have the obligations and CCS shall have the rights and remedies as set out in Paragraphs 4.3 to 4.6.

4.2 In the event that a Financial Distress Event arises due to a Key Subcontractor notifying CCS that the Supplier has not satisfied any sums properly due under a specified invoice and not subject to a genuine dispute then, CCS shall not exercise any of its rights or remedies under Paragraph 4.3 without first giving the Supplier ten (10) Working Days to:

- 4.2.1 rectify such late or non-payment; or
 - 4.2.2 demonstrate to CCS's reasonable satisfaction that there is a valid reason for late or non-payment.
- 4.3 The Supplier shall and shall procure that the other Monitored Companies shall:

- 4.4 If CCS does not (acting reasonably) approve the draft Financial Distress Service Continuity Plan, it shall inform the Supplier of its reasons and the Supplier shall take those reasons into account in the preparation of a further draft Financial Distress Service Continuity Plan, which shall be resubmitted to CCS within five (5) Working Days of the rejection of the first or subsequent (as the case may be) drafts. This process shall be repeated until the Financial Distress Service Continuity Plan is Approved by CCS or referred to the Dispute Resolution Procedure.
- 4.5 If CCS considers that the draft Financial Distress Service Continuity Plan is insufficiently detailed to be properly evaluated, will take too long to complete or will not remedy the relevant Financial Distress Event, then it may either agree a further time period for the development and agreement of the Financial Distress Service Continuity Plan or escalate any issues with the draft Financial Distress Service Continuity Plan using the Dispute Resolution Procedure.
- 4.6 Following Approval of the Financial Distress Service Continuity Plan by CCS, the Supplier shall:
- 4.6.1 on a regular basis (which shall not be less than Monthly), review the Financial Distress Service Continuity Plan and assess whether it remains adequate and up to date to ensure the continued performance of each Contract and delivery of the Deliverables in accordance with each Order Contract;

- 4.8 CCS shall be able to share any information it receives from the Buyer in accordance with this Paragraph with any Buyer who has entered into an Order Contract with the Supplier.

5. When CCS or the Buyer can terminate for financial distress

6. What happens If your credit rating is still good

- 6.1 Without prejudice to the Supplier's obligations and CCS' and the Buyer's rights and remedies under Paragraph 5, if, following the occurrence of a Financial Distress Event, the Rating Agencies review and report subsequently that the credit ratings do not drop below the relevant Credit Rating Threshold, then:
- 6.1.1 the Supplier shall be relieved automatically of its obligations under Paragraphs 4.3 to 4.6; and

Rapid Review: Strategy Assurance Indicators **CQC Tender Reference: CQC EP&S 038**

APPENDIX A: STATEMENT OF REQUIREMENTS (STRATEGY ASSURANCE INDICATORS)

1. Executive Summary

The Care Quality Commission (CQC) is the independent regulator of health and social care in England. CQC make sure health and social care services provide people with safe, effective, compassionate, high-quality care and we encourage care services to improve. We do this by registering, monitoring, inspection and rating, enforcement and using our independent voice.

In 2021 CQC published 'A new strategy for the changing world of health and social care' where we set out our ambitions under four themes:

- People and communities
- Smarter regulation
- Safety through learning
- Accelerating improvement

Running through each theme are two core ambitions to assess local systems and tackle inequalities in health and care.

To support the delivery of our strategy, CQC is investing in an ambitious new research programme. Through this, we will look to use the best available existing research and undertake further primary research to provide us with the evidence needed to inform our approach to delivering our strategic ambitions.

As part of this programme, we are looking to commission a review of what CQC, and other regulators and oversight organisations do to develop and review measures and indicators to determine the impact of their strategies. We want the successful tender to make recommendations of how we might develop our indicators, to ensure we have the best measures in place, and use them to monitor our progress against our strategy and our core purpose. We also need to understand the limitations and risks of using indicators for this purpose. This will provide CQC with a firm basis on which to determine the impact of the implementation of our strategy.

2. The Requirement

We are seeking research to:

- (i) review how CQC and other regulators and oversight organisations (UK and overseas) develop and review measures and indicators to determine and evidence:
 - a. the impact of their strategies e.g. on the people who use services and the quality of care they receive, and their strategic benefits and to gain an understanding of:
 - b. how they monitor progress including against their core purpose and communicate this information to stakeholders; and
 - c. what they see as the benefits/limitations of the measures they have in place.
- (ii) make recommendations to CQC on how we might develop our indicators, how we might use them internally to hold ourselves to account and review our strategy as appropriate, how we might identify when we need more information to support the indicators and how we how might communicate our activity to the organisations we regulate, those who use services and other stakeholders.
- (iii) Set out the limitations and risks of using measures and indicators to determine the impact / delivery of the core purpose of a body like CQC

We welcome innovative approaches to research and would like to draw on the expertise of the supplier to determine the appropriate approach and methodology that they would undertake for this research, but we anticipate the main focus of it to be:

- A review of relevant literature and research to gather information on what other regulators and oversight organisations have in place, along with interviews with key personnel to gain an understanding of (i) the decision making process undertaken in developing, using and reviewing measures/indicators in place, (ii) what the perceived benefits/limitations are with the approach taken and (iii) what their plans for the future are.

With a contextual element involving:

- Desk based research (including a small number of interviews with key personnel) to gather information on how CQC developed the measures and indicators we have in place and thoughts on the perceived benefits/limitations of using them.
- In undertaking this review specific consideration should be given to the

challenges in determining impact and how these are addressed by others, such as:

- attribution where there can be multiple influencers on outcomes
- long timelines (with lags) for data gathering for indicators,
- challenges with how indicators can be used and explained.

2.1 Output requirements

Outputs will need to meet the requirements of the research as set out in this statement of requirements document.

We require the successful tender to produce:

- A research report outlining:
 - what CQC and other regulators and oversight organisations (UK and overseas) do to determine the impact and benefits of their strategies and how they communicate this information
 - how measures and indicators were developed and the perceived benefits and limitations of these
 - evidenced recommendations on how CQC can develop the measures and indicators used in its strategy assurance work and monitoring its core purpose, and how CQC might communicate this.
- A presentation of emerging findings and recommendations during the research to help CQC in its ongoing thinking in this area
- An accessible summary of the key learning to share with other regulators and oversight bodies involved in this research and for publication on our website.
- A workshop with CQC to present findings and the evidence behind the recommendations and facilitate a discussion on how CQC might progress work on our assurance and indicators.

The exact form of outputs and dissemination activities should be described in tender responses.

3. Use of findings by supplier

The supplier may use information collected and generated through the work if the following conditions are met:

- The supplier seeks consent from the Authority (CQC) before using the information (including findings or outputs) in published works and articles.
 - Consent should be sought for the duration of the Contract Term and following the expiration of the Contract Term for a period of time to be determined by the Authority and supplier.
