Section 1 – About UK Shared Business Services

Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for the Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows Contracting Authorities the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities. Our Contracting Authorities who have access to our services and Contracts are detailed <u>here</u>.

Section 2 – About the Contracting Authority

UK Space Agency (UKSA)

Founded in 2010, the UK Space Agency delivers key elements of the Government's National Space Strategy.

We use our expertise to:

- **catalyse investment**, supporting projects that drive investment and generate contracts for the UK space sector
- **deliver space capabilities and missions** that meet public needs and advance our understanding of the Universe
- **champion the power of space** to inspire people and offer greener, smarter solutions for business, and to support a sustainable future

Together, this enables us to harness the power of space to benefit our people and our planet.

Our professional staff include scientists, engineers, commercial experts, project managers and policy officials.

We have a track record of delivery: our programmes have propelled British technology across the Solar System and realised world-first innovations in spacecraft design and satellite applications.

We have a powerful global voice, partnering with institutions across the world, including the European Space Agency.

We support a thriving space sector, which currently generates an income of £16.4 billion each year and employs 45,000 people across the country.

Investment, including private and public, from the UK and overseas, will enable the space sector to deliver important research, develop new technologies and market applications, and keep pace with other nations.

Section 4 – Specification

The successful bidder for this contract will manage the portfolio of agreed UK activity for the MicroCarb mission, providing technical advice the UKSA with regards Assembly, Integration and Test (AIT) competition, monitoring milestones and ensuring delivery of work to budget and within timescales.

In 2017 TAS-UK has been awarded a contract to complete the AIT for MicroCarb which is currently due to launch in 2024. The main aims and reason for this tender is to appoint a technical advisor, with relevant skills and experience, to provide technical advice the UKSA with regards AIT competition. The contract will terminate when MicroCarb is maximum 3 months post launched.

Objectives

The successful bidder will provide a technical support to the UKSA until the launch Microcarb. This support will include attending relevant meetings with the UKSA Programme team to provide support, review relevant documents and correspondence and proactive monitor the project schedule and flag any risks and concerns to the UKSA. Further information about the specific outputs and expectations can be found in section 5 scope.

Background to the Requirement

The UK Space Agency and Centre National d'Etudes Spatiales (CNES) signed an Implementation Arrangement in April 2017 setting out their partnership on the MicroCarb satellite mission. The science objective of the MicroCarb mission is to monitor and characterize CO_2 surface fluxes, that is, the exchanges between sources (natural or anthropogenic) and sinks (atmosphere, ocean, land and vegetation). The instrument will be flown on a microsatellite built around CNES's Myriade spacecraft.

Under the implementation arrangement with CNES, the UK Space Agency contracted TAS-UK for and support the realization of the Assembly, Integration and Test (AIT) activities applied to the platform and to the satellite, with a technical delegation given to CNES. The UK Space Agency also finance UK industrial contributions to the development of the instrument calibration unit, Ground Support Equipment (GSE) necessary for the integration or the calibration of the instrument, subsystems of the platform, development of parts of the Payload Ground Segment (PLGS), and subsystems of the instrument.

The UK Space Agency is seeking technical support from an organisation with the relevant expertise and experience to ensure these activities are delivered on time and within budget, with maximum value for money and economic return achieved for UK plc.

Scope

The successful bidder must:

 Provide oversight of the technical management of the AIT activities, liaising closely with the AIT contractor and CNES, and provide support to UK Space Agency's management of the contractual and financial aspects of the AIT contract.

- Participate jointly with CNES and UK Space Agency in progress meetings and reviews of the AIT contract- providing robust assessment of progress against agreed milestones, identifying any issues which may affect the schedule or cost. These reviews take place every month.
- Provide technical advice in support of UK Space Agency decision making in relation to the completion of agreed milestones by the AIT contractor.
- Provide technical advice in support of UK Space Agency decision making in relation to the completion of agreed programme milestones by UK subcontractors that are supplying agreed activities under a CNES contract or through ADS France.
- Provide regular updates to UK Space Agency on the progress of the AIT and other activities funded by the UK Space Agency, identifying and tracking any issues which may affect the schedule or cost.
- Provide technical support in the form of a briefing document and briefing meeting, to the UK representatives of the MicroCarb Steering Committee, which will meet at least twice a year, to enable them to make effective decisions regarding the mission progress against agreed milestones and allow them to resolve any issues concerning the interpretation or the implementation of the present MicroCarb Implementation Arrangement.
- The work will vary from month to month and therefore the successful bidder must be able to prioritise the most urgent tasks and be able to determine which tasks should be completed and by when.

Requirement

Essential Skills

- Bidders shall demonstrate that their organisation have highly developed technical communication skills, specifically a proficiency in understanding and clearly communicating complex technical matters to a range of audiences- both technical and non-technical in both written and oral formats.
- Bidders shall demonstrate that their organisation has an awareness of the risks and issues that may arise on a satellite mission, in particular the AIT process, that affect schedule and cost, and have demonstrable experience in mitigating against and/or managing these.
- Bidders shall demonstrate how work will be managed and delivered, including any quality assurance and risk assessment procedures.
- Bidders shall demonstrate an awareness of the UK Government's Space Growth Strategy and Industrial Strategy and demonstrate how their approach shall ensure that the UK's partnership on the MicroCarb mission remains aligned with high level Government strategies.
- Key personnel shall be named at contract award and named member/s of the successful applicants programme team shall be required to complete a No Conflict of Interest statement and Confidentiality agreement. If and when required, Named Member/s of the successful bidder's programme team shall also consent to obtaining

any security clearance level necessary for carrying out the required work.

• Bidders shall provide assurances as to the availability of personnel and resources to deliver this programme over the full duration of the MicroCarb mission and show how any potential changes, such as unforeseen absence, in personnel or resource will be managed.

Timetable

- Procurement activity for MicroCarb has been already completed, with the AIT contract being awarded to TAS-UK in 2017. The MicroCarb mission is currently scheduled to launch in 2024, and technical support and oversight of UK activities and contributions will be required across the one and half year period up to the launch. This period may extend if the launch is delayed. There will be peaks and troughs of activity within this period, it is not envisaged that activity will require more than 2-6 days per month-including attendance of meetings, preparatory work and general support, however there may be months when additional support may be required, if significant AIT issues occur.
- Bidders if successful will be required to periodically invoice UK Space Agency under the terms of the contract for work conducted under the instruction of UK Space Agency.
- The bidders's programme team may be required to travel to Toulouse for technical review meetings with CNES. Travel to UK Space Agency headquarters in Swindon or London may be required on an ad-hoc basis to provide progress reports and to brief members of the MicroCarb steering committee in advance of committee meetings. Travel and subsistence for these events will be costed and paid for by UK Space Agency, in line with the BEIS Travel & Subsistence Policy, as and when they occur.

Duration

The Contract duration shall be for a period of 18 months from commencement of the Contract. UKSA will have the right, without cause and without liability, to end this Contract, by giving at least three month's written notice to the successful bidder.

Price

Bidders are to submit a rate card of staff rates by grade/type, inclusive of any overhead costs which will be used as the basis for price evaluation and packages of work defined by future Microcarb meetings.

For the avoidance of doubt, the successful bidder will be paid an hourly rate for work completed

All Prices should be in £GBP and exclusive of VAT. Payment will be made on UKSA's acceptance of key deliverables.

Terms and Conditions

Bidders are to note that any requested modifications to the Contracting Authority Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

Section 5 – Evaluation of Bids

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is 'for information only' it will not be scored.

The evaluation team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required.

To maintain a high degree of rigour in the evaluation of your bid, a process of commercial moderation will be undertaken to ensure consistency by all evaluators.

Scoring criteria

Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings / scoring mechanism detailed within this ITQ. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

Evaluation		No. Oursetion subject	Maximu	um Marks
Envelope	Q No.	Question subject	Overall	Breakdown
Commercial	AW5.1	Price	30%	30%
Technical	PROJ1.1	Risk and Mitigation		20%
Technical	PROJ1.2	Alignment with Government Strategies		10%
Technical	PROJ1.3	Management of Personnel and Resources	70%	20%
Technical	PROJ1.4	Programme Support		20%

Evaluation of criteria

Non-Commercial Elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

Score = {weighting percentage} x {bidder's score} = 20% x 60 = 12

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered, or the response is completely unacceptable.	
10	Extremely poor response – they have completely missed the point of the question.	
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.	
40	Poor response only partially satisfying the question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.	
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.	
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.	

100	Response is exceptional and clearly demonstrates they are capable of meeting		
	the requirement. No significant weaknesses noted. The response is compelling		
	in its description of techniques and measurements currently employed,		
	providing full assurance consistent with a quality provider.		

All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows:

Example

Evaluator 1 scored your bid as 60 Evaluator 2 scored your bid as 60 Evaluator 3 scored your bid as 40 Evaluator 4 scored your bid as 40 Your final score will $(60+60+40+40) \div 4 = 50$

Once the above evaluation process has been undertaken and the scores are apportioned by evaluator(s) this will then be subject to an independent commercial review and moderation meeting, if required by the commercial lead, any and all changes will be formally recorded relative to the regulatory obligations associated with this procurement, so as to ensure that the procurement has been undertaken in a robust and transparent way.

Commercial Elements will be evaluated on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100. All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the Commercial criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.

Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.

Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.

Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.

Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50.

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 (80/100 x 50 = 40)

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

This evaluation criteria will therefore not be subject to any averaging, as this is a mathematical scoring criterion, but will still be subject to a commercial review.

Evaluation process

The evaluation process will feature some, if not all, the following phases.

Stage	Summary of activity	
Receipt and Opening	 ITQ logged upon opening in alignment with UK SBS's procurement procedures. Any ITQ Bid received after the closing date will be rejected unless circumstances attributed to UK SBS, the Contracting Authority or the eSourcing Portal beyond the bidder control are responsible for late submission. 	
Compliance check	 Check all Mandatory requirements are acceptable to the Contracting Authority. Unacceptable Bids maybe subject to clarification by the Contracting Authority or rejection of the Bid. 	
Scoring of the Bid	 Evaluation team will independently score the Bid and provide a commentary of their scoring justification against the criteria. 	
Clarifications	The Evaluation team may require written clarification to Bids	
Re - scoring of the Bid and Clarifications	 Following Clarification responses, the Evaluation team reserve the right to independently re-score the Bid and Clarifications and provide a commentary of their re-scoring justification against the Evaluation criteria. 	
Moderation meeting (if required to reach an award decision)	 To review the outcomes of the Commercial review To agree final scoring for each Bid, relative rankings of the Bids 	
Due diligence of the Bid	 the Contracting Authority may request the following requirements at any stage of the Procurement: Submission of insurance documents from the Bidder Request for evidence of documents / accreditations referenced in the / Invitation to Quote response / Bid and / or Clarifications from the Bidder Taking up of Bidder references from the Bidders Customers. Financial Credit check for the Bidder 	
Validation of unsuccessful Bidders	• To confirm contents of the letters to provide details of scoring and meaningful feedback on the unsuccessful Bidders Bid in comparison with the successful Bidders Bid.	

Section 6 – Evaluation Response Questionnaire

Bidders should note that the evaluation response questionnaire is located within the **Jaggaer eSourcing Portal.**

Guidance on how to register and use the Jaggaer eSourcing portal is available at

https://beisgroup.ukp.app.jaggaer.com/

PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY

Section 7 – General Information

What makes a good bid – some simple do's 🙂

DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date / time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the Section 3 of the ITQ shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay is solely attributable to the Contracting Authority
- 7.3 Do ensure you have read all the training materials to utilise the eSourcing portal prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission, we may reject your Bid.
- 7.5 Do ensure you utilise the Jaggaer eSourcing messaging system to raise any clarifications to our ITQ. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information, we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who the Contracting Authority is and what they want a generic answer does not necessarily meet every Contracting Authority's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear, concise and ideally generic contact details; telephone numbers, emails.
- 7.10 Do complete all questions in the evaluation response questionnaire or we may reject your Bid.
- 7.11 Do ensure that the Response and any documents accompanying it are in the English Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.
- 7.12 Do check and recheck your Bid before dispatch.

UK OFFICIAL

What makes a good bid – some simple do not's 🛞

DO NOT

- 7.13 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.14 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.15 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.16 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.
- 7.17 Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.
- 7.18 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.19 Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.
- 7.20 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.21 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.22 Do not exceed word counts, the additional words will not be considered.
- 7.23 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.
- 7.24 Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via the Jaggaer eSourcing portal. Responses received by any other method than requested will not be considered for the opportunity.

Some additional guidance notes <a>

7.25 All enquiries with respect to access to the eSourcing portal and problems with functionality within the portal must be submitted to Jaggaer eSourcing Helpdesk

Phone 08000 698 632 Email customersupport@jaggaer.com

Please note; Jaggaer is a free self-registration portal. Bidders can complete the online registration at the following link: <u>https://beisgroup.ukp.app.jaggaer.com/</u>

- 7.26 Bidders will be specifically advised where attachments are permissible to support a question response within the eSourcing portal. Where they are not permissible any attachments submitted will not be considered as part of the evaluation process.
- 7.27 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Response Questionnaire.
- 7.28 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.29 We do not guarantee to award any Contract as a result of this procurement
- 7.30 All documents issued or received in relation to this procurement shall be the property of the Contracting Authority / UK SBS.
- 7.31 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through the Jaggaer eSourcing Portal.
- 7.32 If you are a Consortium you must provide details of the Consortiums structure.
- 7.33 Bidders will be expected to comply with the Freedom of Information Act 2000, or your Bid will be rejected.
- 7.34 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.35 Your bid will be valid for 90 days or your Bid will be rejected.
- 7.36 Bidders may only amend the contract terms during the clarification period only, only if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract terms without such grounds and the Contracting Authority fail to accept your legal or statutory reason is reasonably justified, we may reject your Bid.
- 7.37 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.
- 7.38 If you fail mandatory pass / fail criteria we will reject your Bid.

- 7.39 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Jaggaer eSourcing Portal.
- 7.40 Bidders should note that if they are successful with their proposal the Contracting Authority reserves the right to ask additional compliancy checks prior to the award of any Contract. In the event of a Bidder failing to meet one of the compliancy checks the Contracting Authority may decline to proceed with the award of the Contract to the successful Bidder.
- 7.41 All timescales are set using a 24-hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through the Jaggaer eSourcing Portal.
- 7.42 All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

7.43 The Government revised its Government Security Classifications (GSC) classification scheme on the 2nd April 2014 to replace the previous Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC. The link below to the Gov.uk website provides information on the new GSC:

https://www.gov.uk/government/publications/government-security-classifications

The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.

8.0 Freedom of information

- 8.1 In accordance with the obligations and duties placed upon public authorities by the Freedom of Information Act 2000 (the 'FoIA') and the Environmental Information Regulations 2004 (the 'EIR') (each as amended from time to time), UK SBS or the Contracting Authority may be required to disclose information submitted by the Bidder to the to the Contracting Authority.
- 8.2 In respect of any information submitted by a Bidder that it considers to be commercially sensitive the Bidder should complete the Freedom of Information declaration question defined in the Question FOI1.2.
- 8.3 Where a Bidder identifies information as commercially sensitive, the Contracting Authority will endeavour to maintain confidentiality. Bidders should note, however, that, even where information is identified as commercially sensitive, the Contracting Authority may be required to disclose such information in accordance with the FoIA or the Environmental Information Regulations. In particular, the Contracting Authority is required to form an independent judgment concerning whether the information is exempt from disclosure under the FoIA or the EIR and whether the public interest favours disclosure or not. Accordingly, the Contracting Authority cannot guarantee that any information marked 'confidential' or "commercially sensitive" will not be disclosed.
- 8.4 Where a Bidder receives a request for information under the FoIA or the EIR during the procurement, this should be immediately passed on to UK SBS or the Contracting Authority and the Bidder should not attempt to answer the request without first consulting with the Contracting Authority.
- 8.5 Bidders are reminded that the Government's transparency agenda requires that sourcing documents, including ITQ templates such as this, are published on a designated, publicly searchable web site, and, that the same applies to other sourcing documents issued by UK SBS or the Contracting Authority, and any contract entered into by the Contracting Authority with its preferred supplier once the procurement is complete. By submitting a response to this ITQ Bidders are agreeing that their participation and contents of their Response may be made public.

9.0. Timescales

9.1 <u>Section 3 of the ITQ sets out the proposed procurement timetable. The Contracting Authority reserves the right to extend the dates and will advise potential Bidders of any change to the dates.</u>

10.0. The Contracting Authority's Contact Details

10.1 Unless stated otherwise in these Instructions or in writing from UK SBS or the Contracting Authority, all communications from Bidders (including their subcontractors, consortium members, consultants, and advisers) during the period of this procurement must be directed through the eSourcing tool to the designated UK SBS contact. 10.2 Bidders should be mindful that the designated Contact should <u>not under any</u> <u>circumstances</u> be sent a copy of their Response outside of the Jaggaer eSourcing portal. Failure to follow this requirement will result in disqualification of the Response.
