The *Employer's* Acceptance

Execution of this Contract is carried out in accordance with the 1999 EU Directive 99/93 (Communication Framework for Electronic Signatures) and the UK Electronic Communications Act 2000. This Contract is formed on the date on which both the Authority and the Contractor have communicated acceptance of its terms on the Authority's e-tendering system ('Bravo').

Price List

Entries in the first four columns in this Price List are made either by the *Employer* or the tenderer.

If the *Contractor* is to be paid an amount for the item which is not adjusted if the quantity of work in the item changes, the tenderer enters the amount in the Price column only; the Unit, Quantity and Rate columns being left blank.

If the *Contractor* is to be paid an amount for the item of work which is the rate for the work multiplied by the quantity completed, the tenderer enters the rate which is then multiplied by the expected quantity to produce the Price, which is also entered.

Following completion of the deliverables (deemed complete following acceptance by the Employer), the Contractor will make a payment application in respect of the assessment to deliverables within programme and the amount in question. This will then trigger payment to the Contractor.

4 Constraints on how the Contractor Provides the Works

1. The *Contractor* ensures the works do not restrict the operations of the *Employer* on site or neighbouring buildings.
2. The *Contractor* ensures that all necessary measures are implemented to protect building users from the hazards of the works.
3. All CDM 2015 Regulations apply.
4. All waste is the property of the *Contractor* and must be legally disposed of away from the site by the *Contractor*.
5. The *Contractor* allows to complete the works in a phased manner as agreed with the *Employer*.
6. Hoardings must be kept locked shut at all times, with secondary fall protecting kept in place.
7. All workmanship is to be in strict accordance with manufacturers' recommendations, British Standards, and all applicable codes of practice.
8. Contractor is permitted to sub-contract the works, provided the sub-contractor works off a back-to-back contract with this one, and whose appointment has been approved by the Employer.
9. Contractor must ensure that all design and deliverables complies with all relevant standards and guidance (such as ISO or BS standards for design, construction and commissioning)
- 10 Contractor shall be required to submit a weekly progress report. The Contractor shall be required to attend a progress meeting with the Employer, at least weekly, and discuss progress against the Programme and any issues and risks that may prevent completion.

11. While on the Site, the Contractor complies with any Health and Safety measures implemented by the Employer in respect of Contractor's Personnel and other persons working on the Site. This includes health screening and all relevant SOPs.

12. While on site, the Contractor will promptly notify the Employer of any Health and Safety hazards which may arise in connection with the performance of the Contract

Access

The *Contractor* ensures throughout the period of this Contract that the occupants of neighbouring or adjoining premises have unimpeded access to their respective premises.

Where the *works* require some temporary revision to the access arrangements, the *Contractor* is to be responsible for agreeing all such arrangements and the payment of any costs or any effect on the works.

The *Contractor* allows for additional investigations that it deems necessary for successful completion of the works, as detailed in this Works information.

Working times

The *works* will be noisy and disruptive to office based staff, therefore the *works* need to be done outside of normal working hours, unless the *Employers* project manager gives permission to do so, to the *Contractor* in writing.

The *Contractor* will be permitted to work **between 08:00 to 18:00 hours Monday to Friday.**
