General Instructions

The Engagement Letter describes the services required and provided. When completing the Engagement Letter establish the context, explain why external support is required and distinguish between the objectives, outcomes, scope, and deliverables. The rationale behind the costs should be made evident in the Fees section. The Business Area considerations are guidance notes for the customer to support their evaluation of the Engagement Letter.

The Engagement will be a fully contracted out service therefore the off-payroll legislation will not apply. A true service will have the following characteristics:

- Delivery is fully outsourced to the supplier, who will have full responsibility for delivering the outcome and the risk of non-delivery sits with the supplier.
- The team is not embedded within your organisation but is engaged, directed, and controlled entirely by the supplier.

It is your responsibility to determine whether your Engagement represents a supply of an outsourced managed service or a supply of resource. The reality of working arrangements should be considered and not just contractual terms.

Risk management

Two layers of risk management shall be considered during this engagement:

- Risk to the service provided by Methods to the Client. These risks shall be recorded and mitigated by Methods team and communicated to the named Point of Contact either through regular governance structure or on an ad-hoc basis should a critical risk be raised.
- Risk to the projects which the Methods team are supporting the Client to deliver will be managed through project level risk processes via the Project Manager. Mitigations will be jointly developed.

Risks identified at this point to be included:

- There is a risk that there could be challenges with stakeholder availability and/or engagement that could impact timeframes.
- There is a risk that wider changes on direction could impact the requirements on the DPEL which could impact value of agreed outcomes and deliverables

Limitations on scope and change control

Unless instructions to the Supplier are later amended in writing, the work undertaken will be restricted to that set out above. In providing the services detailed above, the Supplier will be acting in reliance on information provided by the Business Area.

The Project Engagement Letter is the agreed contract of work between the Defra Group Business Area and the Supplier and can be varied under the change control process. Any changes to timescales, scope and costs will require consultation with DgC and subsequent relevant approvals.

4. Delivery management

Supplier Delivery Team

The outcomes-based nature of consultancy services provided through Lot 3 (Ref 28595) dictates that the Supplier retains responsibility and authority to provide the delivery team required to meet the contracted outcomes. The Business Area team should manage any performance concerns directly with the Supplier Team in the first instance with escalation, where necessary, through Defra Group Commercial.

The actual resources used in the delivery may be greater or less than that on which the price is based as the work is undertaken at the Supplier's risk. Should factors materialise that impact successful delivery, through factors outside the Supplier's control that warrant an alteration to time or cost, a change control will be made to this document.

Business Area's Team

5. Fees

Defra Group will reimburse the Supplier for approved work done according to the table below. The total fees for the scope of work detailed in this Engagement Letter will be £19,800 exclusive of expenses and excluding VAT.

This total represents the agreed fixed price of the Supplier for the successful delivery of the contracted outcomes. The fees are based on the expected delivery team using the set framework rates. DgC review the resources and rates as part of commercial due diligence and sign-off.

Stage	Due (link to milestone dates)	Cost
Phase 1 – Programme Planning and Approach Criteria met to trigger payment: All agreed deliverables within phase achieved.	11/07/25	£19,800
Grand Total		£19,800
Expenses		
Note: Expenses to the base location as determined for each individual assignment should be included in the rates. Expenses up to 10% of the total DPEL value to other locations will be paid in line with the Client Departments Travel and Subsistence policy and must be approved in advance.		

Payment

The Supplier should invoice at project stage milestones set out in section 4. Defra Group will reimburse fees on confirmation of approval of work delivered, by the Business Area.

6. Governance and reporting

Business Area to outline governance and report requirements relevant to the Engagement through Key Performance Indicators below:

Key Performance Indicators

Business Area and Supplier to agree any specific key performance indicators related to this specific project engagement.

KPI	KPI Requirement	Description	Reporting Frequency	Who Measures	Method of Measurement	Performance Target
1.	Availability of Methods	A named delivery contact or delegate will be available to the client for discussions within and outside of DPEL content during working hours.	Ongoing for duration of DPEL	SRO or delegate, with Methods Assurance	Escalation from client team if expected behaviour is not demonstrated	Measured against DPEL & Methods Lot3 agreement.
2.	Regular checkpoints provided by Methods	Weekly reporting to ascertain delivery progress, key risks/concerns	Weekly	SRO with Methods Assurance	Regular project meetings or telecons	Measured against DPEL deliverables.
3	Delivery of agreed deliverables	These will not be exceeded above agreed tolerance without agreement between all parties	Weekly	SRO or delegate, with Methods Assurance	Regular project meetings or telecons	Measured against DPEL deliverables.

Feedback and satisfaction

Business Area and Supplier to agree regular reporting intervals for the duration of the engagement.

Defra Group reserves the right to hold review meetings during the assignment, discussing what went well, opportunities for improvement on future assignments and similar. This will incorporate any 'Show and Tell' documentation or transferable products that have been produced. A post-engagement quality review must be completed as part of the Engagement sign-off. DgC will contact the Business Area to arrange this and share the feedback with the supplier on a bi-monthly basis.

Non-disclosure agreements

The overarching MCF2 framework includes NDAs.

7. Exit management

The agreed actions and deliverables by the Supplier for when the contract ends are as follows:

Upon exiting the project engagement, the Supplier will provide all final deliverables alongside supporting handover documents. The exit terms are as detailed in the call off contract framework document.

Handover of all operational Project and Programme documentation and data held in Project Portal. Plus effective knowledge transfer to Defra staff including Project handover briefs – written and oral.

Notice period

The nature of these engagements requires that Defra Group have the ability to terminate an engagement with notice. Defra Group's termination rights for this engagement are marked below.

The minimum notice period for termination is 5 working days regardless of engagement duration.

Supplier Engagement Process

1. Business Area identifies a potential need for delivery support, initiates a conversation with DgC, confirms which approvals are required for an engagement to occur, e.g. Consultancy Governance Board if over £120k or DgC Corporate Services Delivery Board if under £120k.
2. If over £120k the Spend Control Form must be completed by Business Area and submitted to DgC at:
[REDACTED]
3. Lot / Supplier is selected and briefed on the request by DgC, then introduced to the requesting Business Area for further discussion and confirmation of work to be delivered.
4. A Project Engagement Letter is completed by the Business Area with input from the Supplier (with supporting proposals as appropriate) and support from DgC and then finally agreed between the two parties, including
