Attachment 1 – Services Specification

1. Background

- i. Digital & Technology has expanded its use of MacBooks as more Development work comes in house. There are now approaching 1200 MacBook users across the MOJ, mainly in Digital & Technology, with an anticipated growth to 1500 users during the next 12 months and up to 1800 users in total the following year. The devices are a blend of MacBook/MacBook Air (40%) and MacBook Pro (60%).
- ii. The proposed duration of the contract is 12 months. The Contract term dependent on customer requirements. Expect initial 12 months, with a +12month extension period. Break clause of minimum 90 days' notice period to Supplier.
- iii. **Incident Management**

All incidents are raised via the MOJ Digital & Technology Service Desk, provided by CGI. 2nd Line Support is provided by MOJ Digital Support, Incident, Problem and Major Incident Management is provided by the MOJ D&T Incident Management Team.

2. Business Objectives and Timeline

- i. D&T Digital Staff build, maintain and support Digital Services consumed by MOJ staff and the general public. Without a working device they are unable to undertake essential work which has a significant operational impact to the business and for the general public including victims of crimes and vulnerable adults. Our internal teams do not have the capacity or logistics to offer a next business day break-fix replacement service.
- ii. To provide a consistent user experience for break-fix support, regardless of which device or platform is used across the MoJ.
- iii. The service is required to be in place on 1st December 2021.
- iv. The Potential Supplier would be expected to include all costs associated with each provision. Please provide price separately from the proposal using the Break-Fix Service - Pricing schedule attached. Price per unit across break fix and costs incurred with couriating EOL and break fix devices from office and home addresses to be included. Please also include your SFIA rate card for delivering these services

3. Who are the users?

1200 MacBook users across the MOJ, mainly in Digital & Technology, with an anticipated growth to 1500 users during the next 12 months and up to 1800 users in total the following year.

4. Requirements Scope

A robust enterprise level support wrap is required to ensure service can be restored to Digital users in a reasonable timeframe, mirroring the existing next business-day replacement service offered to MoJ Windows 10 users.

i. Detailed Description of Requirements

Numbers to be defined by the Supplier based on our requirement that we publish.

MacBook Pro 15"

MacBook Pro 16"

MacBook Pro 13"

MacBook Air

ii. Incident Routing and ServiceNow integration:

Incidents to be passed to the break fix supplier by either 1st line (provided by CGI) or the 2nd line MOJ Digital Support Team where a hardware issue has been identified.

The expectation is that devices will be fixed remotely and there is no requirement for supplier engineers to attend MoJ sites. Therefore, courier costs must be part of the pricing. Devices will have an initial assessment by MoJ second line support staff prior to being identified for break-fix.

Supplier shall pass incidents directly to the MOJ's Service Management Toolset, ServiceNow.

iii. Break Fix Scenarios

1. User not at fault hardware issue within warranty
2. User not at fault hardware issue outside of warranty
3. User at fault hardware issue

iv. Break Fix Service

- Break fix service to cover devices within and outside of warranty.
- Out of warranty repair costs to be pre-approved by MOJ Support Team unless parts are salvageable from existing damaged stock (e.g. swapping display panels or keyboards to make 1 good device out of 2 or 3 bad).
- Supplier to enact the warranty process and put repaired devices back into the break-fix pool
- Supplier to provide monthly reports and MI
- Supplier to update CMDB status with MoJ's SACM Team.
- Devices to be swapped out like for like in a pre-staged state.
- User to be guided through zero touch deployment by the MOJ 2nd Line Support Team.

Supplier to hold small rolling stock of devices to provide swap out service.

V. Service Level Agreement:

Next business-day delivery of replacement devices on receipt of tickets (incidents) via the MoJ Service Management Toolset, with an agreed daily cut off point after which devices will be shipped on the next business day.

Onsite repairs by Supplier staff to be undertaken within 16 working hours. Supplier to define the resource for onsite repairs dependent on requirement. The expectation is that devices will be fixed remotely and at MOJ sites. Therefore, courier costs must be part of the pricing. Devices will have an initial assessment by MoJ

second line support staff prior to being identified for break-fix. Like for like replacement devices to be received next business day.

5. Uneconomical Out of Warranty Repairs

Where an out of warranty repair is deemed uneconomical, faulty devices are to be disposed of as described in Secure Disposal Service below.

Device Deployment and Re-imaging

Devices to be deployed with a pre-staged image as defined by MOJ Digital team, pre-registered in Intune with end users completing the build via zero touch deployment.

Parts and Labour

All costs associated with parts and labour to be included. When an incident is passed to the Supplier requiring a device swap out, the Supplier will arrange for a replacement device to be delivered to the user on the next business day with the faulty device collected at the same time (doorstep swap) unless the user is authorized to retain their existing device.

Secure & Sustainable Disposal Service

Non-repairable or EOL device secure disposal. All devices to be Blancco'd or equivalent secure wiping and disposed via an environmentally friendly disposal/ recycling process including certificate of disposal (zero-landfill policy).

6. Courier Charges

Break fix supplier to arrange courier collection / delivery of devices from MoJ sites and users' home locations. Costs incurred with couriating EOL and break fix devices from office and home addresses to be included. Doorstep swap to support exchanging new devices for old devices.

Volume based charging

Flexibility to add or remove devices at any stage.

7. Technical and Quality Standards

Must meet ISO 27001 and ISO9001 quality standards. Comply with the Waste Electrical and Electronic Equipment (WEEE) regulation

8. Social Value

In our social value assessment, MoJ will look at the environmental impact of the service, and how this will be minimised. Suppliers need to demonstrate in the pricing document that environmental targets have been set, and what KPIs will be used to measure these.

9. Security Clearance:

Personnel involved in this service must be security cleared, to Security Clearance (SC) level, including engineers but excluding couriers.

Attachment 4 – Service Levels and Service Credits

[Guidance Note: The following are included by way of example only. Procurement-specific Service Levels should be incorporated]

Service Levels and Service Credits

Service Levels				Service Credit for each Service Period
Service Level Performance Criterion	Key Indicator	Service Level Performance Measure	Service Level Threshold	
[Accurate and timely billing of Buyer]	[Accuracy /Timelines]	[at least 99% at all times]	[]	[0.5% Service Credit gained for each percentage under the specified Service Level Performance Measure]
[Access to Buyer support]	[Availability]	[at least 99% at all times]	[]	[0.5% Service Credit gained for each percentage under the specified Service Level Performance Measure]

The Service Credits shall be calculated on the basis of the following formula:

[Example:

Formula: $x\%$ (Service Level Performance Measure) - $x\%$ (actual Service Level performance)

Worked example: 99% (e.g. Service Level Performance Measure requirement for accurate and timely billing Service Level) - 75% (e.g. actual performance achieved against this Service Level in a Service Period)

= $x\%$ of the Service Charges payable to the Buyer as Service Credits to be deducted from the next Invoice payable by the Buyer
 = 23% of the Service Charges payable to the Buyer as Service Credits to be deducted from the next Invoice payable by the Buyer]

Service Credit Cap

[Insert details of the Service Credit Cap]

Critical Service Level Failure

[Insert details of the Critical Service Level Failure – examples are provide below for guidance.]

*[In relation to **[specify the relevant Service Level]** a Critical Service Level Failure shall include a delay in producing **[specify the relevant Deliverable]** ordered by the Customer in excess of **[specify the relevant time period]** more than once in any **[specify the relevant period]** or more than **[specify the relevant time period]**.]*

And/or

*[In relation to **[specify the relevant Service Level]** a Critical Service Level Failure shall include a loss of **[specify the relevant Availability]** during core hours **[specify the relevant core hours]** to the **[specify the relevant Service]** for more than **[specify the relevant time period]**, or **[specify the relevant time period]**.]*

Attachment 5 – Key Supplier Personnel and Key Sub-Contractors

- 1.1 The Parties agree that they will update this Attachment 5 periodically to record any changes to Key Supplier Personnel and/or any Key Sub-Contractors appointed by the Supplier after the Commencement Date for the purposes of the delivery of the Services.
