Framework Schedule 1 (Specification)

This Schedule sets out what we and our buyers want.

The supplier must only provide the Deliverables for the Lot that they have been appointed to.

For all Lots and/or Deliverables, the Supplier must help Buyers comply with any specific applicable Standards of the Buyer.

The Deliverables and any Standards set out in Paragraph 1 below may be refined (to the extent permitted and set out in the Order Form) by a Buyer during a Further Competition Procedure to reflect its Deliverables Requirements for entering a particular Call-Off Contract.

Our social value priorities

These are our priorities in this procurement:

- Social Value Theme – Covid-19 Recovery

The buyer can identify specific social value priorities at call-off.

Specification:-

UKRI are putting this framework in place which will enable the rapid, agile resourcing of specialist IT services to meet agreed outcomes and deliverables while providing a time and materials payment structure. The intention of the framework is to allow buyers to outline a statement of work and the associated required resourcing services to deliver the work. For the avoidance of doubt, this framework does **not** include contingent labour. The setup of this framework will be whereby services of different types may be called-off at short notice against rate-card rates.

This procurement framework will run over 4 years. The value of this framework will be £9.5m excluding VAT over the term of the four years.

Demand over the duration of the framework agreement is difficult to predict, however an approximate 30+ temporary services are consistently in use across Business Systems and Innovation (BS&I) and Business Change to meet demand. This number increases / decreases based on project pipeline demand.

Services can be provided from outside of the United Kingdom however these must be provided in UK hours and with English language speakers.

All Services will be expected to comply with Customer IT Acceptable Usage, Cyber Security, Corporate Compliance policies, GDPR policies and relevant DBS Baseline Checks. Services are to be validated as capable of the Service Type descriptions by the Framework Supplier. Liability for performance and professional indemnity sits with the Framework Supplier.

The structure of this framework will be over 9 different lots and suppliers are welcome to submit tenders for any of these lots. The framework value of £9.5m excluding VAT will be spread over the 9 different lots.

The lots are broken down as follows:-

Lot 1: Digital, Data and Technology capability

Lot 2: User Centred Design

Lot 3: Senior Data Roles

Lot 4: Salesforce

Lot 5: Workday

Lot 6: Developer

Lot 7: Solutions

Lot 8: Portfolio and Programmes

Lot 9: Functions

Calling-off from the framework:-

Below is a guideline as to the estimated timeframes for call-off. Please note that this is a rough guideline however this is to provide you with some guidance around the tasks involved in each stage. The below timescales are based on working days:-

Day 1: Customer submits request via a statement of work which clearly lays out the start and end date of the requirement, budget, outcomes to be delivered and skills that are required from the supplier

Day 2: UKSBS would pick this up and draft the relevant order form (Agile IT Services Framework Request for Quotation (RFQ)) to submit to the suppliers to provide a quote and respond to the mandatory skills and outcomes questions. The split of the price to quality will always be as follows: 60% quality and 40% price. An example of the RFQ document is included within the tender documentation.

Day 3 to 5: Suppliers acknowledge receipt of statement of work and advise whether they will be able to provide the necessary skills and meet outcomes and deadlines. As well as provide a response to the quality questions.

Day 6 to 8: UKSBS receive a response to the quality questions and an evaluation is carried out against this response to determine who has been awarded the opportunity.

Day 9 to 10: Suppliers are notified who has been awarded the requirement. **Please note that feedback to suppliers will only be provided upon request.**

Day 11 to 14: UKSBS work with the supplier who the work has been awarded to regarding signing of terms and conversion of the PO.

Variation to existing call-off agreement:-

The maximum length of a call-off contract under this framework will be 24 months.

Requirements can be variated against should they wish to be extended beyond the initial agreed term. Should requirements be extended then they will be against an individual SOW and against the maximum percentage variations as below:-

- There will be a maximum of 25% against the initial term of the call off contract for extensions that are term only
- There will be a maximum of 20% against the initial value of the call off contract for extensions that are value only

The framework should allow for unified billing for services in-arrears on a monthly basis.

Characteristics of all lots (1-9) :-

As part of the conditions for suppliers to be considered for this framework. The following key points must apply to each supplier:-

- That all job roles must be able to be provided by the supplier on that particular Lot – The job roles are fully detailed along with descriptions on the “Agile IT Services Framework Spreadsheet”
- That the price that is submitted is a fixed day rate for that particular job role for the first year of the framework period. In subsequent years the CPI index will be factored in.
- The bidder must agree to provide discounted rates based on the following duration of service provision:-
 - Greater than 120 working days 2.5% discount
 - Greater than 240 working days 5% discount.

Termination of Existing Services

For Termination of Existing Services at request of Framework Customer:

- Response to request for service termination from the Framework Customers within 2 working days
- Completion of termination within 5 working days of request by Framework Customers.

Details of the Cyber Essentials Scheme can be found at:

<https://www.cyberessentials.ncsc.gov.uk/>

"Cyber Essentials Basic Certificate"

"Cyber Essentials Plus Certificate"

the certification awarded on the basis of external testing by an independent certification body of the Supplier's cyber security approach under the Cyber Essentials Scheme and is a more advanced level of assurance.

2. What Certification do you need

2.1 Where the Framework Award Form requires that the Supplier provide a Cyber Essentials Certificate or Cyber Essentials Plus Certificate prior to contract award the Supplier shall provide a valid Cyber Essentials Certificate or Cyber Essentials Plus

Certificate to UKRI. Where the Supplier fails to comply with this Paragraph it shall be prohibited from commencing the provision of Deliverables under any Contract until such time as the Supplier has evidenced to UKRI its compliance with this Paragraph 2.1.

Overview of solution required/outcomes:

Job Roles Required:

Period for requirement to cover:

Scoring Criteria:

40% Price/60% Quality

Example Quality Questions:-

***Please detail your proposed schedule for successful delivery. Clearly indicate key phases of activity and milestones to achieve the expected timeline and link it to each resource provided**

***Please advise on how you successfully deliver this requirement. Please detail how each individual will contribute to this requirement**

***Please identify the key risks and dependencies, and specifically how these will be managed**

***Please describe the approach and methodology you will apply to this requirement including how priorities will be determined and emerging findings presented**

***Please indicate a timeline for mobilisation detailing key timescales for delivery of this project**

Example of mandatory Requirements:-

Please could you confirm that you are able to provide the job roles required between the following time period (Y/N):-

Please could you advise whether you have the following minimum security requirements (Y/N):

Please could you advise if you are in agreement with all of the attached GDPR/Annex A information (Y/N):

Deadline for return of bid:-

--

Email address to send bid to:-**Scoring model to utilise under this requirement:-**

0	The Question is not answered, or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full overview of how they will meet the timescales of the project and goals..
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of delivering outcomes and identifying key risks consistent with a quality provider.

Scoring Method evaluation panel will be adopting:-

This will be scored on aggregate average scoring so for example if there are 3 bidders who score the following against a criteria:-

Evaluator 1:- 100

Evaluator 2:- 80

Evaluator 3:- 80

Your total score will be 260 this will be divided by 3 to bring out a score of – 86.66

If the weighting of this question is 25% then this will mean that you will score a mark of 21.66% out of 25% ($86.66/100 * 25$).

Price element:-

The lowest price for a response which meets the pass criteria shall score 100.

All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the Commercial criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.

Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.

Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.

Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.

Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50.

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 ($80/100 \times 50 = 40$)

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

17. Invalid parts of the contract

If any part of a Contract is prohibited by Law or judged by a court to be unlawful, void or unenforceable, it must be read as if it was removed from that Contract as much as required and rendered ineffective as far as possible without affecting the rest of the Contract, whether it's valid or enforceable.
