

KEY

- Existing hardstanding (120ft x 60ft) 36.6m x 18.28m
- Basketball Area allocated (90ft x 60ft) 9.14m x 18.28m re-siting basketball hoop to the center of the area.
- Bark based Climbing Frame Area
- Outside Gym Equipment
- Boundary Hedge

Skatepark Project allocated (90ft x 60ft) 27.4m x 18.28m. Currently deteriorating old tarmac to become new concrete skatepark.

Design as per the plan with the agreed raised bowled end mini ramp bank combo element - not to be changed.

Soft landscaped bankup to platform level to elevate the need for safety railings. No higher than 900mm

All other final aspects subject to interpretation. The flat area is subject to design by contractor within the user groups public consultations.

Drawn to make good from information provided by the project. All other design is the responsibility of the authority of the data used.
