CLARIFICATION QUESTIONS AND RESPONSES

The National Archives has received a number of clarification questions. Please find a list of questions below, with their associated responses.

Q1: *What is the time frame for this piece of work to be completed in?*

A1: This piece of work will need to be delivered by the 31st March 2018.

Q2: *In addition to the documentation indicated, do you have any specific items (for example a competency model) that you'd like to see incorporated or built on?*

A2: We feel the examples given and the documentation listed gives a good idea of where we are at the moment and the kind of applicable models from related sectors that could be a good indication of useful outcomes. One of the reasons we are hoping to work with a provider with specific experience in workforce development is because we want to benefit from their expertise and learning on how best to develop a model which can incorporate our diverse sector.
