Where local laws so require, the supply of a copy of the application under sub-clause 22B.6.1 of this condition shall be subject to any necessary approval of the local Patent Office but the application number and date of filing shall be notified to the *Client* in all cases.

22B.3

22B.3.1 The *Contractor* shall ensure that they and any Patent Agent or Attorney engaged by them shall treat the invention or design as bearing a Security Classification at least as high as the work to which it relates pending formal determination of its appropriate classification.

22B.8 If an employee of the Crown is a party to any such application as is mentioned in clauses 22B.6 and 22B.7 above and the *Client* so requests, the *Contractor* shall at the expense of the *Client* take such reasonable steps as are in their power and may from time to time be necessary to ensure that the *Client* is substituted for the employee of the Crown as co-applicant and shall give all such consents and do all such things as may from time to time be necessary to enable the employee of the Crown to assign to the *Client* their interest in the application and in any Patent or Registered Design granted pursuant thereto, provided that the *Contractor* is not required by this Clause to consent to any assignment other than that specifically referred to herein.

22B.9 Subject to the provisions of clauses 22B.7 and 22B.8 above and to the rights of the *Client* as set out in Clause 10 below the invention or design shall belong to the *Contractor*.

22B.10 Any Government Department and any person authorised by a Government Department may in any part of the world do in relation to the invention any act as defined in Section 55(1) (a) to (e) of the Patents Act 1977 or use the design for the services of the Government of the United Kingdom.

- 22B.12 If any question under this Clause shall arise between the *Contractor* and the *Client* as to whether an employee of the Crown is a joint inventor of the invention or a part author of the design or as to whether the invention or design was made in the course of or resulted from work carried out by the *Contractor* under the contract, that question shall be referred for decision to such person as may be agreed upon between the *Contractor* and the *Client* or in default of such agreement as may be appointed by the President for the time being of the Chartered Institute of Patent Agents, and the decision of any such person on that question shall be final and conclusive.
- 22B.13 The *Contractor* shall at the request and expense of the *Client* take all such reasonable steps as are within their power and may from time to time be necessary to enable the *Client* to register in the UK Patent Office or elsewhere its interest in the invention or design. (2)

- 22B.15 In this Clause references to a Government Department are references to a Department of Her Majesty's Government in the United Kingdom.
- 22B.16 The foregoing provisions of this Clause shall have effect both during the period the *Contractor* is carrying out the other provisions of the contract and at all times thereafter.
- 22B.17 The *Contractor* shall include, in any *Sub-contract* which they may enter into for the purpose of the contract, provisions as in this Clause, but with the substitution therein of references to the *Subcontractor* for references to the *Contractor*, and of references to the *Sub-contract* for references to the contract, and the *Contractor* shall at all times use all reasonable endeavours to secure the full and effectual observance by the *Subcontractor* of those provisions and that the *Client* and all Government Departments obtain the benefit thereof, and to advise the *Client* if they become aware of any breach of the provisions. Provided that this Clause shall only apply to any *Sub-contract* for the carrying out of any work for research, design or development under the contract.

The *Contractor* shall comply promptly with any such requirement. Where the *Contractor* obtains a opinion from HMRC, it shall supply a copy to the *Client* within three Business Days of receiving that opinion unless it proposes to challenge the opinion. Where the *Contractor* challenges the opinion it shall supply to the *Client* a copy of any final decisions issued by HMRC on completion of the challenge within three Business Days of receiving the decision.

The *Contractor* shall be responsible for ensuring it takes into account any changes in VAT law regarding registration.
- 59B.5 Where *Contractor Deliverables* are deemed to be supplied to the *Client* outside the UK, the *Contractor* may be required by the laws of the country where the supply takes place to register there for EU (or non- EU) turnover or similar tax. In that event, the *Client* shall pay to the *Contractor* in addition to the Contract Price (and any other sum due to the *Contractor* under the contract) a sum equal to the tax the *Contractor* is liable to pay to the tax authorities of the country in question in relation to the *Contractor Deliverables* within thirty calendar days of a written request for payment of any such sum by the *Contractor*.
- 59B.6 In relation to the *Contractor Deliverables* supplied under the contract the *Client* shall not be required to pay any sum in respect of the *Contractor’s* input VAT (or similar EU or non-EU or both input taxes). However, these input taxes will be allowed where it is established that, despite the *Contractor* having taken all reasonable steps to recover them, it has not been possible to do so. Where there is any doubt that the *Contractor* has complied with this

requirement the matter shall be resolved under Clause 9 or some other form of dispute resolution as agreed between the Parties.

In the event that HMRC so determines, the *Contractor* shall pay any interest charged on any assessment or penalties or both directly to HMRC. Such interest or penalties or both shall not be recoverable from the *Client* under this contract or any other contract. The *Contractor* shall supply the *Client* with a copy of all correspondence between HMRC and the Contractor's advisors regarding the VAT assessment within three Business Days of a written request from the *Client* for such correspondence.
- 59B.8 Where the *Contractor* is a qualifying company or qualifying partnership for the purposes of any UK tax legislation the *Contractor* shall notify the *Client's* Commercial Officer, in writing, where it has notified HMRC that a return it has delivered to HMRC includes an uncertain amount that relates to a contract it has entered into with the *Client*. The *Contractor* shall notify the *Client* within twenty Business Days of the notification it has provided to HMRC and provide the *Client* with a copy of the notification. The *Contractor* shall continue to keep the *Client* informed of any correspondence and/or discussions with HMRC in relation to the uncertain tax treatment within a reasonable time frame or upon request by the *Client*.
- 59B.9 In the event that HMRC notifies the *Contractor* of any change to the tax treatment of a previously notified uncertain amount, the *Contractor* shall notify the *Client* and provide a copy of HMRC's notification and assessment within twenty Business Days of receiving such notification and assessment.
- 59B.10 The *Client* shall not be liable for any interest and/or penalty that the *Contractor* is required to pay to HMRC for a failure to notify HMRC of an uncertain amount.

- 70.3.6. If, after completion of the contract, no subsequent contract is placed containing Clause 70.3 within the period detailed at sub-Clause 70.31.5, then the obligations of the *Contractor* arising under this Clause in respect of property of the *Client* unconnected with the contract shall cease on expiry of the period detailed at sub-clause 70.3.1.5.
- 70.3.7 The *Client* reserves the right to amend Annex A without further consultation where the amendments arise from the *Client's* proper and reasonable accounting requirements. For the purposes of this Clause, Annex A shall be regarded as a Scope and subject to the terms of Clause 13.10. If the *Client* exercises this right:

73B.2 The administration of store required for the Armed Forces is a complex operation, including the technical assessment of precisely which spares will be required ('Ranging'), in what quantity, ('Scaling'), and with what identification (NATO Stock Nos, Descriptions, Special Packaging, etc.). These detailed assessments inevitably take time and interim arrangements are therefore necessary to ensure the timely supply of such spares as are considered necessary to maintain the new (or modified) equipment in full operational condition during the initial period of use.

73B.4 Number not used.

73B.5 This Clause 73B procedure requires the *Contractor* to draw up, at the earliest possible moment and in accordance with such technical information and assistance as may be provided by the *Client*, a list of spare parts which he considers will be sufficient in type and quantity to maintain the operational efficiency of the new or modified equipment during an initial period of use (such period being two years, unless otherwise stated in the contract). Lists of spares required under Part A (New Equipments) should be submitted on DEFFORM 82A (Appendix 4 of the Front Sheet, Part 1 and Part 2) and those under Part B (Modifications) on DEFFORM 82B (Appendix 4 of the Front Sheet, Part 1 and Part 2). Any further information or guidance which the *Contractor* may require concerning the assessment of spares, or completion of DEFFORM 82A or 82B (Appendix 4 of the Front Sheet, Part 1 and Part 2), should be obtained from the relevant Project Manager.
