

# Fenny Copse Parkland

## Amenity grassland

The contractor is required to assess the growing conditions and adjust the maintenance schedules as necessary.

The height of the cut shall be 30mm ensuring that the sward height does not exceed 75mm  
As a general guide cutting is likely to be required every two weeks

## Meadows and grass within 2 meters of the base of hedges

Cut annually in mid September and remove arisings from site

### When amenity grass is cut.....

Mow one meter width along path edge of meadow.

Desire line to be mown through meadow where trampled path exists.

Path to be mown joining the three sculptures in the meadow, leading from the hard to the mown path

Sculptures to be strimmed around.
