

Overview of Contract Opportunity

Cambridgeshire and Peterborough Clinical Commissioning Group (C&PCCG) is holding a pre-market information session with providers to set out our commissioning intentions for

- Community out-patient services across a wide range of specialties for the areas served by:-
- Doddington Hospital and Princess of Wales Hospital, Ely.
- Community-based dermatology services for the Peterborough area
- Radiology services at:-

Doddington Community Hospital,

Princess of Wales Community Hospital

North Cambs Hospital, Wisbech

This notice is placed as a Prior Information Notice, and relates only to the market engagement process and is not a call for competition. C&PCCG would like to invite Providers to attend a 'Market Engagement Event' which will inform the market of our intentions for the services outlined above. . This event is scheduled to take place on Friday 15th July 2016

The purpose of this market engagement event is to help the CCG understand the market appetite for providing the services in question, understand any questions or concerns providers may have, and seek ideas on how the services could be commissioned / provided in innovative ways. The scope of the new service will include an easily accessible range of healthcare services including whole patient pathways from a range of all non-complex, non-urgent conditions.

The objectives of this strategy are to ensure that our commissioned services are:

- The provision of high quality consultant-led assessment and advice across a wide range of specialties both for referred patients, and to support referring clinicians
- Innovative approaches to delivering out-patient services
- Maximising use of modern communications and information technology
- Delivering the service in an integrated way with primary care and acute hospitals
- Maximising the number of pathways which are delivered locally
- Integrated, responsive and delivered according to patient / population need, in partnership with others
- Proactively engaged in community asset building and development
- Effective in preventing illness and promoting self-care, health and wellbeing
- Focused on improving patient experience and quality of care
- Clinically led in planning and delivery
- Providing high clinical quality care through excellent clinical leadership and governance
- Aligned to avoiding unplanned admission to acute care

Bidders will be expected to demonstrate:

- How they will support CCGs cost improvements as part of the QIPP programmes
- How the management structure they have has senior clinical leadership and oversight of the service
- How they will work and integrate with other provider organisations, including primary and secondary care
- How they can demonstrate their own internal efficiencies and value for money

The current Community Outpatient service, which is currently under review, provides the following patient pathways:

- Audiology
- Dermatology
- Elderly Care
- Ear, Nose and Throat
- Endocrinology
- Gastroenterology
- General Surgery (inc Colorectal and Vascular Surgery)
- Gynaecology/urogynaecology
- Lymphoedema Clinic
- Orthopaedics
- Ophthalmology
- Orthoptics
- Orthotics
- Paediatrics
- Respiratory Medicine
- Rheumatology
- Urology
- General Medicine
- Cardiology
- Rheumatology

The CCG will be tendering the contract to provide sustainable, evidence based, high quality provision of community based outpatient services to NHS patients, supporting the achievement of commissioned local waiting times and activity plans, patient choice and diversity, promoting affordable innovative service models, and providing assurance to the commissioners in terms of performance and quality.

The new services will require potential providers to set out how they will:

- Build new integrated care pathways
- Streamline the patient journey and the underpinning administrative pathways
- Take advantage of new technologies and new ways of working and different skill mix

Service to be Commissioned

Lot One: Outpatient services Doddington Community Hospital, Doddington

Lot Two: Outpatient services Princess of Wales Community Hospital, Ely

Lot Three: Dermatology outpatient service at City Care Centre, Peterborough

Lot Four: Radiography Doddington Community Hospital, Doddington, Princess of Wales Community Hospital, Ely and North Cambs Hospital, Wisbech

Lot Five: All of the above services

Potential Provider Information Session

The event is to be held from 9:00 a.m on Friday 15th July

As an integrated approach will be expected of the appointed provider, any organisation wishing to attend the market engagement event and/or consider bidding for the contract should start to consider how they can integrate with any other providers prior to the event. However, there will also be networking opportunities provided to the delegates at the event. To register a place at the market engagement event, please e-mail Jackie Brisbane (jackie.brisbane@nhs.net) with details of the attendee including name, title, organisation, phone number and e-mail address. There will be a maximum number of 3 delegates per organisation

Contract Length

April 2017 to March 2020 - Three years with option to extend by two years
