Request for PO – SAS Software Licence Renewal Quotation

This is a notification that some of your current SAS software licences will soon expire.

We have pleasure in providing details of the updated Renewal Year Fees for your current software licence configuration. This includes:

- the software product(s) due to expire
- the next applicable licence period
- the associated renewal year fee(s)

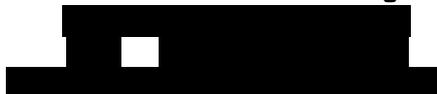

Please note that some products may be renewed for a partial period (i.e. less than 12 months) to allow all licences running on the same machine to expire on the same date. In such cases, the renewal fee will be prorated accordingly.

All renewal year fees quoted herein are based on the terms and conditions of the above-referenced Licence Agreement with SAS. Any expanded use of the software, beyond what is authorised in the Licence Agreement, may result in additional fees.

Please note the following:

- **Licence Changes:** If your requirements for this licence have changed, please let us know as soon as possible so that we can make appropriate adjustments and therefore avoid any disruption to your software use.
- **Contact Details:** If any of your contact details in this notification are incorrect, please either amend and fax back to us or email the correct details to Commercial & Legal Department so that our records can be updated. This will ensure that our invoice and any other future communication relating to your software licence are directed to the correct contact(s) within your organisation.
- **Invoice:** Your renewal invoice will be sent approximately 45 days prior to the anniversary date of your licence.
- **Purchase Order:** If your company requires our renewal invoice to include a purchase order number, please email this to UK Sales Ledger. Your purchase order should include your product reference (see page 3 of this letter). We can accept your purchase order on the condition that any conflicting or additional terms and conditions delivered with or contained in your purchase order shall not form part of the Licence Agreement(s) between SAS and your organisation. Any and all such conflicting or additional terms are hereby rejected by SAS. Only the terms of the applicable Licence Agreement(s) apply to your order. Please see the Licence Agreement(s) if you have any questions.
