1 Scheme Type

This scheme is a value band A (£0 to £30k), LNMS Scheme.

2 Scheme Description

This scheme involves planting and seeding of areas surrounding a junction of a dual two lane all-purpose dual carriageway and a dual three lane motorway.

The works will include:

- Provision of temporary accommodation or all necessary facilities to meeting health and safety requirements;
- Preparing of the existing ground including clearance of existing vegetation, and planting of an area with assorted types of trees and shrubs over an area not exceeded 250m²;
- Importing and laying top soil for planting of trees and shrubs on a small area of the site, not exceeding 40m².

3 Road category on which the work is to be carried out

The works will take place adjacent to dual three lane motorway road.

4 Traffic Management

The works take place remote from the carriageway and therefore traffic management is not required.

5 Period within which the work is to be carried out

The works are to be carried out within Time Band 1.

6 Site Restrictions and Constraints

The following restrictions and constraints exist at the works location:

- The works are to be undertaken in areas surrounding a motorway junction. Access to the works site will be from an existing maintenance layby.

7 Indicative Programme and Season within which the work is to be carried out

The works are to be completed within 5 days.

The majority of the works are to be constructed outside of British Summer Time.
